Mining Claim(s)
Mill and Tunnel Site(s)

Mining Claims, Mill and Tunnel Sites Declared Forfeited

Claimants are required to pay an annual non-refundable maintenance fee of \$100 or submit a small miner's maintenance fee waiver for each claim/site. These requirements were established by Public Laws 102-381 (106 Stat. 1374), dated October 5, 1992, and 103-66 (107 Stat. 405), dated August 10, 1993, and the regulations implemented August 30, 1994, found at 43 CFR 3833.1-5, 6, and 7.

The Bureau of Land Management (BLM) records do not show receipt of a maintenance fee payment or small miner's maintenance fee waiver on or before August 31, 1997, for the mining claim(s), mill and tunnel site(s) listed on the enclosed sheet(s), and therefore the claims are declared forfeited.

The affidavit of assessment work for the subject mining claim(s), mill and/or tunnel site(s) was timely received by the BLM; however, the BLM records do not show receipt of a 1998 waiver. Therefore, the mining claim(s) mill and/or tunnel site(s) described above is/are declared forfeited.

This decision does not relieve you of the requirement for reclamation of all areas disturbed by your activities on lands covered by your mining claim(s) and/or site(s). Failure to reclaim the land to the satisfaction of the authorized officer of the agency upon whose lands you have located may cause the agency to hold the claimant in a status of non-compliance under their surface management regulations. If reclamation is required, you must notify the proper authorized officer upon completion so that final site inspection and clearance may be obtained and your liability released. On BLM administered lands failure to reclaim the land to the satisfaction of the authorized officer as prescribed by 43 CFR 3809.1-1 and 3809.3-2 may cause BLM to hold you in a status of non-compliance under 43 CFR 3809.3-2 and invoke the penalty provisions of 43 CFR 3809.3.2(f).

During the same 30-day compliance period, this decision may be appealed to the Interior Board of Land Appeals, Office of the Secretary, in accordance with the regulations contained in 43 CFR, Part 4 and the enclosed Form 1842-1. If an appeal is taken, your notice of appeal must be filed in this office (at the above address) within 30 days from receipt of this decision. The appellant has the burden of showing that the decision appealed from is in error.

If you wish to file a petition pursuant to regulation 43 CFR 4.21 (58 FR 4939, January 19, 1993) or 43 CFR 2804.1 for a stay of the effectiveness of this decision during the time that your appeal is being reviewed by the Board, the petition for a stay must accompany your notice of appeal. A petition for a stay is required to

show sufficient justification based on the standards listed below. Copies of the notice of appeal and petition for a stay **must** also be submitted to each party named in this decision and to the Interior Board of Land Appeals and to the appropriate Office of the Solicitor (see 43 CFR 4.413) at the same time the original documents are filed with this office. If you request a stay, you have the burden of proof to demonstrate that a stay should be granted.

Standards for Obtaining a Stay

Except as otherwise provided by law or other pertinent regulation, a petition for a stay of a decision pending appeal shall show sufficient justification based on the following standards:

- (1) The relative harm to the parties if the stay is granted or denied,
- (2) The likelihood of the appellant's success on the merits,
- (3) The likelihood of immediate and irreparable harm if the stay is not granted, and
- (4) Whether the public interest favors granting the stay.

If no appeal, or noncompliance, with the above occurs, this decision constitutes final administrative action of this Department as it affects the mining claims. No appeal, protest or petition for reconsideration will be entertained from this decision after the appeal period has expired.

Please include your A MC serial number(s) on all correspondence. If additional information is required, please call (602) 417-9518.

If a qualifying Certification of Exemption From Payment of Rental Fee Waiver Certification Form had been timely filed by August 31, 1993 for 1994, or a Maintenance Fee Payment Waiver Certification Form by August 31, 1994 for 1995, an affidavit of assessment work performed covering the mining claims and a notice of intention to hold for any mill or tunnel site (annual filing) was required to be filed, accompanied by \$5 for each claim or site on or before December 30, 1994. as Shown on the : Tunnel Site(s) as Shown on the
Enclosed Sheet(s) : Enclosed Sheet(s) 1

MINING CLAIMS, MILL SITES, AND TUNNEL SITES DECLARED ABANDONED

Public Laws 102-381, 106 Stat. 1374, dated October 5, 1992, and 103-66, 107 Stat. 405, dated August 10, 1993, and the regulations implemented August 30, 1994, at 43 CFR §3833.1-5, "Maintenance fees" prescribe, unless otherwise exempted, that a \$100 maintenance fee for assessment year 1994-1995, must be paid to the Bureau of Land Management (BLM) for each mining claim, mill site, and tunnel site on or before August 31, 1994. If a qualifying Certification of Exemption From Payment of Rental Fee Form had been timely filed by August 31, 1993 for 1994, or a Maintenance Fee Payment Waiver Certification Form by August 31, 1994 for 1995, an affidavit of assessment work performed covering the mining claims and a notice of intention to hold for any mill or tunnel site (annual filing) was required to be filed, accompanied by \$5 for each claim or site on or before December 30, 1994. Failure to pay the maintenance fee by August 31, 1994, or if qualified, to file the annual filing by December 30, 1994, shall conclusively constitute an abandonment of the mining claim, mill site, or tunnel site, which shall be void.

The BLM records do not show receipt of the maintenance fee payment for the mining claim(s), mill site(s), and tunnel site(s) listed on the enclosed sheet(s) on or before August 31, 1994, or if qualified, an annual filing on or before December 30, 1994. If the maintenance fee was timely paid to the BLM, Arizona State Office for 1995, by August 31, 1994, or if qualified, an affidavit of assessment work performed for mining claims or a notice of intention to hold for mill or tunnel sites for 1994, was filed by December 30, 1994, please furnish a copy of the BLM receipt for payment and the BLM timely stamped document listing the mining claims or sites and the BLM serial numbers. The evidence must be received in this office no later than 30 days from receipt of this Decision. If the proof is not furnished during the 30-day period, the mining claim(s), mill site(s), and tunnel site(s) will be removed from the BLM records as abandoned and void.

If additional information is required, please call (602) 650-0518.

(A Company in the Development Stage)

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 1995

RECEIVED
BUREAU OF
LAND MANAGEMENT
2001 SEP 28 A 9:05

ARIZONA
STATE OFFICE
PHOENIX, ARIZONA

(1) ORGANIZATION AND NATURE OF BUSINESS:

AIM Consolidated (AIMCO, or the Company) was incorporated under the laws of the state of Nevada on April 14, 1994. The Company is a development stage mining venture which intends to mine, mill and concentrate iron ore from its mineral properties. In addition, the Company intends to mine and process micaceous iron oxide and red iron oxide for use in the paint and plastics industries, respectively. The Company has yet to generate any revenues and has no assurance of future revenues. In addition, during the period required to develop existing indicated reserves, the Company may require additional funds that may not be available to it.

(2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Property and Equipment

Property and equipment is stated at cost less accumulated depreciation. Depreciation is recognized using the straight-line method over the following estimated useful lives:

Machinery and equipment	5 years
Furniture and fixtures	5 years

Other Assets

Other assets primarily represent amounts paid to Zia Metallurgical Processes, Inc. (Zia) in August 1994 for the exclusive right to use Zia's patented ladle metallurgy process technology in Arizona. This exclusive right, which will be forfeited if the Company's first steel plant is not permitted and under construction before January 1, 1998, is being amortized on a straight-line basis over 41 months.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, expenses and disclosures concerning contingent assets and liabilities at December 31, 1995 and 1994. Actual results could differ from those estimates.

Item 18.

BRIEF HISTORY OF THE ISSUER:

(2)

The Issuer was formed on November 14, 1996, under the name of NATIONAL CLINICS, INC. Its initial business purpose was to provide magnetic resonance imaging services to the general public. The Company became a public corporation shortly thereafter, pursuant to Reg D, Rule 504, of the Securities Act of 1933, as amended. Shortly thereafter, the Company abandoned its initial business purpose and initiated a new business purpose. On January 20, 1997, the Company entered into an agreement to acquire AMERICAN INDUSTRIAL MINERALS CO., INC. ("AIMCO, INC."), located in Phoenix, Arizona. The acquisition was successfully concluded and the Issuer changed its name to GENTRY STEEL, INC., adopting its sole and exclusive business purpose, the mining, milling, and processing of iron ore and selling it as iron oxide pigment to fortune five hundred companies.
