CERTIFIED MAIL – RETURN RECEIPT REQUESTED No. 9214 8901 9403 8318 3979 86

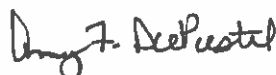

On July 24, 2020, we received a letter from Wayne Melluzzo, son and trustee of the estate for Frank and Wanita Melluzzo, requesting the reversal of the Decision, dated December 11, 2019, declaring the mining claim, AMC72756, forfeited.

In accordance with the appeal regulations at 43 Code of Federal Regulations (CFR) 4.411(a), an appeal must be filed within 30 days after the date of service. As stated in 43 CFR 4.401(a), there is a 10-day grace period and “the delay in filing will be waived if the document is filed not later than 10 days after it was required to be filed and it is determined that the document was transmitted, or probably transmitted, to the office in which the filing is required before the end of the period in which it was required to be filed.” Per 43 CFR 4.411(c), “no extension of time will be granted for filing the notice of appeal. If a notice of appeal is filed after the grace period provided in 4.401(a), the notice of appeal will not be considered and the case is required to be closed by the officer from whose decision the appeal is taken.”

The letter addressed to Frank and Wanita Melluzzo was served on December 16, 2019. Therefore, their appeal period began December 17, 2019 and ended January 15, 2020. The letter addressed to Herbert and Oleta Williams was returned to Bureau of Land Management (BLM) marked as “Returned not known” by the U.S. Post Office on December 27, 2019. When a Decision is returned to BLM, you are considered to have been served and the 30 day appeal period commences on the date the letter is returned to BLM. Therefore, their appeal period began December 28, 2019 and ended on January 26, 2020.

To be considered, an appeal must be filed within 30 days after the date of service or within the 10-day grace period. The latest date that an acceptable appeal from any of these five Decisions could be received in this office was March 6, 2020. The appeal letter was received by BLM on July 24, 2020, 140 days after the expiration of the final grace period. In accordance with 43 CFR 4.411, the appeal was filed untimely and will not be considered.

### MINING CLAIMS DECLARED FORFEITED

The mining claims listed above have been declared forfeited as of September 1, 2019, for failure to timely file the required maintenance fee payment or small miner's maintenance fee waiver (waiver).

Claimants are required to pay an annual non-refundable maintenance fee of \$165 per 20 acres or portion thereof, or submit a waiver, on or before September 1 of each year. These requirements were established by 30 U.S.C. 28f-1, as amended, and 43 CFR 3834 and 3835.

Our records do not show receipt of a maintenance fee payment or small miner waiver filed on or before the due date. Therefore, the claims listed above are forfeited.

### Reclamation Requirements

This decision does not relieve you of the liability for reclamation of all areas disturbed by your activities on lands covered by the subject mining claim(s) and/or site(s). After you complete the reclamation, you must notify the authorized officer of the appropriate surface managing agency so that the authorized officer may conduct a final site inspection and determine whether you may be released from liability. If you fail to reclaim the land to the satisfaction of the authorized officer, the surface management agency may cite you for noncompliance under its surface

management regulations. For land administered by the Bureau of Land Management (BLM), if you fail to reclaim the land to the satisfaction of the authorized officer as required in 43 CFR Subpart 3809, the BLM will issue an order of noncompliance under 43CFR 3809.601(a). If you fail to comply with the non-compliance order, BLM may take further action under 43 CFR 3809.604. Failure to conduct reclamation is a prohibited act that may subject you to criminal penalties. See 43 CFR 3809.605(h) and 43 CFR 3809.700.

### Appeal Procedures

This decision may be appealed to the Interior Board of Land Appeals, Office of the Secretary, in accordance with the regulations contained in 43 CFR, Part 4, and the enclosed Form 1842-1. If an appeal is taken, your notice of appeal must be filed in this office (at the above address) within 30 days from receipt of this decision. The appellant has the burden of showing that the decision appealed from is in error.

If you wish to file a petition pursuant to regulation 43 CFR 4.21 (58 FR 4939, January 19, 1993) for a stay of the effectiveness of this decision during the time that your appeal is being reviewed by the Board, the petition for a stay must accompany your notice of appeal. A petition for a stay is required to show sufficient justification based on the standards listed below. Copies of the notice of appeal and petition for a stay **must** also be submitted to each party named in this decision and to the Interior Board of Land Appeals and to the appropriate Office of the Solicitor (see 43 CFR 4.413) at the same time the original documents are filed with this office. If you request a stay, you have the burden of proof to demonstrate that a stay should be granted.

### Standards for Obtaining a Stay

Except as otherwise provided by law or other pertinent regulation, a petition for a stay of a decision pending appeal shall show sufficient justification based on the following standards:

- (1) The relative harm to the parties if the stay is granted or denied,
- (2) The likelihood of the appellant's success on the merits,
- (3) The likelihood of immediate and irreparable harm if the stay is not granted, and
- (4) Whether the public interest favors granting the stay.

Please include your AMC serial number(s) on all correspondence. If additional information is required, please contact RéAnn Myers at 602-417-9413.

### MINING CLAIMS DECLARED FORFEITED

The mining claims listed above have been declared forfeited as of September 1, 2019, for failure to timely file the required maintenance fee payment or small miner's maintenance fee waiver (waiver).

Claimants are required to pay an annual non-refundable maintenance fee of \$165 per 20 acres or portion thereof, or submit a waiver, on or before September 1 of each year. These requirements were established by 30 U.S.C. 28f-I, as amended, and 43 CFR 3834 and 3835.

Our records do not show receipt of a maintenance fee payment or small miner waiver filed on or before the due date. Therefore, the claims listed above are forfeited.

### Reclamation Requirements

This decision does not relieve you of the liability for reclamation of all areas disturbed by your activities on lands covered by the subject mining claim(s) and/or site(s). After you complete the reclamation, you must notify the authorized officer of the appropriate surface managing agency so that the authorized officer may conduct a final site inspection and determine whether you may be released from liability. If you fail to reclaim the land to the satisfaction of the authorized officer, the surface management agency may cite you for noncompliance under its surface

management regulations. For land administered by the Bureau of Land Management (BLM), if you fail to reclaim the land to the satisfaction of the authorized officer as required in 43 CFR Subpart 3809, the BLM will issue an order of noncompliance under 43CFR 3809.601(a). If you fail to comply with the non-compliance order, BLM may take further action under 43 CFR 3809.604. Failure to conduct reclamation is a prohibited act that may subject you to criminal penalties. See 43 CFR 3809.605(h) and 43 CFR 3809.700.

### Appeal Procedures

This decision may be appealed to the Interior Board of Land Appeals, Office of the Secretary, in accordance with the regulations contained in 43 CFR, Part 4, and the enclosed Form 1842-1. If an appeal is taken, your notice of appeal must be filed in this office (at the above address) within 30 days from receipt of this decision. The appellant has the burden of showing that the decision appealed from is in error.

If you wish to file a petition pursuant to regulation 43 CFR 4.21 (58 FR 4939, January 19, 1993) for a stay of the effectiveness of this decision during the time that your appeal is being reviewed by the Board, the petition for a stay must accompany your notice of appeal. A petition for a stay is required to show sufficient justification based on the standards listed below. Copies of the notice of appeal and petition for a stay must also be submitted to each party named in this decision and to the Interior Board of Land Appeals and to the appropriate Office of the Solicitor (see 43 CFR 4.413) at the same time the original documents are filed with this office. If you request a stay, you have the burden of proof to demonstrate that a stay should be granted.

### Standards for Obtaining a Stay

Except as otherwise provided by law or other pertinent regulation, a petition for a stay of a decision pending appeal shall show sufficient justification based on the following standards:

- (1) The relative harm to the parties if the stay is granted or denied,
- (2) The likelihood of the appellant's success on the merits,
- (3) The likelihood of immediate and irreparable harm if the stay is not granted, and
- (4) Whether the public interest favors granting the stay.

### MINING CLAIMS DECLARED FORFEITED

The mining claims listed above have been declared forfeited as of September 1, 2017, for failure to timely file the required maintenance fee payment or small miner's maintenance fee waiver (waiver).

Claimants are required to pay an annual non-refundable maintenance fee of \$155 per 20 acres or portion thereof, or submit a waiver, on or before September 1 of each year. These requirements were established by 30 U.S.C. 28f-1, as amended, and 43 CFR 3834 and 3835.

Our records do not show receipt of a maintenance fee payment or small miner waiver filed on or before the due date. Therefore, the claims listed above are forfeited.

### Reclamation Requirements

This decision does not relieve you of the liability for reclamation of all areas disturbed by your activities on lands covered by the subject mining claim(s) and/or site(s). After you complete the reclamation, you must notify the authorized officer of the appropriate surface managing agency so that the authorized officer may conduct a final site inspection and determine whether you may be released from liability. If you fail to reclaim the land to the satisfaction of the authorized officer, the surface management agency may cite you for noncompliance under its surface management regulations. For land administered by the Bureau of Land Management (BLM), if you fail to

reclaim the land to the satisfaction of the authorized officer as required in 43 CFR Subpart 3809, BLM will issue an order of noncompliance under 43 CFR 3809.601(a). If you fail to comply with the non-compliance order, BLM may take further action under 43 CFR 3809.604. Failure to conduct reclamation is a prohibited act that may subject you to criminal penalties. See 43 CFR 3809.605(h) and 43 CFR 3809.700.

**Appeal Procedures**

This decision may be appealed to the Interior Board of Land Appeals, Office of the Secretary, in accordance with the regulations contained in 43 CFR, Part 4, and the enclosed Form 1842-1. If an appeal is taken, your notice of appeal must be filed in this office (at the above address) within 30 days from receipt of this decision. The appellant has the burden of showing that the decision appealed from is in error.

If you wish to file a petition pursuant to regulation 43 CFR 4.21 (58 FR 4939, January 19, 1993) for a stay of the effectiveness of this decision during the time that your appeal is being reviewed by the Board, the petition for a stay must accompany your notice of appeal. A petition for a stay is required to show sufficient justification based on the standards listed below. Copies of the notice of appeal and petition for a stay **must** also be submitted to each party named in this decision and to the Interior Board of Land Appeals and to the appropriate Office of the Solicitor (see 43 CFR 4.413) at the same time the original documents are filed with this office. If you request a stay, you have the burden of proof to demonstrate that a stay should be granted.

**Standards for Obtaining a Stay**

Except as otherwise provided by law or other pertinent regulation, a petition for a stay of a decision pending appeal shall show sufficient justification based on the following standards:

- (1) The relative harm to the parties if the stay is granted or denied,
- (2) The likelihood of the appellant's success on the merits,
- (3) The likelihood of immediate and irreparable harm if the stay is not granted, and
- (4) Whether the public interest favors granting the stay.

Please include your AMC serial number(s) on all correspondence. If additional information is required, please call RéAnn Myers at 602-417-9413.

## MINING CLAIMS DECLARED FORFEITED

The mining claims listed above have been declared forfeited as of September 1, 2017, for failure to timely file the required maintenance fee payment or small miner's maintenance fee waiver (waiver).

Claimants are required to pay an annual non-refundable maintenance fee of \$155 per 20 acres or portion thereof, or submit a waiver, on or before September 1 of each year. These requirements were established by 30 U.S.C. 28f-1, as amended, and 43 CFR 3834 and 3835.

Our records do not show receipt of a maintenance fee payment or small miner waiver filed on or before the due date. Therefore, the claims listed above are forfeited.

## Reclamation Requirements

This decision does not relieve you of the liability for reclamation of all areas disturbed by your activities on lands covered by the subject mining claim(s) and/or site(s). After you complete the reclamation, you must notify the authorized officer of the appropriate surface managing agency so that the authorized officer may conduct a final site inspection and determine whether you may be released from liability. If you fail to reclaim the land to the satisfaction of the authorized officer, the surface management agency may cite you for noncompliance under its surface management regulations. For land administered by the Bureau of Land Management (BLM), if you fail to

reclaim the land to the satisfaction of the authorized officer as required in 43 CFR Subpart 3809, BLM will issue an order of noncompliance under 43 CFR 3809.601(a). If you fail to comply with the non-compliance order, BLM may take further action under 43 CFR 3809.604. Failure to conduct reclamation is a prohibited act that may subject you to criminal penalties. See 43 CFR 3809.605(h) and 43 CFR 3809.700.

### Appeal Procedures

This decision may be appealed to the Interior Board of Land Appeals, Office of the Secretary, in accordance with the regulations contained in 43 CFR, Part 4, and the enclosed Form 1842-1. If an appeal is taken, your notice of appeal must be filed in this office (at the above address) within 30 days from receipt of this decision. The appellant has the burden of showing that the decision appealed from is in error.

If you wish to file a petition pursuant to regulation 43 CFR 4.21 (58 FR 4939, January 19, 1993) for a stay of the effectiveness of this decision during the time that your appeal is being reviewed by the Board, the petition for a stay must accompany your notice of appeal. A petition for a stay is required to show sufficient justification based on the standards listed below. Copies of the notice of appeal and petition for a stay **must** also be submitted to each party named in this decision and to the Interior Board of Land Appeals and to the appropriate Office of the Solicitor (see 43 CFR 4.413) at the same time the original documents are filed with this office. If you request a stay, you have the burden of proof to demonstrate that a stay should be granted.

### Standards for Obtaining a Stay

Except as otherwise provided by law or other pertinent regulation, a petition for a stay of a decision pending appeal shall show sufficient justification based on the following standards:

- (1) The relative harm to the parties if the stay is granted or denied,
- (2) The likelihood of the appellant's success on the merits,
- (3) The likelihood of immediate and irreparable harm if the stay is not granted, and
- (4) Whether the public interest favors granting the stay.

Please include your AMC serial number(s) on all correspondence. If additional information is required, please call RéAnn Myers at 602-417-9413.

## Transfers Not Processed

Two conveyance documents to transfer ownership of the nineteen mining claims listed above was received by the Bureau of Land Management (BLM) Arizona State Office on July 27, 2017, receipt #3908433. The transfers of ownership cannot be processed for the following reasons:

The quit claim deeds (QCD's) cannot be processed as filed. In the case of the death of a mining claim owner, in order to transfer ownership, the following documents are required: 1) copy of the death certificate; 2) proof that whomever signs the QCD has authority to sign on behalf of the deceased claimant (this can be a copy of the will or a document from probate court declaring the executor of the will or personal representative of the deceased); 3) a QCD signed by the authorized executor or personal representative and under the signature it should be noted in what capacity the person is signing (i.e., executor, personal representative, etc.); 4) Processing fee of \$10 per claim, per grantee; and 5) the address of each grantee. Since the claims are listed under Frank Melluzzo and were not part of the trust, the trust documents are not acceptable.

Of the twelve claims that you wish to transfer to WGK Properties, LLC, Frank Melluzzo alone owns AMC72700, AMC72702, AMC72708 and AMC72709. Frank and one additional person own AMC72731, AMC367879, AMC370620 and AMC371732. Frank and two additional people own AMC72724. Frank and three additional people own AMC72723, AMC72751, and AMC72756.

Of the seven claims you wish to transfer to The Melluzzo Family Trust, Frank and one additional person own AMC72249. Frank and what appears to be a Company own AMC341087 through AMC341089. Frank and two additional people own AMC72250, AMC72251 and AMC72253.

If appropriate, please submit a corrected conveyance document, required documents, or additional fees, within 30 days of your receipt of this notice. If the required information is not received within the 30-day timeframe, no further action will be taken, and the BLM will retain the non-refundable processing fees submitted.

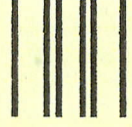

If additional information is required, please contact Pauline Brown at 602-417-9360. Please include your AMC serial number(s) on all correspondence.

RONALD STELL : Mining Claim Maintenance Fees  
: :  
: Decision Affirmed; Request  
: for Stay Denied as Moot

## ORDER

Ronald Stell has appealed from a May 30, 2002, decision of the Arizona State Office, Bureau of Land Management (BLM), declaring the Sunburst #7 placer mining claim, AMC 72737, forfeited by operation of law. BLM based its decision on grounds that it did not receive either a \$100 maintenance fee or a small miner exemption certificate for the claim on or before September 1, 2001, for the 2002 assessment year, as required by "30 U.S.C. 28f-k, as amended by the Act of November 5, 2001 (Public Law 107-63; 115 Stat. 414)," and implementing regulations at 43 CFR 3833.1-5, 1-6, and 1-7.

Under the Maintenance Fee Act, as amended, Congress has established that the holder of an unpatented mining claim, mill or tunnel site must pay a claim maintenance fee of \$100 per claim on or before September 1 of each year for the years 1999 through 2003. 30 U.S.C. § 28f(a) (2000), as amended by the Department of the Interior and Related Agencies Appropriations Act, 2002, Pub. L. No. 107-63, 115 Stat. 414, 418-19 (November 5, 2001). However, the Secretary has discretion to waive the fee for a small miner who holds not more than 10 mining claims, mill sites, or tunnel sites, or combination thereof, on public lands and has performed assessment work required under the Mining Law of 1872. 30 U.S.C. § 28f(d)(1) (2000). Such claimants may elect to either pay a maintenance fee or file a small miner exemption certificate. 30 U.S.C. §§ 28f(a), 28f(d) (2000). Failure to pay the claim maintenance fee or to timely file a fee waiver certificate in lieu of payment "shall conclusively constitute a forfeiture of the unpatented mining claim \* \* \* by the claimant and the claim shall be deemed null and void by operation of law." 30 U.S.C. § 28i (2000).

The Maintenance Fee Act requires that either a maintenance fee or waiver certificate must be submitted "before the commencement of the assessment year." 30 U.S.C. §§ 28f(b), 28f(d)(1) (2000). Departmental regulations likewise provide that either the maintenance fee or a waiver certificate must be filed on or before September 1 to hold the claims for the assessment year beginning on September 1, each year the certification is due. 43 CFR 3833.1-5; 43 CFR 3833.1-7(d).

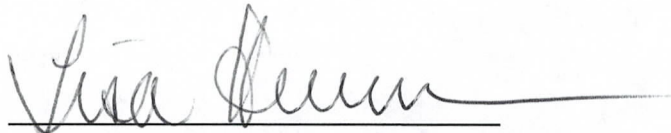

In his Statement of Reasons on appeal, Stell states that he intended to pay a \$100 maintenance fee to retain the Sunburst #7 claim, and in fact wrote a \$100 check to BLM for that purpose on August 20, 2001. Stell avers that, due to illness in his family, he was called away from his business affairs and left his brother in charge of them. He mailed a \$100 check made payable to BLM to his brother to be delivered to BLM, but his brother failed to do so. Stell further provides documentation in support of an allegation that his brother instead altered the check and used it for his own purposes. Stell admits that the maintenance fee was not timely delivered, but requests the Board consider these mitigating circumstances and reverse BLM's decision. Stell further requests a stay of BLM's decision pending the appeal.

BLM'S decision is correct. As described above, the Maintenance Fee Act and implementing regulations provide that either payment of maintenance fees or a waiver exemption certification must be submitted on September 1, prior to the commencement of each assessment year. While we recognize appellant's disappointment over the loss of these claims, the Maintenance Fee Act, 30 U.S.C. § 28i (2000), explicitly states that failure to timely pay the required fees automatically results in forfeiture of the mining claim by operation of law. This statute is self-operative, and when a claimant fails to timely file a waiver and no payment has been made, forfeiture results from the statutory directive. Howard J. Hunt, 147 IBLA 381, 384 (1999); Paul W. Tobeler, 131 IBLA 245, 249 (1994). Even where extenuating circumstances are asserted, BLM and this Board are without authority to excuse lack of compliance with the maintenance fee requirement, to extend the time for compliance, or to afford any relief from the statutory consequences. Richard W. Cahoon Family Limited Partnership, 139 IBLA 323, 326 (1997); Paul W. Tobeler, 131 IBLA at 249. In the absence of a timely-filed maintenance fee payment or waiver certification, BLM properly

STATE OF ARIZONA  
 DEPARTMENT OF INTERIOR

declared the subject mining claims forfeited. Harlow Corp., 135 IBLA 382, 385 (1996); Alamo Ranch Co., 135 IBLA 61, 76 (1996).

Therefore, pursuant to the authority delegated to the Board of Land Appeals by the Secretary of the Interior, 43 CFR 4.1, the decision appealed from is affirmed, and appellant's petition for stay is denied as moot.

RE: 3800(957)MH  
AMC 72700 Sunburst #7 AMC 72737

At this time I would like to petition for a Stay of the effectiveness of the above referenced decision of forfeiture.

If the stay is denied, the claimants stand to lose monetarily. There is a likelihood that the forfeiture could be reversed. There will be immediate and irreparable harm monetarily if the stay is denied. It will be up to the Department of the Interior as to whether the public interest favors granting a stay or not

Within the allotted time I shall submit reasons why I feel that this stay should be granted.

Truly Yours,

Ronald Stell  
(Gene Jones).

RE: AMC72700-72809 (AZ 957) MH

Sunburst #7 AMC 72737

I am not protesting this forfeiture based on an error on your part. Please consider the following paragraphs and see if you will reconsider your decision to forfeit.

I shall try to be as short as possible. In February of 2001 my Dad became ill and was unable to get around. Since Dad lived alone, I went to Missouri and stayed with him until he got better in March. The doctors could not seem to figure out what was his problem at that time. By June he had gotten much worse, and the doctors told him that he had cancer and there was nothing they could do for him. I put my brother, Mike, in charge of my affairs in New River and went to stay with Dad in Missouri. Each month I signed and sent checks to Mike for the various bills etc. When I sent the checks for August to Mike, he took two of them and altered them somehow. (a police officer that I know here in New River told me it happens all the time, that thieves use acetone to remove payees and amounts and put in whatever they want) Again in September, Mike stole two more checks and altered them. One of the checks that he stole was clearly check # 5667, payable to BLM for my fee. Mike assured me that he had received a receipt from the BLM clerk and everything. Well, he didn't. If we look at sheet "A", which is a copy of four check carbons from my check book, and compare it with sheets "B" and "C", the altered checks, we can see just what took place. The dates and the signatures are the same and are my hand writing but the payees and the amounts have been changed and are someone else's hand writing. The bank would have no reason to question the altered checks as my signature was fine. Mike had some of his buddies cash the altered checks and thus stole the money. I did not find this out until I received the notice of forfeiture from the BLM. Once I had traced down the carbons and the altered checks, I realized what had happened. It is hard to imagine one's own brother doing this. He also pawned a lot of my tools etc. while I was gone. I have since found that Mike was using drugs, Chrystalmeth. That explains a lot.

Mike ran away to Colorado before I returned from Missouri, and has checked himself into a rehab center for drug abusers. My 2 brothers and sister have pleaded with me to not have Mike arrested and they even asked me not to tell our Mother, who is 81 years old and not in the best of health. My brothers have assured me that they will repay the money that Mike stole if I will work with them.

Had Mike not stolen the checks, my fees would have been paid on time and I would not have lost the claim. I am in the process of re-claiming the mining claim and I humbly ask that you please restore the claim to the prior status that existed prior to the forfeiture. Please vacate the forfeiture in view of what has happened. I do not know if this is sufficient grounds to reverse the forfeiture or not, but I beg you to please do so. Thank you for allowing me this time, I do appreciate it.

Dad died in December, but at least he never knew about Mike.

Truly Yours

At this time I would like to petition for a Stay of the effectiveness of the above referenced decision of forfeiture.

If the stay is denied, the claimants stand to lose monetarily. There is a likelihood that the forfeiture could be reversed. There will be immediate and irreparable harm monetarily if the stay is denied. It will be up to the Department of the Interior as to whether the public interest favors granting a stay or not

Within the allotted time I shall submit reasons why I feel that this stay should be granted.

Truly Yours

### DECISION

Mining Claimant(s) : Mining Claim(s)  
as Shown on the :  
Enclosed Sheet(s) :

### Mining Claims Declared Forfeited

The mining claims listed on the attached sheet have been declared forfeited for failure to file the required small miner's maintenance fee waiver (waiver) or pay the annual non-refundable maintenance fee of \$100.

Claimants are required to pay an annual non-refundable maintenance fee of \$100 or submit a waiver, on or before September 1, of each year. These requirements were established by 30 U.S.C. 28f-k, as amended by the Act of November 5, 2001 (Public Law 107-63; 115 Stat. 414) at 43 CFR 3833.1-5, 1-6, and 1-7.

Our records do not show receipt of a maintenance fee payment, or waiver received on or before September 1, 2001, for the year 2002, for the mining claim(s) listed on the enclosed sheet(s), and therefore, the claims are declared forfeited.

You are required to reclaim all areas disturbed by your activities on lands encompassed by your mining claim(s) and/or site(s). After you complete the reclamation, you must notify the authorized officer of the appropriate surface managing agency so that the authorized officer may conduct a final site inspection and determine whether you may be released from liability. If you fail to reclaim the land to the satisfaction of the authorized officer, the surface management agency may cite you for noncompliance under its surface management regulations.

For lands administered by the BLM, if you fail to reclaim the lands to the satisfaction of the authorized officer as required in 43 CFR Subpart 3809, BLM will issue an order of noncompliance under 43 CFR 3809.601(a). If you fail to comply with the noncompliance order, BLM may take further action under 43 CFR 3809.604. Failure to conduct reclamation is a prohibited act that may subject you to criminal penalties. See 43 CFR 3809.605(h) and 43 CFR 3809.700.

If your occupancy has been terminated and you fail to remove structures, material, and equipment, and any personal property in accordance with the regulations in 43 CFR 3715.5-1, BLM may dispose of the property. In accordance with 43 CFR 3715.5-2, you will remain liable for the costs BLM incurs in removing and disposing of the property.

This decision may be appealed to the Interior Board of Land Appeals, Office of the Secretary, in accordance with the regulations contained in 43 CFR, Part 4 and the enclosed Form 1842-1. If an appeal is taken, your notice of appeal must be filed in this office (at the above address) within 30 days from receipt of this decision. The appellant has the burden of showing that the decision appealed from is in error.

If you wish to file a petition pursuant to regulation 43 CFR 4.21 (58 FR 4939, January 19, 1993) or 43 CFR 2804.1 for a stay of the effectiveness of this decision during the time that your appeal is being reviewed by the Board, the petition for a stay must accompany your notice of appeal. A petition for a stay is required to show sufficient justification based on the standards listed below. Copies of the notice of appeal and petition for a stay **must** also be submitted to each party named in this decision and to the Interior Board of Land Appeals and to the appropriate Office of the Solicitor (see 43 CFR 4.413) at the same time the original documents are filed with this office. If you request a stay, you have the burden of proof to demonstrate that a stay should be granted.

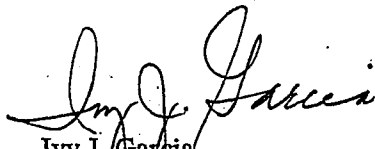

#### Standards for Obtaining a Stay

Except as otherwise provided by law or other pertinent regulation, a petition for a stay of a decision pending appeal shall show sufficient justification based on the following standards:

- (1) The relative harm to the parties if the stay is granted or denied,
- (2) The likelihood of the appellant's success on the merits,
- (3) The likelihood of immediate and irreparable harm if the stay is not granted, and
- (4) Whether the public interest favors granting the stay.

If no appeal, or noncompliance, with the above occurs, this decision constitutes final administrative action of this Department as it affects the mining claims. No appeal, protest or petition for reconsideration will be entertained from this decision after the appeal period has expired.

Please include your AMC serial number(s) on all correspondence. If additional information is required, please call Mary Hyde at (602) 417-9356.

### Maintenance Fee Payment Waiver Denied Mining Claims Declared Forfeited

Claimants are required to pay a non-refundable maintenance fee of \$100 or submit a Maintenance Fee Payment Waiver Certification for each claim/site annually on or before August 31 for the subsequent assessment year.

Public Laws 102-381, 106 Stat. 1374, dated October 5, 1992, and 103-66, 107 Stat. 405, dated August 10, 1993, and the regulations implemented August 30, 1994, at 43 CFR 3833.1-6, Maintenance Fee Waiver Qualifications, and 3833.1-7 Filing Requirements for the Maintenance Fee Waiver, require that all owners of the mining claims for which an exemption is claimed **shall sign** the certified statement.

A "Waiver Held for Rejection" Decision, and a copy of the Maintenance Fee Payment Waiver Certification, received in this office August 31, 1998, was sent by certified mail October 20, 1998, to the address as shown on the official records of the Bureau of Land Management (BLM) to inform you that **all owners** of the mining claim must sign and allowed 30 days to sign and return. Because the signature has not been provided the Maintenance Fee Payment Waiver Certification is hereby rejected and the mining claim listed above is declared forfeited and closed.

This decision does not relieve you of the requirement for reclamation of all areas disturbed by your activities on lands covered by your mining claim(s) and/or site(s). Failure to reclaim the land to the satisfaction of the authorized officer of the agency upon whose lands you have located may cause the agency to hold the claimant in a status of non-compliance under their surface management regulations. If reclamation is required, you must notify the proper authorized officer upon completion so that final site inspection and clearance may be obtained and your liability released. On BLM administered lands failure to reclaim the land to the satisfaction of the authorized officer as prescribed by 43 CFR 3809.1-1 and 3809.3-2 may cause BLM to hold you in a status of non-compliance under 43 CFR 3809.3-2 and invoke the penalty provisions of 43 CFR 3809.3.2(f).

This decision may be appealed to the Interior Board of Land Appeals, Office of the Secretary, in accordance with the regulations contained in 43 CFR, Part 4 and the enclosed Form 1842-1. If an appeal is taken, your notice of appeal must be filed in this office (at the above address) within 30 days from receipt of this decision. The appellant has the burden of showing that the decision appealed from is in error.

If you wish to file a petition pursuant to regulation 43 CFR 4.21 (58 FR 4939, January 19, 1993) or 43 CFR 2804.1 for a stay of the effectiveness of this decision during the time that your appeal is being reviewed by the Board, the petition for a stay must accompany your notice of appeal. A petition for a stay is required to show sufficient justification based on the standards listed below. Copies of the notice of appeal and petition for a stay **must** also be submitted to each party named in this decision and to the

Interior Board of Land Appeals and to the appropriate Office of the Solicitor (see 43 CFR 4.413) at the same time the original documents are filed with this office. If you request a stay, you have the burden of proof to demonstrate that a stay should be granted.

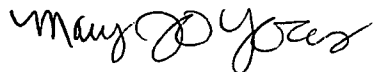

#### Standards for Obtaining a Stay

Except as otherwise provided by law or other pertinent regulation, a petition for a stay of a decision pending appeal shall show sufficient justification based on the following standards:

- (1) The relative harm to the parties if the stay is granted or denied,
- (2) The likelihood of the appellant's success on the merits,
- (3) The likelihood of immediate and irreparable harm if the stay is not granted, and
- (4) Whether the public interest favors granting the stay.

If no appeal, or noncompliance, with the above occurs, this decision constitutes final administrative action of this Department as it affects the mining claims. No appeal, protest or petition for reconsideration will be entertained from this decision after the appeal period has expired.

Please include your A MC serial number(s) on all correspondence. If additional information is required, please call Dorie Morrison at (602) 417-9518.

*Unless these procedures are followed your appeal will be subject to dismissal (see 43 CFR Sec. 4.402). Be certain that all communications are identified by serial number of the case being appealed.*

**NOTE:** A document is not filed until it is actually received in the proper office (see 43 CFR Sec. 4.401(a))

SUBPART 1821.2--OFFICE HOURS; TIME AND PLACE FOR FILING

Sec. 1821.2-1 *Office hours of State Offices.* (a) State Offices and the Washington Office of the Bureau of Land Management are open to the public for the filing of documents and inspection of records during the hours specified in this paragraph on Monday through Friday of each week, with the exception of those days where the office may be closed because of a national holiday or Presidential or other administrative order. The hours during which the State Offices and the Washington Office are open to the public for the filing of documents and inspection of records are from 10 a.m. to 4 p.m., standard time or daylight saving time, whichever is in effect at the city in which each office is located.

Sec. 1821.2-2(d) Any document required or permitted to be filed under the regulations of this chapter, which is received in the State Office or the Washington Office, either in the mail or by personal delivery when the office is not open to the public shall be deemed to be filed as of the day and hour the office next opens to the public.

(e) Any document required by law, regulation, or decision to be filed within a stated period, the last day of which falls on a day the State Office or the Washington Office is officially closed, shall be deemed to be timely filed if it is received in the appropriate office on the next day the office is open to the public.

# PART 1—PRACTICES BEFORE THE DEPARTMENT OF THE INTERIOR

- Purpose.
- Definitions.
- Who may practice.
- Disqualifications.
- Signature to constitute certificate.
- Disciplinary proceedings.

AUTHORITY: Sec. 5, 23 Stat. 101; 43 U.S.C. 464.

SOURCE: 29 FR 143, Jan. 7, 1964, unless otherwise noted.

## § 1.1 Purpose.

This part governs the participation of individuals in proceedings, both formal and informal, in which rights are asserted, before, or privileges sought from, the Department of the Interior.

## § 1.2 Definitions.

As used in this part the term:

(a) *Department* includes any bureau, office, or other unit of the Department of the Interior, whether in Washington, DC, or in the field, and any officer or employee thereof;

(b) *Solicitor* means the Solicitor of the Department of the Interior or his authorized representative;

(c) *Practice* includes any action taken to support or oppose the assertion of a right before the Department or to support or oppose a request that the Department grant a privilege; and the term "practice" includes any such action whether it relates to the substance of, or to the procedural aspects of, handling, a particular matter. The term "practice" does not include the preparation or filing of an application, the filing without comment of documents prepared by one other than the individual making the filing, obtaining from the Department information that is available to the public generally, or the making of inquiries respecting the status of a matter pending before the Department. Also, the term "practice" does not include the representation of an employee who is the subject of disciplinary, loyalty, or other personnel administrative proceedings.

(d) *Individual* means any natural person, whether or not a citizen of the United States, who is an attorney at law, a member of the bar of any State, the District of Columbia, the Commonwealth of Puerto Rico, American Samoa, the Trust Territory of the Pacific Islands, or the District Court of the Virgin Islands, and who is admitted to practice before the courts of any State, the District of Columbia, the Commonwealth of Puerto Rico, American Samoa, the Trust Territory of the Pacific Islands, or the District Court of the Virgin Islands, and who is permitted to practice without filing an application for such privilege.

## § 1.3 Who may practice.

(a) Only those individuals who are eligible under the provisions of this section may practice before the Department, but this provision shall not be deemed to restrict the dealings of Indian tribes or members of Indian tribes with the Department.

(b) Unless disqualified under the provisions of § 1.4 or by disciplinary action taken pursuant to § 1.6:

(1) Any individual who has been formally admitted to practice before the Department under any prior regulations and who is in good standing on December 31, 1963, shall be permitted to practice before the Department.

(2) Attorneys at law who are admitted to practice before the courts of any State, the District of Columbia, the Commonwealth of Puerto Rico, American Samoa, the Trust Territory of the Pacific Islands, or the District Court of the Virgin Islands will be permitted to practice without filing an application for such privilege.

(3) An individual who is not otherwise entitled to practice before the Department may practice in connection with a particular matter on his own behalf or on behalf of

(i) A member of his family;

(ii) A partnership of which he is a member;

(iii) A corporation, business trust, or an association, if such individual is an officer or full-time employee;

(iv) A receivership, decedent's estate, or a trust or estate of which he is the receiver, administrator, or other similar fiduciary;

(v) The lessee of a mineral lease that is subject to an operating agreement or sublease which has been approved by the Department and which grants to such individual a power of attorney;

(vi) A Federal, State, county, district, territorial, or local government or agency thereof, or a government corporation, or a district or advisory board established pursuant to statute; or

(vii) An association or class of individuals who have no specific interest that will be directly affected by the disposition of the particular matter.

## § 1.4 Disqualifications.

No individual may practice before the Department if such practice would violate the provisions of 18 U.S.C. 203, 205, or 207.

## § 1.5 Signature to constitute certificate.

When an individual who appears in a representative capacity signs a paper in practice before the Department, his signature shall constitute his certificate:

(a) That under the provisions of this part and the law, he is authorized and qualified to represent the particular party in the matter;

(b) That, if he is the partner of a present or former officer or employee, including a special Government employee, the matter in respect of which he intends to practice is not a matter in which such officer or employee of the Government or special Government employee participates or has participated personally and substantially as a Government employee through decision, approval, disapproval, recommendation, the rendering of advice, investigation or otherwise and that the matter is not the subject of such partner's official Government responsibility;

(c) That, if he is a former officer or employee, including a special Government employee, the matter in respect of which he intends to practice is not a matter in which he participated personally and substantially as a Government employee through decision, approval, disapproval, recommendation, the rendering of advice, investigation, or otherwise, while so employed and, if a period of one year has not passed since the termination of his employment with the Government, that the matter was not under his official responsibility as an officer or employee of the Government; and

(d) That he has read the paper; that to the best of his knowledge, information, and belief there is good ground to support its contents; that it contains no scandalous or indecent matter; and that it is not interposed for delay.

## § 1.6 Disciplinary proceedings.

(a) Disciplinary proceedings may be instituted against anyone who is practicing or has practiced before the Department on grounds that he is incompetent, unethical, or unprofessional, or that he is practicing without authority under the provisions of this part, or that he has violated any provisions of

the laws and regulations governing practice before the Department, or that he has been disbarred or suspended by any court or administrative agency. Individuals practicing before the Department should observe the Canons of Professional Ethics of the American Bar Association and those of the Federal Bar Association, by which the Department will be guided in disciplinary matters.

(b) Whenever in the discretion of the Solicitor the circumstances warrant consideration of the question whether disciplinary action should be taken against an individual who is practicing or has practiced before the Department, the Solicitor shall appoint a hearing officer to consider and dispose of the case. The hearing officer shall give the individual adequate notice of, and an opportunity for a hearing on, the specific charges against him. The hearing shall afford the individual an opportunity to present evidence and cross-examine witnesses. The hearing officer shall render a decision either (1) dismissing the charges, or (2) reprimanding the individual or suspending or excluding him from practice before the Department.

(c) Within 30 days after receipt of the decision of the hearing officer reprimanding, suspending, or excluding an individual from practice before the Department, an appeal may be filed with the Solicitor, whose decision shall be final.

Subpart B—General Rules Relating  
to Procedures and Practice

§ 4.20 Purpose.

In the interest of establishing and maintaining uniformity to the extent feasible, this subpart sets forth general rules applicable to all types of proceedings before the Hearings Division and the several Appeals Boards of the Office of Hearings and Appeals.

§ 4.21 General provisions.

(a) *Effect of decision pending appeal.* Except as otherwise provided by law or other pertinent regulation:

(1) A decision will not be effective during the time in which a person adversely affected may file a notice of appeal; when the public interest requires, however, the Director or an Appeals Board may provide that a decision, or any part of a decision, shall be in full force and effective immediately;

(2) A decision will become effective on the day after the expiration of the time during which a person adversely affected may file a notice of appeal unless a petition for a stay pending appeal is filed together with a timely notice of appeal; a petition for a stay may be filed only by a party who may properly maintain an appeal;

(3) A decision, or that portion of a decision, for which a stay is not granted will become effective immediately after the Director or an Appeals Board denies or partially denies the petition for a stay, or fails to act on the petition within the time specified in paragraph (b)(4) of this section.

(b) *Standards and procedures for obtaining a stay.* Except as otherwise provided by law or other pertinent regulation:

(1) A petition for a stay of a decision pending appeal shall show sufficient justification based on the following standards:

(i) The relative harm to the parties if the stay is granted or denied,

(ii) The likelihood of the appellant's success on the merits,

(iii) The likelihood of immediate and irreparable harm if the stay is not granted, and

(iv) Whether the public interest favors granting the stay;

(2) The appellant requesting the stay bears the burden of proof to demonstrate that a stay should be granted;

(3) The appellant shall serve a copy of its notice of appeal and petition for a stay on each party named in the decision from which the appeal is taken, and on the Director or the Appeals Board to which the appeal is taken, at the same time such documents are served on the appropriate officer of the Department; any party, including the officer who made the decision being appealed, may file a response to the stay petition within 10 days after service; failure to file a response shall not result in a default on the question of whether a stay should be granted; service shall be made by delivering copies personally or by sending them by registered or certified mail, return receipt requested;

(4) The Director or an Appeals Board shall grant or deny a petition for a stay pending appeal, either in whole or in part, on the basis of the factors listed in paragraph (b)(1) of this section, within 45 calendar days of the expiration of the time for filing a notice of appeal;

(c) *Exhaustion of administrative remedies.* No decision which at the time of its rendition is subject to appeal to the Director or an Appeals Board shall be considered final so as to be agency action subject to judicial review under 5 U.S.C. 704, unless a petition for a stay of decision has been timely filed and the decision being appealed has been made effective in the manner provided in paragraphs (a)(3) or (b)(4) of this section or a decision has been made effective pending appeal pursuant to paragraph (a)(1) of this section or pursuant to other pertinent regulation.

(d) *Finality of decision.* No further appeal will lie in the Department from a decision of the Director or an Appeals Board of the Office of Hearings and Appeals. Unless otherwise provided by regulation, reconsideration of a decision may be granted only in extraordinary circumstances where, in the judgment of the Director or an Appeals Board, sufficient reason appears therefor. Requests for reconsideration must be filed promptly, or within the time required by the regulations relating to the particular type of proceeding con-

cerned, and must state with particularity the error claimed. The filing and pendency of a request for reconsideration shall not operate to stay the effectiveness of the decision involved unless so ordered by the Director or an Appeals Board. A request for reconsideration need not be filed to exhaust administrative remedies.

## APPEALS PROCEDURES

### APPEALS PROCEDURES; GENERAL

#### 100 Definitions.

As used in this subpart:

- (a) *Secretary* means the Secretary of the Interior or his authorized representatives.
- (b) *Bureau* means Bureau of Land Management.
- (c) *Board* means the Board of Land Appeals in the Office of Hearings and Appeals, Office of the Secretary. The terms *office* or *officer* as used in this subpart include *Board* where the context requires.
- (d) *Administrative law judge* means an administrative law judge in the Office of Hearings and Appeals, Office of the Secretary, appointed under section 3105 of title 5 of the United States Code.

#### §4.401 Documents.

(a) *Grace period for filing.* Whenever a document is required under this subpart to be filed within a certain time and it is not received in the proper office during that time, the delay in filing will be waived if the document is filed not later than 10 days after it was required to be filed and it is determined that the document was transmitted or probably transmitted to the office in which the filing is required before the end of the period in which it was required to be filed. Determinations under this paragraph shall be made by the officer before whom is pending the appeal in connection with which the document is required to be filed.

(b) *Transferees and encumbrancers.* Transferees and encumbrancers of land the title to which is claimed or is in the process of acquisition under any public land law shall, upon filing notice of the transfer or encumbrance in the proper land office, become entitled to receive and be given the same notice of any appeal, or other proceeding thereafter initiated affecting such interest which is required to be given to a party to the proceeding. Every such notice of a transfer or encumbrance will be noted upon the records of the land office. Thereafter such transferee or encumbrancer must be made a party to any proceedings thereafter initiated adverse to the entry.

(c) *Service of documents.* (1) Wherever the regulations in this subpart require that a copy of a document be served upon a person, service may be made by delivering the copy personally to him or by sending the document by registered or certified mail, return receipt requested, to his address of record in the Bureau.

(2) In any case service may be proved by an acknowledgment of service signed by the person to be served. Personal service may be proved by a written statement of the person who made such service. Service by registered or certified mail may be proved by a post-office return receipt showing that the document was delivered at the person's record address or showing that the doc-

ument could not be delivered to such person at his record address because he had moved therefrom without leaving a forwarding address or because delivery was refused at that address or because no such address exists. Proof of service of a copy of a document should be filed in the same office in which the document is filed except that proof of service of a notice of appeal should be filed in the office of the officer to whom the appeal is made, if the proof of service is filed later than the notice of appeal.

(3) A document will be considered to have been served at the time of personal service, of delivery of a registered or certified letter, or of the return by post office of an undelivered registered or certified letter.

[36 FR 7186, Apr. 15, 1971, as amended at 36 FR 15117, Aug. 13, 1971]

#### §4.402 Summary dismissal.

An appeal to the Board will be subject to summary dismissal by the Board for any of the following causes:

(a) If a statement of the reasons for the appeal is not included in the notice of appeal and is not filed within the time required;

(b) If the notice of appeal is not served upon adverse parties within the time required; and

(c) If the statement of reasons, if not contained in the notice of appeal, is not served upon adverse parties within the time required.

(d) If the statement of standing required by §4.412(b) is not filed with the Board or is not served upon adverse parties within the time required.

[36 FR 7186, Apr. 15, 1971, as amended at 47 FR 26392, June 18, 1982]

#### §4.403 Finality of decision; reconsideration.

A decision of the Board shall constitute final agency action and be effective upon the date of issuance, unless the decision itself provides otherwise. The Board may reconsider a decision in extraordinary circumstances for sufficient reason. A petition for reconsideration shall be filed within 60 days after the date of a decision. The petition shall, at the time of filing, state with particularity the error claimed and include all argu-

ments and supporting documents. The petition may include a request that the Board stay the effectiveness of the decision for which reconsideration is sought. No answer to a petition for reconsideration is required unless so ordered by the Board. The filing, pendency, or denial of a petition for reconsideration shall not operate to stay the effectiveness or affect the finality of the decision involved unless so ordered by the Board. A petition for reconsideration need not be filed to exhaust administrative remedies.

[52 FR 21308, June 5, 1987]

### APPEALS TO THE BOARD OF LAND APPEALS

#### §4.410 Who may appeal.

(a) Any party to a case who is adversely affected by a decision of an officer of the Bureau of Land Management or of an administrative law judge shall have a right to appeal to the Board, except—

(1) As otherwise provided in Group 2400 of chapter II of this title,

(2) To the extent that decisions of Bureau of Land Management officers must first be appealed to an administrative law judge under §4.470 and part 4100 of this title,

(3) Where a decision has been approved by the Secretary, and

(4) As provided in paragraph (b) of this section.

(b) For decisions rendered by Departmental officials relating to land selections under the Alaska Native Claims Settlement Act, as amended, any party who claims a property interest in land affected by the decision, an agency of the Federal Government or a regional corporation shall have a right to appeal to the Board.

[47 FR 26392, June 18, 1982]

#### §4.411 Appeal; how taken, mandatory time limit.

(a) A person who wishes to appeal to the Board must file in the office of the officer who made the decision (not the Board) a notice that he wishes to appeal. A person served with the decision being appealed must transmit the notice of appeal in time for it to be filed in the office where it is required to be

filed within 30 days after the date of service. If a decision is published in the FEDERAL REGISTER, a person not served with the decision must transmit a notice of appeal in time for it to be filed within 30 days after the date of publication.

(b) The notice of appeal must give the serial number or other identification of the case and may include a statement of reasons for the appeal, a statement of standing if required by §4.412(b), and any arguments the appellant wishes to make.

(c) No extension of time will be granted for filing the notice of appeal. If a notice of appeal is filed after the grace period provided in §4.401(a), the notice of appeal will not be considered and the case will be closed by the officer from whose decision the appeal is taken. If the notice of appeal is filed during the grace period provided in §4.401(a) and the delay in filing is not waived, as provided in that section, the notice of appeal will not be considered and the appeal will be dismissed by the Board.

(R.S. 2478, as amended, 43 U.S.C. 1201; sec. 25, Alaska Native Claims Settlement Act, as amended, 43 U.S.C. 1601-1628; and the Administrative Procedure Act, 5 U.S.C. 551, et seq.) [36 FR 7186, Apr. 15, 1971, as amended at 36 FR 15117, Aug. 13, 1971; 49 FR 6373, Feb. 21, 1984]

**§4.412 Statement of reasons, statement of standing, written arguments, briefs.**

(a) If the notice of appeal did not include a statement of the reasons for the appeal, the appellant shall file such a statement with the Board (address: Board of Land Appeals, Office of Hearings and Appeals, 4015 Wilson Boulevard, Arlington, VA 22203) within 30 days after the notice of appeal was filed. In any case, the Board will permit the appellant to file additional statements of reasons and written arguments or briefs within the 30-day period after the notice of appeal was filed.

(b) Where the decision being appealed relates to land selections under the Alaska Native Claims Settlement Act, as amended, the appellant also shall file with the Board a statement of facts upon which the appellant relies for

standing under §4.410(b) within 30 days after filing of the notice of appeal. The statement may be included with the notice of appeal filed pursuant to §4.411 or the statement of reasons filed pursuant to paragraph (a) of this section or may be filed as a separate document.

(c) Failure to file the statement of reasons and statement of standing within the time required will subject the appeal to summary dismissal as provided in §4.402, unless the delay in filing is waived as provided in §4.401(a).

[47 FR 26392, June 18, 1982]

**§4.413 Service of notice of appeal and of other documents.**

(a) The appellant shall serve a copy of the notice of appeal and of any statement of reasons, written arguments, or briefs on each adverse party named in the decision from which the appeal is taken and on the Office of the Solicitor as identified in paragraph (c) of this section. Service must be accomplished in the manner prescribed in §4.401(c) of this title not later than 15 days after filing the document.

(b) Failure to serve within the time required will subject the appeal to summary dismissal as provided in §4.402 of this title.

(c)(1) If the appeal is taken from a decision of the Director, Minerals Management Service, or of the Director, Bureau of Land Management, the appellant will serve the Associate Solicitor, Division of Energy and Resources, Office of the Solicitor, U.S. Department of the Interior, Washington, DC 20240.

(2) If the appeal is taken from a decision of other Bureau of Land Management (BLM) offices listed below (see §1821.2-1(d) of this title), the appellant shall serve the appropriate Regional or Field Solicitor as identified:

Field Solicitor, USDI  
Two N. Central Avenue  
Suite 1130  
Phoenix, AZ 85004

(3) If the appeal is taken from the decision of an administrative law judge, the appellant shall serve the attorney from the Office of the Solicitor who represented the Bureau of Land Management or the Minerals Management Service at the hearing or, in the absence of a hearing, who was served with a copy of the decision by the administrative law judge. If the hearing involved a mining claim on national forest land, the appellant shall serve the attorney from the Office of General Counsel, U.S. Department of Agriculture, who represented the U.S. Forest Service at the hearing or, in the absence of a hearing, who was served with a copy of the decision by the administrative law judge.

(4) Parties shall serve the Office of the Solicitor as identified in this paragraph until such time that a particular attorney of the Office of the Solicitor files and serves a Notice of Appearance or Substitution of Counsel. Thereafter, parties shall serve the Office of the Solicitor as indicated by the Notice of Appearance or Substitution of Counsel.

(d) Proof of such service as required by §4.401(c) must be filed with the Board (address: Board of Land Appeals, Office of Hearings and Appeals, 4015 Wilson Boulevard, Arlington, VA 22203), within 15 days after service unless filed with the notice of appeal.

[53 FR 13267, Apr. 22, 1988]

**§4.414 Answers.**

If any party served with a notice of appeal wishes to participate in the proceedings on appeal, he must file an answer within 30 days after service on him of the notice of appeal or statement of reasons where such statement

was not included in the notice of appeal. If additional reasons, written arguments, or briefs are filed by the appellant, the adverse party shall have 30 days after service thereof on him within which to answer them. The answer must state the reasons why the answerer thinks the appeal should not be sustained. Answers must be filed with the Board (address: Board of Land Appeals, Office of Hearings and Appeals, 4015 Wilson Boulevard, Arlington, VA 22203) and must be served on the appellant, in the manner prescribed in §4.401(c), not later than 15 days thereafter. Proof of such service as required by §4.401(c), must be filed with the Board (see address above) within 15 days after service. Failure to answer will not result in a default. If an answer is not filed and served within the time required, it may be disregarded in deciding the appeal, unless the delay in filing is waived as provided in §4.401(a).

**ACTIONS BY BOARD OF LAND APPEALS**

**§4.415 Request for hearings on appeals involving questions of fact.**

Either an appellant or an adverse party may, if he desires a hearing to present evidence on an issue of fact, request that the case be assigned to an administrative law judge for such a hearing. Such a request must be made in writing and filed with the Board within 30 days after answer is due and a copy of the request should be served on the opposing party in the case. The allowance of a request for hearing is within the discretion of the Board, and the Board may, on its own motion, refer any case to an administrative law judge for a hearing on an issue of fact. If a hearing is ordered, the Board will specify the issues upon which the hearing is to be held and the hearing will be held in accordance with §§4.430 to 4.439, and the general rules in subpart B of this part.

Maintenance Fee Payment Waiver Denied  
Mining Claims Declared Forfeited

Claimants are required to pay a non-refundable maintenance fee of \$100 or submit a Maintenance Fee Payment Waiver Certification for each claim/site annually on or before August 31 for the subsequent assessment year.

Public Laws 102-381, 106 Stat. 1374, dated October 5, 1992, and 103-66, 107 Stat. 405, dated August 10, 1993, and the regulations implemented August 30, 1994, at 43 CFR 3833.1-6, Maintenance Fee Waiver Qualifications, and 3833.1-7 Filing Requirements for the Maintenance Fee Waiver, require that all owners of the mining claims for which an exemption is claimed **shall sign** the certified statement.

A "Waiver Held for Rejection" Decision, and a copy of the Maintenance Fee Payment Waiver Certification, received in this office August 31, 1998, was sent by certified mail October 20, 1998, to the address as shown on the official records of the Bureau of Land Management (BLM) to inform you that **all owners** of the mining claim must sign and allowed 30 days to sign and return. Because the signature has not been provided the Maintenance Fee Payment Waiver Certification is hereby rejected and the mining claim listed above is declared forfeited and closed.

This decision does not relieve you of the requirement for reclamation of all areas disturbed by your activities on lands covered by your mining claim(s) and/or site(s). Failure to reclaim the land to the satisfaction of the authorized officer of the agency upon whose lands you have located may cause the agency to hold the claimant in a status of non-compliance under their surface management regulations. If reclamation is required, you must notify the proper authorized officer upon completion so that final site inspection and clearance may be obtained and your liability released. On BLM administered lands failure to reclaim the land to the satisfaction of the authorized officer as prescribed by 43 CFR 3809.1-1 and 3809.3-2 may cause BLM to hold you in a status of non-compliance under 43 CFR 3809.3-2 and invoke the penalty provisions of 43 CFR 3809.3.2(f).

RECEIVED  
BUREAU OF  
LAND MANAGEMENT

This decision may be appealed to the Interior Board of Land Appeals, Office of the Secretary, in accordance with the regulations contained in 43 CFR, Part 4 and the enclosed Form 1842-1. If an appeal is taken, your notice of appeal must be filed in this office (at the above address) within 30 days from receipt of this decision. The appellant has the burden of showing that the decision appealed from is in error.

If you wish to file a petition pursuant to regulation 43 CFR 4.21 (58 FR 4939, January 19, 1993) or 43 CFR 2804.1 for a stay of the effectiveness of this decision during the time that your appeal is being reviewed by the Board, the petition for a stay must accompany your notice of appeal. A petition for a stay is required to show sufficient justification based on the standards listed below. Copies of the notice of appeal and petition for a stay **must** also be submitted to each party named in this decision and to the

Interior Board of Land Appeals and to the appropriate Office of the Solicitor (see 43 CFR 4.413) at the same time the original documents are filed with this office. If you request a stay, you have the burden of proof to demonstrate that a stay should be granted.

#### Standards for Obtaining a Stay

Except as otherwise provided by law or other pertinent regulation, a petition for a stay of a decision pending appeal shall show sufficient justification based on the following standards:

- (1) The relative harm to the parties if the stay is granted or denied,
- (2) The likelihood of the appellant's success on the merits,
- (3) The likelihood of immediate and irreparable harm if the stay is not granted, and
- (4) Whether the public interest favors granting the stay.

If no appeal, or noncompliance, with the above occurs, this decision constitutes final administrative action of this Department as it affects the mining claims. No appeal, protest or petition for reconsideration will be entertained from this decision after the appeal period has expired.

Please include your A MC serial number(s) on all correspondence. If additional information is required, please call Dorie Morrison at (602) 417-9518.

#### Claim Held for Rejection

A Maintenance Fee Payment Waiver Certification for assessment year 1999 was filed with the Arizona State Office, Bureau of Land Management (BLM), on August 31, 1998.

Public Laws 102-381, 106 Stat. 1374, dated October 5, 1992, and 103-66, 107 Stat. 405, dated August 10, 1993, and the regulations implemented August 30, 1994, at 43 CFR 3833.1-6, Maintenance Fee Waiver Qualifications, and 3833.1-7 Filing Requirements for the Maintenance Fee Waiver, require that all owners of the mining claims for which an exemption is claimed shall sign the certified statement.

According to the official BLM land records, Herbert Williams is an owner of the subject claim and, therefore, the waiver can not be accepted without his signature. A letter was sent to you on September 3, 1998, that additional information was required. (Copy of letter, Serial Register page and waiver enclosed),

If a transfer of interest was filed with this office prior to August 31, 1998, please furnish a copy of the transfer showing the date received by BLM. The evidence must be received in this office no later than 30 days from receipt of this Decision.

If the waiver is not signed, nor proof of a transfer furnished during the 30-day period, the waiver will be rejected and the claims closed.

If additional assistance is needed, please contact Dorie Morrison at (602) 417-9518.

DEPARTMENT OF THE INTERIOR  
BUREAU OF LAND MANAGEMENT  
MAINTENANCE FEE PAYMENT WAIVER CERTIFICATION

This small miner waiver is filed to hold the claims/sites listed below for the assessment year beginning at noon on the first September 1 following the official filing of this form with BLM.

The undersigned owner(s) of the mining claims/sites listed below hereby certify under penalty of 18 U.S.C. 1001 and 43 U.S.C. 1212 that:

I/We control, or will control, ten or fewer mining claims/sites located and maintained on Federal land in the United States of America on the August 31 that is one day before the beginning of the assessment year indicated in line one above.

I/We have/will performed/perform assessment work upon the claims listed below for the current assessment year as of the August 31 indicated in line three above. This work meets the requirements of the General Mining Law of 1872, as amended; the Act of August 10, 1993; and the regulations at 43 CFR 3833 and 3850. Such work will be described on our affidavit of labor. Listing a site on this form constitutes a filing of a Notice of Intention to Hold for that site. I enclose a \$5.00 per site service charge (recording fee) for each site listed.

Please check this box if the following statement applies to you.

*I/We relinquish my/our claims and/or sites not listed below.*

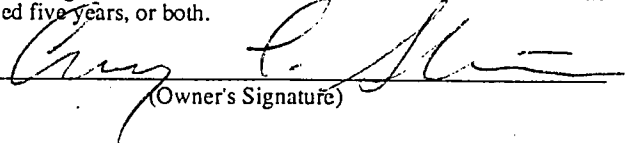

The mining claims and sites for which the above waiver from payment of the maintenance fees is made are:

CLAIM NAME	BLM RECORDATION SERIAL NUMBER

**INSTRUCTIONS**

1. This certification of waiver from payment of maintenance fees is made under the regulations at 43 CFR 3833 and 3850.
2. This waiver **must** be filed in advance of the assessment year for which a waiver is sought, but in no event be filed later than the August 31st preceding the assessment year for which the waiver is sought.
3. You **must** still record your affidavit of assessment work for claims listed and/or Notices of Intention to Hold for any sites listed with the BLM by each December 30th, and the local recording office under State law, as in the past.
4. A \$5.00 service charge (recording fee) is required for all sites listed, otherwise a separate notice of intent to hold **must** be filed by December 30.
5. This waiver **must** be filed in the BLM State Office where the mining claims are recorded.
6. If the claims and sites are located in more than one State, a separate waiver form **must** be filed in each State in which they are held. The total number of claims and sites listed on separate waiver forms cannot exceed ten.
7. All claim names and Bureau of Land Management (BLM) serial numbers **must** be listed for all mining claims and sites for which a waiver is sought.
8. All owners and their addresses **must** be listed.
9. This waiver form **must** be signed by all of the owners or their designated agent. If an agent is designated, a statement appointing the agent, signed by all of the owners, **must** be submitted with this certification, if a designation of agent is not currently on file with the BLM State office where your claims and sites are recorded.
10. Mining claims and sites held by a husband and wife, either jointly or individually, or their children under the age of discretion, shall be counted towards the 10 claim limit. Mining claims and sites held in co-ownership, or by an association of locators, by a partnership, or by a corporation shall be counted towards the 10 claim limit for claimants that have an interest in these entities.
11. Failure to pay the maintenance fee or meet the requirements for waiver from payment of the maintenance fee by any August 31st deadline for the following assessment year shall cause the mining claims and sites to be declared null and void.

**NOTICE/BURDEN HOURS STATEMENT**

The Privacy Act of 1974 and the regulation in 43 CFR 2.48(d) provide that you be furnished the following information in connection with the information required by this certification of exemption from rental fees form.

**AUTHORITY:** 30 U.S.C. 28-28k; 43 U.S.C. 1201, 1740, and 1744; 43 CFR 3833 and 3850.

**PRINCIPLE PURPOSE:** This information is to be used to verify that the owner(s) of a mining claim has complied with the Act of August 10, 1993 (107 Stat. 312), and is entitled to perform assessment work in lieu of paying the maintenance fee for the mining claims listed on this form.

**ROUTINE USE:** (1) Adjudication of the claimant(s) certification of waiver from paying the maintenance fee otherwise required by the Act of August 10, 1993 (107 Stat. 312). (2) Disclosure may be made to appropriate Federal agencies when location is made within the agency's geographic area of responsibility. (3) Information from the record and/or the record will be transferred to the appropriate Federal, State, or local agency, or a member of the public in response to a specific request for pertinent information. (4) Information may also be provided to the Department of Justice or in a proceeding before a court or adjudicative body; or to Federal, State, local or foreign agencies when needed for enforcement of civil or criminal codes or applicable regulations concerning title rights upon the public land.

**EFFECT OF NOT PROVIDING INFORMATION:** Disclosure of this information is required by the Act of August 10, 1993 (107 Stat. 312) and 43 CFR 3833 for those owner(s) wishing to take the small miner's waiver allowed under 43 CFR 3833 and 3850. Failure to supply the information required in this form to support the owner(s) certification of waiver from payment of the otherwise required maintenance fees will result in the waiver being disallowed and the mining claims declared null and void by the Bureau of Land Management (BLM).

The Paperwork Reduction Act of 1980 (44 U.S.C. 3501, et seq.) requires us to tell you that:

This information is being collected to allow the BLM to determine if you qualify for a waiver from the payment of \$100 per mining claim maintenance fee established by the Act of August 10, 1993 (107 Stat. 312) and the implementing regulations at 43 CFR 3833 and 3850. A response to this request is required in accordance with the statute (107 Stat. 312) to retain your benefit.

Public reporting burden for this form is estimated to average 8 minutes per response, including time to review instructions, gathering and maintaining data, and completing and reviewing the form. Direct comments regarding this burden estimate, or any other aspect of this form, to the Department of the Interior, Bureau of Land Management, Information Collection Clearance Officer (DW-101) Denver Federal Center, Building 40, P.O. Box 25047, Denver, CO 80225-0047 and the Office of Management and Budget, Paperwork Reduction Project (1004-0114), Washington, D.C. 20503.

BLM would like you to know that you do not have to respond to this, or any other, Federal agency-sponsored information collection unless it displays a currently valid OMB control number.

### Claim Held for Rejection

A Maintenance Fee Payment Waiver Certification for assessment year 1999 was filed with the Arizona State Office, Bureau of Land Management (BLM), on August 31, 1998.

Public Laws 102-381, 106 Stat. 1374, dated October 5, 1992, and 103-66, 107 Stat. 405, dated August 10, 1993, and the regulations implemented August 30, 1994, at 43 CFR 3833.1-6, Maintenance Fee Waiver Qualifications, and 3833.1-7 Filing Requirements for the Maintenance Fee Waiver, require that all owners of the mining claims for which an exemption is claimed shall sign the certified statement.

According to the official BLM land records, Herbert Williams is an owner of the subject claim and, therefore, the waiver can not be accepted without his signature. A letter was sent to you on September 3, 1998, that additional information was required. (Copy of letter, Serial Register page and waiver enclosed),

If a transfer of interest was filed with this office prior to August 31, 1998, please furnish a copy of the transfer showing the date received by BLM. The evidence must be received in this office no later than 30 days from receipt of this Decision.

If the waiver is not signed, nor proof of a transfer furnished during the 30-day period, the waiver will be rejected and the claims closed.

If additional assistance is needed, please contact Dorie Morrison at (602) 417-9518.

### DECISION

Mining Claimant(s)	:	Mining Claim(s)
as Shown on the	:	Mill and Tunnel Site(s)
Enclosed Sheet(s)	:	

### Mining Claims, Mill and Tunnel Sites Declared Forfeited

Claimants are required to pay an annual non-refundable maintenance fee of \$100 or submit a small miner's maintenance fee waiver for each claim/site. These requirements were established by Public Laws 102-381 (106 Stat. 1374), dated October 5, 1992, and 103-66 (107 Stat. 405) dated August 10, 1993, and the regulations implemented August 30, 1994, found at 43 CFR 3833.1-5, 6, and 7.

The Bureau of Land Management (BLM) records do not show receipt of a maintenance fee payment or small miner's maintenance fee waiver on or before August 31, 1997, for the year of 1998, for the mining claim(s), mill and tunnel site(s) listed on the enclosed sheet(s), and therefore, the claims are declared forfeited.

This decision does not relieve you of the requirement for reclamation of all areas disturbed by your activities on lands covered by your mining claim(s) and/or site(s). Failure to reclaim the land to the satisfaction of the authorized officer of the agency upon whose lands you have located may cause the agency to hold the claimant in a status of non-compliance under their surface management regulations. If reclamation is required, you must notify the proper authorized officer upon completion so that final site inspection and clearance may be obtained and your liability released. On BLM administered lands failure to reclaim the land to the satisfaction of the authorized officer as prescribed by 43 CFR 3809.1-1 and 3809.3-2 may cause BLM to hold you in a status of non-compliance under 43 CFR 3809.3-2 and invoke the penalty provisions of 43 CFR 3809.3.2(f).

During the same 30-day compliance period, this decision may be appealed to the Interior Board of Land Appeals, Office of the Secretary, in accordance with the regulations contained in 43 CFR, Part 4 and the enclosed Form 1842-1. If an appeal is taken, your notice of appeal must be filed in this office (at the above address) within 30 days from receipt of this decision. The appellant has the burden of showing that the decision appealed from is in error.

If you wish to file a petition pursuant to regulation 43 CFR 4.21 (58 FR 4939, January 19, 1993) or 43 CFR 2804.1 for a stay of the effectiveness of this decision during the time that your appeal is being reviewed by the Board, the petition for a stay must accompany your notice of appeal. A petition for a stay is required to show sufficient justification based on the standards listed below. Copies of the notice of appeal and petition for a stay **must** also be submitted to each party named in this decision and to the Interior Board of Land Appeals and to the appropriate Office of the Solicitor (see 43 CFR 4.413) at the same time the original documents are filed with this office. If you request a stay, you have the burden of proof to demonstrate that a stay should be granted.

#### Standards for Obtaining a Stay

Except as otherwise provided by law or other pertinent regulation, a petition for a stay of a decision pending appeal shall show sufficient justification based on the following standards:

- (1) The relative harm to the parties if the stay is granted or denied,
- (2) The likelihood of the appellant's success on the merits,
- (3) The likelihood of immediate and irreparable harm if the stay is not granted, and
- (4) Whether the public interest favors granting the stay.

If no appeal, or noncompliance, with the above occurs, this decision constitutes final administrative action of this Department as it affects the mining claims. No appeal, protest or petition for reconsideration will be entertained from this decision after the appeal period has expired.

Please include your A MC serial number(s) on all correspondence. If additional information is required, please call Dorie Morrison at (602) 417-9518.

### MINING CLAIMS, MILL SITES, AND TUNNEL SITES DECLARED ABANDONED

Public Laws 102-381, 106 Stat. 1374, dated October 5, 1992, and 103-66, 107 Stat. 405, dated August 10, 1993, and the regulations implemented August 30, 1994, at 43 CFR §3833.1-5, "Maintenance fees" prescribe, unless otherwise exempted, that a \$100 maintenance fee for assessment year 1994-1995, must be paid to the Bureau of Land Management (BLM) for each mining claim, mill site, and tunnel site on or before August 31, 1994. If a qualifying Certification of Exemption From Payment of Rental Fee Form had been timely filed by August 31, 1993 for 1994, or a Maintenance Fee Payment Waiver Certification Form by August 31, 1994 for 1995, an affidavit of assessment work performed covering the mining claims and a notice of intention to hold for any mill or tunnel site (annual filing) was required to be filed, accompanied by \$5 for each claim or site on or before December 30, 1994. Failure to pay the maintenance fee by August 31, 1994, or if qualified, to file the annual filing by December 30, 1994, shall conclusively constitute an abandonment of the mining claim, mill site, or tunnel site, which shall be void.

The BLM records do not show receipt of the maintenance fee payment for the mining claim(s), mill site(s), and tunnel site(s) listed on the enclosed sheet(s) on or before August 31, 1994, or if qualified, an annual filing on or before December 30, 1994. If the maintenance fee was timely paid to the BLM, Arizona State Office for 1995, by August 31, 1994, or if qualified, an affidavit of assessment work performed for mining claims or a notice of intention to hold for mill or tunnel sites for 1994, was filed by December 30, 1994, please furnish a copy of the BLM receipt for payment and the BLM timely stamped document listing the mining claims or sites and the BLM serial numbers. The evidence must be received in this office no later than 30 days from receipt of this Decision. If the proof is not furnished during the 30-day period, the mining claim(s), mill site(s), and tunnel site(s) will be removed from the BLM records as abandoned and void.

If additional information is required, please call (602) 650-0518.

Enclosed Sheet(s) 5

### MINING CLAIMS, MILL SITES AND TUNNEL SITES DECLARED ABANDONED

Public Law 102-381, 106 Stat 1374, dated October 5, 1992, and the regulations implemented July 15, 1993, 43 CFR §3833.1-5, "Rental Fees" prescribe, unless otherwise exempted, that \$100 rental for assessment year 1992-1993, and \$100 rental for assessment year 1993-1994, must be paid to the Bureau of Land Management (BLM) for each mining claim, mill site, and tunnel site on or before August 31, 1993. Failure to pay the rental fee by that date shall conclusively constitute an abandonment of the mining claim, mill site, or tunnel site, which shall be void.

The BLM records do not show receipt of payment for the mining claim(s), mill site(s), and tunnel site(s) listed on the enclosed sheet(s) on or before August 31, 1993.

If the rental fee was timely paid to the BLM for 1993 and 1994, please furnish a copy of the BLM receipt for payment and the document listing the claims and serial numbers for which payment was made to the BLM, Arizona State Office. The receipt and proof must be dated and/or time stamped by the BLM on or before August 31, 1993.

The proof of payment must show that the required amount was remitted and was received by the BLM on or before August 31, 1993, or it will not be accepted. The evidence must be received in this office no later than 30 days from receipt of this decision. If the proof is not furnished during the 30-day period, the mining claim(s), mill site(s), and tunnel site(s) will be removed from the BLM records as abandoned and void.

If additional information is required, please call (602) 650-0518.

### MINING CLAIMS DECLARED ABANDONED

The Federal Land Policy and Management Act (FLPMA) of 1976, 43 U.S.C. 1744, and the implementing regulations in 43 CFR 3833.2, require an annual filing for all mining claims recorded with the Bureau of Land Management (BLM). FLPMA provides that failure to file evidence of annual assessment work or a notice of intention to hold by December 30 of each year shall be deemed conclusively to constitute an abandonment of the claim and it is void by operation of law. The constitutionality of Section 314 of FLPMA was upheld on April 1, 1985, by the United States Supreme Court in United States v. Locke et al., 471 U.S. 84, 129 (1985).

The BLM records do not show receipt of either an affidavit of annual assessment work performed or a notice of intention to hold for the claim(s) listed on the enclosed sheet(s) for the 1992 assessment year.

If you did timely file an affidavit or notice of intention to hold with the BLM during 1992, please furnish a copy which shows receipt by the BLM Arizona State Office, (dated and time stamped) during 1992.

Your proof must show the required document was timely filed with the BLM during 1992, otherwise it will not be accepted. The evidence must be received in this office no later than 30 days from receipt of this decision. If the proof is not furnished during this 30-day period, the claim(s) will be removed from our records as abandoned and void.

### Mill Site Declared Abandoned Subject to Compliance

Pursuant to requirements of the Federal Land Policy and Management Act of 1976, 43 U.S.C. 1744, and the implementing regulations in 43 Code of Federal Regulations (CFR) 3833.1-2, copy enclosed, you filed a notice of location for the mill site listed below:

<u>Serial Number</u>	<u>Site Name</u>	<u>Missing Year</u>
A MC 72724	Gold Bullion Mill Site	1989

The regulations further require an annual filing by December 30 of a notice of intention to hold the mill site, 43 CFR 3833.2-1(c). Failure to do so constitutes an abandonment of the site. Our records do not show such a filing for the year listed above.

You are advised that you have 30 days from the date of receipt hereof to file a notice of intention to hold the mill site for the above-stated year. A \$5.00 nonrefundable service charge for each mill site must accompany your filing.

An appeal from this decision may be taken to the Interior Board of Land Appeals, Office of Hearings and Appeals, in accordance with the regulations in Title 43 CFR, Parts 1 and 4.400. The 30-day period for filing a notice of appeal commences at the expiration of the compliance period.

If no appeal is taken or noncompliance with the above occurs, this decision constitutes final administrative action of this Department as affects the subject mill site. No appeal, protest or petition for reconsideration will be entertained from this decision after the appeal period has expired. No further notice will be issued and the mill site will be void. Accordingly, the case file for this site will be closed of record.

Dear Mr. Coldiron:

Re: Frank Melluzzo, et al. v. United States,  
et al., No. CIV-81-607-PHX-CAM (D. Ariz.)

By its order filed October 3, 1983, and its judgment filed October 27, 1983, the United States Court of Appeals for the Ninth Circuit dismissed plaintiffs' appeal from the district court's judgment of March 31, 1983, in the above-entitled action as untimely. Copies of the order and the judgment are enclosed.

By its judgment of March 31, 1983, which has become final, the district court, in effect, affirmed the decision of the Interior Board of Land Appeals in the case of United States v. Frank and Wanita Melluzzo, 38 IBLA 214, 85 I.D. 441 (1978). We are closing our file in this matter.

v.

FRANK AND WANITA MELLUZZO

JAN 11 1979  
10:00 A.M.  
PHOENIX, ARIZONA

IBLA 78-362

Decided December 7, 1978

Appeal from a decision of Administrative Law Judge George A. Koutras declaring null and void 38 lode mining claims situated in Maricopa County, Arizona. AZ 9911, 9912, 9913.

Affirmed.

1. Mining Claims: Discovery: Generally

A discovery exists only where minerals have been found in quantities such that a person of ordinary prudence would be justified in the further expenditure of his labor and means with the reasonable expectation of developing a valuable mine.

2. Mining Claims: Discovery: Generally

A prudent man would be justified in expending his labor and means in developing an unpatented mining claim only where it appears that the mineralization on the claim in question is valuable enough to yield a fair market value in excess of the costs of its extraction, removal, and sale.

3. Mining Claims: Discovery: Generally

When the Government through the testimony of an expert mineral examiner has alleged a lack of valuable mineralization, the burden of showing the contrary by a preponderance of the evidence shifts to the contestees.

4. Mining Claims: Discovery: Generally

Isolated showings of high assay values will not suffice to establish a discovery, especially where the claimants have attempted little or no development of the alleged mineral discovery.

5. Mining Claims: Discovery: Generally

The sale of decorative building stone from the surface of a lode mining claim cannot support a claimant's contention that a valuable mineral discovery has been made on such lode claim, decorative stone being locatable only under the provisions of the placer mining laws, 30 U.S.C. § 161 (1976), and only where such stone is shown to be an "uncommon variety" within the meaning of 30 U.S.C. § 611 (1976).

APPEARANCES: Tom Galbraith, Esq., Louis & Roca, Phoenix, Arizona, for contestees; Fritz L. Goreham, Esq., Office of the Field Solicitor, Department of the Interior, Phoenix, Arizona, for contestant.

OPINION BY ADMINISTRATIVE JUDGE HENRIQUES

Frank and Wanita Melluzzo appeal from a March 7, 1978, decision of Administrative Law Judge George A. Koutras which held that the Melluzzos had failed to demonstrate a discovery of a valuable mineral

deposit on 38 unpatented mining claims, in secs. 3 and 4, T. 4 N., R. 3 E., Gila and Salt River meridian, Maricopa County, Arizona, named in three separate contest complaints, and held the following claims to be null and void:

[Contest] AZ 9911  
El rame Lode Mining Claims  
2, 3, 11 through 14 Incl.,  
22, 23, 24, 36 and 37

[Contest] AZ 9912  
El rame Lode Mining Claims  
27, 28 and 44

[Contest] AZ 9913  
El rame Lode Mining Claims  
4 through 8 incl., 15, 16,  
17, 25, 26, 29 through 34  
incl., 39 through 42 incl.,  
45, 46, 47.

The proceeding which gave rise to the above decision was initiated by the Arizona State Office, Bureau of Land Management (BLM), by complaints filed March 23, 1977, charging that the claims in question were invalid under the general mining laws of 1872, as amended, 30 U.S.C. § 22 et seq. (1976). While the original contest complaints charged that the claims were invalid due to (1) the absence of a valuable mineral discovery and (2) the claims being located on land which is nonmineral in character, the decision here appealed from rests solely upon the former charge.

Contestees filed answers to the charges on April 25, 1977, and hearings on the merits of the three complaints were held in Phoenix,

Arizona, on December 6, 7, 8, and 9, 1977, the three contests being consolidated for hearing by agreement of both parties. Both parties filed posthearing briefs and proposed findings and conclusions, and contestees filed a reply brief. Contestees, through counsel, have, additionally, submitted a Statement of Reasons for Appeal from the decision below.

As contestees point out in the hearing below and in their briefs, a condemnation program instituted by the Maricopa County Flood Control District (District) in connection with the Cave Creek Dam project resulted in two condemnation proceedings against the Melluzzos, their Rena placer groups, and the El rame lode claims. The trial of this condemnation action, at the request of the Flood District, has been postponed by the Arizona State Courts pending a resolution of the present contest, and the District has taken possession of the claims, having posted a bond of \$500,000 to guarantee protection of the Melluzzos' rights, if any, in the disputed acreage. The District concedes, moreover, that it contacted the Phoenix office, BLM, on January 31, 1977, and requested a review of the validity of the El rame claims with the avowed intent of avoiding payment of more than a minimal sum for the claims if they should be declared invalid. As the record below indicates (Tr. 21), the District did not request that BLM institute a contest against the Melluzzo claims, but merely sought a determination of the practical state of the title of the El rame tracts. We note parenthetically that this course of action, far

SEE CENTRAL FILES FOR COMPLETE COPY OF THIS DECISION

Maybe he would understand it a little better if he took five tons of ore, put some acid on it and was able to sell the copper and came out with a little bit of profit.

A. I'm sure if -- oh, I'm sorry.

Q. My question is, wouldn't that be a way a prudent man would develop the apparently leachable material that at least from his view was on his claims?

A. If it's done exactly the way you said it with the profit on the end. I'm sure Mr. Magini recognizes profit. I would agree.

We agree wholeheartedly with the suggestion which counsel puts forward in the above line of questioning. Our approval of his proposal, however, leaves us with another question, i.e.: Why hasn't Melluzzo tried to leach the El rame on a small scale? Melluzzo has held the contested claims, in most instances, since 1957, but he has made no attempt whatever at developing the sort of small scale, leaching-for-profit operation which his counsel enthusiastically recommends. Melluzzo states at the hearing that he has been unable to mine the claims on a large scale due to the threat of condemnation which has overshadowed the claims and discouraged capital investment for the past several years. This uncertainty, however, should have no effect on the ability of Melluzzo or Magini to work the claims themselves on the scale suggested by Mr. Galbraith, supra. We therefore conclude that the reason for contestees inaction is quite simple; they have made no discovery which might warrant development. As the Court of Appeals for the Tenth Circuit held in the case of United States v. Zweifel, 508 F.2d 1150, 1156 (10th Cir. 1975):

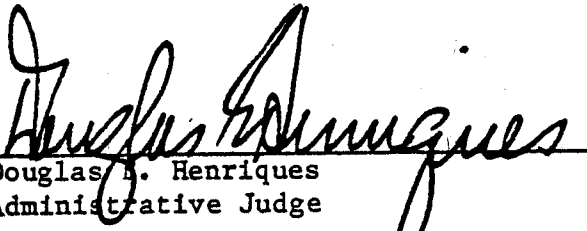

If mining claimants have held claims for several years and have attempted little or no development or operations, a presumption is raised that the claimants have failed to discover valuable mineral deposits or that the market value of discovered minerals was not sufficient to justify the costs of extraction. E.g., United States v. Humboldt Placer Mining Co., 8 IBLA 407 (1972); United States v. Ruddock, 52 L.D. 313 (1927); Castle v. Womble, 19 L.D. 455 (1894). [Italics added.]

[5] Melluzzo asserts both below and on appeal, that his sale of decorative stone from the El rame claims constitutes "copper mining." Judge Koutras refused to accept this contention and, counsel for contestees refers to the judge's logic as creating "a reverse Midas touch." While we agree that Melluzzo has been successfully selling stone from the El rame group, and this stone contains a certain amount of copper coloration, this does not, without more, support Melluzzo's characterization of the rock as "copper ore." Melluzzo defines "ore" as "any mineral that a prudent man could make a profit off of" (Tr. 357) and points out that his records refer to material from the El rame claims as "copper" or "copper stone." Melluzzo thus appears to reason that, since he is selling stone from the El rame claims at a profit, the stones are "ore," and since the stones are "ore," he is mining copper. We disagree.

In the first place, no showing has been made of the actual copper content of this building stone. Melluzzo protests that he cannot be forced to sell the stone to a smelter when he profits more by selling it to builders. He neglects to prove, however, that the stone would be in any way useful to a smelter. The fact that Melluzzo calls the

rock "copper" does not make it so, and Dr. Fair's observation, supra, that a small amount of copper can produce a striking coloration effect leads us to believe that Melluzzo's decorative building stone may have been low in actual copper content. We do not wonder that Melluzzo's records show only the removal of "copper" as opposed to "building stone" from the El rame since, as Melluzzo undoubtedly knows, common varieties of building stone were excluded from the coverage of the mining laws by the Act of July 23, 1955, as amended, 30 U.S.C. § 611 (1976), commonly called "The Multiple Use Act." While "uncommon varieties" of building or decorative stone remain locatable under the Act of August 4, 1892, 30 U.S.C. § 161 (1976), such location must be supported by a showing that the deposit in question has a unique property giving it a special value reflected by the fact that the material commands a higher price in the marketplace than "common varieties" of the same material. United States v. Chartrand, 11 IBLA 194, 80 I.D. 408 (1973). Locations of such claims, moreover, must be made as placer locations, and a lode claim location, such as the claims here at issue, cannot support a building stone placer claim under the Act of August 4, 1892, supra. U.S. v. Chartrand, supra; United States v. Edwards, 9 IBLA 197 (1973). We therefore hold that Melluzzo's removal of building stone from the claims cannot be considered as evidence of a discovery of a valuable mineral deposit on the El rame claims. See also Cole v. Ralph, 252 U.S. 286, 295 (1920), holding that a placer discovery will not support a lode location nor a lode discovery a placer location.

Accordingly, pursuant to the authority delegated to the Board of Land Appeals by the Secretary of the Interior, 43 CFR 4.1, the decision appealed from is affirmed.

UNITED STATES

v.

FRANK AND WANITA MELLUZZO  
(Supp. on Judicial Remand)

IBLA 77-23

Decided September 2, 1977

Review of Departmental decision remanded at the order of the United States Court of Appeals for the Ninth Circuit.

The decision in United States v. Melluzzo, 76 I.D. 160 (1969) is sustained.

1. Mining Claims: Common Varieties of Minerals—Mining Claims: Determination of Validity

Mining claims located for deposits of common varieties of building stone, sand and gravel, if located prior to the Act of July 23, 1955, must be held to be invalid where it is not shown that these materials could have been profitably marketed prior to that date.

2. Administrative Procedure: Burden of Proof—Evidence: Preponderance—Evidence: Prima Facie Case—Mining Claims: Contests—Mining Claims: Determination of Validity

Where the Government contests mining claims on a charge of lack of discovery of a valuable mineral deposit prior to the date when such minerals were no longer subject to such location, the Government must initially present sufficient evidence to establish a prima facie case. The burden then shifts to the claimant to show by a preponderance of credible evidence that a discovery has been made on each claim.

*Amc 72757 thru 72762  
Closed 9-19-84.  
PB*

Where the expert witnesses called by the Government testify that prior to July 23, 1955, there was no profitable market for common variety minerals from the subject claims and that it would have been economic folly to undertake the development a mine thereon, a prima facie case of invalidity has been made. Thereafter, upon the failure of the claimant to prove the contrary by a preponderance of credible evidence, a determination that the claims are invalid is obligatory.

3. Mining Claims: Determination of Validity--  
Mining Claims: Discovery: Generally

Where the contestee is seeking to validate a group of claims, he must prove that a valuable mineral deposit exists on each individual claim. A showing that all the claims taken as a group satisfy the requirements of discovery is not sufficient.

4. Mining Claims: Contests--Mining Claims:  
Determination of Validity--Mining Claims:  
Location

Where, in a contest to determine the validity of certain mining claims located for common building stone, sand and gravel, the Government charges that the claims were not located prior to the Act of July 23, 1955, which prohibited the subsequent location of such minerals, the finding by the Hearing Examiner and two administrative appellate tribunals that the charge is true and the claims were not timely located requires a holding that the claims are null and void, where such finding is supported by a preponderance of credible evidence..

5. Evidence: Generally--Evidence: Sufficiency

The burden of the proponent is not simply to preponderate in the evidence produced; its burden is to produce a preponderance of credible evidence, and the trier of fact is not required to believe or give any weight to testimony which is inherently incredible.

APPEARANCES: Fritz L. Goreham, Esq., Office of the Field Solicitor, Department of the Interior, Phoenix, Arizona, for Contestant; Tom Galbraith, Esq., Lewis & Roca, Phoenix, Arizona, for Contestees.

OPINION BY ADMINISTRATIVE JUDGE STUEBING

The Court of Appeals for the Ninth Circuit has remanded this case to the Board of Land Appeals with instructions to reconsider the Department's earlier holding in light of later cases decided by that Court. Melluzzo v. Morton, 534 F.2d 860 (9th Cir. 1976). The issue before the Court was the validity of six association placer mining claims located for sand, gravel, and building stone. All six claims are situated on the south side of Cave Creek Dam, approximately 15 miles north of Phoenix, Arizona.

The proceedings culminating in the decision by the Court were initiated by the Arizona State Office, Bureau of Land Management (BLM), in early 1963. The charges alleged that 1) the claims contained only common varieties of minerals not subject to location after July 23, 1955, 30 U.S.C. § 611 (1970); 2) the claims were not located before July 23, 1955; and 3) no discovery of a valuable mineral deposit had been made as required by the general mining law, 30 U.S.C. § 22 et seq. (1970).

After hearings in 1963 and 1964, the Department's Chief Hearing Examiner 1/ found that 1) all of the claims contain sand, gravel, and building stone; 2) the sand, gravel and building stone are common varieties of those materials, and, hence were not subject to location after July 23, 1955; 3) the claims were located after July 23, 1955, and thus were null and void; and 4) in any event, no discovery of a valuable mineral deposit subject to location had ever been made, as there was no market for any of the sand, gravel or building stone prior to July 23, 1955, when such deposits were removed from locatability by Congress, 30 U.S.C. § 611 (1970). That decision was affirmed on appeal to the Bureau of Land Management and then on appeal to the Department. United States v. Melluzzo, 76 I.D. 160 (1969). The District Court for the District of Arizona awarded summary judgment to the United States in a suit for review instituted by Melluzzo. The Court of Appeals affirmed that part of the Department's decision holding that the sand, gravel, and building stone were common varieties of those materials and, hence, not locatable after July 23, 1955. 534 F.2d at 861. The Court did not address the related and critical issue of the date of location of the claims. The Court did, however, hold that the case should be remanded to

the Department for a redetermination of the marketability of the deposits in light of decisions by that Court after the Department's 1969 decision in this case.

To comply with the instructions of the Court of Appeals a brief summary of that Court's holdings would be helpful. The general mining law provides that a person may receive title to his mining claim located on public land if, among other things, he has discovered a "valuable mineral deposit." From the earliest decisions of this Department, the quantity and quality of a deposit necessary to qualify as a "valuable mineral deposit" has always been determined by economic value. If a man of ordinary prudence would be justified in beginning actual mining operations on the evidence presented to this Department with a reasonable expectation of developing a profitable mining operation, then his mineral deposit is considered "valuable." Castle v. Womble, 19 L.D. 455, 457 (1894); Cameron v. United States, 197 U.S. 313 (1905). However, in order to demonstrate that one has prudent and reasonable expectations, one must show that under the present circumstances, the mineral deposit appears susceptible to extraction, removal, and marketing at a rate of profit sufficient to attract the means and labor of a prudent man. United States v. Coleman, 390 U.S. 599 (1968).

[1] The general mining law was amended in 1955 to provide that common varieties of sand, gravel, building stone, and other materials would not be subject to location after July 23, 1955, excepting, of course, claims which were on that day "valid existing claims." U.S.C. § 611 et seq. (1970); United States v. Coleman, supra. Claims located after that date for those materials are simply invalid. In order for such a claim located before that date to be considered a valid existing claim, a valuable mineral deposit must have been discovered before July 23, 1955. Palmer v. Dredge Corp., 398 F.2d 791 (9th Cir. 1968), cert. denied, 393 U.S. 1025 (1969). Clearly, if there were no market on that date sufficient to induce a prudent man to begin actual mining operations, there cannot have been a discovery and the mining claim is invalid. Clear Gravel Enterprises v. Keil, 505 F.2d 180 (9th Cir. 1974); Palmer v. Dredge Corp., supra. A discovery after the date of the withdrawal of the operation of the mining law, whether by an actual physical exposure or a favorable change in economic conditions, cannot breathe life into a mining claim invalid on the date of withdrawal. United States v. Isbell Construction Co., 78 I.D. 385 (1971).

[2] When the United States contests a mining claim, the burden of proof is on the claimant to prove that he has a valid mining claim, for it is he who is the proponent of order pursuant to the Administrative Procedure Act, 5 U.S.C. § 556 (1970), to have his

claim declared valid. Humboldt Placer Mining Co. v. Secretary of the Interior, 549 F.2d 622 (9th Cir. 1977); United States v. Zweifel, 508 F.2d 1150, 1157 (10th Cir. 1975), cert. denied, 423 U.S. 829 (1975), reh. denied, 423 U.S. 1008 (1975); United States v. Springer, 491 F.2d 239, 242 (9th Cir. 1974), cert. denied, 419 U.S. 834 (1974); Foster v. Seaton, 271 F.2d 836, 838 (D.C. Cir. 1959). Nevertheless, the Government has assumed the burden of going forward with sufficient evidence to present a prima facie case of the claim's lack of validity; but the ultimate risk of nonpersuasion remains with the claimant.

The Government has established a prima facie case when a mineral examiner testifies that he has examined the claim and found the mineral values insufficient to support a finding of discovery. United States v. Ramsey, 14 IBLA 152, 154 (1974); United States v. Blomquist, 7 IBLA 351 (1972). Obviously, the mineral examiner's conclusion must be based on reliable, probative evidence. United States v. Winters, 2 IBLA 329, 335, 78 I.D. 193, 195 (1971). But Government mineral examiners are not required to perform discovery work or to prove that a market does not exist. Rather, once a mineral examiner has testified, based on probative evidence, that a profitable market did not exist for a common variety mineral material prior to July 23, 1955, it is the claimant's burden of proof to show that, in fact, there then was a market which would have absorbed his material at a profit to him. United States v. Stewart, 5 IBLA 39, 79 I.D. 39 (1972).

The Court of Appeals for the Ninth Circuit has supplied further guidance in applying the law in this area and particularly in the area of the law dealing with sand, gravel, and other building material. Barrows v. Hickel, 447 F.2d 80 (9th Cir. 1971); Verrue v. United States, 457 F.2d 1202 (9th Cir. 1972); Clear Gravel Enterprises, Inc. v. Keil, 505 F.2d 180 (9th Cir. 1974); Melluzzo v. Morton, 534 F.2d 860 (9th Cir. 1976). This Board has discussed and applied those holdings of the Court in several cases. United States v. Gibbs, 13 IBLA 382 (1973); United States v. Taylor, 19 IBLA 9, 82 I.D. 68 (1975); United States v. Osborne (On Remand), 28 IBLA 13 (1976). The holdings of these cases focus upon three propositions of concern here. First, the fact that the market for sand, gravel, and other building material is adequately supplied by existing sources is not conclusive of the issue of whether an additional supplier can enter the market successfully. Barrows v. Hickel, *supra*; United States v. Gibbs, *supra*. Second, while a lack of sales from a claim may be sufficient to establish a prima facie case of invalidity of the claim, it is not conclusive and may be overcome by a preponderance of evidence that a prudent man could have marketed the material at a reasonable profit. Verrue v. United States, *supra*; United States v. Gibbs, *supra*. Third, in

determining marketability, both the demand and the supply sides of the actual market must be considered. With respect to demand, the claimant must be allowed to demonstrate the existence of demand that would absorb his material, even if, as noted, the market is already adequately supplied. With respect to supply, a hypothetical market must be created which includes all potential sources of supply. If the amount of material would be such a superabundance that the price would be lowered below a profitable level, then the claim cannot compete in any realistic economic sense. Melluzzo v. Morton, supra at 864.

#### THE EVIDENCE

As we noted earlier there are two principal issues in this case. First, was the sand, gravel, and building stone marketable on July 23, 1955, and thereafter? Second, were the claims actually located before July 23, 1955? To some extent the evidence is overlapping, especially with respect to credibility. Indeed, the one paramount issue in this case is the credibility of Melluzzo and his witnesses. We are inescapably compelled to conclude both by the totality of the circumstances of this case and by many prior inconsistent statements that Melluzzo's testimony has none of those characteristics ordinarily associated with veracity. The lack of veracity and prior inconsistent statements were noticed by the Chief Hearing Examiner who also conducted several other hearings involving the claimant.

#### MARKETABILITY

The claims in question, the Rena Nos. 1 through 6, were situated approximately 15 miles north of Phoenix, Arizona, and cover two hundred forty acres of land, much of it within the bed of an intermittent stream known as Cave Creek. At the time of the hearing in 1964, the claimants had over 100 other claims in addition to these six. Many were located for sand, gravel, and building stone, and some were located for copper.

At the hearing two witnesses for the Government testified that there was simply no market for sand, gravel, or building stone in the area of the claims either 1955 or in previous years. Lewis S. Zenter, a mining engineer employed by the Bureau of Land Management, testified that in 1962 he had made a study of market conditions as of 1955. He was told by construction companies and others, including Melluzzo's competitors, that there was no market for such remote material before or during 1955 (Tr. 122-124). While that testimony alone would probably be insufficient to make a prima facie case, see Verrue v. United States, supra, it is bolstered by the testimony of a disinterested witness who had been in the area since 1925 and

had been employed by the Bureau of Public Roads since 1930. From 1936 to 1963, the witness, Charles H. McDonald, had been the materials specialist for the Bureau of Public Roads projects in Arizona. In that capacity he had developed an extensive firsthand knowledge of aggregate deposits in Arizona and considerable expertise in the varying qualities (Tr. 595-621). He testified that any demand for the material on these claims during the 1950's was so distant that it would be "economic folly" to try to make a profit from the claims (Tr. 620-621). He added that there was no feasible economic market until the 1960's (Tr. 621). Several other witnesses, including a mining engineer and weekend prospectors, testified that they had been in the area many times from 1956 through 1959 and had never found any sign of either mining activity or monuments marking the location of the claims.

The testimony of all the witnesses, and especially that of Charles MacDonald, based as it was on extensive firsthand experience, establishes prima facie that 1) there was no market for the material on these claims prior to 1960 and 2) no mining activity took place on these claims prior to 1960. Thereby, the burden was shifted to the claimants to show by a preponderance of the evidence that there was a market sufficient to attract the efforts of a prudent man in mid-1955 and thereafter.

The claimants actually introduced very little evidence tending to show the existence of a market for any substantial amount of these materials during or prior to July 1955. Neither did they introduce much evidence bearing on actual costs of production or selling prices. The reasons they did not do so may be inferred readily by the surrounding circumstances. First, there simply was no demonstrated market for sand, gravel, or building stone from these claims during or before 1955. Second, the claimants probably expected that the existence of a market in 1955 would ultimately be irrelevant as nearly the entire thrust of their evidence was aimed at showing that the sand, gravel and building stone on the Rena claims were uncommon varieties of those materials and, consequently, locatable after July 23, 1955. The only market conditions which would then be relevant would be the conditions at the time of the hearing in 1963 and 1964. By that time a market had developed. Nevertheless, the claimant's testimony with respect to marketability will be reviewed.

The Rena claims, according to a map introduced by the claimants, (Exh. R), were 15 air miles north of the northern boundary of Phoenix, Arizona, in 1954, the date of the map. There was apparently a very sparse population between the claims and the northern boundary of Phoenix. There were several references in the testimony to deer hunting in the vicinity. Even as late as the hearing in 1964, what market there may have been was still several miles to the south and

east of the Rena claims (Tr. 476). There was testimony that due to building north of the Phoenix city limits, the market north of Northern Avenue was 15 percent the total market by 1964. However, Northern Avenue is 12 air miles south of the Rena claims. There is no evidence that there was a significant market in 1964, much less 1955.

Nevertheless, Melluzzo asserted that he would deliver sand and gravel in 1962 for \$1.00 per cubic yard (Tr. 482). While he did not at any point in his testimony discuss his costs of doing business, one of Melluzzo's witnesses suggested a handling cost of \$.6 to \$.10 per ton mile. That figure is in general agreement with testimony presented in other cases. See, e.g., United States v. Osborne (On Remand), 28 IBLA 13 (1976). However, no other data on costs were presented.

The claimants did, however, state that a number of sales had been made between December 1954 and July 1955 of sand, gravel, and building stone (Tr. 466-468). Melluzzo stated that 600 tons of sand and gravel were sold between December of 1954 and July of 1955, yielding \$250 or \$300 (Tr. 723), though he conceded that no great amounts had been sold until 1962. Interestingly, Zentner testified that he first observed the existence of the haul road on October 31, 1962, which he had not seen during his previous examination of the land on March 7, 1962 (Tr. 43, 45, 82; Exh. 9). Also, he saw no excavations on the claims at that time (Tr. 79). Melluzzo also stated he had sold 100 to 150 tons of building stone from December 1954 to July 1955, mostly for \$9 per ton, but some for as much as \$60 per ton. <sup>2/</sup> Based on Melluzzo's figures, then, his total sales from the Rena claims would have been between \$1,200 and \$2,700. That testimony is, however, inconsistent with statements made by Melluzzo in many other hearings. For example, in 1956, Melluzzo instituted a private contest against other claims. At the hearing in that case, he testified that all but \$750 of his income had come from three claims, the Nita Jean No. 1, the Nita Jean No. 2 and the Concetta. Melluzzo v. Call, Arizona Contest 9946 (February 15, 1956) (Tr. 97-99). See Exs. 34A and 34B. In another contest heard in April 1958, United States v. Melluzzo, Arizona Contest No. 9866, Melluzzo stated that he had sold 160 tons of building stone from another group of claims in 1955, thereby accounting for several hundred dollars more than his total income from mining in 1955 without even considering the Rena claims. From yet another group of

<sup>2/</sup> Melluzzo testified at one point that his 1954 income was \$5,000 to \$6,000 (Tr. 812) and at another point he testified that it was "six or seven, or \$8,000" (Tr. 786). However, at that time he was also in the window-cleaning business, had a home and store rental business, and land in Prescott for summer homes (Tr. 809).

claims, the Enterprise group, under contest by the government in United States v. Melluzzo, Arizona Contest No. 10591 (1964), Melluzzo testified that he had sold 300 to 400 tons of building stone in 1955. In a patent application for another claim, the Dino S, to which Melluzzo eventually obtained patent, Melluzzo claimed to have produced 234 tons of stone between June 1955 and September 1956 for revenue of \$2,816 (Exh. 42).

It is obvious to this Board that Melluzzo has accounted for his 1955 income from mining several times over, depending on which group of mining claims were being challenged. At the time of each contest, Melluzzo would simply attribute the bulk of his minerals income to whichever group of claims was under attack. But perhaps the most telling contradiction in Melluzzo's testimony was the testimony given at a hearing involving several claims known as the Arizona placers. It is important to understand that the Rena claims are at least 9 miles from the Arizona placers and that the Rena claims are completely covered by several of a group of claims located for copper, the El Rame Nos. 1-42. At the hearing in United States v. Melluzzo, Arizona Contest No. 9866, held in April 1958, Melluzzo testified under cross-examination:

Q. You had, I believe, or held 1, 2, 3, 4, 5, claims?

A. Yes.

Q. Five claims adjoining the Arizona placer claims?

A. Yes.

Q. You were removing material from those claims in 1957 and selling it?

A. That's right.

Q. That's six claims:

A. That would be more than that.

Q. Now, were you also obtaining material from ground other than these six claims in 1957 and selling it?

A. Yes.

Q. Now, where were those sources?

A. They were within a mile of there.  
[Emphasis added].

Q. And they were also mining claims?

A. Right.

Q. Patented or unpatented?

A. Some were patented and some of them were unpatented.

Q. How many claims were there in that group?

A. Do you mean the acreage?

Q. Give us the number of claims first, and then the approximate acreages.

A. I couldn't tell you how many I have got.

Q. Can you give us an estimate? Three or four or five?

A. In twenty-acre claims, is that what you want? Do you mean - you see, I have a copper mine, 900 acres, and there is 42 claims up there. [Emphasis added.]

Q. In 1957 were you removing building material from those claims?

A. No. There was no building material there. [Emphasis added.]

(Tr. 742). Melluzzo's testimony that his other sources of building material were all within 1 mile of the Arizona placers and that there were no building materials on or near his copper claims (which covered the Rena claims) is strong evidence that there was no market of any kind for the material on the Rena claims and that Melluzzo was fully aware of that fact in 1958.

Moreover, the credibility of much of the rest of Melluzzo's testimony on marketability is equally at variance with other evidence presented at the hearing. For example, Melluzzo testified that some stone from the Rena claims was sold by him and delivered to the residences of Robert Wurzburger and W. J. Caruthers, respectively. In support of this testimony Melluzzo introduced photographs of the rock walls allegedly built with that stone (Exh. W-3, W-4, W-5), and bills showing payment of \$180 received from Wurzburger for 5 tons of

black stone (Exh. 26; Tr. 704), and \$120 received from Caruthers for 10 tons of stone (Exh. 27; Tr. 705). He testified that he delivered each load to these addresses (Tr. 705), and was paid for them in cash each time at "so much a load, pick-up load, and the bills represented the total of the whole job" (Tr. 707). These deliveries allegedly occurred in August and November 1954, before the Rena placer claims were supposed to have been located. <sup>3/</sup> Melluzzo explained this by saying, "[I] was taking rock from the Rena claims even before I located them" (Tr. 708). Subsequently, Melluzzo testified that Wurtzburger had paid him \$700 (Tr. 803). He also testified to other sales of stone in the same neighborhood. Melluzzo described a sale to one Keith Terrell for which he was paid partly in cash and partly by Terrell's contribution of labor, but said that the sale to Caruthers was not on that basis (Tr. 794-95):

Q. Did you get money from Caruthers?

A. Yes.

Q. How much?

A. He paid almost all of it because he had TB and had only one lung and couldn't lift all this rock.

However, when Caruthers was called as a rebuttal witness, his testimony flatly contradicted almost everything Melluzzo had said concerning the alleged sales to himself and to Wurzburger (Tr. 871-891). He denied repeatedly and emphatically that either he or Wurzburger ever paid Melluzzo anything for stone. He insisted that Melluzzo had never delivered stone to either of them. Some of the stone walls shown in the photographs entered as exhibits were already in place when he moved there on September 8, 1954. Wurzburger was his next-door neighbor, and they were acquainted with Melluzzo. Caruthers testified that Melluzzo had given him and Wurzburger permission to take stone. They went and got the stone themselves from Melluzzo's "7th Street claim" (the Nita Jean placers). None of it came from the Cave Creek area, with which Caruthers was familiar, where the Rena claims were supposed to be located. Caruthers and

<sup>3/</sup> The dating of the bill to Wurzburger in August 1954 is at variance with Melluzzo's testimony as to when sales from the Renas commenced (Tr. 448):

Q. When did you first commence sale of stone off the Renas 1 through 6?

A. At the beginning of December just before I located it.

Q. Of what year?

A. 1954.

Wurzburger hauled the stone in 1955, and each built walls on their respective properties. They did all their hauling from the 7th Street claim in Wurzburger's truck. They never used Melluzzo's truck or had any other assistance from Melluzzo. On being shown Exhibit 27 (Melluzzo's bill to Caruthers for \$120), Caruthers disclaimed any knowledge of it and reiterated that he had never paid for the stone. He stated, "[Melluzzo] just told us to get the rock. He wanted us to get them, and we hauled them" (Tr. 879).

Melluzzo also testified that stone from the Rena claims, supplied by him, was used in the retaining wall at 118 West Hatcher Road (Exh. 31) and to a "Dr. Fusco's clinic" across the street, both before 1955 (Tr. 464, 788). However, Harold Fox, who has lived at 118 West Hatcher Road since September 1952, testified that he had built the wall with stone that he had collected himself in various places in a wide radius around Phoenix (Tr. 881), and that none of it came from the area of the Rena claims or from Melluzzo's stone yard (Tr. 887-88). He also testified that Dr. Fusco's clinic was not built before 1956.

Carlo Incardone testified that he worked for Melluzzo from November of 1954 to November of 1955 (Tr. 412), dividing his time about equally between window washing for an hourly wage, and gathering rock, for which he was paid by the ton (Tr. 412, 415). He testified that he and his son, Peter, gathered the rock in the truck provided by Melluzzo, and that his son actually worked (Tr. 413-14, 416-17). He then said he would take Peter whenever he was not in school (Tr. 417). However, it then was elicited that Peter would be 15 years old on June 12, 1964 (Tr. 418). Thus, during most of the year when Incardone was employed by Melluzzo, Peter was 5 years old.

There are other such examples of unreliable testimony, prior inconsistent statements and testimony directly contradicted, and a great deal of Melluzzo's testimony was extremely vague. There was scant testimony by others that the material from the Rena claims was marketable at a profit during the 7-month period between the alleged location of the claims on December 20, 1954, and the removal of such materials from location on July 23, 1955. Therefore, it can scarcely be held that the preponderance of the evidence established that the material was then marketable even if that evidence were given total credence. It is clear, however, that much of Melluzzo's testimony is utterly lacking in credibility.

What the witnesses for the contestees described as "mining" or "quarrying" the Rena claims consisted simply of picking up individual rocks from the surface. Melluzzo had an old 2-ton flatbed truck and a 4-wheel drive pickup. Because the access to most of the area was so poor, the flatbed would be parked and the pickup would be used

to gather stone, which then would be brought back and reloaded on the flatbed (Tr. 240). If they were in an area where "it was good picking" it would take only three or four hours to get a load, but if they had to pry the stone from the face of the walls of the dry wash it would take "from six to seven hours, if you were doing very good" to get a truckload like that (Tr. 241). Edward Barlow testified that from January 1 to July 23, 1955, the stone removed from the area amounted to "several truckloads" (Tr. 238), or "several ton" (Tr. 239). Such operations usually consisted of two men. Barlow testified he also took several loads of gravel, saying, "Well in this gravel there was sand and everything else, but it was not sifted on the job, so we just loaded it" (Tr. 242). Carlo Incardone testified that they got sand the same way. They just drove the truck to "any place that we saw there wasn't too much topsoil on," where "we used to shovel everything that came along, grass, weeds and all" (Tr. 420). Incardone estimated that it would take about an hour and a half to get a pickup truck load of rocks off the surface of the ground (Tr. 419).

There was no testimony regarding the amount of time it took to make the round trip from stone-yard to "quarry," or how long it took to unload the truck on return.

Incardone divided his time working for Melluzzo, spending about 50 percent washing windows and 50 percent gathering stone. He was paid an hourly rate for window washing and by the ton for the stone he brought in. The rate for the stone was flexible, depending on the kind of rock. They got "as high as \$4 and \$5 a ton," (Tr. 413), or as little as \$3.

Melluzzo testified that this was standard procedure (Tr. 753):

A. They are the same men. They are the same men that work one job. They are washing windows and they are miners, the next minute, and they are ditch diggers the next minute. When I needed them I didn't go hire new men. I told them I was the owner and I was boss. I said, "Boys, this is what you want to do," and that's what they did. They didn't care what it was.

Q. Let's talk about window washing. How did you pay them at the window-washing job?

A. That was an hourly basis.

Q. On an hourly basis?

A. Yes.

Q. And then when you told them you wanted them to quit washing windows and go out there and haul rocks, then you put them on a tonnage basis?

A. Most of the time, yes, unless it was just to go out there and help me.

Q. Did the men have a right to say, "You pay me by the hour window washing and I don't want to mine"?

A. I had one or two that did that, but they didn't work for me the next day, I canned them.

This testimony speaks eloquently of the "profitability" of the stone-gathering operation and the economics of Melluzzo's mineral materials supply business. Apparently Melluzzo's window washing business could not keep his crew busy full time. If an employee wanted to earn an hourly wage at least part of the time, he had to accept rock-gathering assignments on a piece-work basis which paid very poorly the rest of the time.

Although such an operation might indeed yield a profit, it cannot be regarded as "mining" or "the development of a valuable mine" which the Congress intended to reward and encourage by grants of title to public lands.

[3] There is yet another, equally compelling reason for concluding that contestees failed to carry their evidentiary burden. They failed utterly to show a discovery of a valuable mineral deposit on each of the 6 separate 40-acre Rena claims or on any single one of them. Where a contestee is attempting to establish the validity of a group of claims he must prove that a valuable mineral deposit exists on each individual claim. An attempt to show that all the claims in several groups, or all the claims in a particular group, taken as a whole, satisfy the requirements of discovery, is not sufficient. An assumption that a discovery on one claim can inure to the benefit of another is a mistake of law. Henrikson v. Udall, 229 F. Supp. 510, 512 (D. Calif., N.D., 1964), aff'd 350 F.2d 949 (9th Cir. 1965), cert. denied 384 U.S. 940 (1966); United States v. Gardner, 14 IBLA 276, 81 I.D. 58 (1974); United States v. Colonna and Co. of California, 14 IBLA 220 (1974); United States v. Bunkowski, 5 IBLA 102, 79 I.D. 43, 51 (1972); United States v. Thomas, 78 I.D. 5, 9 (1971). In short, if it takes the mineral from six or more claims together to warrant a prudent man to attempt to develop a valuable mine, then none of the claims may be regarded as valid, as each claim must be supported by discovery of a valuable mineral deposit within its own boundaries.

Virtually all of the evidence adduced by the contestees was referable to the six Rena claims as a group, and, to the use and value of stone from that group of claims when used in combination with stone from other groups of claims. Melluzzo had no records and no idea as to what volume or percentage of the stone allegedly taken and sold at a profit came from any particular claim (Tr. 538-53). Nor did he supply any estimate of what percentage or volume of his stone sales as a whole came from the Rena group as opposed to his numerous other claims or groups of claims.

Melluzzo testified that most of jobs he described where stone was used had "some" or "a few pieces" of stone from the Rena claims in the wall. He explained this by saying that he brought in stone from a large number of his claims and his customers would select a variety, so that it was not possible to estimate what percentage came from the Renas in any particular case without examining the job and trying to identify individual stones as having come from the Renas (e.g., Tr. 714, 715, 806-07), an endeavor which proved to be not very successful, as has been seen (Tr. 788, 790-91, 796). Moreover, he kept no records as to which of the claims was the source of stone from that general area (Tr. 541, 546). He and his employees did not restrict their stone-gathering activities to the area of the Rena group, but collected building stone from perhaps dozens of other claims and groups of claims held by Melluzzo and his associates, including some which in 1963 he said he still had not recorded and could not remember the names of. This is perhaps best illustrated by Melluzzo's testimony at Tr. 550-51:

Q. Now, how many quarries do you have in the Phoenix area?

[Objection overruled]

THE WITNESS: I think I mentioned the other day 8 or 9.

BY MR. LUOMA:

Q. You have 8 or 9 quarries?

A. Yes.

Q. Do you consider the Rena group as one of your quarries?

A. Yes.

Q. Do you consider that as one quarry?

A. Yes.

Q. And would you consider that as an integral part of your whole operation?

A. Yes, for the sand and gravel and that type of rock.

Q. And do you consider it as an important part of your whole operation?

A. Oh, yes, yes.

This is entirely consistent with testimony given in another Melluzzo contest involving the 23 lode and placer claims in the 7th Street group, the Enterprise group, and the Cram group, which testimony is recited in United States v. Melluzzo, 76 I.D. 181, 191 (1969), of which we take official notice pursuant to 43 CFR 4.24(b):

So far we have been discussing only the 7th Street group. When we examine the Enterprise group, we find practically no credible evidence as to production prior to July 23, 1955. We have only Melluzzo's testimony which is inconsistent with and contradictory to his testimony in earlier hearings and statements, as the hearing examiner has well pointed out. Such production as there was amounted to no more than the picking up of an occasional truckload of surface stone from some of the Enterprise claims. The appellants' evidence falls far short of the preponderance of evidence necessary to show a discovery of a valuable mineral deposit on each Enterprise claim.

Appellants' testimony in another direction points out the lack of a discovery on each claim in issue. Dino Melluzzo testified that their stone business could not have been maintained in 1955 if they did not have all their claims, including not only the ones in issue but also the Rena claims "and many others" (Tr. 370, 372, 373). In fact he said that 40 or 50 percent of their stone in 1953, 1954 and 1955 came from the other claims (Tr. 375-376). Frank Melluzzo testified more positively in the following colloquy with the hearing examiner (Tr. 1517-1519):

Q. If you owned only the Concetta claim, and no other claims, could you make a business out of the selling of the rock?

A. Out of which?

Q. Could you make a business out of the selling of rock from the one claim?

A. Absolutely not. You couldn't do it.

Q. Is that true in each of the other claims individually?

A. What you would have, you would have a business like, for example, I can show you something that everyone would understand.

You have a grocery store, and you have canned milk, and you have baby food. You might be all right for people that want canned milk and baby food, but I will guarantee you too many people aren't going to buy from your store for just that canned milk or baby food.

They want to come in there and get corn flakes and they want to get oranges and they want to get bananas, and the same way with a mining claim.

Yes, you could operate a business with one claim, but of one variety of stone, and when a man says, "I want red," you are out of business. If he says, "I want blue," you are out of business, and any other color he wants, if you don't have it. He has to go to another stoneyard, and that is what we are having the problem now. That is why I am still today buying stone from other claims, \* \* \*.

Other assertions were made that all the claims are necessary to supply the variety of colors and even shapes that are desired by customers and that business will be lost unless the requests can be met (Tr. 681, 907, 1115, 1369).

This strongly supports the conclusion that none of the claims in issue can satisfy the test of discovery in that a prudent man would not invest time and money in any one claim with a reasonable prospect of success in developing a valuable deposit.

That decision went on to affirm the holding that all 23 claims involved in that contest were null and void. However, in 1970, this Board acted on a petition for reconsideration of the departmental decision in that case. That petition was supported by statements from present and former land office personnel, and indicated that their investigation of various buildings erected in the period from

1951-1955 had shown that the production from the North 7th Street group in 1954 was 298 tons, grossing \$3,526, and that in 1955 it was 580 tons, grossing \$8,700. This Board requested further information, as recounted in our decision which set aside the previous administrative decisions. We quote from that decision, Frank and Wanita Melluzzo, 1 IBLA 37, 40 (1970):

In our request for further information, we had asked that the Melluzzos sign a stipulation setting out, as to each claim, the amount produced and sold by them prior to July 23, 1955. We intended, by having statistics on which the United States and the claimants agreed, to put an end, if possible, to the confusion that has arisen from the vagueness and conflicts in Frank Melluzzo's testimony in this and other proceedings. The stipulation as presented is of little help, for it not only leaves uncertain the Melluzzo position as to these individual claims, but scarcely inhibits the use of some "floating" production in other contests.

There is, however, some indication of how the production was distributed among the three claims. The Chief, Branch of Minerals, Phoenix Land Office, who took part in the investigation, has submitted some comments on this point. Of the stone he observed in the various buildings he estimated that 2/3 came from the quarries on the Nita Jean No. 2, 1/3 from those on the north end of the Nita Jean and none came from the Concetta. He also observed no opened quarries on the Concetta.

If all of this production and revenue is attributable to the Nita Jean (7th Street) group in 1954-55, then practically none can be attributed to any of the numerous other claims held by Melluzzo and his associates, including the Rena group, and certainly there has been no showing of the existence of a discovery of a valuable mineral deposit within the boundaries of any particular Rena claim as of that time. At the hearing of that contest on February 14, 1956, Melluzzo was asked regarding his material sales in 1954, "Was all that sold from these two claims [Nita Jean and Nita Jean No. 2]?" To which he responded, "From those two claims. I had no other claims." (Tr. 733-36).

The record shows that in 1954-55 Melluzzo was just getting started in the mineral materials supply business. Yet he was claiming dozens of mining claims and asserting title to perhaps thousands of acres of public land in order to supply one modest stone yard with its stock of common stone, sand and gravel. Even though he might have been able to take a few truckloads of material from each claim and sell them at a profit, that would not be enough

to validate any one of them. Such activity would not constitute a bona fide intent to develop a valuable mine nor would it demonstrate that any particular claim contains a "valuable" mineral deposit on which a sustained profitable, commercial mining operation be conducted. See United States v. Osborne (On Remand), 28 IBLA 13, 29 (1976).

Thus we hold that the contestant's prima facie case of non-marketability was not overcome by a preponderance of credible evidence and that the Rena placer claims were properly held to be invalid for this reason.

#### DATE OF LOCATION

[4] The other principal issue is the date of location of those claims, for even were there a market for the material from the Rena claims, if they were located after July 23, 1955, they were null and void, as common varieties of sand, gravel, and building stone were withdrawn from location on that date. 30 U.S.C. §§ 611-615 (1970).

As noted above, this issue was raised specifically in the Government's contest complaint. The Hearing Examiner, in his decision dated November 9, 1964, discussed this issue and the evidence relating thereto in considerable detail, and he expressly found that the six Rena claims were not located prior to July 23, 1955. On appeal to the Director, BLM, this issue was again thoroughly explored, and by decision dated February 11, 1966, the decision of the Hearing Examiner was affirmed. Appeal was then made to the Secretary of the Interior. In the decision styled United States v. Melluzzo, 76 I.D. 160 (1969), the Assistant Solicitor, Branch of Land Appeals, noted that one of the charges in the contest complaint was that the claims had not been located prior to July 23, 1955; that the Examiner had held that this charge was true in fact; and that his decision had been affirmed by the Chief, Office of Appeals and Hearings, BLM. Id. at 163-64. The Assistant Solicitor devoted most of his opinion to an analysis of the common variety and marketability issues, concluding that the material on the Rena claims were common stone, sand and gravel for which no profitable market existed prior to July 23, 1955, and thus the claims were invalid for lack of discovery. Having so held, the Assistant Solicitor stated:

Since we have concluded that the materials on the claims are common varieties of sand, gravel and stone, which were not marketable prior to July 23, 1955, it follows that the claims are invalid. Therefore we need not review extensively the dispute over the date on which the claims were located, for even if they were located prior to July 23, 1955, they are nonetheless

invalid. However, if our view is material we agree with the decisions below that the claims were not located prior to July 23, 1955. [Emphasis added.]

\* \* \* \* \*

Therefore, pursuant to the authority delegated to the Solicitor by the Secretary of the Interior (210 DM 2.2A(4)(a); 24 F.R. 1348), the decision of the Bureau of Land Management is affirmed.

Thus, each of the three previous administrative decisions in this case held that the claims were not legally located before July 23, 1955. The United States District Court, on July 29, 1974, found that the Secretary's decision was not arbitrary or capricious and was supported by substantial evidence in the administrative record, and held that the Secretary was entitled to summary judgment as a matter of law.

Upon remand of the case to this Board by the Court of Appeals, the parties were afforded the opportunity to recommend procedures to be followed in compliance with the Court's order, as is required by our Rules of Practice. 43 CFR 4.29. The contestant urged that although the Court had not addressed the "date of location issue," it was still a proper one for the Board to consider, and that a determination that the claims were not located prior to July 23, 1955, would be dispositive of the case. In response, counsel for the contestees said:

The Ninth Circuit had before it the question of whether the claims were properly located. And, although the court did not expressly deal with the question in its Opinion, it necessarily ruled in Melluzzos' favor as evidenced by the one narrow question on the marketability that it sent back to the department on remand. The Contestant chose not to seek a rehearing before the Court of Appeals on the location issue. The Ninth Circuit's Decision has become the law of the case. The location question is no longer at issue.

We cannot construe the absence of any mention of this issue by the Court as the equivalent of a reversal of the administrative decisions on this point, or of the judgment of the District Court which affirmed the departmental decision. Moreover, this Board has continuing responsibility and jurisdiction to consider the question, as the power of the Secretary to inquire into the extent and validity of rights to public land claimed against the Government does not cease until legal title passes, "to the end that valid claims may be

recognized, invalid ones eliminated, and the rights of the public preserved." Cameron v. United States, 252 U.S. 450, 460-61 (1920). Therefore, in no event could the validity of the Rena claims be recognized by this Department without a resolution of this issue.

The claims were not recorded by Melluzzo until December 18, 1962 - eight years after he asserts he located them, and about 7-1/2 years after the law prohibited the location of claims for common varieties of stone, sand, gravel and other like mineral materials. The evidence that the claims were not located on December 20, 1954, or at any time prior to July 23, 1955, is very convincing. An understanding of the circumstances which led to the initiation of this contest proceeding contributes much to an appreciation of the evidence.

Lewis Zentner, a mineral examiner for the BLM saw no sign of workings on these claims in March 1962, while on other business in this area (Tr. 23). However, in October 1962, when informed of an alleged trespass in the area, he investigated and found a mining operation stripping large amounts of sand and gravel from the area (Tr. 24). He found one Linsenmeyer in charge of the operation, who stated that he had an agreement with Melluzzo to strip the overlying sand and gravel so that Melluzzo could get at the underlying lode deposit (copper) (Tr. 28). Melluzzo had located most of the land in the area in 1957 for copper pursuant to the mining laws pertaining to lode claims. At the time Zentner checked the trespass area there was no record anywhere of any claims having been located as placers or for such placer material as sand, gravel, or stone.

After Zentner's investigation of the alleged trespass, the BLM received an inquiry from Otto H. Linsenmeyer, the owner of the company performing the stripping operations. He wrote on behalf of Melluzzo asserting that he had an agreement with Melluzzo to remove the overburden at no charge to Melluzzo (Exh. 41). There was no mention of any intention on the part of Melluzzo to do anything but but remove overburden from his lode claims. On November 9, 1962, the BLM served All State Materials Corp., owned by Linsenmeyer, with a notice of trespass directing it to cease operations at once. The pits made by the corporation were also posted against any further trespass. All State filed a response with BLM on November 20, 1962. It attached a copy of a "PERMIT TO REMOVE OVERBURDEN." This "permit," signed by Frank Melluzzo and dated May 8, 1962, gives Linsenmeyer the right to remove overburden from a number of the El Rame copper lode mining claims. There is no mention made of any placer claims (Exhs. 10, 20). At the hearing in this case in 1963 and 1964 an agreement between Melluzzo and Linsenmeyer was introduced (Exh. 11). That agreement, dated May 8, 1962, provided that All State may remove sand, gravel, and silt from some of the lode claims located for copper. Again, there is no mention of any placer claims.

On December 20, 1962, Melluzzo recorded location notices for six association placer claims, the Rena Nos. 1 through 6. The claims were all in the area of the sand and gravel that had been removed by Linsenmeyer (Exhs. 3-8). The notices all contain the statement "Dated and posted on the ground this 20 day of Dec. 1954," and each is signed by both Frank and Wanita Melluzzo.

The BLM then brought both these contest proceedings and others, contesting the validity of both the placer claims and the lode claims located for copper. The testimony and exhibits given in these hearings reveals that Melluzzo almost certainly located the six placer mining claims, the Rena Nos. 1-6, in December 1962, not in December 1954.

The BLM mineral examiner, Zentner, testified that in November 1962 he examined the claim area, accompanied by Melluzzo. They walked together through the area and Melluzzo "at various times would point out what he considered indications of valuable mineral, copper, on these claims. The rock is green, is a green stone" (Tr. 39). Zentner then testified as follows:

Q. What was the purpose of your covering this ground with Mr. Melluzzo on that date?

A. We were identifying, attempting to identify mineral associated with lode claims at that time.

Q. Well, was there any discussion about any placer claims?

A. No. There was not.

Q. Was there any discussion about lode claims?

A. Yes, there was.

Q. What were these lode claims?

A. These lode claims, according to Mr. Melluzzo, were valuable for copper. He pointed out up there at the east end of the dam some trenching in which there was exposed some secondary copper in lenses, small lenses. Except for those lenses there I don't recall, I did not see any other copper mineralization other than some minute staining occasionally, on any of the rest of the claims.

(Tr. 40, 41).

Zentner's only purpose in conducting this November 1962 inspection was to examine Melluzzo's El Rame lode claims from which placer material was being removed, but Melluzzo made no reference at that time to the existence of the Rena placer claims, or any placer claims, on this land (Tr. 97-101, 115, 916). Zentner further testified:

Q. And that as a result of that gravel pit he would be able to remove the surface gravels and also expose the rock in place on the bottom, is that what he said?

A. He said he had no interest in the gravel that was being removed. His sole purpose was to get it out of the way. He had come into the office previously and said, "Where can I dump this material so I can get down to the bedrock? You wouldn't let me put it anywhere around here."

Q. When he made that statement was he speaking as to these claims?

A. These lode claims, yes.

Q. Of what lode claims?

A. The El Rames. He didn't say which lode claims.

Q. How many El Rames does he have?

A. He has between forty and fifty El Rames.

Q. And how many cover this particular area?

A. Four of them.

(Tr. 100).

\* \* \* \* \*

A. He stated that this was a stripping operation to remove material from his lode claims. He didn't want to move it over on any other lode claims because he would be covering up his valuable mineral. Therefore, he was allowing these people to move this material out of the area.

(Tr. 132).

The following month, December 1962, Melluzzo filed for record the location notices for the six placer claims here at issue, the Rena Nos. 1 through 6, alleging that they had been located in 1954. It is incredible that Melluzzo would not have mentioned them during his joint examination of the land with Zentner, had they in fact existed at that time, particularly in light of the fact that they had then inspected the placer workings on what was subsequently revealed as the site of the Rena No. 4 placer claim. Also, after the BLM issued the trespass notice Melluzzo and Linsenmeyer came to Zentner's office to discuss it. Zentner testified that they told him that the purpose of the removal was to get the overburden off the lode claims, and that Melluzzo was receiving no remuneration for the material (Tr. 28). This was in November 1962 (Tr. 29). There was no mention of placer claims (Tr. 32).

Moreover, Melluzzo apparently never told anyone else about the location of the Rena placers, including a number of other people who really deserved to know. Not one witness testified to ever having heard mention of the Rena placers by name prior to December 20, 1962, or having seen any written reference thereto. As mentioned above, on May 8, 1962, Melluzzo gave Otto Linsenmeyer a "Permit to Remove Overburden" (Exh. 10) from 18 of the El Rame lode claims, some of which blanketed the area of the Rena placers, which Melluzzo allegedly had located for stone, sand and gravel. The text of this document, signed by Melluzzo, reads:

Otto H. Linsenmeyer is hereby permitted and authorized to remove the sand, gravel, rock and silt from the premises hereinbelow described, until such time as said materials are entirely removed from said premises, the same being an overburden to mining claims held of record by the undersigned, and which will enable the undersigned to effectively pursue his mining claims heretofore recorded.

If Melluzzo had located placer claims for these materials, why would he not tell Linsenmeyer about them? Further, if Melluzzo regarded the sand, gravel and rock as a valuable mineral deposit for which he had located placer claims in 1954, why would he grant permission to take them "until such time as said materials are entirely removed?" And what "mining claims" of his could he "effectively pursue" if this material were removed?

When BLM served Linsenmeyer with a notice of trespass for the unauthorized removal of these materials, he responded with an affidavit (Exh. 20), in which he asserted his authority under the "permit" from Melluzzo to remove overburden from the El Rame lode claims. This document is dated November 20, 1962. It is apparent

that even at this date (1 month before the recordation) Linsenmeyer still had not been told of the existence of the Rena placers, even though he called Melluzzo to discuss the matter of the trespass notice (Tr. 772). Strangely, in this November affidavit, Linsenmeyer, a lawyer, referred only to the "permit" from Melluzzo and omitted any mention of a formal lease of the sand, gravel and silt deposits on the same El Rame lode claims. This instrument bears the same date as the "Permit To Remove Overburden" and incorporates much of the language of the permit. The lease makes no reference to the Rena placers, or to any placers (Exh. 11). The lessee (Linsenmeyer) was obligated to pay a rental of \$1 per year and a royalty of 1/2 cent per ton on all material removed, another indication of how Melluzzo regarded the value of these deposits in 1962. 4/

Melluzzo testified at length how he built claim monuments for the Rena placers in 1954 with the help of W. W. Adams, who was a part-time department store Santa Claus. But, he stated on cross-examination that he had also located the El Rame lode claims so that the corner monuments of the Rena placers conveniently served also as monuments for the El Rame lode claims. Thus, according to Melluzzo, one set of monuments were common to both the Rena placers and the El Rame lode claims, although additional monuments needed to be built to fully identify the lode claims (Tr. 535-36). Adams' testimony indicates that he had never seen mining claims located before (Tr. 224), did not understand the procedure or method involved and simply built monuments in the places which Melluzzo indicated to him (Tr. 226). Significantly, Adams could not testify as to the name of the claims he was monumenting on that occasion (Tr. 223). 5/ Harvey Smith, a mining engineer called as a witness by the contestant, testified that he had made several visits to the claim area, some with Melluzzo, in 1960 or 1961, and subsequently, and conducted mineral examinations, including one on the day before the hearing. However, with reference to the monuments he observed in the claim area, Smith testified as follows (Tr. 315-16):

Q. Do you have any idea as to whether these corners that you did see, or these monuments you did see were for lode claims or for placer claims?

4/ Although the lease provides for 1/2 cent per ton royalty, Melluzzo testified that he was getting 10 cents per ton royalty from the lease for the gravel. There was no corroboration of this. The "permit" does not provide for any remuneration to Melluzzo, which comports with Zentner's testimony.

5/ A number of the contestant's witnesses testified that they had not observed these monuments in the area in 1955 and subsequently. Melluzzo stated that those built in the wash of Cave Creek were carried away after the first good rain, and that people stole the rocks and 4" x 4" posts with which he had made his other monuments, so he did not bother replacing them.

MR. TOGNONI: I object to the question on the basis that it is inconceivable how anybody could tell whether a monument was a placer monument or a lode monument.

HEARING EXAMINER HOLT: Can you answer the question?

THE WITNESS: I really don't know. I mean, Mr. Melluzzo said they were placer claims, so I presumed they were put there for placer claims.

Q. Do you know whether there are any lode claims in the same area?

A. From what Mr. Melluzzo has told me there are lode claims in here, and I know that in that area there are some lode claims. There were some over here in the west part of the area.

Q. So those monuments that you saw, then, you can't tell whether they were for the lode or for the placers?

A. No. They are not marked.

Q. I see.

A. A mound of stones is a mound of stones.

Not only did Melluzzo fail to record notices of location for the Rena placer claims until late 1962, he also failed to file any affidavits of annual labor (assessment work) for these claims as required by 30 U.S.C. § 28 (1970). Strangely enough, however, he did record the location notices for the El Rame lode claims, which blanketed the land on which the Renas were allegedly located, and contracted for the performance of annual assessment work on the El Rames. In so doing, he never mentioned the existence of the Rena placers to the contractor who was performing the assessment work on the same land. Melluzzo testified, at Tr. 779-80, as follows:

A. No. He was to do the assessment work on all fifty-nine claims.

Q. Are you talking about fifty-nine lode claims?

A. On all the claims. Yes, that whole area.

Q. On fifty-nine lode claims? Was he to do any assessment work on your Rena placer claims?

A. My assessment work is so much work done, and I file my affidavits of labor if I do it.

Q. Do you want to answer the question now?

A. All right, go ahead.

Q. Was he to do any assessment work on the Rena placer claims?

A. He knew nothing about the Rena placer claims.

Melluzzo attempted to explain his failure to record the Rena claims and file affidavits of annual assessment work by testifying that he believed the placer claims were protected by the El Rame lode claims on the same land, which were recorded and for which affidavits of labor were on file, saying, "[I]f you have a lode a person cannot place a placer on top of a lode" (Tr. 839). This is an erroneous statement of the law, but even if it were correct, the explanation raises more questions than it answers. The Rena placers allegedly were located in 1954. The El Rame lodes were not filed until 1957. Thus, the El Rame lodes would have offered no protection to the Renas during the interim, even under Melluzzo's distorted concept of the law. He attempted to explain this by saying first that the property "was so inaccessible that nobody even wanted to go out there" (Tr. 840), and that evidence of his workings on the claims constituted visible proof that he was claiming the land, although he admitted that his "workings" on most of the claims consisted of little indentations on the surface where he had picked up individual stones, and that such surface indications would probably disappear with the next rain (Tr. 844).

Mrs. Frank Melluzzo, who signed the location notices as co-locator, testified that she did not know whether she signed the documents on the date indicated thereon, December 20, 1954, because "He has more than one claim so I couldn't possibly say" (Tr. 896).

Moreover, the Arizona Revised Statutes provide, at 27 ARS § 207:

The locator of a placer mining claim shall locate the claim in the following manner:

\* \* \* \* \*

3. By recording within 60 days after the date of location a copy of the location notice in the Office of the County Recorder.

Melluzzo, of course, alleges that he delayed recordation for 8 years. "A location of a mining claim is not made by taking possession alone, but by working on the ground, recording, and doing whatever else is required for that purpose by the acts of Congress and the local laws and regulations." Belk v. Meagher, 104 U.S. 279 (1881).

In order for a placer mining claim to be valid it must have been located timely for placer material, such as sand gravel or building stone; conversely, in order for a lode claim to be valid it must have been located for a lode material such as gold, silver, or copper within veins, for as the Supreme Court noted in Cole v. Ralph, 252 U.S. 286, 295 (1920), "A placer discovery will not sustain a lode location, nor a lode discovery a placer location."

This is precisely the situation that Melluzzo found himself in at the time of the BLM trespass investigation in late 1962. He had some lode claims of very dubious validity located for copper. He was removing sand, gravel, common dirt, silt, and stone from the claims and allegedly receiving remuneration from his permittee/lessee. However, unless he had some better legal basis than copper lode claims of dubious validity for removing the placer material, he was very likely to be found liable for trespass, and he had received official warnings to that effect (Tr. 771, Exh. 40).

The evidence clearly shows that Melluzzo found himself caught in the dilemma just outlined. He resolved it by misrepresentation. In fact, nearly all of the evidence elicited at the hearing supports the finding—including many prior inconsistent statements by Melluzzo himself—that the claims were located in December of 1962, not December of 1954.

Five of the six forms on which Melluzzo swore that the claims were "Dated and posted on the ground this 20 day of Dec. 1954," were not even in print until 1958 (Tr. 921). We have noted earlier in the discussion of marketability Melluzzo's statement under oath that there was no building material in this area. We quote again from Melluzzo's testimony in that case:

A. \* \* \* You see, I have a copper mine, 900 acres, and there is 42 claims up there.

Q. In 1957 were you removing building material from those claims?

A. No. There was no building material there.

United States v. Melluzzo, Arizona Contest No. 9866 (August 15, 1958). The six Rena claims are located for sand, gravel, and stone,

common building materials, which Melluzzo stated throughout this hearing were used for building purposes. It is inconceivable that Melluzzo would give the preceding testimony in 1958, if the Rena claims had been in existence at the time, and valuable deposits of building material had been discovered for which a profitable market had then existed for more than 3 years. Moreover, a search of the records of Maricopa County for the years 1954 to 1962 revealed that affidavits of labor had been filed on his other claims at one time or another during that period, but no affidavit had ever been filed on the Rena claims, though they, too, were supposedly in existence at that time (Exh. 38). 6/

Moreover, during the entire time from the beginning of the investigation of the trespass charges by BLM employees to the initiation of contest proceedings, Melluzzo never indicated that he had placer claims in this area. Normally, any person facing trespass charges in similar circumstances would not hesitate to assert his placer claims as a basis for his removal of the sand, gravel, and stone. For 2 months, Melluzzo failed to do so. To remain silent when a person would normally defend himself in such circumstances strongly raises the inference that there were no such claims at that time. The fact that the leases between Melluzzo and Linsenmeyer and the "Permit To Remove Overburden" refer only to the El Rame Lode claims and not to the Rena placer claims strongly supports that inference. It seems almost inconceivable that a claim owner would not inform his permittee, who had been officially warned against trespass, of the legal basis for the claimant's belief in his ownership of the material.

After reviewing the evidence, it is clear that the Government has made a prima facie case that the six Rena claims were not located until December of 1962. The contestees have presented some evidence that the claims were located in 1954. Most of that evidence consists of Melluzzo's own assertions that the claims were located then. But the one element lacking in Melluzzo's testimony is credibility. We

6/ The following is an excerpt from p. 14 of the Hearing Examiner's decision:

"Among the documentary exhibits received in evidence were copies of all of the affidavits of labor signed by Frank Melluzzo (Exhs. 36-A through 36-0) recorded in Maricopa County and a summary sheet (Exh. 38) listing the affidavits in chronological order. The list includes affidavits of labor for the Nita Jean Nos. 2, 3, and 4; Concetta No. 1; Dino S; a number for the Enterprise group; the P. and M. Enterprise group; the El Rame group; the La Fe; and the La Fe No. 1. There are no affidavits of labor for the Rena placer claims on record."

find that not only has Melluzzo failed to overcome the Government's prima facie case, he has buttressed the Government's case with prior inconsistent statements, failure to speak when the circumstances call for it, failure to present a single document recorded before December 18, 1962, referring to the Rena claims, and his obvious need for a defense to the trespass charge. The Rena claims were not located before December of 1962 and consequently are invalid, as claims located for sand, gravel, and other common varieties could not be located after July 23, 1955.

[5] This Board has authority to reverse the fact findings of the hearing examiner, even when not clearly erroneous. However, where the resolution of the case is influenced by his findings of credibility, which in turn are based upon his reaction to the demeanor of the witnesses, and such findings are supported by substantial evidence, they will not be disturbed by the Board. State Director for Utah v. Dunham, 3 IBLA 155, 78 I.D. 272 (1971), citing United States Steel Co. v. NLRB, 196 F.2d 459, 467 (7th Cir. 1952); NLRB v. James Thompson & Co., Inc., 208 F.2d 743, 745-56 (1953); Broadcast Music, Inc. v. Havana Madrid Restaurant Corp., 175 F.2d 77-80 (2nd Cir. 1949). This is because the trier of fact who presides over a hearing has an opportunity to observe the witnesses, and is in the best position to judge the weight to be accorded testimony. United States v. Lee Chartrand, 11 IBLA 194, 212, 80 I.D. 408, 417 (1973). It is apparent from a reading of the Hearing Examiner's decision in this case that he did not place a great deal of credence in Melluzzo's testimony regarding either the marketability issue or the date of location issue. As noted by the Court in another case involving the validity of claims located for common variety mineral materials:

The burden of the proponent, plaintiff here, is not simply to preponderate in the evidence produced, its burden is to produce a preponderance of credible evidence, and the trier of fact is not required to believe or give weight to testimony which is inherently incredible.

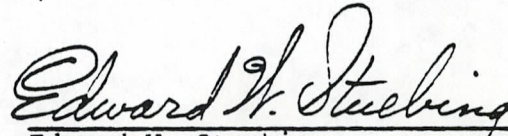

Osborne v. Hammitt, 377 F. Supp. 977, 985 (1964).

In conclusion, we find that the bulk of the evidence presented by Melluzzo is unworthy of credence. However, even were we to ascribe full weight and credibility to that evidence, it would still fall far short of the preponderance required to overcome the contestee's prima facie showing to the effect that it would have been "economic folly" to attempt to develop a valuable mine on each of these claims or upon any particular one of them.

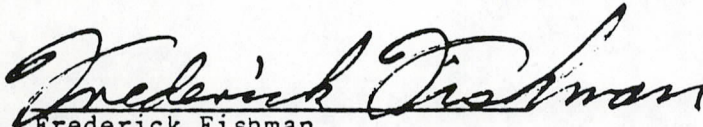

Further, we find that the Rena placer claims Nos. 1 through 6 did not in fact exist on or before July 23, 1955, being located

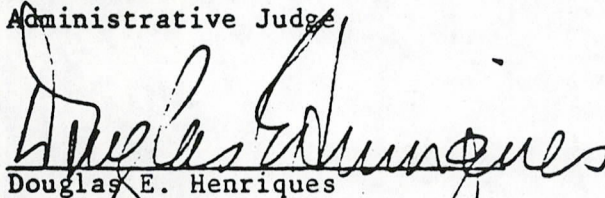

thereafter in violation of the Act of July 23, 1955, 30 U.S.C. § 611 (1970).

Therefore, pursuant to the authority delegated to the Board of Land Appeals by the Secretary of the Interior, 43 CFR 4.1, we find that the Rena place mining claims numbers 1 through 6 were properly held null and void by the decision styled United States v. Melluzzo, et. al., 76 I.C. 160 (1960), which decision is hereby sustained.

## Transfers Not Processed

Two conveyance documents to transfer ownership of the nineteen mining claims listed above was received by the Bureau of Land Management (BLM) Arizona State Office on July 27, 2017, receipt #3908433. The transfers of ownership cannot be processed for the following reasons:

The quit claim deeds (QCD's) cannot be processed as filed. **In the case of the death of a mining claim owner, in order to transfer ownership, the following documents are required: 1) copy of the death certificate; 2) proof that whomever signs the QCD has authority to sign on behalf of the deceased claimant (this can be a copy of the will or a document from probate court declaring the executor of the will or personal representative of the deceased); 3) a QCD signed by the authorized executor or personal representative and under the signature it should be noted in what capacity the person is signing (i.e., executor, personal representative, etc.); 4) Processing fee of \$10 per claim, per grantee; and 5) the address of each grantee. Since the claims are listed under Frank Melluzzo and were not part of the trust, the trust documents are not acceptable.**

*FRANK ROW SUNBURST*

Of the twelve claims that you wish to transfer to WGK Properties, LLC, Frank Melluzzo alone owns AMC72700, AMC72702, AMC72708 and AMC72709. all powers now or hereafter conferred on executors by law, except as otherwise specifically provided in this will, including any powers enumerated in this will.

4.5. Power to Invest. The executor shall have the power to invest estate funds in any kind of real or personal property, as the executor deems advisable.

4.6. Division or Distribution in Cash or in Kind. In order to satisfy a pecuniary gift or to distribute or divide estate assets into shares or partial shares, the executor may distribute or divide those assets in kind, or divide undivided interests in those assets, or sell all or any part of those assets and distribute or divide the property in cash, in kind, or partly in cash and partly in kind. Property distributed to satisfy a pecuniary gift under this will shall be valued at its fair market value at the time of distribution.

4.7. Power to Sell, Lease, and Grant Options to Purchase Property. The executor shall have the power to sell, at either public or private sale and with or without notice, lease, and grant options to purchase any real or personal property belonging to my estate, on such terms and conditions as the executor determines to be in the best interest of my estate.

4.8. Payments to Legally Incapacitated Persons. If at any

3 time any beneficiary under this will is a minor or it appears to  
4 the executor that any beneficiary is incapacitated, incompetent, or  
5 for any other reason not able to receive payments or make  
6 intelligent or responsible use of the payments, then the executor,  
7 in lieu of making direct payments to the beneficiary, may make  
8 payments to the beneficiary's conservator or guardian; to the  
9 beneficiary's custodian under the Uniform Gifts to Minors Act or  
10 Uniform Transfers to Minors Act of any state; to one or more  
11 suitable persons, as the executor deems proper, such as a relative  
12 or a person residing with the beneficiary, to be used for the  
13 benefit of the beneficiary; to any other person, firm, or agency  
14 for services rendered or to be rendered for the beneficiary's  
15 assistance or benefit; or to accounts in the beneficiary's name  
16 with financial institutions. The receipt of payments by any of the  
17 foregoing shall constitute a sufficient acquittance of the executor  
18 for all purposes.

20 ARTICLE FIVE  
21 CONCLUDING PROVISIONS  
22

23 5.1. Definition of Death Taxes. The term "death taxes," as  
24 used in this will, shall mean all inheritance, estate, succession,  
25 and other similar taxes that are payable by any person on account  
26 of that person's interest in my estate or by reason of my death,  
27 including penalties and interest, but excluding the following:

Will of Frank Melluzzo

(a) Any addition to the federal estate tax for any "excess retirement accumulation" under Internal Revenue Code Section 4980A.

(b) Any additional tax that may be assessed under Internal Revenue Code Section 2032A.

(c) Any federal or state tax imposed on a "generation-skipping transfer," as that term is defined in the federal tax laws, unless the applicable tax statutes provide that the generation-skipping transfer tax on that transfer is payable directly out of the assets of my gross estate.

5.2. Payment of Death Taxes. Pursuant to the declaration of trust executed on the same date as, but immediately before, the execution of this will by Frank Melluzzo and Wanita Jean Melluzzo as settlors and trustees, all death taxes, whether or not attributable to property inventoried in my probate estate, shall be paid by the trustee from that trust. If that trust does not exist at the time of my death, or if the assets of that trust are insufficient to pay the death taxes in full, I direct the executor to pay any death taxes, whether or not attributable to property inventoried in my probate estate, that cannot be paid by the trustee, by prorating and apportioning those taxes among the persons interested in my estate; however, any death taxes attributable to any property passing to my wife under this will or otherwise that qualifies for the federal estate tax marital deduction shall be paid pro rata out of property passing under this will or otherwise that does not qualify for the federal estate tax marital deduction, so that the property qualifying for the federal

4 death taxes.

5  
6 5.3. No-Contest Clause. If any person, directly or  
7 indirectly, contests the validity of this will in whole or in part,  
8 or opposes, objects to, or seeks to invalidate any of its  
9 provisions, or seeks to succeed to any part of my estate otherwise  
10 than in the manner specified in this will, any gift or other  
11 interest given to that person under this will shall be revoked and  
12 shall be disposed of as if he or she had predeceased me without  
13 issue.

14  
15 5.4. Definition of Incapacity. For purposes of this will, a  
16 person shall be deemed "incapacitated" if and for so long as a  
17 court of competent jurisdiction has made a finding to that effect,  
18 or a guardian or conservator of that person's estate or person duly  
19 appointed by a court of competent jurisdiction is serving, or upon  
20 certification by two physicians (licensed to practice under the  
21 laws of the state where the person is domiciled at the time of the  
22 certification) that the person is unable properly to care for  
23 himself or herself or for his or her property. The latter  
24 certification shall be made by each physician in a written  
25 declaration under penalty of perjury.

Dear Pauline,

As per our phone conversation this AM, please be in receipt of the trust page naming me Trustee of my Parents trust and estate, since there was no probate, this is all the documentation required.

The new current address here is: 1600 N. Cherry Hills Lane, Dewey, AZ 86327.

Should you need any more information, I can be reached at: 928-632-5528

Sincerely,

Hi Pauline,

There was no court involved as we did all of our trust work , i.e. my Dad was the A survivor Trust and my 2 sisters and I were the B Decedents Trust. Upon my Dad's passing, both trusts were closed per my Folks Trust instructions and I took over as the Trustee ( Executor ) of their Trust since no Probate was required. The county is Yavapai and Tina gave me the instructions to filing at Yavapai County.

I am leaving for L.A. On Fri. morning ( as I am now in Phx. ) and returning on Wed the 9th.

Please let me know if I can answer any more questions, as all my documents are in Cherry ( 80 miles from here )

Sincerely,  
Wayne

Good Morning Sir,

I will need the address for: WGK PROPERTIES LLC, and also the address for: THE MELLUZZO FAMILY TRUST. Our database currently has three different addresses for FRANK MELLUZZO, they are as follows: (1) 10609 N 8TH ST Phoenix, AZ; (2) 706 E PEORIA AVE Phoenix, AZ; and (3) 10980 W CHERRY CREEK RD Dewey, AZ. Did your father utilize all three addresses? If so, which address was his most recent address?

Please Advise,

The Frank and Wanita Melluzzo Family Trust/Synopsis of Trust

cotrustee has been designated under any other provision of this trust instrument, Wayne Frank Melluzzo, son of settlors, shall be successor cotrustee with the surviving settlor-trustee. If the surviving settlor/trustee is unable or unwilling to continue as cotrustee, then Wayne Frank Melluzzo shall act as sole trustee. If Wayne Frank Melluzzo is otherwise unable or unwilling to act as trustee, then Kay Ann Melluzzo Eberle shall act as trustee.

7.3. Successor Trustees. If the office of trustee becomes vacant by reason of death, incapacity, or any other reason, and no successor trustee or cotrustees have been designated under any other provision of this trust instrument, a new trustee or cotrustee shall be appointed by the court.

7.4. Definition of Trustee. Reference in this instrument to "the trustee" shall be deemed a reference to whoever is serving as trustee or cotrustees, and shall include alternate or successor trustees or cotrustees, unless the context requires otherwise.

7.5. Removal and Replacement of Trustee. While both settlors are alive, the settlors shall have the power, at any time and for any reason, with or without cause, to remove any trustee acting under this instrument, and notwithstanding any other provision of this instrument, designate another trustee to replace the removed trustee. Removal shall be effected by giving a written notice of removal to the trustee to be removed and to the designated

Good morning Pauline,  
I am so sorry for all the confusion with all of my Dad's mess as I am trying to clear up some 92 years of poor book keeping !! All of the current addresses for every claim and Mary and my trust is: 1600 N. Cherry Hills Ln., Dewey, AZ. 86327. I believe that Tina has this on file, but upon my return next week, I will make sure and if need, make the appropriate changes.  
Sorry for the confusion.

Hi Pauline,

There is \$190 for a transfer document from Frank Melluzzo that I believe you sent a letter on back at the beginning of August. Can this money be earned now? It is on receipt #3908433 and the AMC number on the receipt is AMC72700.

Thanks,

Amy

IF we did not receive a corrected QCD by 9/14/2017, then I can go ahead and earn the money as document not processed. Do you know if anything came in?

No corrected QCD in the transfer box from the Melluzzo group. I asked ReAnn too but she said she did not see anything from them. I'll go ahead and earn the money (AC398), if you don't mind.

Conversation Record for Above Case

Incoming call/message from  
Mr. Craig Sletten  
956-5209.

Mr. Sletten telephoned in reference to our request for an additional signature on his waiver form. The waiver was for the claim identified as A MC 72734. Mr. Sletten stated that he is the sole owner of this claim.

A review of the case indicates that Mr. Herbert Williams was listed as an original locator. Mr. Melluzzo transferred his interest to Yavapai County Messenger Service and they in turn transferred their interest to Mr. Sletten, Mr. Williams, however, as far as our records show, never transferred his interest.

I left a message on Mr. Sletten's machine to this effect, he will be calling for more information tomorrow.

The only recourse at this point is to have Mr. Williams sign the waiver (if he qualifies), or produce a record of transfer (acceptable) that occurred prior to Aug. 31, 1998.

Mary Jo Yoas

*9/9/98 2:45 p.m. Mr. Sletten called again. He will try and provide more info by Thu/ Fri.*

RECEIVED  
B.L.M. AZ STATE OFFICE      AGREEMENT

SEP 20 2 30 PM '88

PHOENIX, ARIZONA

THIS AGREEMENT is made and effective this 24 day of Sept, 1988, by and between Frank Melluzzo and Wanita Melluzzo, husband and wife, ("Melluzzo") whose address is 10609 North 8th Street, Phoenix, Arizona 85020 and Starlite Industries, Inc., ("Starlite") an Arizona corporation, whose address is P.O. Box 2686, Carefree, Arizona 85377.

RECITALS

1. Melluzzo owns the unpatented mining claims listed on Exhibit A ("Property").
2. Melluzzo desires to lease or sell the Property.
3. Starlite will undertake finding and negotiating a lease or sale of the Property on behalf of Melluzzo.

NOW THEREFORE, for valuable consideration, the sufficiency and receipt of which is hereby acknowledged, the parties have agreed as follows:

AGREEMENT

1. STARLITE'S OBLIGATIONS - Starlite shall make all reasonable efforts to locate a lessee/purchaser for the Property and negotiate a contract with said party.
2. AGENCY GRANT - Melluzzo hereby grants Starlite the right to negotiate, and do all things necessary to negotiate, a contract, subject to Melluzzo's review and approval with a potential lessee/purchaser of the Property.
3. ASSESSMENT WORK - Starlite shall accomplish the 1988-1989 assessment work on the Property.
4. STARLITE'S COMPENSATION - Starlite shall receive the compensation outlined on Exhibit B attached hereto and incorporated herein.
5. TERM - The duration of this Agreement shall be six (6) months from the effective date hereof, renewable at Melluzzo's option. Any contacts with a potential lessee or purchaser, initiated by Starlite prior to termination of this Agreement and which result in a lease or sale of Property in compliance with the proceeding paragraphs of this Agreement shall be fully binding upon the parties if concluded within one year of said termination.

6. OBLIGATIONS OF AND INDEMNITY BY STARLITE -

(A) CONDUCT OF OPERATIONS-PROTECTION FROM LIENS -

Starlite agrees to comply with local, state and federal laws and regulations governing its operations hereunder. Starlite shall pay expenses incurred by it in its operations on the Property and allow no liens arising from any of Starlite operations to remain upon the interest of Melluzzo in and to the Property. If Melluzzo posts the notice of non-liability specified by A.R.S. Section 33-990, Starlite agrees to keep such notice posted during the term of this Agreement. Starlite shall carry workman's compensation or industrial insurance coverage to the extent required by the laws of the State of Arizona.

(B) INDEMNIFICATION OF MELLUZZO - Starlite shall indemnify and save Melluzzo free and harmless from all claims that may arise solely out of its occupation of the Property and operations by it, its employees, agents or contractors, and shall indemnify and defend Melluzzo against any suit, claim, judgment or demand whatsoever arising out of negligence on the part of Starlite in the exercise of any of its rights pursuant to this Agreement, provided that Melluzzo shall not have been a significant contributing cause to the event giving rise to such suit, claim, demand or judgement.

DATED THIS 24 day of Sept, 1988.

AGREEMENT

SEP 20 2 31 PM '88

PHOENIX, ARIZONA  
THIS AGREEMENT is made and effective this 24 day of Sept., 1988, by and between Frank Melluzzo and Wanita Melluzzo, husband and wife, ("Melluzzo") whose address is 10609 North 8th Street, Phoenix, Arizona 85020 and Starlite Industries, Inc., ("Starlite") an Arizona corporation, whose address is P.O. Box 2686, Carefree, Arizona 85377.

RECITALS

1. Melluzzo owns the unpatented mining claims listed on Exhibit A ("Property").
2. Melluzzo desires to lease or sell the Property.
3. Starlite will undertake finding and negotiating a lease or sale of the Property on behalf of Melluzzo.

NOW THEREFORE, for valuable consideration, the sufficiency and receipt of which is hereby acknowledged, the parties have agreed as follows:

AGREEMENT

1. STARLITE'S OBLIGATIONS - Starlite shall make all reasonable efforts to locate a lessee/purchaser for the Property and negotiate a contract with said party.
2. AGENCY GRANT - Melluzzo hereby grants Starlite the right to negotiate, and do all things necessary to negotiate, a contract, subject to Melluzzo's review and approval with a potential lessee/purchaser of the Property.
3. ASSESSMENT WORK - Starlite shall accomplish the 1988-1989 assessment work on the Property and settle Melluzzo's dispute with the United States Forest Service regarding the 1987 assessment work on the Property.
4. STARLITE'S COMPENSATION - Starlite shall receive the compensation outlined on Exhibit B attached hereto and incorporated herein.
5. TERM - The duration of this Agreement shall be six (6) months from the effective date hereof, renewable at Melluzzo's option. Any contacts with a potential lessee or purchaser, initiated by Starlite prior to termination of this Agreement and which result in a lease or sale of Property in compliance with the

proceeding paragraphs of this Agreement shall be fully binding upon the parties if concluded within one year of said termination.

6. OBLIGATIONS OF AND INDEMNITY BY STARLITE -

(A) CONDUCT OF OPERATIONS-PROTECTION FROM LIENS -

Starlite agrees to comply with local, state and federal laws and regulations governing its operations hereunder. Starlite shall pay expenses incurred by it in its operations on the Property and allow no liens arising from any of Starlite operations to remain upon the interest of Melluzzo in and to the Property. If Melluzzo posts the notice of non-liability specified by A.R.S. Section 33-990, Starlite agrees to keep such notice posted during the term of this Agreement. Starlite shall carry workman's compensation or industrial insurance coverage to the extent required by the laws of the State of Arizona.

(B) INDEMNIFICATION OF MELLUZZO -

Starlite shall indemnify and save Melluzzo free and harmless from all claims that may arise solely out of its occupation of the Property and operations by it, its employees, agents or contractors, and shall indemnify and defend Melluzzo against any suit, claim, judgment or demand whatsoever arising out of negligence on the part of Starlite in the exercise of any of its rights pursuant to this Agreement, provided that Melluzzo shall not have been a significant contributing cause to the event giving rise to such suit, claim, demand or judgement.

DATED THIS 24 day of Sept, 1988.

VERY LOW FREQUENCY ELECTROMAGNETIC GEOPHYSICAL SURVEY  
CONDUCTED ON LODE MINING CLAIMS OPTIONED TO SEDONA RESOURCES

CHERRY CREEK MINING DISTRICT  
YAVAPAI COUNTY, ARIZONA

INTRODUCTION

At the request of SEDONA RESOURCES (Commodore Mining and Resources Ltd, 435 Laurier Ave. E., Suite 101, Montreal, P.Q., Canada H2J 1E6) a Very Low Frequency Electomagnetic Geophysical survey was conducted to assist in the economic evaluation of the lode mining claim group and also to determine where detailed grids should be considered to develop data for the design of an effective drilling program. The VLF survey was also conducted to fulfill the State and Federal requirements for annual assessment work, and was performed at a cost of \$12,000.

The Very Low Frequency Electromagnetic Geophysical survey was initiated on August 28, 1984 and the field work was completed by September 9, 1984, a continuous period. The area surveyed was in Sections 5, 6, 8, 9, 16, 17, 20 and 21, Township 14 North, Range 3 East, G&SRBM, Cherry Creek Mining District, Yavapai County, Arizona.

The survey indicated several interesting conductive structural highs that would warrant the consideration of detailed grid type Very Low Frequency Electromagnetic Geophysical survey lines to be run.

#### VERY LOW FREQUENCY ELECTROMAGNETIC SURVEY

##### PRINCIPLE OF OPERATION

The U.S. Navy VLF-transmitting stations operating for communications with submarines at sea, have a vertical antenna system. The antenna current is thus vertical, creating a concentric horizontal magnetic field around them. When these magnetic fields meet conductive bodies in the ground, there will be secondary fields radiating from these bodies. The instrument used for this type of survey, the EM-16, is simply a sensitive receiver covering the frequency bands of the VLF-transmitting stations with means of measuring the vertical field components.

The receiver has two inputs, with two receiving coils built into the instrument. One coil has normally vertical axis and the other is horizontal.

The signal from one of the coils (vertical axis) is first minimized by tilting the instrument. The tilt-angle is calibrated in percentage of electromagnetic response. The remaining signal in this coil is finally balanced out by a measured percentage of signal from the other coil (horizontal coil), after being shifted (electronically) by 90 degrees. This coil is normally parallel to the primary

MINING LEASE AGREEMENT

3-  
cc

THIS AGREEMENT made and entered into this 27<sup>th</sup> day of April, 1981, by and between WHITE MULE GOLD PROPERTIES, a Delaware corporation, hereinafter referred to as Lessee, and FRANK MELLUZZO, hereinafter referred to as Lessor.

WITNESSETH:

NOW, THEREFORE, IT IS HEREBY AGREED as follows:

1. Lessor shall lease for the purpose of mining, to Lessee, 23 unpatented lode mining claims located in Yavapai County, Arizona, the same being more explicitly described in Exhibit "A," attached to and made a part of this Agreement.
2. Lessor warrants title and capacity to execute this lease and warrants title to the same to all parties except the United States Government.
3. Lessee shall pay as and for lease rent the sum of Five Hundred (\$500.00) Dollars per month from the date of this Agreement to April 1, 1985. Thereafter and for a period of two years the rent shall be Seven Hundred Fifty (\$750.00) Dollars per month. From and after the expiration of the two year period and until such time as the property is sold, or the lease is terminated, the rental shall be the sum of One Thousand (\$1,000.00) Dollars per month.
4. The Lessee shall pay to the Lessor royalty on the said claim at a rate of Seven (7%) Per Cent of the net smelter return, PROVIDED HOWEVER that in computing royalties the rents agreed to be paid in paragraph 3 shall first be deducted so that the Lessor shall receive the larger of the two sums, i.e. the rent provided in paragraph 3 or the seven (7%) per cent smelter return. It is further agreed between the parties that should the ore grade drop below 0.8 ounces of gold per ton of ore, the parties will re-negotiate the rent/royalty payments.
5. Payments under this lease shall be due the first of each and every month, shall become delinquent on the 10th day of the month, and should the rents become sixty (60) days in arrears

BOOK 1383 PAGE 962  
RECEIVED  
MAY 27 1981

this lease shall be terminated without further notice between the parties.

6. During the term of this lease the Lessee agrees to do the required assessment work on each of the said claims and provide the Lessor with an Affidavit as to the assessment work done not later than August 1 of any year; should the Lessee fail to provide such Affidavit by August 1, Lessor shall have a right to enter the claims and do the said assessment work and charge the same to the Lessee.

7. In addition to as hereinabove provided, Lessor may in the event that the terms of this Lease are not complied with cancel said Lease. In the event of default by the Lessee, for any default in the terms of this lease, except as specifically provided in default in rent payment, Lessor shall notify the Lessee of the default and allow sixty (60) days for the correction of such default. If the said default is not corrected within the sixty (60) day period the Lessor may immediately cancel the Lease.

8. Lessee may cancel this Lease by giving thirty (30) days written notice of such intent to the Lessor.

9. All notices or payments shall be delivered to the respective parties at the addresses as shown herein:

10. This agreement supersedes all previous agreements.

11. In the event that this Lease is cancelled, Lessee shall have sixty (60) days from the date of cancellation to remove any equipment they may have on the property; anything left beyond sixty (60) days shall become the property of the Lessor.

12. Lessor agrees to negotiate in good faith towards the sale of the property, if Lessee should desire to do so. Should negotiations to sell the property fail, this Lease shall remain in force and effect.
