DECISION

U.O.P.

P.O. BOX 2790

GRAND JUNCTION, CO. 81502-2790

This decision affects those claims shown

in the block below.

AMC39836 - 39838, 39897, 39898 EZ NO 1, 2, 3, 246, 247

MINING CLAIMS **DECLARED FORFEIT**

The mining claims listed above have been declared forfeit as of September 1, 2014, for failure to timely file the required maintenance fee payment or small miner's maintenance fee waiver (waiver).

Claimants are required to pay an annual non-refundable maintenance fee of \$155 per 20 acres or portion thereof, or submit a waiver, on or before September 1 of each year. In accordance with Title 43 Code of Federal Regulations (CFR) 1822.14, because September 1, 2014, fell on a holiday, the payment was due the next business day, September 2, 2014. These requirements were established by 30 U.S.C. 28f-l, as amended, and 43 CFR 3834 and 3835.

Our records do not show receipt of a maintenance fee payment or small miner waiver filed on or before the due date. Therefore, the claims listed above are forfeit.

Reclamation Requirements

This decision does not relieve you of the liability for reclamation of all areas disturbed by your activities on lands covered by the subject mining claim(s) and/or site(s). After you complete the reclamation, you must notify the authorized officer of the appropriate surface managing agency so that the authorized officer may conduct a final site inspection and determine whether you may be released from liability. If you fail to reclaim the land to the satisfaction of the authorized officer, the surface management agency may cite you for noncompliance under its surface management

regulations. For land administered by the Bureau of Land Management (BLM), if you fail to reclaim the land to the satisfaction of the authorized officer as required in 43 CFR Subpart 3809, BLM will issue an order of noncompliance under 43 CFR 3809.601(a). If you fail to comply with the non-compliance order, BLM may take further action under 43 CFR 3809.604. Failure to conduct reclamation is a prohibited act that may subject you to criminal penalties. See 43 CFR 3809.605(h) and 43 CFR 3809.700.

Appeal Procedures

This decision may be appealed to the Interior Board of Land Appeals, Office of the Secretary, in accordance with the regulations contained in 43 CFR, Part 4, and the enclosed Form 1842-1. If an appeal is taken, your notice of appeal must be filed in this office (at the above address) within 30 days from receipt of this decision. The appellant has the burden of showing that the decision appealed from is in error.

If you wish to file a petition pursuant to regulation 43 CFR 4.21 (58 FR 4939, January 19, 1993) for a stay of the effectiveness of this decision during the time that your appeal is being reviewed by the Board, the petition for a stay must accompany your notice of appeal. A petition for a stay is required to show sufficient justification based on the standards listed below. Copies of the notice of appeal and petition for a stay **must** also be submitted to each party named in this decision and to the Interior Board of Land Appeals and to the appropriate Office of the Solicitor (see 43 CFR 4.413) at the same time the original documents are filed with this office. If you request a stay, you have the burden of proof to demonstrate that a stay should be granted.

Standards for Obtaining a Stay

Except as otherwise provided by law or other pertinent regulation, a petition for a stay of a decision pending appeal shall show sufficient justification based on the following standards:

- (1) The relative harm to the parties if the stay is granted or denied,
- (2) The likelihood of the appellant's success on the merits,
- (3) The likelihood of immediate and irreparable harm if the stay is not granted, and
- (4) Whether the public interest favors granting the stay.

Please include your AMC serial number(s) on all correspondence. If additional information is required, please call Pauline Brown at 602-417-9360.

Sincerely,

Rebecca Heick

MINING CLAIMS DECLARED FORFEITED

The mining claims listed above have been declared forfeited for failure to file the required maintenance fee payment or small miner's maintenance fee waiver (waiver).

Claimants are required to pay an annual non-refundable maintenance fee of \$125, or submit a waiver, on or before September 1 of each year. These requirements were established by 30 (United States Code) 28-f-k, as amended, and 43 Code of Federal Regulations (CFR) 3834 and 3835.

Our records do not show receipt of a maintenance fee payment, or waiver received on or before September 1, 2007, for the 2008 assessment year, for the claims listed above. Therefore, the claims are forfeited.

This decision does not relieve you of the liability for reclamation of all areas disturbed by your activities on lands covered by the subject mining claim(s) and/or site(s). After you complete the reclamation, you must notify the authorized officer of the appropriate surface managing agency so that the authorized officer may conduct a final site inspection and determine whether you may be released from liability.

If you fail to reclaim the land to the satisfaction of the authorized officer, the surface management agency may cite you for noncompliance under its surface management regulations.

For land administered by the Bureau of Land Management (BLM), if you fail to reclaim the land to the satisfaction of the authorized officer as required in 43 CFR Subpart 3809, BLM will issue an order of noncompliance under 43 CFR 3809.601(a). If you fail to comply with the noncompliance order, BLM may take further action under 43 CFR 3809.604. Failure to conduct reclamation is a prohibited act that may subject you to criminal penalties. See 43 CFR 3809.605(h) and 43 CFR 3809.700.

This decision may be appealed to the Interior Board of Land Appeals, Office of the Secretary, in accordance with the regulations contained in 43 CFR, Part 4, and the enclosed Form 1842-1. If an appeal is taken, your notice of appeal must be filed in this office (at the above address) within 30 days from receipt of this decision. The appellant has the burden of showing that the decision appealed from is in error.

If you wish to file a petition pursuant to regulation 43 CFR 4.21 (58 FR 4939, January 19, 1993) for a stay of the effectiveness of this decision during the time that your appeal is being reviewed by the Board, the petition for a stay must accompany your notice of appeal. A petition for a stay is required to show sufficient justification based on the standards listed below. Copies of the notice of appeal and petition for a stay must also be submitted to each party named in this decision and to the Interior Board of Land Appeals and to the appropriate Office of the Solicitor (see 43 CFR 4.413) at the same time the original documents are filed with this office. If you request a stay, you have the burden of proof to demonstrate that a stay should be granted.

Standards for Obtaining a Stay

Except as otherwise provided by law or other pertinent regulation, a petition for a stay of a decision pending appeal shall show sufficient justification based on the following standards:

- (1) The relative harm to the parties if the stay is granted or denied,
- (2) The likelihood of the appellant's success on the merits,
- (3) The likelihood of immediate and irreparable harm if the stay is not granted, and
- (4) Whether the public interest favors granting the stay.

Please include your AMC serial number(s) on all correspondence. If additional information is required, please call Rod Ebert at 602-417-9397.

If a qualifying Certification of Exemption From Payment of Rental Fee Form had been timely filed by August 31, 1993 for 1994, or a Maintenance Fee Payment Waiver Certification Form by August 31, 1994 for 1995, an affidavit of assessment work performed covering the mining claims and a notice of intention to hold for any mill or tunnel site (annual filing) was required to be filed, accompanied by \$5 for each claim or site on or before December 30, 1994. The evidence must be received in this office no later than 30 days from receipt of this Decision. Undeveloped claims EZ-1, EZ-2, and EZ-3, are relinquished due to lack of economic value. Claims EZ-246 and EZ-247 are relinquished due to UOP's voluntary reclamation of the old surface mine located on the claims. The BLM Safford Field Office has approved the reclamation and has released UOP from liability (copy of release letter attached). All relinquished claims are in Graham County.

Morris T. Worley, Senior Mining Engineer UOP Arizona Zeolite Operations 701 Winged Foot Drive Carlsbad, NM 88220

Dear Mr. Worley:

Thank you for your recent document detailing the reclamation of the old zeolite mine on UOP's EZ 246 and 247 mining claims. Like the other old mines that UOP has voluntarily reclaimed over the past seven years, I want to extend my personal thanks for this work on UOP's part. As with the past mines, I know that was a lot of work and an extra expense in reclaiming this mine, and I appreciate the extra mile you and your crew went to for getting that done. The Bureau of Land Management (BLM) now regards this as a reclaimed site with no further concerns on our part.

Now that five of these six pre-1981 mine sites are reclaimed, and the sixth one is now a part of the current, bonded, mining plan of operations for mining/reclamation under the 43 CFR 3809 regulations, we would like to nominate UOP for a 2014 BLM national reclamation award. Our Geologist Larry Thrasher will be contacting you shortly about this.

Please direct any further correspondence regarding this letter to Mr. Thrasher at this office.

Sincerely,

Thomas Schnell

Claims EZ-147, EZ-148 and EZ-240 are relinquished due to voluntary reclamation of the old mining area located on the claims. The BLM Safford Field Office has approved the reclamation and has released UOP from liability (copy of release letter attached). Undeveloped claims (EZ-146, KZ-06, KZ-08, KZ-09, KZ-10, and KZ-11) are relinquished due to lack of economic value to UOP. All relinquished claims are in Graham County.

Dear Mr. Worley:

Thank you for your recent document detailing the reclamation of the old zeolite mine on the EZ nos. 147, 148, and 240 mining claims. I want to extend my personal thanks for this volunteer work on UOP's part. I know that was a lot of work and an extra expense in reclaiming this mine, and I appreciate the extra mile you and your crew went to for getting that done. The BLM now regards this as a reclaimed site with no further concerns on our part.

Please direct any further correspondence regarding this letter to our Geologist Larry Thrasher at this office.

Your cooperation is appreciated.

Sincerely,

Thomas J. Schnell Assistant Field Manager

Dear Mr. Morris:

In response to your request from last month, this is to formally let you know that we have found the reclamation of the EZ 184, 185, and 186 claims to be satisfactory and therefore require no further efforts on UOP's part. We are in fact quite pleased with the quality of work and the results of this reclamation project.

Please direct any further correspondence regarding this letter to our Geologist Larry Thrasher at this office.
