HERSHEL McGRIFF, being first duly sworn, upon his oath states as follows:

1. He is a citizen of the United States, more than eighteen (18) years of age, and is personally acquainted with the Four Hundred Twenty-Four (424) unpatented lode mining claims situated in the Pima Mining District, Pima County, Arizona, the names of which are indicated on Exhibit A attached hereto (the "Claims"), which exhibit also includes the book and page of recording of the location notice in the office of the Recorder of Pima County, Arizona, together with the serial number assigned to the Claims by the Arizona State Office of the Bureau of Land Management.

2. This Affidavit is made for, on behalf of, and at the direction of THE PARK COMPANY, a general partnership, whose address is P. O. Box 1488, Green Valley, Arizona 85622, the optionee of such Claims from ANAMAX MINING COMPANY, the owner thereof.

3. The location notices of the Claims are posted within the sections of the public land survey system as indicated in Exhibit A attached hereto, and the Claims form a contiguous block.

4. Between the 1st day of September, 1986, and the 1st day of September, 1987, not less than Forty-Two Thousand Four Hundred Dollars (\$42,400.00) worth of work and improvements were

5. Such work and improvements consisted of:

a. A non-repetitive geological survey authorized under the terms of United States Code, Title 30, Section 28-1, was performed by Willard C. Lacy, a registered geologist in the State of Arizona, a graduate of DePauw University (B.S.), University of Illinois (M.S.) and Harvard University (Ph.D), with 37 years experience as an exploration and mining geologist. The basic findings of the survey were used to delineate areas of potential values within the block of Claims and to provide the basis of a drilling program. The location of the work in relation to the boundaries of the Claims is shown on Exhibit B attached hereto.

b. Rotary drilling was thereafter performed based on the geological report in three separate holes to a total depth of 1051 feet, which work was performed by employees of the Longyear Company, together with site preparation and logistical assistant for such drilling performed by employees of the Park Corporation.

6. All of the above work and improvements were performed by or at the expense of The Park Company, the optionee of the Claims for the purpose of complying with the laws of the United States pertaining to assessment or annual work.
