#### Mining Claim(s) Declared Null and Void Ab Initio

Pursuant to the requirements of the Federal Land Policy and Management Act of 1976, 43 U.S.C. 1744, and the implementing regulations in 43 CFR 3833.1-2, notice(s) of location for the above-named mining claim(s) were filed for recording in the Arizona State Office of the Bureau of Land Management.

Date Filed

December 7, 1986

January 26, 1987

The location notice(s) and accompanying map(s) show the claim(s) to be located on the following land:

Gila and Salt River Meridian, Arizona

T. 5 S., R. 16 E. Section 2,3,10 & 11 All; Eastern Portion of Sections 4 & 9.

The subject mining claim(s) are invalid and are hereby declared null and void ab initio. The Bureau of Land Management public records show the lands were not open to location of mining claims at the time of their location.

3/20/87 clased. AMC 264428 and 21 264423 and 24 264426 and 27 entered av computer 264429

The subject lands are within the San Carlos Indian Reservation. The lands were segregated from mineral entry under Secretary's Restoration Order #2874 on June 17, 1963. The Reservation was created September 19, 1934.

It is well established that land within an Indian reservation is segregated from mineral entry unless there is an express provision to the contrary and that a mining claim located at a time when the land is so segregated is properly declared mull and void ab initio. <u>Montana Copper King Mining</u> <u>Co.</u>, 20 IBLA 30 (1975). Also see: <u>Dora Trudell</u>, 83 IBLA 196 (1984).

"Mining claims located on lands which are closed to mineral entry are null and void from their inception as a matter of law, and no property rights are created thereby. Therefore, no contest proceeding, notice, or hearing is required preliminary to a decision holding that such claims are invalid." John A. Ross, Maxine Lidke, 73 IBLA 16 (1983).

An appeal from this decision may be taken to the Interior Board of Land Appeals, Office of Hearings and Appeals, in accordance with the regulations in Title 43 Code of Federal Regulations (CFR), Parts 1 and 4, and the enclosed Form 1842-1. If an appeal is taken, the notice of appeal must be filed in the Arizona State Office of the Bureau of Land Management, P.O. Box 16563, Phoenix, Arizona 85011, within thirty days from the receipt of this decision. Do not send the appeal directly to the Board. The appeal and case history file will be sent to the Board from this office. Within thirty days after filing the notice of appeal, file a complete statement of the reasons why you are appealing. This must be filed with the U.S. Department of the Interior, Office of the Secretary, Board of Land Appeals, 4015 Wilson Boulevard, Arlington, Virginia 22203. If you fully stated your reasons for appealing when filing the notice of appeal, no additional statement is necessary. Additionally, within fifteen days after each document is filed, the regulations also require the appellant to serve a copy for the notice of the appeal, statement of reasons, written arguments or briefs on the Field Solicitor, U.S. Department of the Interior, 505 N. 2nd St., Suite 150, Phoenix, Arizona 85004. To avoid summary dismissal of the appeal, there must be strict compliance with the regulations.

If no appeal is taken, this decison constitutes final administrative action of this Department as affects the mining claim(s). No appeal, protest, or petition for reconsideration will be entertained from this decision after the appeal period has expired.

P. S. In addition, those portions of Buck Mt. Mines #6, 10 and 13 on the Indian Reservation have acquired no rights. Portions of Buck Mt. Mines # 4 and 7 located within the Middle Gila River Project require Reclamation Stipulations subsequent to September 10, 1973 before rights can be established. The lands are in Section 5. The Reclamation Stipulations (a copy enclosed) must be filed with the County and the BLM.

Mining Claimant(s) as Shown on the Enclosed Sheet(s) Mining Claim(s), Mill Site(s) and Tunnel Site(s) as Shown on the Enclosed Sheet(s)

#### MINING CLAIMS, MILL SITES AND TUNNEL SITES DECLARED ABANDONED

Public Law 102-381, 106 Stat 1374, dated October 5, 1992, and the regulations implemented July 15, 1993, 43 CFR §3833.1-5, "Rental Fees" prescribe, unless otherwise exempted, that \$100 rental for assessment year 1992-1993, and \$100 rental for assessment year 1993-1994, must be paid to the Bureau of Land Management (BLM) for each mining claim, mill site, and tunnel site on or before August 31, 1993. Failure to pay the rental fee by that date shall conclusively constitute an abandonment of the mining claim, mill site, or tunnel site, which shall be void.

The BLM records do not show receipt of payment for the mining claim(s), mill site(s), and tunnel site(s) listed on the enclosed sheet(s) on or before August 31, 1993.

If the rental fee was timely paid to the BLM for 1993 and 1994, please furnish a copy of the BLM receipt for payment and the document listing the claims and serial numbers for which payment was made to the BLM, Arizona State Office. The receipt and proof must be dated and/or time stamped by the BLM on or before August 31, 1993.

The proof of payment must show that the required amount was remitted and was received by the BLM on or before August 31, 1993, or it will not be accepted. The evidence must be received in this office no later than 30 days from receipt of this decision. If the proof is not furnished during the 30-day period, the mining claim(s), mill site(s), and tunnel site(s) will be removed from the BLM records as abandoned and void.

If additional information is required, please call (602) 650-0518.

MAINTENANCE FEE PAYMENT WAIVER CERTIFICATION

This small miner waiver is filed to hold the claims/sites listed below for the assessment year beginning at noon on the first September 1 following the official filing of this form with BLM.

The undersigned owner(s) of the mining claims/sites listed below hereby certify under penalty of 18 U.S.C. 1001 and 43 U.S.C. 1212 that:

I/We control, or will control, ten or fewer mining claims/sites located and maintained on Federal land in the United States of America on the August 31 that is one day before the beginning of the assessment year indicated in line one above.

I/We have/will performed/perform assessment work upon the claims listed below for the current assessment year as of the August 31 indicated in line three above. This work meets the requirements of the General Mining Law of 1872, *as amended;* the Act of August 10, 1993; and the regulations at 43 CFR 3833 and 3850. Such work will be described on our affidavit of labor. Listing a site on this form constitutes a filing of a Notice of Intention to Hold for that site. I enclose a \$5.00 per site service charge (recording fee) for each site listed.

## Please check this box if the following statement applies to you.

I/We relinquish my/our claims and/or sites not listed below.

The mining claims and sites for which the above waiver from payment of the maintenance fees is made are:

### INCIDENT REPORT: SAN MANUEL SCHOOL BUS FIRE ON APRIL 2, 2015

I had just left San Manuel, Arizona Motor Vehicle office where I got plates for one of our Paradise Ranch Fire & Rescue support trucks. It was 3:49 PM or 15:49 PM. I saw the first canyon out of town toward Highway 77 filled with white smoke. Nothing could be seen in it! I thought to myself perhaps they will need my help. As I entered the canyon, I saw a school bus on fire!! Students and bus driver were getting out. I was first on scene. I pulled my F550 Rollback wrecker flatbed over to render aid and assault the fire. First with flames and smoke coming up around back of bus, I entered bus and made sure all students and driver were off the bus all the way to back of bus; realizing at any time it might explode. All clear inside bus; so then I went back to truck and got fire extinguishers and began attacking fire in engine compartment; where it appears a transmission oil line broke and ignited on diesel engine. With no regard for my own safety, I went in and had fire knocked down and out before Pinal County Sheriffs got there. Students and driver were way up side of the road safe from potential explosions. I stayed at scene until much later, San Manuel Fire came.

Incident report is being requested from Pinal County Sheriff Department.

This saved Pinal County and State of Arizona Taxpayers a lot of money; as it was a new air conditioned bus, estimated at \$500,000 value and if not for my quick decisive action would have been totally ruined. I suffered considerable smoke inhalation; lungs still hurt, but was happy and proud to do my duty. In fact it was an honor to serve this day! It is much better for me to have the FREEDOM and FINANCIAL SUPPORT to be out there and available to help when crisis emergency calls for quick response. Over the last 40 years I have helped with heavy equipment and my expertise to fight 7 major fires in the Catalina Mountains, Aravaiipa Canyon area, Oracle, San Manuel, and other areas near Oracle; at no charge to the public. My company paid for all expenses to do such great deeds; even though much risk to myself and my workers surrounded us.

Best Regards and Be Safe, Buchanau I 2,2015 John C. Buchanan,

President of Paradise Ranch Fire & Rescue
