Telephone Conversation Record

A MC 261039  
A MC 336027

December 15, 1998

Caller: Thomas Mills

Telephone Number: (817) 317-1257

Subject: 1999 Maintenance Fee Payments

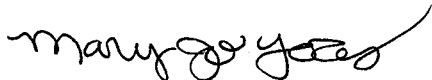

On December 11, 1998, I sent a letter to Mr. Mills advising that the payment he made on August 12, 1998 identified claims that had been closed.

Mr. Mills telephoned to state that he had inadvertently provided old A MC numbers. He requested that the payment be applied to A MC 336027 through A MC 336032, the correct numbers of his current claims.

I reviewed A MC 336027 through A MC 336032 and noted that Mr. Donald A Blackburn was listed as the owner of record. Upon further review of the case file, I noticed that Tomas Mills was listed as locator, and Mr. Blackburn as agent. It appears that our clerk had made an error, and the records are being corrected today.

Mr. Mills stated that Mr. Blackburn was his agent and that his name had been misspelled, it should be Thomas.

Mr. Mills will be sending this information via FAX, and will follow up with a hard copy.

CERTIFIED MAIL - RETURN RECEIPT REQUESTED

DECISION

Tomas Mills	:	SMH #7 and SMH #8
c/o Donald A. Blackburn	:	Lode Claims
P.O. Box 20238	:	
Wickenburg, Arizona 85358	:	

Mining Claims Declared Null and Void  
Ab Initio

On November 20, 1995, the above-referenced mining claims were located. Pursuant to the requirements of the Federal Land Policy and Management Act of 1976, 43 U.S.C. 1744, and the implementing regulations in 43 CFR 3833.1-2, a notice of location was filed for recording with the Arizona State Office, Bureau of Land Management (BLM), on November 21, 1995.

The Notice of Mining Claim Location showed the claims to be located in the SE $\frac{1}{4}$  of sec. 28, T. 12 N., R. 9 W., Gila and Salt River Meridian, Arizona. The accompanying maps, however, show both the mining claims to be located within the SW $\frac{1}{4}$  of sec. 28, T. 12 N., R. 9 W., Gila and Salt River Meridian, Arizona.

According to the BLM public records, the entire S $\frac{1}{2}$  (surface and minerals) of the subject section were conveyed to the State of Arizona on February 19, 1937 (copy enclosed). At the time of location, the lands were not open to the location of mining claims. The subject mining claims are invalid and are hereby declared null and void ab initio.

"Mining claims located on land closed to mineral entry are null and void ab initio as a matter of law, and no property rights are created. Therefore, no contest proceeding or hearing is required prior to a Decision holding a claim null and void ab initio." Fletcher De Fisher, Fisher International, Inc., 93 IBLA 68 (1986).

This Decision may be appealed to the Interior Board of Land Appeals, Office of the Secretary, in accordance with the regulations contained in 43 CFR, Part 4 and the enclosed Form 1842-1. If an appeal is taken, your notice of appeal must be filed in this office (at the above address) within 30 days from receipt of this Decision. The appellant has the burden of showing that the Decision appealed from is in error.

If you wish to file a petition pursuant to regulation 43 CFR 4.21 (58 FR 4939, January 19, 1993) or 43 CFR 2804.1 for a stay of the effectiveness of this Decision during the time that your appeal is being reviewed by the Board, the petition for a stay must accompany your notice of appeal. A petition for a stay is required to show sufficient justification based on the standards listed below. Copies of the notice of appeal and petition for a stay must also be submitted to each party named in this Decision and to the Interior Board of Land Appeals and to the appropriate Office of the Solicitor (see 43 CFR 4.413) at the same time the original documents are filed with this office. If you request a stay, you have the burden of proof to demonstrate that a stay should be granted.

#### Standards for Obtaining a Stay

Except as otherwise provided by law or other pertinent regulation, a petition for a stay of a decision pending appeal shall show sufficient justification based on the following standards:

- (1) The relative harm to the parties if the stay is granted or denied,
- (2) The likelihood of the appellant's success on the merits,
- (3) The likelihood of immediate and irreparable harm if the stay is not granted, and
- (4) Whether the public interest favors granting the stay.

## DEPARTMENT OF THE INTERIOR

## GENERAL LAND OFFICE

Washington, D. C.

FEB 17 1937

It is hereby certified that the tracts described in this list, No. 3, are embraced in the original selection lists, now on file in this office, of lands selected by the State of Arizona, in the Phoenix Land District, embracing 2,809.61 acres, in lieu of lands which were acquired by the State as indemnity school lands, through the selection, approval and certification thereof pursuant to the enabling act of June 20, 1910 (36 Stat. 557), and which were thereafter included within the Western Navajo Indian Reservation, subject to prior valid rights and claims thereto, by the act of Congress approved May 23, 1930 (46 Stat. 378), as amended by the act of February 21, 1931 (46 Stat. 1204). Certificates by the State officer and the proper county recorder have been furnished showing nonencumbrance of said base lands by the State. These exchange selections are authorized by said acts of 1930 and 1931 which provide that the lieu selections by the State be made in the same manner as is provided for in the enabling act, the selections under the enabling act being governed by the regulations approved by the Department June 23, 1910 (39 L. B. 39).

It is further certified that the lands offered as a basis for the exchange and those selected in lieu thereof have been examined and compared with the township plat and tract books in this office; that the selected lands have been found to be subject to selection by the State, being surveyed, public lands, not mineral in character, within the limits of said State, equal in area to those relinquished, and free from adverse claims of record. Some of the selected lands are within Grazing District No. 4, established February 14, 1936, subsequent to the completion of the selections and are not affected thereby. Executive Order No. 6910 of November 26, 1934, temporarily withdrew all vacant, unreserved, unappropriated, public lands in the State of Arizona from settlement, location, sale or entry, in furtherance of the purposes of the act of June 20, 1934 (48 Stat. 1269), which withdrawal was made subject to existing valid rights. Some of these selections were completed prior to said withdrawal and are not affected thereby (255 U. S. 228). One selection was filed and allowed prior to said withdrawal but was not completed until after the date thereof. However, in view of the departmental decision of April 4, 1935 (A 18519), in the case of the indemnity school land selection list Phoenix 072751 (55 L. B. 249) such withdrawal is not considered a bar to the approval of the selection. The selected lands are not embraced in any other subsisting withdrawal or reservation of record. Reports have been received from the Geological Survey and from Special Agents indicating that the selected lands are not valuable for coal or other minerals.

It is therefore recommended that this list, embracing 2,809.61 acres, be approved subject to any valid intervening rights existing at date of selection but excepting and reserving unto the United States rights of way over and across said selected lands for ditches or canals constructed by their authority, all as directed by the act of Congress approved August 30, 1890 (26 Stat. 391).
