Dear Sir/Madam:

Re: Name Change from Denison Arizona Strip LLC to EFR Arizona Strip LLC

On June 29, 2012, Energy Fuels Inc. acquired all of Denison Mines Corp.'s U.S. mining assets and operations, through the acquisition of the shares of all of Denison's U.S. subsidiaries, including Denison Arizona Strip LLC.

On July 26, 2012 Energy Fuels Inc. changed the name of Denison Arizona Strip LLC to EFR Arizona Strip LLC. Therefore, the name on the claims listed on attached Schedules 1 and 2 need to be changed from Denison Arizona Strip LLC to EFR Arizona Strip LLC. It is important to note that the entity has not changed, just the name of the entity. To reflect the name change, enclosed please find an approved Amendment to Articles of Organization filed with and accepted by the Arizona Corporation Commission.

Finally, the address for EFR Arizona Strip LLC has changed, please send future correspondence to:

EFR Arizona Strip LLC
Attn: Meredith Goble
225 Union Blvd., Ste. 600
Lakewood, Colorado 80228

Please make a note of these changes in your records, and feel free to contact me directly at mgoble@energyfuels.com or 303.389.4155 with any future correspondence regarding this matter.

Yours very truly,

NOTICE TO MINING CLAIMANTS

Your annual filing of an affidavit of assessment work or notice of intention to hold received in this office did not contain all of the correct Bureau of Land Management serial numbers assigned to each claim.

Below are the names of the claims, serial numbers erroneously listed on the affidavit and the correct serial numbers according to our records:

<u>Name of Claims</u>	<u>Incorrect Serial Numbers</u>	<u>Correct Serial Numbers</u>
Otto 1	A MC 173684	A MC 173970
Gnat 93	A MC 183686	A MC 183690

Our records for the claim(s) have been updated to show receipt of the required annual filing for 1991. No further action on your part is necessary.

The regulations under 43 CFR Subpart 3833 state: "Citing the serial number shall comply with the requirement in the Act to file an additional description of the claim."

To receive proper credit in the future, in addition to naming each claim on the affidavit, always include the correct serial numbers assigned to each of the mining claims, mill or tunnel sites.

DECISION MINING CLAIMS DECLARED ABANDONED

The Federal Land Policy and Management Act (FLPMA) of 1976, 43 U.S.C. 1744, and the implementing regulations in 43 CFR 3833.2, require an annual filing for all mining claims recorded with the Bureau of Land Management. The Act provides that failure to file evidence of annual assessment work or a notice of intention to hold by December 30 each year shall be deemed conclusively to constitute an abandonment of the claim and it is void by operation of law. The constitutionality of Section 314 of FLPMA was upheld on April 1, 1985 by the United States Supreme Court in U.S. et al. v. Lock et al., No. 83-1394.

The Bureau of Land Management records do not show receipt of either an affidavit of annual assessment work performed or a notice of intention to hold for the claim(s) listed on the attached sheet(s) for the 1985-1986 assessment year.

If you did timely file an affidavit or notice of intention to hold with the Bureau of Land Management during 1986, notify this office. Please furnish a copy of the affidavit showing the Bureau of Land Management date and time stamp or other evidence of receipt by our office.

Your proof must show the required document was timely filed with the Bureau of Land Management during 1986, otherwise, it will not be accepted. The evidence must be received in this office no later than 30 days from receipt of this decision. If the proof is not furnished during this 30 day period, the claim(s) will be removed from our records as abandoned and void.

DECISION MINING CLAIMS DECLARED ABANDONED

The Federal Land Policy and Management Act (FLPMA) of 1976, 43 U.S.C. 1744, and the implementing regulations in 43 CFR 3833.2, require an annual filing for all mining claims recorded with the Bureau of Land Management. The Act provides that failure to file evidence of annual assessment work or a notice of intention to hold by December 30 each year shall be deemed conclusively to constitute an abandonment of the claim and it is void by operation of law. The constitutionality of Section 314 of FLPMA was upheld on April 1, 1985 by the United States Supreme Court in U.S. et al v. Locke et al, No. 83-1394.

The Bureau of Land Management records do not show receipt of either an affidavit of annual assessment work performed or a notice of intention to hold for the claims listed on the attached sheet during the year(s) cited.

If you did timely file an affidavit or notice of intention to hold with the Bureau of Land Management during the stated year(s), notify this office. Please furnish one of the following for each missing year: (1) a letter of acknowledgement from this office; (2) a postcard of acknowledgement (BLM Form 3830-1); (3) a copy of the affidavit showing the Bureau of Land Management date and time stamp; or (4) other evidence of receipt by our office.

Your proof must show the required documents were timely filed with the Bureau of Land Management for the year(s) shown as missing, otherwise, they will not be accepted. The evidence must be received in this office no later than 30 days from receipt of this decision. If the proof is not furnished during this 30 day period, the claim(s) listed will be removed from our records as abandoned and void.

Petition for Deferment

Renewal of Temporary Deferment of Annual Assessment Work Granted

Pursuant to the Act of June 21, 1949 (63 Stat. 214; 30 U.S.C. 28 b-c), on August 9, 1984 Pathfinder Mines Corporation through their Attorney John C. Lacy petitioned for temporary deferment of annual assessment work for the assessment year ending September 1, 1984 at 12 noon. The petition for deferment is in regard to 1,190 unpatented mining claims situated in Coconino County. The names of the claims, the general legal description and the A MC numbers are set forth in Exhibit "A" pages 1 through 7 which is attached hereto and by reference made a part hereof.

The petitioner states that the mining claims included within the petition are located within the exterior boundaries of the Grand Canyon National Game Preserve. On January 26, 1983, the Interior Board of Land Appeals ruled that the land within the preserve was not open to mineral entry. This decision was appealed to the United States District Court, District of Arizona, by a complaint filed January 23, 1984, under cause no. CIV-84-105-PCT-PGR.

The regulations in 43 Code of Federal Regulations Subpart 3852.1 Conditions under which deferment may be granted state: "The deferment may be granted where any mining claim or group of claims in the United States is surrounded by lands over which a right-of-way for the performance of assessment work has been denied or is in litigation or is in the process of acquisition under State law or where legal impediments exist which affect the right of the claimant to enter upon the surface of such claim or group of claims or to gain access to the boundaries thereof." Emphasis supplied.

The requirements set out in 43 CFR 3852.2 have been met. Notice to the public was recorded August 8, 1984 in Docket 990, Pages 554-561, records of Coconino County, Arizona.

The objectives are to assure that all statutory and regulatory requirements for the deferment of assessment work on mining claims are met where the mining claimants have been denied access to claims or where the accomplishment of

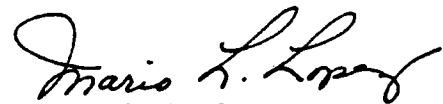

assessment work has been prevented by other legal impediments. Herein, the Interior Board of Land Appeals in Pathfinder Mines Corp., supra states "Land within the Grand Canyon Game Preserve is not open to the location of mining claims, and mining claims located on land after it was included in the preserve are properly declared null and void ab initio."

Under the present circumstances, in light of the mining claims located within the Grand Canyon Game Preserve being considered null and void ab initio and the litigation reason given for requesting temporary deferment of annual assessment work, the petition is acceptable. A petition for deferment of assessment may only be granted pursuant to 43 CFR 3852.1, where "legal impediments" exist which affect the right of a mining claimant to enter upon the surface of a claim or group of claims. Pending litigation, which in and of itself, precludes access to the mining claims constitutes "legal impediments" within the ambit of the Act. Therefore, deferment of annual assessment work on the mining claims described herein is hereby granted for a period of one year for the assessment year of September 1, 1983 to September 1, 1984.

This deferment shall automatically terminate upon removal of conditions preventing the assessment work from being done. The regulations in 43 CFR 3852.4 provide that upon petition, the one year period may be renewed for another year if justifiable conditions exist, however, the Bureau of Land Management has no statutory authority to extend the deferment period for a second renewal. Emphasis added.

All deferred assessment work may be performed at any time after termination of the deferment. However, the work must be completed by the end of the first assessment year commencing after the termination of the deferment. The deferred work is in addition to the annual assessment work required by law for such year.

The granting of this deferment of assessment work does not eliminate the requirement of the owner of unpatented mining claims located on Federal lands to file in the proper BLM office a notice of intention to hold the mining claims on or before December 30 pursuant to 43 CFR 3833.2-3, (copy enclosed). A notice of intention to hold mining claims must also be recorded in the appropriate county. A reference to the decision on file in this BLM office by date and serial number granting the deferment should be cited.

Petition for Deferment

Temporary Deferment of Annual Assessment Work Granted

Pursuant to the Act of June 21, 1949 (63 Stat. 214; 30 U.S.C. 28 b-c), on August 22, 1983 Pathfinder Mines Corporation through their Attorney John C. Lacy petitioned for temporary deferment of annual assessment work for the assessment year ending September 1, 1983 at 12 Noon. The petition for deferment is in regard to 1,190 unpatented mining claims situated in Coconino County. The names of the claims, the general legal description and A MC numbers are set forth in Exhibit "A" pages 1 through 7 which is attached hereto and by reference made a part hereof.

The petitioner states that the mining claims included within the petition are located within the exterior boundaries of the Grand Canyon National Game Preserve. On January 26, 1983, the Interior Board of Land Appeals ruled that the land within the preserve was not open to mineral entry. A petition for reconsideration was filed August 3, 1983 with the Interior Board of Land Appeals. Given the position of the Department of the Interior in Pathfinders Mines Corp., 70 IBLA 264 (1983), the petitioner states the U.S. Forest Service would not have the authority to approve a plan of operation for the conduct of annual assessment work.

The regulations in 43 Code of Federal Regulations Subpart 3852.1 Conditions under which deferment may be granted state: "The deferment may be granted where any mining claim or group of claims in the United States is surrounded by lands over which a right-of-way for the performance of assessment work has been denied or is in litigation or is in the process of acquisition under State Law or where legal impediments exist which affect the right of the claimant to enter upon the surface of such claim or group of claims or to gain access to the boundaries thereof." Emphasis Supplied.

The requirements set out in 43 CFR 3852.2 have been met. Notice to the public was recorded August 15, 1983 in Docket 938, pages 347-354 and a supplemental notice recorded August 18, 1983 in Docket 938 Page 906, records of Coconino County, Arizona.

The objectives are to assure that all statutory and regulatory requirements for the deferment of assessment work on mining claims are met where the mining claimants have been denied access to claims or where the accomplishment of assessment work has been prevented by other legal impediments. Herein, the Interior Board of Land Appeals in Pathfinder Mines Corp., supra states "Land within the Grand Canyon Game Preserve is not open to the location of mining claims, and mining claims located on land after it was included in the preserve are properly declared null and void ab initio."

Under the present circumstances, in light of the mining claims located within the Grand Canyon Game Preserve being considered null and void ab initio and the litigation (reconsideration pending) reason given for requesting temporary deferment of annual assessment work, the petition is acceptable. A petition for deferment of assessment work may only be granted pursuant to 43 CFR 3852.1, where "legal impediments" exist which affect the right of a mining claimant to enter upon the surface of a claim or group of claims. Pending litigation, which in and of itself, precludes access to the mining claims constitutes "legal impediments" within the ambit of the Act. Therefore, deferment of annual assessment work on the mining claims described herein is hereby granted for a period of one year for the assessment year of September 1, 1982 to September 1, 1983.

This deferment granted shall terminate automatically as of the date conditions preventing the assessment work from being done are removed, i.e. the lands are found to be subject to location.

All deferred assessment work may be performed at any time after termination of the deferment, but must be completed not later than the end of the first assessment year commencing after the termination of the deferment, and shall be in addition to the annual assessment work required by law for such later year.

The granting of this deferment of assessment work does not eliminate the requirement of the owner of unpatented mining claims located on Federal lands to file in the proper BLM office a notice of intention to hold the mining claims on or before December 30 pursuant to 43 CFR 3833.2-3, (copy enclosed). A notice of intention to hold mining claims must also be recorded in the appropriate county. A reference to the decision on file in this BLM office by date and serial number granting the deferment should be cited.
