Re: Phelps Dodge Corporation

Dear Ms. Hyde:

It appears you are correct that record title to the GEM 252 through 275 mill site claims is vested in Harold and Tillie Carpenter, et al. and that the rights of Phelps Dodge in those claims are derived under a lease and option to purchase agreement. Accordingly, please refund the transfer fees paid for those 24 claims that accompanied my letter of March 14, 1996 to the BLM. The refund should be made payable to Phelps Dodge Corporation and sent to me for further handling.

Very truly yours,

Fred E. Ferguson, Jr.

Dear Sir:

Enclosed with this letter is a check in the sum of \$21,800 representing payment in the sum of \$100 for each of the unpatented mining claims in the SOB mill site group. This sum represents payment of the federal annual mining claim rental fees for the claims for the assessment year ending on September 1, 1994. The claims were located after October 5, 1992 and the sum of \$100 for the federal annual mining claim rental fee for the assessment year ending on September 1, 1993 was paid on the date of filing of the location documents with BLM. A copy of the receipt and accounting advice for payment of the \$100 which was paid for each claim on filing of the location documents is attached to and by this reference incorporated in this letter. The full names and BLM mining claim serial numbers assigned to the mining claims for which the fees are paid are described in the exhibit attached to and by this reference incorporated in this letter.

If you have any questions concerning payment of the fees and the information filing or if you determine that the fees or information filing are inadequate in any respect, please contact me immediately at the letterhead phone number and address.

Very truly yours,

David C. Beling
