RE: ERROR ON MINING CLAIMS RENEWAL LIST

Attached is a partial list of claims that we sent with our check for mining claim renewals on Aug 3, and was received by the BLM on August 6 (BLM transaction #2035872).

A series of twelve claims were amended on April 28, 2009, but were not updated on the list that we send with our yearly renewal. The highlighted claims on the corrected partial list are the ones that payment should have been applied to, and a copy of the original partial list that we sent is attached for you to reference.

There was also a typo on the name of claim #AMC 396795. The name of the claim should have been listed as Homestead #24 and we submitted the name as Homestead #23 (line #111 on the list of claims).

I apologize for the error and inconvenience. Please feel free to give me a call if you have any questions.

Sincerely,

Heather L Fox, Accounts Payable

Chip/Jerry,

Per our telephone conversation, the attached list is the mining claims that there is a problem with. I will try to make this as clear as possible, however, I know that you may have some questions after reviewing. If so please call me at (602) 417-9355.

These claims are located on land conveyed under the Stock Raising Homestead Act of December 29, 1916. PL 103-23 passed on April 16, 1993 required that mining claims located on lands conveyed under this act must comply with special procedures. **If you are the surface owner, please send proof along with a statement that you are the surface owner.**

If you are not the surface owner the following regulatory information is required:

1. File a Notice of Intent To Locate (NOITL) with a \$25.00 service fee to BLM.
2. Evidence of title of surface owner. All that is necessary is a copy of the county records showing who is paying the taxes on the property.
3. A copy of the certified mail receipt card proving the surface owner was served a copy of the NOITL.
4. The telephone number of the surface owner.
5. The telephone number of the claimant.
6. Total number of acres covered by the NOITL.
7. Brief description of proposed mineral activity.
8. Map showing access routes.

The claimant may not go on the land until the 31st day after the surface owner has received notification to locate claims.
