Re: Notice of Intention to Hold Mud Springs #s 1-4 inclusive millsites (AMC Nos. 78892-78895 inclusive)

Dear Mr. Bibles:

On behalf of Phelps Dodge Corporation, enclosed for filing with your office pursuant to 43 C.F.R. §3833.2-3 is an exact legible reproduction of the notice of intention to hold Mud Springs #s 1-4, inclusive, millsites, which has been recorded on November 9, 1982 in Docket 134 at pages 142-143, records of Greenlee County, Arizona.

A portion of each of the four captioned millsites is now included within the boundaries of Mud Springs Mill Site No. 1-2-3-4 Amended (AMC No. 78892) which was located on May 13, 1982 by Phelps Dodge. The remainder of the ground included within the four captioned millsites is included within unpatented placer mining claims located by Phelps Dodge subsequent to the date of location of these millsites.

A patent application for Mud Springs Mill Site No. 1-2-3-4 Amended presently is pending in your office. In conjunction with this patent application, the validity of Mud Springs Mill Site No. 1-2-3-4 Amended has been questioned based on the original location of the mill site. Although in our opinion, the asserted defects in the location of Mud Springs Mill Site No. 1-2-3-4 Amended promptly could be cured by relocating the millsite, this cannot be done because the

ground included within Mud Springs Mill Site No. 1-2-3-4 Amended presently is subject to a BLM segregation order. Therefore, in the event that, as a result of the pending patent application, Mud Springs Mill Site No. 1-2-3-4 Amended is determined to be invalid, Phelps Dodge is filing the enclosed notice of intention to hold Mud Springs #s 1-4 inclusive millsites in order to protect its rights and valuable investment in the ground within the boundaries of Mud Springs Mill Site No. 1-2-3-4 Amended.

Very truly yours,

Daniel L. Muchow
