MINING CLAIMS DECLARED FORFEITED

The mining claims listed above have been declared forfeited for failure to file the required maintenance fee payment or small miner's maintenance fee waiver (waiver).

Claimants are required to pay an annual non-refundable maintenance fee of \$100, or submit a waiver, on or before September 1 of each year. These requirements were established by 30 U.S.C. 28-f-k, as amended, and 43 Code of Federal Regulations (CFR) 3833.1-5, 1-6, and 1-7.

Our records do not show receipt of a maintenance fee payment, or waiver received on or before September 1, 2003, for the 2004 assessment year, for the claims listed above. Therefore, the claims are forfeited.

You are required to reclaim all areas disturbed by your activities on lands encompassed by your mining claim(s) and/or site(s). After you complete the reclamation, you must notify the authorized officer of the appropriate surface managing agency so that the authorized officer may conduct a final site inspection and determine whether you may be released from liability. If you fail to reclaim the land to the satisfaction of the authorized officer, the surface management agency may cite you for noncompliance under its surface management regulations.

For land administered by the Bureau of Land Management (BLM), if you fail to reclaim the land to the satisfaction of the authorized officer as required in 43 CFR Subpart 3809, BLM will issue an order of noncompliance under 43 CFR 3809.601(a). If you fail to comply with the noncompliance order, BLM may take further action under 43 CFR 3809.604. Failure to conduct reclamation is a prohibited act that may subject you to criminal penalties. See 43 CFR 3809.605(h) and 43 CFR 3809.700.

This decision may be appealed to the Interior Board of Land Appeals, Office of the Secretary, in accordance with the regulations contained in 43 CFR, Part 4 and the enclosed Form 1842-1. If an appeal is taken, your notice of appeal must be filed in this office (at the above address) within 30 days from receipt of this decision. The appellant has the burden of showing that the decision appealed from is in error.

If you wish to file a petition pursuant to regulation 43 CFR 4.21 (58 FR 4939, January 19, 1993) for a stay of the effectiveness of this decision during the time that your appeal is being reviewed by the Board, the petition for a stay must accompany your notice of appeal. A petition for a stay is required to show sufficient justification based on the standards listed below. Copies of the notice of appeal and petition for a stay **must** also be submitted to each party named in this decision and to the Interior Board of Land Appeals and to the appropriate Office of the Solicitor (see 43 CFR 4.413) at the same time the original documents are filed with this office. If you request a stay, you have the burden of proof to demonstrate that a stay should be granted.

Standards for Obtaining a Stay

Except as otherwise provided by law or other pertinent regulation, a petition for a stay of a decision pending appeal shall show sufficient justification based on the following standards:

- (1) The relative harm to the parties if the stay is granted or denied,
- (2) The likelihood of the appellant's success on the merits,
- (3) The likelihood of immediate and irreparable harm if the stay is not granted, and
- (4) Whether the public interest favors granting the stay.

Realty Action; Proposed Land Disposal in Rio Arriba County (Albuquerque District), NM

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of realty action on proposed land disposal.

SUMMARY: This notice is to advise the public that the Albuquerque District, of the Bureau of Land Management (BLM), is proposing to dispose of approximately 11.75 acres of public land within the Village of Vallecitos within Rio Arriba County, State of New Mexico.

SUPPLEMENTARY INFORMATION: The BLM has determined that the acres of public land described below are suitable for disposal under the Color-of-Title Acts of 1928 (45 Stat. 1069), 1932 (47 Stat. 53; 43 U.S.C. 178), and Sales Under section 203 of the Federal Land Policy and Management Act of 1976 (FLPMA), 43 U.S.C. 1713 (1976).

New Mexico Principal Meridian

Vallecitos, New Mexico Public Land Disposal Block

Township 26 North, Range 8 East

Section 8: Lots 18, 19, 20, 21, 22, 23, 25, 26,
28, 29, 30, 31, 32, 33, 34, 35, 39, 40, 41, 42,

43, 46, 47, 48, 49, 50

Section 17: Lots 9, 11

Comprising approximately 11.75 acres.

Disposal of these lands is consistent with: (1) The approved Land Use Recommendations of the BLM's 1979 Rio Grande Management Framework Plan, (2) Their location as well as the physical characteristics and the private ownership of adjoining lands, make them difficult and uneconomical to manage as public lands, so disposal would best serve the public interest, (3)

This Notice of Realty Action will be published once a week for three weeks in a newspaper of general circulation and will be sent to the New Mexico Congressional Delegation and the relevant congressional committees by BLM. The specific parcels of public land will be disposed of using the following "Tract Disposal Criteria" in descending order of priority:

1. *Color-of-Title.* Color-of-Title disposals will be made to any applicant within the disposal area who qualifies under the Color-of-Title Acts.

2. *Non-Competitive (Direct) Sale.* Public Lands within the disposal block will be sold without competition at Fair Market Value to those individuals who occupied the parcels before June 11, 1979 (the date land use plans were approved) but who do not qualify for title under one of the color-of-title acts.

The terms and conditions applicable to the disposal are:

1. The patents will contain a reservation to the United States for ditches and canals.

2. All disposals are for surface estate only. The patents will contain a reservation to the United States for all minerals.

3. Tracts which lie within the 100 year floodplain of the Rio Vallecitos will be subject to EO 11988 which precludes the seeking of compensation from the United States or its agencies in the event existing or future facilities on those tracts are damaged by flood.

4. All disposals will be made subject to prior existing rights.

Additional information pertaining to this disposal including the environmental documents are available for review at the Taos Resource Area Office, Plaza Montevideo, Cruz Alta Road, Taos, New Mexico 87571, or telephone (505) 758-8851. For a period of 45 days from the date of this notice, interested parties may submit written comments to the Taos Resource Area Manager. Any adverse comments will be evaluated by the New Mexico State Director, Bureau of Land Management, who may vacate or modify this realty action and issue a final determination.

In the absence of any action by the State Director, this realty action will become the final determination of the Department of the Interior.

Purpose: A.I.D. provides loans and grants to many developing countries in the form of Commodity Import Programs (CIPS). These funds are made available to host countries to be allocated to the public and private sectors for purchasing various commodities from the U.S. or in some cases, from other developing countries. In accordance with section 604(f) of the Foreign Assistance Act of 1961, as amended, A.I.D. can finance only those commodities which are determined eligible and suitable in accordance with various statutory requirements and agency policies. Using the Application for Approval of Commodity Eligibility (Form AID-11), the supplier certifies to A.I.D. information about the commodities being supplied, as required in section 604(f), so that A.I.D. may determine eligibility. The annual reporting burden is twice per respondent and each response requires approximately fifteen minutes.

ACTION: Closure Order for Off-Road
Vehicle Use.

SUMMARY: Notice is hereby given related
to the closure of public land to off-road
vehicle (ORV) use in accordance with
regulations contained in 43 CFR 8341.2.
Approximately thirty-seven (37) acres of
rare plant habitat located in portions of
Sections 26, 27, 34, 35, T. 6 N., R. 1 W.,
H.M. and known as the foredunes of the
Bureau's Manila Dunes tract, will be
temporarily closed to ORV use. This
closure order will remain in effect until
a research project is completed or a
formal activity plan is completed for the
area.

DATE: This closure order is effective
May 20, 1988.

Manager, 1125 16th Street, Room 219,
P.O. Box 1112, Arcata, California 95521

as endangered by the California
Department of Fish and Game and
identified as a candidate for Federal

dune systems along the California coast
in three locations—Monterey, Fort Bragg
and the Samoa Peninsula near Eureka.

Habitat restoration plans and
research studies are currently being
implemented on the thirty-seven (37)
acres where ORV use will be prohibited
by this closure order. The area has been
fenced into four units in order to provide
riding corridors from the inland dunes to
the beach strand. Information and
regulatory signs are posted and the
fence wire is flagged and painted to
increase its visibility to nearby ORV
enthusiasts.

All restoration activities within this
thirty-seven (37) acre area will be
monitored for at least three years.
During this period, the study area must
be protected from impacts which could
result in erroneous conclusions or
recommendations. Upon completion of
the habitat restoration and research
projects, the authorized officer will
determine whether or not to remove the
fence and designate the area either
open, limited, or closed to ORV's in
