Dear Sir/Madam:

Re: Name Change from Denison Arizona Strip LLC to EFR Arizona Strip LLC

On June 29, 2012, Energy Fuels Inc. acquired all of Denison Mines Corp.'s U.S. mining assets and operations, through the acquisition of the shares of all of Denison's U.S. subsidiaries, including Denison Arizona Strip LLC.

On July 26, 2012 Energy Fuels Inc. changed the name of Denison Arizona Strip LLC to EFR Arizona Strip LLC. Therefore, the name on the claims listed on attached Schedules 1 and 2 need to be changed from Denison Arizona Strip LLC to EFR Arizona Strip LLC. It is important to note that the entity has not changed, just the name of the entity. To reflect the name change, enclosed please find an approved Amendment to Articles of Organization filed with and accepted by the Arizona Corporation Commission.

Finally, the address for EFR Arizona Strip LLC has changed, please send future correspondence to:

EFR Arizona Strip LLC
Attn: Meredith Goble
225 Union Blvd., Ste. 600
Lakewood, Colorado 80228

Please make a note of these changes in your records, and feel free to contact me directly at mgoble@energyfuels.com or 303.389.4155 with any future correspondence regarding this matter.

Yours very truly,

ENERGY FUELS RESOURCES (USA) INC.

Petition for Deferment

Temporary Deferment of Annual
Assessment Work Granted

Pursuant to the Act of June 21, 1949 (63 Stat. 214; 30 U.S.C. 28 b-c), on August 30, 1984 Pathfinder Mines Corporation through their Attorney John C. Lacy petitioned for temporary deferment of annual assessment work for the assessment year ending September 1, 1984 at 12 Noon. The petitioner states that the mining claims included within the petition are located within the exterior boundaries of the Grand Canyon National Game Preserve. On January 26, 1983, the Interior Board of Land Appeals ruled that the land within the preserve was not open to mineral entry. This decision was appealed to the United States District Court, District of Arizona, by a complaint filed January 23, 1984, under cause no. CIV-84-105-PCT-PCR.

The regulations in 43 Code of Federal Regulations Subpart 3852.1 Conditions under which deferment may be granted state: "The deferment may be granted where any mining claim or group of claims in the United States is surrounded by lands over which a right-of way for the performance of assessment work has been denied or is in litigation or is in the process of acquisition under State law or where legal impediments exist which affect the right of the claimant to enter upon the surface of such claim or group of claims or to gain access to the boundaries thereof." Emphasis supplied.

The requirements set out in 43 CFR 3852.2 have been met. Notice to the public was recorded August 28, 1984 in Docket 993, Pages 646-647, records of Coconino County, Arizona.

The objectives are to assure that all statutory and regulatory requirements for the deferment of assessment work on mining claims are met where the mining claimants have been denied access to claims or where the accomplishment of assessment work has been prevented by other legal impediments. Herein, the Interior Board of Land Appeals in Pathfinder Mines Corp., supra state "Land Within the Grand Canyon Game Preserve is not open to the location of mining claims, and ~~any new claims~~ located on land after it was included in the preserve are properly declared null and void ab initio."

Under the present circumstances, in light of the mining claims located within the Grand Canyon Game Preserve being considered null and void ab initio and the litigation reason given for requesting temporary deferment of annual assessment work, the petition is acceptable. A petition for deferment of assessment may only be granted pursuant to 43 CFR 3852.1 where "legal impediments" exist which affect the right of a mining claimant to enter upon the surface of a claim or group of claims. Pending litigation, which in and of itself, precludes access to the mining claims constitutes "legal impediments" within the ambit of the Act. Therefore, deferment of annual assessment work on the mining claims described herein is hereby granted for a period of one year for the assessment year of September 1, 1983 to September 1, 1984.

This deferment granted shall terminate automatically as of the date conditions preventing the assessment work from being done are removed, i.e. the lands are found to be subject to location.

All deferment assessment work may be performed at any time after termination of the deferment. However, the work must be completed by the end of the first assessment year commencing after the termination of the deferment. The deferred work is in addition to the annual assessment work required by law for such year.

The granting of this deferment of assessment work does not eliminate the requirement of the owner of unpatented mining claims located on Federal lands to file in the proper BLM office a notice of intention to hold the mining claims on or before December 30 pursuant to 43 CFR 3833.2-3, (copy enclosed). A notice of intention to hold mining claims must also be recorded in the appropriate county. A reference to the decision on file in this BLM office by date and serial number granting the deferment should be cited.

Petition for Deferment

Renewal of Temporary Deferment of Annual Assessment Work Granted

Pursuant to the Act of June 21, 1949 (63 Stat. 214; 30 U.S.C. 28 b-c), on August 9, 1984 Pathfinder Mines Corporation through their Attorney John C. Lacy petitioned for temporary deferment of annual assessment work for the assessment year ending September 1, 1984 at 12 noon. The petition for deferment is in regard to 1,190 unpatented mining claims situated in Coconino County. The names of the claims, the general legal description and the A MC numbers are set forth in Exhibit "A" pages 1 through 7 which is attached hereto and by reference made a part hereof.

The petitioner states that the mining claims included within the petition are located within the exterior boundaries of the Grand Canyon National Game Preserve. On January 26, 1983, the Interior Board of Land Appeals ruled that the land within the preserve was not open to mineral entry. This decision was appealed to the United States District Court, District of Arizona, by a complaint filed January 23, 1984, under cause no. CIV-84-105-PCT-PGR.

The regulations in 43 Code of Federal Regulations Subpart 3852.1 Conditions under which deferment may be granted state: "The deferment may be granted where any mining claim or group of claims in the United States is surrounded by lands over which a right-of-way for the performance of assessment work has been denied or is in litigation or is in the process of acquisition under State law or where legal impediments exist which affect the right of the claimant to enter upon the surface of such claim or group of claims or to gain access to the boundaries thereof." Emphasis supplied.

The requirements set out in 43 CFR 3852.2 have been met. Notice to the public was recorded August 8, 1984 in Docket 990, Pages 554-561, records of Coconino County, Arizona.

The objectives are to assure that all statutory and regulatory requirements for the deferment of assessment work on mining claims are met where the mining claimants have been denied access to claims or where the accomplishment of

assessment work has been prevented by other legal impediments. Herein, the Interior Board of Land Appeals in Pathfinder Mines Corp., supra states "Land within the Grand Canyon Game Preserve is not open to the location of mining claims, and mining claims located on land after it was included in the preserve are properly declared null and void ab initio."

Under the present circumstances, in light of the mining claims located within the Grand Canyon Game Preserve being considered null and void ab initio and the litigation reason given for requesting temporary deferment of annual assessment work, the petition is acceptable. A petition for deferment of assessment may only be granted pursuant to 43 CFR 3852.1, where "legal impediments" exist which affect the right of a mining claimant to enter upon the surface of a claim or group of claims. Pending litigation, which in and of itself, precludes access to the mining claims constitutes "legal impediments" within the ambit of the Act. Therefore, deferment of annual assessment work on the mining claims described herein is hereby granted for a period of one year for the assessment year of September 1, 1983 to September 1, 1984.

This deferment shall automatically terminate upon removal of conditions preventing the assessment work from being done. The regulations in 43 CFR 3852.4 provide that upon petition, the one year period may be renewed for another year if justifiable conditions exist, however, the Bureau of Land Management has no statutory authority to extend the deferment period for a second renewal. Emphasis added.

All deferred assessment work may be performed at any time after termination of the deferment. However, the work must be completed by the end of the first assessment year commencing after the termination of the deferment. The deferred work is in addition to the annual assessment work required by law for such year.

The granting of this deferment of assessment work does not eliminate the requirement of the owner of unpatented mining claims located on Federal lands to file in the proper BLM office a notice of intention to hold the mining claims on or before December 30 pursuant to 43 CFR 3833.2-3, (copy enclosed). A notice of intention to hold mining claims must also be recorded in the appropriate county. A reference to the decision on file in this BLM office by date and serial number granting the deferment should be cited.

Ladies and Gentlemen:

Pathfinder Mines Corporation hereby abandons all of the mining claims listed below, and they may be closed from your records.

For your statistical information, these claims are being abandoned largely as a result of the burden placed on the claims by the newly enacted rental fees for mining claims. These 3,358 claims represent 97% of the claims held by Pathfinder in Arizona.
