The Honorable Paul A. Gosar, D.D.S. House of Representatives Attention: Mr. Jeremiah Cota 122 North Cortez Street #104 Prescott, Arizona 86301-3022

Dear Dr. Gosar:

Thank you for your letter dated April 7, 2016, regarding the concerns of your constituent, Mr. Steven Hill, Chairman of the Board of the Arizona Association of Mining Districts (AAMD), in reference to AAMD mining claims AMC68577, AMC68578, AMC68579, and AMC68583.

By way of background, AAMD held the 4 association placer mining claims listed above, which were each 160 acres in size. These claims were originally located by 8 claimants, each locating 20 acres. Mining claims AMC68577 and AMC68583 were transferred to AAMD, a corporation, on August 3, 2001. Mining claims AMC68578 and AMC68579 were transferred to AAMD on November 13, 2003. According to the 1872 Mining Law and to the Bureau of Land Management (BLM) regulations at 43 CFR 3833.22, an individual or single entity, such as a corporation, may only hold 20 acres in a mining claim. For a mining claim larger than 20 acres to be transferred to a smaller number of claimants than originally located the claim, the law requires that there must be a discovery of a valuable mineral deposit prior to the date of transfer. If a valuable mineral deposit is not discovered, then the claim must be reduced to acreage equal to 20 acres per claimant.

The BLM sent a certified letter to AAMD on July 21, 2015, notifying the association of the requirements noted above and requesting that they submit documentation that would support the discovery of a valuable mineral deposit prior to the date of transfer or amend the claim to 20 acres per claimant. (A mining entity can hold as many 20-acre claims as they choose—there is no limit.) The letter advised that Federal regulations require that they provide either the documentation or the amendment to the BLM within 30 days of receipt of the letter. The AAMD received the certified letter on August 4, 2015, and Mr. Ray Grimmer subsequently reached out on behalf of AAMD to discuss options with the BLM adjudication staff.

Meanwhile, the annual September 1 deadline for claimants to pay their annual maintenance fee of \$155 per 20 acres (or portion thereof) was approaching, and AAMD paid its maintenance fees on August 19, 2015. When the BLM accepted those maintenance fees, the claims were still considered active, as they were still in the 30-day window to submit documentation to keep the claims active. Later, on September 3, after the AAMD did not submit discovery documentation or file an amendment, their claims were declared forfeit.

The BLM sent a second certified letter to AAMD on October 7, 2015, notifying the association that the mining claims were being declared forfeit for excess acreage since the association had not submitted discovery documentation or provided the required amendment. The letter, which was received and signed for by Mr. Hill on November 4, 2015, also included information explaining AAMD's right to file a Notice of Appeal of this decision within 30 days. When AAMD did not file a Notice of Appeal, the BLM closed the mining claims and refunded the maintenance fees AAMD had paid on the claims back in August.

While there is no mechanism for restoring those existing claims after the appeal period ends, AAMD can still locate new mining claims at any time, as long as the land remains open to mining. Should Mr. Hill have additional questions about how to proceed, we recommend that he reach out to adjudication staff members Amy Thrower or RéAnn Myers. Both can be reached at 602-417-9200.

Sincerely,

Weborch ok Rankauser

In accordance with 43 CFR 3830.94, the mining claims listed above are hereby declared forfeit for the reason indicated below.

You received a Notice requiring that the claims listed above be amended. The amendment(s) were required to be filed within 30 days of the date you received the Notice. The 30 day timeframe allowed has expired and no amendment(s) have been received.

This decision does not relieve you of the liability for reclamation of all areas disturbed by your activities on land encompassed by your mining claim(s) and/or site(s). After you complete the reclamation, you must notify the authorized officer of the appropriate surface managing agency so that the authorized officer may conduct a final site inspection and determine whether you may be released from liability. If you fail to reclaim the land to the satisfaction of the authorized officer, the surface management agency may cite you for noncompliance under its surface management regulations.

For land administered by the Bureau of Land Management (BLM), if you fail to reclaim the land to the satisfaction of the authorized officer as required in 43 CFR Subpart 3809, the BLM will issue an order of noncompliance under 43 CFR 3809.601(a). If you fail to comply with the noncompliance order, the BLM may take further action under 43 CFR 3809.604. Failure to conduct reclamation is a prohibited act that may subject you to criminal penalties. See

43 CFR 3809.605(h) and 43 CFR 3809.700. Copies of the notice of appeal and petition for a stay must also be submitted to each party named in this decision and to the Interior Board of Land Appeals and to the appropriate Office of the Solicitor (see 43 CFR 4.413) at the same time the original documents are filed with this office. If you request a stay, you have the burden of proof to demonstrate that a stay should be granted.

#### **Standards for Obtaining a Stay**

Except as otherwise provided by law or other pertinent regulation, a petition for a stay of a decision pending appeal shall show sufficient justification based on the following standards:

- (1) The relative harm to the parties if the stay is granted or denied,

Excess Acreage - Amendments Required

The mining claims listed above are association placer mining claims. The claims contain excess acres and must be amended to reduce the acres to meet the 20-acre per locator requirement.

A certified Notice was sent to the locators of these mining claims requesting additional documentation to verify that each locator is qualified to locate 20 acres in an association placer mining claim. The documentation was required to be received in this office within 30 days from the date the Notice was received.

We did not receive the required documentation within the 30-day timeframe provided, as noted below.

The requested mailing addresses and signed notarized bonafide interest statements from David Burch and Robert Burch were not received.

Because we cannot verify that the individuals noted above are qualified to obtain 20 acres in an association placer mining claim, the mining claim must be amended to reduce the acreage, to meet the 20-acre per qualified locator requirement. Please be aware that an amendment reducing the mining claim acreage does not remove a locator from the mining claim. All locators will remain on the mining claim unless a conveyance or relinquishment document is received.

There is a \$10 Bureau of Land Management processing fee for each amendment. We must receive the amendments within 30 days of receipt of this notice. If the amendments are not received within the 30 day timeframe the mining claims will be declared forfeited and void.

The applicable AMC serial numbers for all claims should be included on all correspondence. If additional information is required RéAnn Myers at 602-417-9413 should be contacted.

#### <u>Association Placer Mining Claims</u> Documentation or Amendments Required

The mining claims listed above are association placer mining claims that are over 20 acres in size. The claims were originally located with the required number of locators to meet the 20-acre per locator requirement. However, the claims are now held by a smaller group of claimants than originally located them and are therefore not in compliance with the legal requirements.

By law, each individual claimant is allowed to hold a maximum of 20 acres per claim. A corporation is considered to be a single entity that is allowed to hold a maximum of 20 acres per claim. In accordance with 43 CFR 3833.33 you may transfer, sell, or otherwise convey an association placer mining claim at any time to an equal or greater number of mining claimants. If you want to transfer an association placer claim to an individual or an association that is smaller in number than the association that located the claim you (a) must have discovered a valuable mineral deposit before the transfer; or (b) upon notice from the Bureau of Land Management (BLM), you must reduce the acreage of the claim, if necessary, so that you meet the 20-acre per locator limit.

In reviewing the case file for these claims it was noted that at the time of transfer to an individual or smaller number of locators than originally located the claims, BLM did not receive documentation supporting that a discovery of a valuable mineral deposit was made. Without this documentation we cannot determine if the claims are being properly held by the correct number

If you have the required documentation, dated **prior** to the date of transfer, you may file it with this office for review by a mineral examiner. # **REQUIREMENTS FOR TRANSFERRING ASSOCIATION PLACER MINING CLAIMS**

Under the Mining Law of 1872, 30 U.S.C. 36, an "association of persons" may locate placer mining claims in excess of 20 acres in size. The Bureau of Land Management's (BLM) regulations at 43 CFR 3833.33(a) allow mining claimants to transfer or convey an association placer claim to a smaller number of owners than originally located the claim, including a single owner, under certain conditions.

# What are the restrictions on transferring or conveying an association placer mining claim to a smaller number of owners than originally located the claim?

Under the BLM's regulations at 43 CFR 3833.33(a), it is permissible to transfer or convey an association placer claim over 20 acres in size to a smaller number of owners than originally locate the claim only if a "discovery of a valuable mineral deposit" was made within the limits of the claim *prior* to the date of transfer.

### What does "discovery of a valuable mineral deposit" mean?

For purposes of the Mining Law, "discovery of a valuable mineral deposit" means that minerals have been found within the boundaries of the mining claim and that the evidence is of such a character that a person of ordinary prudence would be justified in the further expenditure of his labor and means, with a reasonable prospect of success, in developing a valuable mine.

In addition, for a discovery to exist the deposit must be marketable; that is, of such value that it can be mined, removed and disposed of at a profit.

A discovery has not been made until sufficient work has been done to show that the material can be produced and sold at a profit under conditions present at the time of transfer. The mineral deposit possessing in and of itself a present or prospective value for mining purposes must be actually and physically exposed in sufficient quantities to justify development of the mining claim through actual mining operations. If the deposit requires additional exploration to delineate the ore reserves and determine grade or quality before development may be confidently started, a discovery has not been made.

Sampling must have occurred on the subject claim. You will need several quantitative samples to adequately show a discovery of an association placer mining claim. Sampling should be done at as many places on the claim as may be necessary to establish the continuity and extent of the deposit. Until sampling has been completed, it is rarely possible to develop anything more than an informed guess as to the nature of any deposit. There must be something beyond a mere surmise, speculation, belief, or geological theory or impression of the existence of minerals on a mining claim to

constitute a discovery of a valuable mineral deposit that would satisfy the regulations for transferring or conveying an association placer mining claim. Mere indications of existence of minerals within the boundaries of the claim or on adjoining lands are not sufficient to support a discovery of a valuable mineral deposit.

# What information should I provide to the BLM to support that my association placer mining claim(s) had a discovery of a valuable mineral deposit at the time of transfer or conveyance?

Although the BLM's analysis is made on a case-by-case basis, the following information will generally be helpful to the BLM to support that a discovery of a valuable mineral deposit existed on the association placer mining claim(s) *prior* to the date of transfer.

- 1. A map showing the claim location and claim boundary.
- 2. Sampling information
  - a. Map showing sampling locations
  - b. Sample volume and interval
  - c. Material sampled
  - d. Raw gold recovered and raw gold weight (grams/bank cubic yards)
  - e. Raw gold value (\$/bank cubic yard)
    - i. Using the price of gold per Troy ounce at the time the discovery was made
    - ii. Gold value must be adjusted for fineness as placer gold is never 100% pure
- 3. Reserve Estimate
  - a. Map showing deposit boundaries
  - b. Method used to calculate reserve estimate
  - c. Cut-off grade
- 4. Development Costs (\$/bank cubic yard)
  - a. Road construction
  - b. Exploration
  - c. Mobilization
  - d. Ponds
  - e. Stripping
  - f. Plant construction
  - g. Buildings
  - h. Pipe/couplings
  - i. Demobilization
- 5. Cost of Equipment list all equipment and the cost less salvage value

6. Cost of Operation (\$/bank cubic yard) - equipment operation, labor and supplies

7. Reclamation costs

> Locator Requirements for Association Placer Mining Claims Additional Information Required

The Bureau of Land Management (BLM) Arizona State Office received the location notice(s) for the association placer mining claim(s) listed above. You are included as a locator of the claim(s).

You must be qualified to locate an association placer mining claim and your mining claim must conform to the requirements of Federal law, 30 U.S.C. 35, 36, and regulations at 43 CFR 3832.22. These laws allow the location of placer mining claims greater than 20 acres so long as each of the locators has a bona fide interest in the claims, and has located the claims independently, for their own self-interest, and in good faith. The law is well established that a person cannot use the names of his friends, relatives, employees or club members as locators in order to locate for his own benefit a greater area of placer ground than is allowable by law. A company or corporation is considered to be one entity, entitled to locate claims of no more than 20 acres in size. Any claim located using dummy locators is not a valid mining claim.

By recording these location notices with the BLM you are representing to the United States government that you meet the qualifications for locating an association placer claim and that you are not using the names of other persons as dummy locators to locate more than 20 acres per claim for your own benefit. In accordance with 43 CFR 3830.9, if you file a document that you know contains false, erroneous, or fictitious information or statements, you may be subject to criminal penalties under 18 U.S.C. 1001 and 43 U.S.C. 1212. The maximum penalty is 5 years in prison and/or a fine of \$250,000.

In accordance with 43 CFR 1822.10, all documents required to be filed with the BLM must contain the applicant's (claimant's) legal name and current address. Additionally, 43 CFR 3833.11 (b)(2) requires that a certificate of location of a mining claim or site contain the names and current mailing addresses of the locators of the claim.

In accordance with 43 CFR 3830.3, an agent may locate mining claims on your behalf as long as they are duly constituted and appointed.

Before we can complete the recordation of your association placer mining claims, we will need the following information:

- 1. A current mailing address for each claimant listed on the Quit Claim Deed.
- 2. A signed and notarized statement from each claimant that says: "I (enter claimant's name) authorized and am aware that I am listed as a locator on the location notice for AMC (enter claim numbers). I have a bona fide interest in these claims and I located the claims independently, for my own self-interest and in good faith. I certify that these claims are in no way being located for the benefit of a company, corporation, or another individual in order to gain additional acreage they are not entitled to in accordance with the law."
- 3. A legal document from each claimant (such as a notarized power of attorney) showing that the person signing the location notice is acting on their behalf as their duly constituted and appointed agent or authorized representative.

The claimants of the above named mining claim(s) are hereby afforded 30 days from receipt of this Notice in which to furnish the requested information. Failure to do so will subject the recordation of these claims to further adjudication which may result in a partial rejection of the recordation and a reduction in acreage claimed.

If, after reviewing the information in this letter you determine that you do not, in fact, qualify to locate an association placer mining claim, please relinquish the association placer mining claims and relocate as an individual placer mining claim under 43 CFR 3832.22(b).

In accordance with 43 CFR 3833.33, you may transfer, sell, or otherwise convey an association placer mining claim at any time to an equal or greater number of mining claimants. If you want to transfer an association placer claim to an individual or an association that is smaller in number than the association that located the claim, a) you must have discovered a valuable mineral deposit before the transfer (documentation will be requested); or b) upon notice from the BLM, you must reduce the acreage of the claim, if necessary, so that you meet the 20-acre per locator limit. Per 43 CFR 3830.5, a discovery means that you have found a valuable mineral deposit. Any association placer claim transferred that does not meet these requirements is not a valid mining claim.

If you have any questions please contact RéAnn Myers at 602-417-9413.

Sincerely,

Rebecca Heick

### DECISION

LUCILLE KELLEY PO BOX 25 CONGRESS, AZ 85332-0025

This Notice Affects Those Claims Shown in the Block Below.

AMC68577, AMC68578, AMC68579 GOLDSTRIKE, MOUNTAIN TOP, GOLDEN GLOW

### Mining Claims Declared Forfeited Excess Acres

In accordance with 43 CFR 3830.94, the mining claims listed above are hereby declared forfeited because a required amendment was not received.

You received a Notice requiring that the claims listed above be amended due to excess acres or that documentation be submitted supporting discovery of a valuable mineral deposit prior to the date of transfer. The amendments or documentation were required to be filed within 30 days of the date you received the Notice. The 30 day timeframe allowed has expired and no amendments or documentation have been received.

This decision does not relieve you of the liability for reclamation of all areas disturbed by your activities on land encompassed by your mining claim(s) and/or site(s). After you complete the reclamation, you must notify the authorized officer of the appropriate surface managing agency so that the authorized officer may conduct a final site inspection and determine whether you may be released from liability. If you fail to reclaim the land to the satisfaction of the authorized officer, the surface management agency may cite you for noncompliance under its surface management regulations.

For land administered by the Bureau of Land Management (BLM), if you fail to reclaim the land to the satisfaction of the authorized officer as required in 43 CFR Subpart 3809, the BLM will issue an order of noncompliance under 43 CFR 3809.601(a). If you fail to comply with the noncompliance order, the BLM may take further action under 43 CFR 3809.604. Failure to conduct reclamation is a prohibited act that may subject you to criminal penalties. See 43 CFR 3809.605(h) and 43 CFR 3809.700. If your occupancy has been terminated and you fail to remove structures,

material, and equipment, and any personal property in accordance with the regulations in 43 CFR 3715.5-1, the BLM may dispose of the property. In accordance with 43 CFR 3715.5-2, you will remain liable for the costs the BLM incurs in removing and disposing of the property.

#### **Appeal Procedures**

This decision may be appealed to the Interior Board of Land Appeals, Office of the Secretary, in accordance with the regulations contained in 43 CFR, Part 4 and the enclosed Form 1842-1. If an appeal is taken, your notice of appeal must be filed in this office (at the above address) within 30 days from receipt of this decision. The appellant has the burden of showing that the decision appealed from is in error.

If you wish to file a petition pursuant to regulation 43 CFR 4.21 (58 FR 4939, January 19, 1993), for a stay of the effectiveness of this decision during the time that your appeal is being reviewed by the Board, the petition for a stay must accompany your notice of appeal. A petition for a stay is required to show sufficient justification based on the standards listed below. Copies of the notice of appeal and petition for a stay must also be submitted to each party named in this decision and to the Interior Board of Land Appeals and to the appropriate Office of the Solicitor (see 43 CFR 4.413) at the same time the original documents are filed with this office. If you request a stay, you have the burden of proof to demonstrate that a stay should be granted.

#### Standards for Obtaining a Stay

Except as otherwise provided by law or other pertinent regulation, a petition for a stay of a decision pending appeal shall show sufficient justification based on the following standards:

- (1) The relative harm to the parties if the stay is granted or denied,
- (2) The likelihood of the appellant's success on the merits,
- (3) The likelihood of immediate and irreparable harm if the stay is not granted, and
- (4) Whether the public interest favors granting the stay.

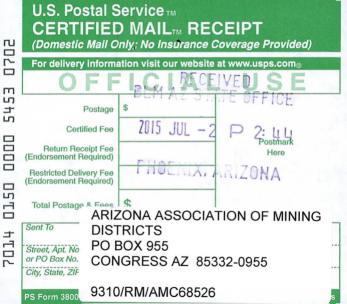

If additional information is required, please contact RéAnn Myers at 602-417-9413. Please include your Arizona Mining Claim (AMC) serial number(s) and claim name(s) on all correspondence.

Sincerely,

Robecco Heick

## MINING CLAIMS DECLARED FORFEIT

The mining claims listed above have been declared forfeit as of September 1, 2013, for failure to timely file the required maintenance fee payment or small miner's maintenance fee waiver (waiver).

Claimants are required to pay an annual non-refundable maintenance fee of \$140 per 20 acres, or submit a waiver, on or before September 1 of each year. (In accordance with 43 CFR 1822.14, because September 1, 2013, fell on a Sunday and Monday was a holiday, the payment was due the next business day, September 3, 2013.) These requirements were established by 30 U.S.C. 28f-l, as amended, and 43 Code of Federal Regulations (CFR) 3834 and 3835.

Our records do not show receipt of a maintenance fee payment or small miner waiver filed on or before the due date. Therefore, the claims listed above are forfeit.

This decision does not relieve you of the liability for reclamation of all areas disturbed by your activities on lands covered by the subject mining claim(s) and/or site(s). After you complete the reclamation, you must notify the authorized officer of the appropriate surface managing agency so that the authorized officer may conduct a final site inspection and determine whether you may be released from liability. If you fail to reclaim the land to the satisfaction of the authorized officer, the surface management agency may cite you for noncompliance under its surface management regulations.

For land administered by the Bureau of Land Management (BLM), if you fail to reclaim the land to the satisfaction of the authorized officer as required in 43 CFR Subpart 3809, BLM will issue an order of noncompliance under 43 CFR 3809.601(a). If you fail to comply with the non-compliance order, BLM may take further action under 43 CFR 3809.604. Failure to conduct reclamation is a prohibited act that may subject you to criminal penalties. See 43 CFR 3809.605(h) and 43 CFR 3809.700.

### **Appeal Procedures**

This decision may be appealed to the Interior Board of Land Appeals, Office of the Secretary, in accordance with the regulations contained in 43 CFR, Part 4, and the enclosed Form 1842-1. If an appeal is taken, your notice of appeal must be filed in this office (at the above address) within 30 days from receipt of this decision. The appellant has the burden of showing that the decision appealed from is in error.

If you wish to file a petition pursuant to regulation 43 CFR 4.21 (58 FR 4939, January 19, 1993) for a stay of the effectiveness of this decision during the time that your appeal is being reviewed by the Board, the petition for a stay must accompany your notice of appeal. A petition for a stay is required to show sufficient justification based on the standards listed below. Copies of the notice of appeal and petition for a stay **must** also be submitted to each party named in this decision and to the Interior Board of Land Appeals and to the appropriate Office of the Solicitor (see 43 CFR 4.413) at the same time the original documents are filed with this office. If you request a stay, you have the burden of proof to demonstrate that a stay should be granted.

### Standards for Obtaining a Stay

Except as otherwise provided by law or other pertinent regulation, a petition for a stay of a decision pending appeal shall show sufficient justification based on the following standards:

- (1) The relative harm to the parties if the stay is granted or denied,
- (2) The likelihood of the appellant's success on the merits,
- (3) The likelihood of immediate and irreparable harm if the stay is not granted, and
- (4) Whether the public interest favors granting the stay.

Please include your AMC serial number(s) on all correspondence. If additional information is required, please call Rod Ebert at 602-417-9397.

Transfer Not Processed

The Bureau of Land Management (BLM), Arizona State Office, received a conveyance document transferring a **portion** of the mining claim listed above.

When a **portion** of a mining claim is transferred, it is referred to as a severed claim. When a severed claim is filed, BLM establishes a new mining claim for the portion being severed and a new AMC serial number is assigned to the new claim. In order to properly file a severed claim, along with the conveyance document, you must also file a copy of the original location notice and a map showing exactly which portion of the original claim is being severed. You must pay a \$15 processing fee and \$10 transfer fee, per transferee, per mining claim. The portion of the claim being transferred may be no less than 10 acres. If you want to change the name of the severed portion you must also file an amendment and pay the \$10 processing fee per claim. If the claim is owned by more than one person, notarized signatures for all claim owners must be included on the conveyance document.

We cannot process the conveyance document for the following reason:

1 1 5

1. We need a copy of the original location notice.

- 2. We need a map clearly defining which portion of the claim is being severed drawn into the quarter section to show its location with the dimensions of the width and length on the map. Make sure to identify the township, range and section on the map.
- 3. Insufficient funds were received for a severed claim; an additional \$15 is required.

٢

4. The claim is owned by more than one person; however notarized signatures of all claim owners are not included on the Quit Claim Deed (QCD). The owners of record are Kelley Lucille and Arizona Association of Mining District. We will need both claimants' notarized signatures.

In order to correct the deficiencies noted above so the QCD may be processed, please send the corrected conveyance document and/or required information within 30 days from the date this notice is received. If we do not receive the required information within that timeframe the conveyance document will not be processed and any non-refundable processing fee paid will be retained by BLM.

### MINING CLAIMS DECLARED FORFEITED

The mining claims listed above have been declared forfeited for failure to file the required maintenance fee payment or small miner's maintenance fee waiver (waiver).

Claimants are required to pay an annual non-refundable maintenance fee of \$140 per 20 acres, or submit a waiver, on or before September 1 of each year. These requirements were established by 30 (United States Code) 28-f-k, as amended, and 43 Code of Federal Regulations (CFR) 3834 and 3835.

Our records do not show receipt of a maintenance fee payment, or waiver received on or before September 1, 2012, for the 2013 assessment year, for the claims listed above. Therefore, the claims are forfeited.

This decision does not relieve you of the liability for reclamation of all areas disturbed by your activities on lands covered by the subject mining claim(s) and/or site(s). After you complete the reclamation, you must notify the authorized officer of the appropriate surface managing agency so that the authorized officer may conduct a final site inspection and determine whether you may be released from liability.

If you fail to reclaim the land to the satisfaction of the authorized officer, the surface management agency may cite you for noncompliance under its surface management regulations.

For land administered by the Bureau of Land Management (BLM), if you fail to reclaim the land to the satisfaction of the authorized officer as required in 43 CFR Subpart 3809, BLM will issue an order of noncompliance under 43 CFR 3809.601(a). If you fail to comply with the noncompliance order, BLM may take further action under 43 CFR 3809.604. Failure to conduct reclamation is a prohibited act that may subject you to criminal penalties. See 43 CFR 3809.605(h) and 43 CFR 3809.700.

## MINING CLAIMS DECLARED FORFEITED

The mining claims listed above have been declared forfeited for failure to file the required maintenance fee payment or small miner's maintenance fee waiver (waiver).

Claimants are required to pay an annual non-refundable maintenance fee of \$140 per 20 acres, or submit a waiver, on or before September 1 of each year. These requirements were established by 30 (United States Code) 28-f-k, as amended, and 43 Code of Federal Regulations (CFR) 3834 and 3835.

Our records do not show receipt of a maintenance fee payment, or waiver received on or before September 1, 2012, for the 2013 assessment year, for the claims listed above. Therefore, the claims are forfeited.

This decision does not relieve you of the liability for reclamation of all areas disturbed by your activities on lands covered by the subject mining claim(s) and/or site(s). After you complete the reclamation, you must notify the authorized officer of the appropriate surface managing agency so that the authorized officer may conduct a final site inspection and determine whether you may be released from liability.

. .

If you fail to reclaim the land to the satisfaction of the authorized officer, the surface management agency may cite you for noncompliance under its surface management regulations.

For land administered by the Bureau of Land Management (BLM), if you fail to reclaim the land to the satisfaction of the authorized officer as required in 43 CFR Subpart 3809, BLM will issue an order of noncompliance under 43 CFR 3809.601(a). If you fail to comply with the noncompliance order, BLM may take further action under 43 CFR 3809.604. Failure to conduct reclamation is a prohibited act that may subject you to criminal penalties. See 43 CFR 3809.605(h) and 43 CFR 3809.700.

### **Appeal Procedures**

This decision may be appealed to the Interior Board of Land Appeals, Office of the Secretary, in accordance with the regulations contained in 43 CFR, Part 4, and the enclosed Form 1842-1. The appellant has the burden of showing that the decision appealed from is in error.

If you wish to file a petition pursuant to regulation 43 CFR 4.21 (58 FR 4939, January 19, 1993) for a stay of the effectiveness of this decision during the time that your appeal is being reviewed by the Board, the petition for a stay must accompany your notice of appeal. A petition for a stay is required to show sufficient justification based on the standards listed below. Copies of the notice of appeal and petition for a stay **must** also be submitted to each party named in this decision and to the Interior Board of Land Appeals and to the appropriate Office of the Solicitor (see 43 CFR 4.413) at the same time the original documents are filed with this office. The Maintenance Fee Waiver Certifications (small miner waivers) filed for the 2013 assessment year, for the mining claims listed above are denied. Because the waivers are denied and because the required maintenance fee payments due on or before September 1, 2012, were not paid, these claims are declared forfeited.

By September 1 of each year, claimants must pay an annual maintenance fee of \$140 per 20 acres, in accordance with Title 43 Code of Federal Regulations (CFR) 3000.12(a), 3830.21, and 3834.11(a)(2), or submit a valid waiver, in accordance with 43 CFR 3835.1, 3835.10, and 3835.11.

In accordance with 43 CFR 3835.1(b), to qualify for a small miner waiver, you and all related parties must hold or control no more than a total of 10 mining claims or sites nationwide. As defined at 43 CFR 3830.5, "related party means: a) the spouse and dependent children of the claimant as defined in section 152 of the Internal Revenue Code of 1986 [26 U.S.C. section 152]; or, b) A person who controls, is controlled by, or is under common control with the claimant."

AMC68526, 68527, 68529, 68530, 68553, 68555, 68571, 68572, 68576 ROCK HOUSE EXTENSION, WILD HORSE EXTENSION, OLD WILD HORSE, FOUR HUNDRED, GOLDEN ROD A, BLACK HAWK, DOWDY, DOWDY EXT, FOUR HUNDRED NO 2

> Maintenance Fee Waiver Certifications Denied Mining Claims Declared Forfeited

The Maintenance Fee Waiver Certifications (small miner waivers) filed for the 2013 assessment year, for the mining claims listed above are denied. Because the waivers are denied and because the required maintenance fee payments due on or before September 1, 2012, were not paid, these claims are declared forfeited.

By September 1 of each year, claimants must pay an annual maintenance fee of \$140 per 20 acres, in accordance with Title 43 Code of Federal Regulations (CFR) 3000.12(a), 3830.21, and 3834.11(a)(2), or submit a valid waiver, in accordance with 43 CFR 3835.1, 3835.10, and 3835.11.

In accordance with 43 CFR 3835.1(b), to qualify for a small miner waiver, you and all related parties must hold or control no more than a total of 10 mining claims or sites nationwide. As defined at 43 CFR 3830.5, "related party means: a) the spouse and dependent children of the claimant as defined in section 152 of the Internal Revenue Code of 1986 [26 U.S.C. section 152]; or, b) A person who controls, is controlled by, or is under common control with the claimant."

common directors, officers, stockholders, a voting trust, or a holding company or Investment Company, or any other means."

As of September 1, 2012, LUCILLE KELLEY is the owner of 21 active mining claims. LUCILLE KELLY does not qualify for a small miners waiverl. See attached list of the 21 active claims.

In accordance with 43 C.F.R. 3835.92(d), because you or a co-claimant own or control more than 10 mining claims or sites and failed to pay the \$140 per 20 acre maintenance fee on or before the due date, you forfeit the mining claims or sites that you submitted a small miner waiver for, and may be subject to criminal penalties under 18 U.S.C. 1001.

This decision does not relieve you of the liability for reclamation of all areas disturbed by your activities on lands covered by the subject mining claim(s) and/or site(s). After you complete the reclamation, you must notify the authorized officer of the appropriate surface managing agency so that the authorized officer may conduct a final site inspection and determine whether you may be released from liability. If you fail to reclaim the land to the satisfaction of the authorized officer, the surface management agency may cite you for noncompliance under its surface management regulations.

For land administered by the Bureau of Land Management (BLM), if you fail to reclaim the land to the satisfaction of the authorized officer as required in 43 CFR Subpart 3809, the BLM will issue an order of noncompliance under 43 CFR 3809.601(a). If you fail to comply with the noncompliance order, the BLM may take further action under 43 CFR 3809.604. Failure to conduct reclamation is a prohibited act that may subject you to criminal penalties. (See 43 CFR 3809.605(h) and 43 CFR 3809.700)

### **Appeal Procedures**

This decision may be appealed to the Interior Board of Land Appeals, Office of the Secretary, in accordance with the regulations contained in 43 CFR Part 4, and the enclosed Form 1842-1. If an appeal is taken, your notice of appeal must be filed in this office (at the above address) within 30 days from receipt of this decision. The appellant has the burden of showing that the decision appealed from is in error.

If you wish to file a petition pursuant to regulation 43 CFR 4.21 (58 FR 4939, January 19, 1993) for a stay of the effectiveness of this decision during the time that your appeal is being reviewed by the Board, the petition for a stay must accompany your notice of appeal. A petition for a stay is required to show sufficient justification based on the standards listed below. Copies of the notice of appeal and petition for a stay must also be submitted to each party named in this decision and to the Interior Board of Land Appeals and to the appropriate Office of the Solicitor (see 43 CFR 4.413) at the same time the original documents are filed with this office. If you request a stay, you have the burden of proof to demonstrate that a stay should be granted.

### **Standards for Obtaining a Stay**

Except as otherwise provided by law or other pertinent regulation, a petition for a stay of a decision pending appeal shall show sufficient justification based on the following standards:

- (1) The relative harm to the parties if the stay is granted or denied,
- (2) The likelihood of the appellant's success on the merits,
- (3) The likelihood of immediate and irreparable harm if the stay is not granted, and
- (4) Whether the public interest favors granting the stay.

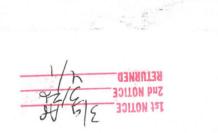

Please include your AMC serial number(s) on all correspondence. If additional information is required, please contact Tony Smith at 602-417-9355.

### 2013 Maintenance Fees - Additional Fees Required

Your maintenance fee payment for the 2013 assessment year, in the amount of \$140 per claim, for the placer claims listed above, has been received and is insufficient. The total due on your claim(s) is: \$\$12,600.

In accordance with the Consolidated Appropriations Act of 2012, Public Law 112-74 (125 Stat 1047), and FR44155-44158 (2012) Congress changed the way maintenance fees for placer mining claims are assessed. Instead of charging the maintenance fee on a per-claim basis, Congress stated that the fee, which is currently \$140, will be assessed on each 20 acre parcel of a placer claim or portion thereof.

Insufficient payment of the annual maintenance fee for the 2013 assessment year is a curable defect. **Therefore you are required to do one of the following within 30 days of receipt of this notice or your claim(s) will be declared forfeited**: 1) submit additional fees of \$140 per 20-acres or portion thereof based on the full acreage of the claim, or 2) amend the claim(s) to reduce the acres so a lesser fee is due and submit any additional fees due; or 3) relinquish the claim(s) in their entirety, in which case BLM will refund the maintenance fees you have already paid for the 2013 assessment year.

If you choose to amend the claims to reduce the acres, you must submit an amended location notice for each claim, with an accurate description and dimensions of the reduced claim, along with a map depicting the reduced claim, and a \$10 processing fee per amendment. An amendment must also be recorded at the county. If the amended claim contains more than 20 acres, calculate the additional fees due and submit those fees with the amendment(s).

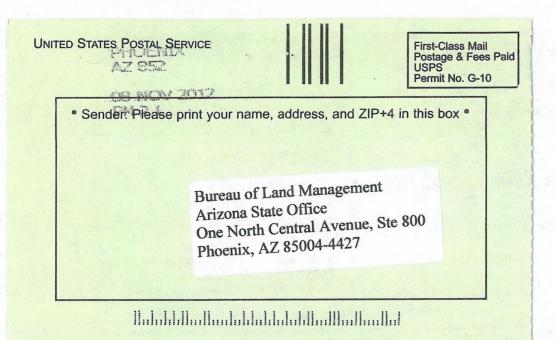

Amended & claims paid \$5320 add ! on & claims Please include your Arizona Mining Claim (AMC) serial number(s) and claim name(s) when submitting the additional fees, and note that you are paying additional fees due. If additional information is required, please contact Amy Thrower at 602-417-9334.

### AMC68551 HILL SIDE

### MINING CLAIMS DECLARED FORFEITED

The mining claims listed above have been declared forfeited for failure to file the required maintenance fee payment or small miner's maintenance fee waiver (waiver).

Claimants are required to pay an annual non-refundable maintenance fee of \$125, or submit a waiver, on or before September 1 of each year. These requirements were established by 30 U.S.C. 28-f-k, as amended, and 43 Code of Federal Regulations (CFR) 3834 and 3835.

Our records do not show receipt of a maintenance fee payment, or waiver received on or before September 1, 2005, for the 2006 assessment year, for the claims listed above. Therefore, the claims are forfeited.

You are required to reclaim all areas disturbed by your activities on lands encompassed by your mining claim(s) and/or site(s). After you complete the reclamation, you must notify the authorized officer of the appropriate surface managing agency so that the authorized officer may conduct a final site inspection and determine whether you may be released from liability.

· • •

If you fail to reclaim the land to the satisfaction of the authorized officer, the surface management agency may cite you for noncompliance under its surface management regulations.

For land administered by the Bureau of Land Management (BLM), if you fail to reclaim the land to the satisfaction of the authorized officer as required in 43 CFR Subpart 3809, BLM will issue an order of noncompliance under 43 CFR 3809.601(a). If you fail to comply with the noncompliance order, BLM may take further action under 43 CFR 3809.604. Failure to conduct reclamation is a prohibited act that may subject you to criminal penalties. See 43 CFR 3809.605(h) and 43 CFR 3809.700.

This decision may be appealed to the Interior Board of Land Appeals, Office of the Secretary, in accordance with the regulations contained in 43 CFR, Part 4 and the enclosed Form 1842-1. If an appeal is taken, your notice of appeal must be filed in this office (at the above address) within 30 days from receipt of this decision. The appellant has the burden of showing that the decision appealed from is in error.

If you wish to file a petition pursuant to regulation 43 CFR 4.21 (58 FR 4939, January 19, 1993) for a stay of the effectiveness of this decision during the time that your appeal is being reviewed by the Board, the petition for a stay must accompany your notice of appeal. A petition for a stay is required to show sufficient justification based on the standards listed below. Copies of the notice of appeal and petition for a stay **must** also be submitted to each party named in this decision and to the Interior Board of Land Appeals and to the appropriate Office of the Solicitor (see 43 CFR 4.413) at the same time the original documents are filed with this office. If you request a stay, you have the burden of proof to demonstrate that a stay should be granted.

### Standards for Obtaining a Stay

Except as otherwise provided by law or other pertinent regulation, a petition for a stay of a decision pending appeal shall show sufficient justification based on the following standards:

- (1) The relative harm to the parties if the stay is granted or denied,
- (2) The likelihood of the appellant's success on the merits,
- (3) The likelihood of immediate and irreparable harm if the stay is not granted, and
- (4) Whether the public interest favors granting the stay.

Please include your AMC serial number(s) on all correspondence. If additional information is required, please call Amy Bunda at 602-417-9334.

#### **Decision Vacated**

The Decision of March 28, 2000 declaring the above listed mining claim forfeited is hereby vacated. Documentation showing receipt of the 2000 Maintenance Fee Payment was received by the Bureau of Land Management (BLM), on August 27, 1999, Accounting Advice No. 2296969. An incorrect serial number (AMC 335191) was used on the maintenance fee form. The BLM records have been corrected to show payment of the 2000 Maintenance Fees paid for AMC 350494 A & T, and is now shown on the official records in an active status.

The maintenance fee for the year 2001 must be received on, or before, September 1, 2000.

A review of the maintenance fees received August 27, 1999 showed a payment for AMC 68574 Wild Horse (Black Mexican), in 1998 and 1999, Accounting Advices 2296969, August 27, 1999; and 2389839 dated August 28, 1998. This claim was closed by decision on December 6, 1994. (Copy enclosed for reference). A refund of \$200.00 will be authorized. Please allow four to six weeks to process.

### MINING CLAIMS, MILL SITES AND TUNNEL SITES DECLARED ABANDONED

Public Law 102-381, 106 Stat 1374, dated October 5, 1992, and the regulations implemented July 15, 1993, 43 CFR §3833.1-5, "Rental Fees" prescribe, unless otherwise exempted, that \$100 rental for assessment year 1992-1993, and \$100 rental for assessment year 1993-1994, must be paid to the Bureau of Land Management (BLM) for each mining claim, mill site, and tunnel site on or before August 31, 1993. Failure to pay the rental fee by that date shall conclusively constitute an abandonment of the mining claim, mill site, or tunnel site, which shall be void.

The BLM records do not show receipt of payment for the mining claim(s), mill site(s), and tunnel site(s) listed on the enclosed sheet(s) on or before August 31, 1993.

If the rental fee was timely paid to the BLM for 1993 and 1994, please furnish a copy of the BLM receipt for payment and the document listing the claims and serial numbers for which payment was made to the BLM, Arizona State Office. The receipt and proof must be dated and/or time stamped by the BLM on or before August 31, 1993.

The proof of payment must show that the required amount was remitted and was received by the BLM on or before August 31, 1993, or it will not be accepted. The evidence must be received in this office no later than 30 days from receipt of this decision. If the proof is not furnished during the 30-day period, the mining claim(s), mill site(s), and tunnel site(s) will be removed from the BLM records as abandoned and void.

Dear Mr. Thomason:

The legal description for the following mining claims was incorrectly put in the official records of the Bureau of Land Management (BLM) when the claims were filed with BLM in 1979. The records have been corrected to show the claims as described on the claimants location notices and map. Copies of the location notices, serial register pages, Master Title Plat, and map are enclosed for reference.

### MAR 26 1997

Mr. Clyde Thomason P.O. Box 25 Congress Junction, Arizona 85332

Dear Mr. Thomason:

The letter of March 10, 1997, sent to you contained information that was incorrect. Research of AMC 68527 Wild Horse Extension, AMC 68528 Wild Horse, and AMC 68529 Old Wild Horse, as shown on your location map reveals the following:

The names on the location notices for AMC 68527 and 68528 are the Wild Horse Extension. The location notices have the same name and describe both claims in T. 9 N., R. 4 W., sec. 6, SW¼SE¼NE¼, SE¼SW¼NE¼. The land described is identical.

The location notice for AMC 68529 Old Wild Horse, has **two legal descriptions**. The **written narrative** describes the E½SE¼NE¼ of sec. 6, T. 9 N., R. 4 W., while the **metes and bounds** description describes the claim as follows:

Starting 660 feet from the E¼ corner of sec. 6, Thence N. 1320 feet, Thence W. 660 feet, Thence S. 1320 feet, Thence E. 660 feet.

The metes and bounds describes it in the W1/2SE1/4NE1/4.

There does not appear to be a location notice for AMC 68528 Wild Horse as shown on the location map in T. 9 N., R. 4 W., sec. 6, E½SE¼NE¼.

The claim described on the location notice in **T. 9 N., R. 4 W., sec. 6, E<sup>1</sup>/<sub>2</sub>SE<sup>1</sup>/<sub>4</sub>NE<sup>1</sup>/<sub>4</sub> is the Black Mexican, AMC 68574. This description describes the Wild Horse, AMC 68528 as shown on the location map. The Black Mexican was closed by Decision dated September 4, 1994. A copy of this decision and the serial register page for the claim is enclosed.** 

The Wild Horse Extension, **AMC 68528 is closed.** The Wild Horse Extension, **AMC 68527, is active.** As previously explained, these two claim are described on the same land. The **Old Wild Horse AMC 68529**, overlaps the Wild Horse Extension AMC 68527, and **is active**. (See enclosed drawing).

If you have any further questions, please contact Dorie Morrison at (602) 417-9355.

Sincerely,

/s/ Laura Rowdabaugh

#### MINING CLAIMS, MILL SITES AND TUNNEL SITES DECLARED ABANDONED

Claimants are required to pay a nonrefundable maintenance fee of \$100 or submit a small miner's maintenance fee waiver for each claim/site for each specified assessment year. ## MINING CLAIMS, MILL SITES, AND TUNNEL SITES DECLARED ABANDONED

Public Laws 102-381, 106 Stat. 1374, dated October 5, 1992, and 103-66, 107 Stat. 405, dated August 10, 1993, and the regulations implemented August 30, 1994, at 43 CFR §3833.1-5, "Maintenance fees" prescribe, unless otherwise exempted, that a \$100 maintenance fee for assessment year 1994-1995, must be paid to the Bureau of Land Management (BLM) for each mining claim, mill site, and tunnel site on or before August 31, 1994. If a qualifying Certification of Exemption From Payment of Rental Fee Form had been timely filed by August 31, 1993 for 1994, or a Maintenance Fee Payment Waiver Certification Form by August 31, 1994 for 1995, an affidavit of assessment work performed covering the mining claims and a notice of intention to hold for any mill or tunnel site (annual filing) was required to be filed, accompanied by \$5 for each claim or site on or before December 30, 1994. Failure to pay the maintenance fee by August 31, 1994, or if qualified, to file the annual filing by December 30, 1994, shall conclusively constitute an abandonment of the mining claim, mill site, or tunnel site, which shall be void.

The BLM records do not show receipt of the maintenance fee payment for the mining claim(s), mill site(s), and tunnel site(s) listed on the enclosed sheet(s) on or before August 31, 1994, or if qualified, an annual filing on or before December 30, 1994. If the maintenance fee was timely paid to the BLM, Arizona State Office for 1995, by August 31, 1994, or if qualified, an affidavit of assessment work performed for mining claims or a notice of intention to hold for mill or tunnel sites for 1994, was filed by December 30, 1994, please furnish a copy of the BLM receipt for payment and the BLM timely stamped document listing the mining claims or sites and the BLM serial numbers. The evidence must be received in this office no later than 30 days from receipt of this Becision. If the proof is not furnished during the 30-day period, the mining claim(s), mill site(s), and tunnel site(s) will be removed from the BLM records as abandoned and yoid.

If additional information is required, please call (602) 650-0518.

DECISION

Mining Claimant(s) as Shown on the Enclosed Sheet(s) Mining Claim(s), Mill Site(s) and Tunnel Site(s) as Shown on the Enclosed Sheet(s) 1

### MINING CLAIMS, MILL SITES AND TUNNEL SITES DECLARED ABANDONED

Public Law 102-381, 106 Stat 1374, dated October 5, 1992, and the regulations implemented July 15, 1993, 43 CFR §3833.1-5, "Rental Fees" prescribe, unless otherwise exempted, that \$100 rental for assessment year 1992-1993, and \$100 rental for assessment year 1993-1994, must be paid to the Bureau of Land Management (BLM) for each mining claim, mill site, and tunnel site on or before August 31, 1993. Failure to pay the rental fee by that date shall conclusively constitute an abandonment of the mining claim, mill site, or tunnel site, which shall be void.

The BLM records do not show receipt of payment for the mining claim(s), mill site(s), and tunnel site(s) listed on the enclosed sheet(s) on or before August 31, 1993.

If the rental fee was timely paid to the BLM for 1993 and 1994, please furnish a copy of the BLM receipt for payment and the document listing the claims and serial numbers for which payment was made to the BLM, Arizona State Office. The receipt and proof must be dated and/or time stamped by the BLM on or before August 31, 1993.

The proof of payment must show that the required amount was remitted and was received by the BLM on or before August 31, 1993, or it will not be accepted. The evidence must be received in this office no later than 30 days from receipt of this decision. If the proof is not furnished during the 30-day period, the mining claim(s), mill site(s), and tunnel site(s) will be removed from the BLM records as abandoned and void.

If additional information is required, please call (602) 650-0518.

### MINING CLAIMS DECLARED ABANDONED

The Federal Land Policy and Management Act (FLPMA) of 1976, 43 U.S.C. 1744, and the implementing regulations in 43 CFR 3833.2, require an annual filing for all mining claims recorded with the Bureau of Land Management (BLM). FLPMA provides that failure to file evidence of annual assessment work or a notice of intention to hold by December 30 of each year shall be deemed conclusively to constitute an abandonment of the claim and it is void by operation of law. The constitutionality of Section 314 of FLPMA was upheld on April 1, 1985, by the United States Supreme Court in <u>United States v. Locke</u> <u>et al.</u>, 471 U.S. 84, 129 (1985).

The BLM records do not show receipt of either an affidavit of annual assessment work performed or a notice of intention to hold for the claim(s) listed on the enclosed sheet(s) for the 1991 assessment year.

If you did timely file an affidavit or notice of intention to hold with the BLM during 1991, please furnish a copy which shows receipt by the BLM Arizona State Office, (dated and time stamped) during 1991.

Your proof must show the required document was timely filed with the BLM during 1991, otherwise it will not be accepted. The evidence must be received in this office no later than 30 days from receipt of this decision. If the proof is not furnished during this 30-day period, the claim(s) will be removed from our records as abandoned and void.

Dear Claimants:

Our records show that the Spanish Gold No's 5,6,7 and 8 placer mining claims were filed for recording with BLM on October 1, 1979 under Serial Numbers A MC 68546 through A MC 68549

The claims are located in Section 7, T. 8 N., R. 4 W., GSR Mer., Arizona, an area withdrawn by a Secretarial Order dated March 27, 1943 for the Hassayampa Project. This is a First Form Reclamation Withdrawal which segregated from mining location. However, on November 21, 1958 Order No. 195 was issued opening these lands to mineral entry subject to Reclamation Stipulations. It does not appear that we have record of these stipulations on file with your claims. If you have complied, please bring this to our attention.

No rights were acquired under the General Mining Laws within the E4SW4 and the S4SE4 of section 7 as to Spanish Gold No's 6 and 7 as these are private lands.

Enclosed is the Order No. 195. As noted in the Order you are required to sign and file such stipulations with the County Recorder and with the Bureau of Land Management. Until such time as this has been accomplished you have established no rights and other intervening rights may be in effect.

When filing, please make reference to the above-listed claim names and BLM A MC serial numbers, or show us how you have previously complied with this order.

Sincerely,

Thomas E. Reitmeyer Acting Chief, Branch of Lands and Minerals Operations

## Request for Disposition of Multiple Payment

According to our records, the 2009 maintenance fee payment for the mining claim(s) listed above was/were paid by the two parties listed above. BLM cannot retain multiple maintenance fee payments for a mining claim.

We require written notification regarding the disposition of your payment. We can keep your payment for the 2009 assessment year, refund your payment, or apply it to the next assessment year (2010 maintenance fee that is due on or before September 1, 2009).

Please respond within 30 days of your receipt of this notice, addressing your own payment only. If we do not receive a response from either party within those 30 days, the payment received first will be kept and the other refunded. If only one request is received, that request will be honored. If we receive conflicting requests from both parties, the following priority will be applied: if only one party is listed in BLM records as a claim owner, their request will be honored. If both

or neither party is listed as claim owners, priority will be given to the payment received first. The case file will be noted that both payments were timely received.

If additional information is required, please contact Tony Smith 602-417-9355. Please include your AMC serial numbers on all correspondence.

Subject: Documentation of Telephone Conversation

Name of Person contacted: Dan Jacobs

Telephone Number of Person Contacted: 928-427-3844

Date of Contact: 1/22/2002

Summary: Called Mr. Jacobs today in reference to Quit Claim Deed (QCD) received on Jan. 14, 2002 for AMC 84552, 84561, 84564, 84565, 84573, and 84574. The QCD is from West Sedco, Inc. to Pontiac Mines Incorporated. The transferred cannot be processed because the records show these claims were transferred by West Sedco, Inc., on July 24, 2001 to North West Services Org, LLC.

I could not find the transfer from West Sedco, Inc., to North West Services Org, LLC, that Mary put in computer. Will talk with Mary when she returns to work.

Mr. Jacobs was informed that I would need a QCD from North West Services to West Sedco, before the transfer from West Sedco to Pontiac Mines can be processed.

The transfer received on Jan. 14, 2002 can not be processed at this time.

Mrs. Thomason called in reference to the decision received dated 3.28.2000 closing mining claim AMC 350494. Ms. Thomason faxed the accounting advice number 2296969 dated August 27, 1999 showing an incorrect number AMC 335191 A&T Lode on the maintenance fee form. The correct number for A&T is AMC 350494. This was corrected in the mining claim recordation system to show that the payment for 2000 had been received.

It was also noted that a payment for 1998 and 1999 for AMC 68574 Wild Horse (Black Mexican) which was closed by decision in 1993 was not refunded. A refund will be authorized for the maintenance fee of \$100 per year for two years.

Memo to File: AMC 68526

Subject: AMC 68527-68529

The location notice for AMC 68527 Wild Horse Extension, and AMC 68528 Wild Horse Extension, are located in T. 9 N., R. 4 W., sec. 6, SW14SE14NE14, SE14SW14NE14. Both claims describe the same identical land, and both have the same name.

The location notice for AMC 68529 Old Wild Horse, has two legal descriptions. The written narrative describes the E½SE¼NE¼ of sec. 6, T. 9 N., R. 4 W., while the metes and bounds describes the claim as follows:

Starting 660 feet from the E¼ corner of sec. 6, thence N. 1320 feet, thence W. 660 feet, thence S. 1320 feet, thence E. 660 feet.

The narrative describes the Old Wild Horse claim in sec. 6, E½SE¼NE¼, while the metes and bounds describes it in the W½SE¼NE¼. There does not appear to be a location notice for the AMC 68528 Wild Horse as shown on the map in the E½SE¼NE¼.

Mr. Clyde Thomason P.O. Box 25 Congress, AZ 85332

Dear Mr. Thomason:

After reviewing the mining claim lacation notices and the maps for AMC 68527 - 68529 the following was found:

AMC 68527 and 68528 describes the same land and is recorded with BLM as the Wild Horse Extension for both claims. AMC 68527 is active, AMC 68528 is closed.

AMC 68529 describes the land shown on the map for Wild Horse, which according to the number on the map is AMC 68528.

The 10 acres shown on your map for the Old Wild Horse, AMC 68529 is not described on the location notices. This appears to be the portion that is missing.

I have enclosed copies of the map, location notices, and serial page for each of the claims. If I may be of any further assistance, please let me know.

Sincerely,

Ani mouro

On Wednesday, Mr. Thomason was in the Public Room and requested some assistance. Because the case was so old and a real mess, I promised to do some research and either FAX the information or telephone him with an update.

Once the cases were redone, I prepared a new index and went to work, trying to discover what was what.

I telephoned him (left a message) on Friday to notify him that I thought the letter you wrote was to request different legal descriptions for either A MC 68527 or A MC 68529. The original legal descriptions show the exact same location.

Please review this one more time and update him. You may want to send the attached extra copy of the index.

Thanks,

MJ

Mr. Clyde Thomason P.O. Box 25 Congress, AZ 85332

Dear Mr. Thomason:

After reviewing the mining claim lacation notices and the maps for AMC 68527 - 68529 the following was found:

AMC 68527 and 68528 describes the same land and is recorded with BLM as the Wild Horse Extension for both claims. AMC 68527 is active, AMC 68528 is closed.

·520- +27-3990

AMC 68529 describes the land shown on the map for Wild Horse, which according to the number on the map is AMC 68528.

The 10 acres shown on your map for the Old Wild Horse, AMC 68529 is not described on the location notices. This appears to be the portion that is missing.

I have enclosed copies of the map, location notices, and serial page for each of the claims. If I may be of any further assistance, please let me know.

Sincerely,

your Mouson
