10 with protecting the various rights and we will try to do our

1 finished materials, and we understand that. And clearly in
2 the part of New Mexico that you are concerned ^{with} ~~about~~, we have
3 already had one major saw mill close for economic ~~reasons~~ and
4 other reasons, ^{and} ~~and we~~, at least speaking for myself, I
5 don't want to unfairly and arbitrarily add to that burden.
6 But I understood the forester, if I understood him correctly,
7 to say that in a very real sense, he felt they did not comply
8 with their own regulations in preparing the plan for that
9 entire area and that they were doing it and that they hoped
10 it could be resolved.

11 You are not suggesting, I don't think, that they
12 ought not follow their own regulations in planning as they
13 prepare one of those areas for timbering and other of the
14 multiple uses that are permitted, are you?

15 MR. DUTTON: No, sir, we are not. What we would like to
16 address is that the situation ~~as~~ we have today with the
17 forest products' industry in New Mexico is critical from the
18 standpoint in the planning process. ^We have delays that have
19 been imposed by litigation and therefore, we are in a
20 situation where ^{there is} just so much uncertainty. ~~is there~~. We need to
21 be aware of what's happening at the moment. We have asked to
22 be an intervenor in a lawsuit. We have not been given a
23 date, so we don't know where we stand with that and our
24 situation is such that it's imperative that we can make some
25 planning process.

1 going to be a quite small fraction.

2 SENATOR DOMENICI: I have no further questions at this
3 point. Senator Bingaman?

4 SENATOR BINGAMAN: Let me ask Doctor Harlan, I think you
5 mentioned something about your concern or problems with the
6 inconsistency of the implementation of these acts by
7 different agencies, something along that line. Could you
8 state if that is your position, and elaborate on it and maybe
9 give me some specifics, if that's the problem?

10 MR. HARLAN: Yes, Senator, that is a problem and
11 probably the most serious problem that we encounter being a
12 corporate entity, that is seeking to achieve compliance, not
13 attempting to avoid compliance. We find that with proposals,
14 say on BLM, we will go through a series of steps and a
15 similar proposal to the Forest Service would result in a
16 rather different approach to achieve the same result,
17 compliance with the legislation, and It makes long range
18 planning a great deal more difficult, particularly when you
19 are at the stage where you are not even sure which parcel of
20 land is going to be involved in a given proposal. So that
21 you have to plan for a series of scenarios, if we are on the
22 forest this will happen, if we are on the BLM, this will
23 happen and it can be ^{really} quite different.

24 SENATOR BINGAMAN: This is in administration of the same
25 acts?

DECISION MINING CLAIMS DECLARED ABANDONED

The Federal Land Policy and Management Act (FLPMA) of 1976, 43 U.S.C. 1744, and the implementing regulations in 43 CFR 3833.2, require an annual filing for all mining claims recorded with the Bureau of Land Management. The Act provides that failure to file evidence of annual assessment work or a notice of intention to hold by December 30 each year shall be deemed conclusively to constitute an abandonment of the claim and it is void by operation of law. The constitutionality of Section 314 of FLPMA was upheld on April 1, 1985 by the United States Supreme Court in U.S. et al. v. Lock et al., No. 83-1394.

The Bureau of Land Management records do not show receipt of either an affidavit of annual assessment work performed or a notice of intention to hold for the claim(s) listed on the attached sheet(s) during the 1984-1985 assessment year.

If you did timely file an affidavit or notice of intention to hold with the Bureau of Land Management during 1985, notify this office. Please furnish a copy of the affidavit showing the Bureau of Land Management date and time stamp or other evidence of receipt by our office.

Your proof must show the required document was timely filed with the Bureau of Land Management during 1985, otherwise, it will not be accepted. The evidence must be received in this office no later than 30 days from receipt of this decision. If the proof is not furnished during this 30 day period, the claim(s) will be removed from our records as abandoned and void.
