Mr. Steven H. Warr

Salt Lake City, Utah 84101

Dear Mr. Warr:

The enclosed list identifies the serial numbers that have been assigned to each of your mining claim location notices received by this office on June 24, 1996.

The regulations require you to identify the claim name and A MC serial number of each claim, and the claimant's name and address on all future documents and correspondence filed with the Bureau of Land Management (BLM).

The acknowledgment does not verify that your claims have been located on lands open to mineral entry or are encumbered by rights of other mining claimants. Only those mining claims that are entirely located on private or Federal lands that are not open to mineral entry will be officially declared void by a BLM Decision.

Please advise this office of all changes of address, authorized agents, and transfers of ownership.

Transfers of ownership are governed by 43 CFR 3833.3(a) which states that, "Whenever the owner of an unpatented mining claim, mill site or tunnel site, which has been recorded in accordance with 43 CFR 3833.1, sells, assigns, or otherwise conveys all or any part of his interest in the claim, his transferee shall file in the proper BLM office within 60 days after the completion of the transfer..." A service charge of \$5 per claim is required for all transfers.

By keeping our records current, we will be able to provide better public service. **All future correspondence from this office will be sent only to the above name and address unless otherwise instructed.**

If any of the information listed on the enclosure is not correct, please notify this office in writing.

Sincerely,

A handwritten signature in black ink that reads "Mary Jo Yoas". The signature is written in a cursive, flowing style.

CERTIFIED MAIL - RETURN RECEIPT REQUESTED

DECISION

Mining Claimant(s)
as Shown on the
Enclosed Sheet(s)

Mining Claim(s)

Mining Claims Declared Forfeited

The mining claims listed on the attached sheet have been declared forfeited for failure to file the required small miner's maintenance fee waiver (waiver) or pay the annual non-refundable maintenance fee of \$100.

Claimants are required to pay an annual non-refundable maintenance fee of \$100 or submit a waiver, on or before September 1, of each year. These requirements were established by 30 U.S.C. 28f-k, as amended by the Act of November 5, 2001 (Public Law 107-63; 115 Stat. 414) at 43 CFR 3833.1-5, 1-6, and 1-7.

Our records do not show receipt of a maintenance fee payment, or waiver received on or before September 1, 2001, for the year 2002, for the mining claim(s) listed on the enclosed sheet(s), and therefore, the claims are declared forfeited.

You are required to reclaim all areas disturbed by your activities on lands encompassed by your mining claim(s) and/or site(s). After you complete the reclamation, you must notify the authorized officer of the appropriate surface managing agency so that the authorized officer may conduct a final site inspection and determine whether you may be released from liability. If you fail to reclaim the land to the satisfaction of the authorized officer, the surface management agency may cite you for noncompliance under its surface management regulations.

For lands administered by the BLM, if you fail to reclaim the lands to the satisfaction of the authorized officer as required in 43 CFR Subpart 3809, BLM will issue an order of noncompliance under 43 CFR 3809.601(a). If you fail to comply with the noncompliance order, BLM may take further action under 43 CFR 3809.604. Failure to conduct reclamation is a prohibited act that may subject you to criminal penalties. See 43 CFR 3809.605(h) and 43 CFR 3809.700.

If your occupancy has been terminated and you fail to remove structures, material, and equipment, and any personal property in accordance with the regulations in 43 CFR 3715.5-1, BLM may dispose of the property. In accordance with 43 CFR 3715.5-2, you will remain liable for the costs BLM incurs in removing and disposing of the property.

This decision may be appealed to the Interior Board of Land Appeals, Office of the Secretary, in accordance with the regulations contained in 43 CFR, Part 4 and the enclosed Form 1842-1. If an appeal is taken, your notice of appeal must be filed in this office (at the above address) within 30 days from receipt of this decision. The appellant has the burden of showing that the decision appealed from is in error.

If you wish to file a petition pursuant to regulation 43 CFR 4.21 (58 FR 4939, January 19, 1993) or 43 CFR 2804.1 for a stay of the effectiveness of this decision during the time that your appeal is being reviewed by the Board, the petition for a stay must accompany your notice of appeal. A petition for a stay is required to show sufficient justification based on the standards listed below. Copies of the notice of appeal and petition for a stay must also be submitted to each party named in this decision and to the Interior Board of Land Appeals and to the appropriate Office of the Solicitor (see 43 CFR 4.413) at the same time the original documents are filed with this office. If you request a stay, you have the burden of proof to demonstrate that a stay should be granted.

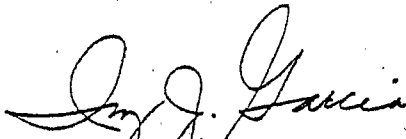

Standards for Obtaining a Stay

Except as otherwise provided by law or other pertinent regulation, a petition for a stay of a decision pending appeal shall show sufficient justification based on the following standards:

- (1) The relative harm to the parties if the stay is granted or denied,
- (2) The likelihood of the appellant's success on the merits,
- (3) The likelihood of immediate and irreparable harm if the stay is not granted, and
- (4) Whether the public interest favors granting the stay.

If no appeal, or noncompliance, with the above occurs, this decision constitutes final administrative action of this Department as it affects the mining claims. No appeal, protest or petition for reconsideration will be entertained from this decision after the appeal period has expired.

Please include your AMC serial number(s) on all correspondence. If additional information is required, please call Dorie Morrison at (602) 417-9355.

Title: Waterfowl Harvest Surveys
 Amendment

OMB Approval Number: 1018-0015

Abstract: Under the Migratory Bird

Treaty Act, the Secretary of the Interior has responsibility for setting appropriate regulations for the hunting of migratory birds.

Information required for effectively governing harvests of migratory birds includes not only knowledge of the harvest's magnitude but also information of the species, age, and sex composition within that harvest, including the geographical and chronological distribution of these components. The information collected is used by both Federal and State authorities to monitor the effects of various hunting regulations on the harvest of individual migratory bird species. This amendment to the currently approved Waterfowl Harvest Survey includes a phased expansion to include all migratory bird species and to solve non-response problems
