To: RLechner49@gmail.com

Per our telephone conversation this morning, in reference to AMC325605 (KIT FOX), I am allowing the 2019 Waiver to be corrected. Since there has been issues with the postal services there. I will be sending Mary M. Higby another Notice so I need the correct address for her and you as her POA. I attached a copy of the waiver that was submitted for 2019. Please have Mary add her full name, current address and <u>original signature</u> on to the waiver so that the waiver can be cured. Mail the signed original copy back to me at: BUREAU OF LAND MANAGEMENT (AZSO), ATTN: Pauline Brown ONE NORTH CENTRAL AVE, STE 800 PHOENIX, AZ 85004-4427.

It is also my understanding that a quit claim deed (QCD) was filed with the County of LaPaz, but was not recorded with the Bureau of Land Management (BLM). Therefore, you will need to file the QCD with the BLM State office, the fee to process a QCD is \$15 per claim per grantee. If this claim is being transferred to two people, the fee will be \$30.

For your convenience, I attached a copy of the flyer about the most recent price increases and the most current waiver form and POL form. If you have any questions please call me at 602-417-9360.

Maintenance Fee Waiver Held for Rejection

This office received the Maintenance Fee Waiver Certification (waiver) for the above listed mining claim. The waiver is not properly completed and does not meet the annual filing requirements.

In accordance with 43 Code of Federal Regulations (CFR) 3835.10, the name, address, and original signatures of all owners of the mining claim must be included on the waiver form. Please correct the discrepancy as noted below:

Our records indicate that the waiver submitted for the 2019 assessment year was not signed by the current owner, Mary M Higby. Please have Ms. Higby sign the enclosed copy of the waiver and return it to the Bureau of Land Management Arizona State Office. If this claim has been transferred to Richard and Carol Lechner, please submit a copy of the transfer deed along with the appropriate filing fee of \$15 per claim per grantee, to this office so that the transfer can be processed immediately.

DECISION

CHERYL KOENEN RAYMOND KOENEN 4960 E COUNTY ROAD C SUPERIOR, WI 54880-8467

This decision affects those claims

shown in the block below:

AMC325606 YELLOW DOG

MINING CLAIMS DECLARED FORFEIT

The mining claim(s) listed above have been declared forfeit as of September 1, 2014, for failure to timely file the required maintenance fee payment or small miner's maintenance fee waiver (waiver).

Claimants are required to pay an annual non-refundable maintenance fee of \$155 per 20 acres or portion thereof, or submit a waiver, on or before September 1 of each year. In accordance with Title 43 Code of Federal Regulations (CFR) 1822.14, because September 1, 2014, fell on a holiday, the payment was due on the next business day, September 2, 2014. These requirements were established by Title 30 U.S.C. 28f-l, as amended, and 43 CFR 3834 and 3835.

An affidavit of assessment work for the subject mining claim(s) was timely received; however, our records do not show receipt of a small miner's waiver or a maintenance fee payment on or before September 2, 2014, for the 2015 assessment year. Therefore, the mining claim(s) listed above are declared forfeit.

Reclamation Requirements

This decision does not relieve you of the liability for reclamation of all areas disturbed by your activities on lands encompassed by the subject mining claim(s) and/or site(s). After you complete the reclamation, you must notify the authorized officer of the appropriate surface managing agency so that the authorized officer may conduct a final site inspection and determine whether you may be released from liability. If you fail to reclaim the land to the satisfaction of the authorized officer, the surface management agency may cite you for noncompliance under its surface management regulations.

DD 4-25-15

For land administered by the Bureau of Land Management (BLM), if you fail to reclaim the land to the satisfaction of the authorized officer, as required in 43 CFR Subpart 3809, the BLM will issue an order of noncompliance under 43 CFR 3809.601(a). If you fail to comply with the noncompliance order, the BLM may take further action under 43 CFR 3809.604. Failure to conduct reclamation is a prohibited act that may subject you to criminal penalties. See 43 CFR 3809.605(h) and 43 CFR 3809.700.

Appeal Procedures

This decision may be appealed to the Interior Board of Land Appeals, Office of the Secretary, in accordance with the regulations contained in 43 CFR, Part 4, and the enclosed Form 1842-1. If an appeal is taken, your notice of appeal must be filed in this office (at the above address) within 30 days from receipt of this decision. The appellant has the burden of showing that the decision appealed from is in error.

If you wish to file a petition pursuant to regulation 43 CFR 4.21 (58 FR 4939, January 19, 1993) for a stay of the effectiveness of this decision during the time that your appeal is being reviewed by the Board, the petition for a stay must accompany your notice of appeal. A petition for a stay is required to show sufficient justification based on the standards listed below. Copies of the notice of appeal and petition for a stay must also be submitted to each party named in this decision and to the Interior Board of Land Appeals and to the appropriate Office of the Solicitor (see 43 CFR 4.413) at the same time the original documents are filed with this office. If you request a stay, you have the burden of proof to demonstrate that a stay should be granted.

Standards for Obtaining a Stay

- (3) The likelihood of immediate and irreparable harm if the stay is not granted, and

Maintenance Fee Waiver Held for Rejection

This office received the Maintenance Fee Waiver Certification (waiver) for the above listed mining claim(s). The waiver is not properly completed and does not meet the annual filing requirements.

In accordance with 43 Code of Federal Regulations (CFR) 3835.10, the name, address, and original signatures of all owners of the mining claim must be included on the waiver form. Please correct the discrepancy as noted below.

On January 12, 2009, the Bureau of Land Management (BLM) received a death certificate for Warren Higby with an executor signing for him, however the law requires that each individual owner sign on the waiver. Since the signature of the deceased is not possible then a waiver can't be accepted. If you wish to continue this claim you will need to pay the claim maintenance fee of \$140 for each claim. Next year if you wish to file a waiver, the deceased will have to be relinquished from the claim or transferred to another claimant who has less than ten claims. Otherwise you will need to pay the claim maintenance fee each year. If paying the maintenance fee please include the mining claim serial number (AMC---) and the claim name.

In order to correct the defect in the waiver, per 43 CFR 3835.93, you must provide this office with the requested information within 60 days of your receipt of this notice. If you are unable to provide this information, you have the option of paying the annual maintenance fee of \$140.00 per claim. If neither is received within the 60 day time frame, the claim(s) will be declared forfeited and closed.

Please include your AMC serial number on all correspondence. If additional information is required, please contact Tony Smith 602-417-9355.

The Paperwork Reduction Act of 1980 (44 U.S.C. 3501, et seq.) requires us to tell you that:

This information is being collected to allow the BLM to determine if you qualify for a waiver from the payment of \$100 per mining claim maintenance fee established by the Act of August 10, 1993 (107 Stat. 312) and the implementing regulations at 43 CFR 3833 and 3850. These forms may also be downloaded from the Department website, www.admmr.state.az.us/claimforms.pdf in PDF format.

The following is a brief summary of the filing process for Federal mining claims:

Mineral rights can be obtained on State or Federal lands that are open to mineral entry. Mining claims, leases, and mineral material sales apply to Federal Lands. Prospecting permits, leases, and material sales apply to State Trust Land. The process is complex, but can be accomplished by the average citizen.

Mining claims cannot be used as a residence or home site. Under the current moratorium on patenting claims, no title to the land can be obtained.

The recording expenditure for a federal mining claim is about \$10 at the county recorder's office and \$170 at the Bureau of Land Management.

The steps in acquiring mineral rights are generally as follows:

- 1. Find an area of interest and determine its legal description (i.e. Township, Range, Section, etc.)
- 2. Determine surface and subsurface ownership status as explained in ADMMR Special Report SR23, Manual for Determination of Status and Ownership, Arizona Mineral and Water Rights
- 3. Acquire and maintain mineral rights as described in ADMMR Special Report SR12, Laws and Regulations Governing Mineral Rights in Arizona.

The above publications may be ordered from ADMMR or perused at the Department's office and at select Arizona libraries.

AUTHORITY: 30 U.S.C. 28-28k; 43 U.S.C. 1201, 1740, and 1744; 43 CFR 3833 and 3850.

PRINCIPLE PURPOSE: This information is to be used to verify that the owner(s) of a mining claim has complied with the Act of August 10, 1993 (107 Stat. 312), and is entitled to perform assessment work in lieu of paying the maintenance fee for the mining claims listed on this form.

ROUTINE USE: (1) Adjudication of the claimant(s) certification of waiver from paying the maintenance fee otherwise required by the Act of August 10, 1993 (107 Stat. 312). (2) Disclosure may be made to appropriate Federal agencies when location is made within the agency's geographic area of responsibility. EFFECT OF NOT PROVIDING INFORMATION: Disclosure of this information is required by the Act of August 10, 1993 (107 Stat. 312) and 43 CFR 3833 for those owner(s) wishing to take the small miners waiver allowed under 43 CFR 3833 and 3850. Failure to supply the information required in this form to support the owner(s) certification of waiver from payment of the otherwise required maintenance fees will result in the waiver being disallowed and the mining claims declared null and void by the Bureau of Land Management (BLM).

The Paperwork Reduction Act of 1980 (44 U.S.C. 3501, et seq.) requires us to tell you that:

This information is being collected to allow the BLM to determine if you qualify for a waiver from the payment of \$100 per mining claim maintenance fee established by the Act of August 10, 1993 (107 Stat. 312) and the implementing regulations at 43 CFR 3833 and 3850. A response to this request is required in accordance with the statute (107 Stat. 312) to retain your benefit.

Public reporting burden for this form is estimated to average 8 minutes per response, including time to review instructions, gathering and maintaining data, and completing and reviewing the form. Direct comments regarding this burden estimate, or any other aspect of this form, to the Department of the Interior, Bureau of Land Management, Information Collection Clearance Officer (DW-101) Denver Federal Center, Building 40, P.O.
