DECISION

Application for exchange under  
the Taylor Grazing Act  
Phoenix 079472 "P"

State of Arizona.

Application Approved for Patenting.

On September 22, 1942, the Department authorized the publication of exchange application, Phoenix 079472, filed by the State of Arizona under the provisions of section 6 of the Taylor Grazing Act of June 28, 1934 (48 Stat. 1269), as amended by the act of June 26, 1936 (49 Stat. 1976; 43 U.S.C., 315g (c) (d)), and required the submission of proof of such publication together with the other evidence required by the governing regulations (Circ. 1398, 43 C.F.R. 147.8-147.12). The required evidence has been received. There are no protests of record.

The selected lands are not within a grazing district. The base lands are located in Grazing District No. 1 and are unsurveyed. The exchange is based upon equal areas, the State consenting to the reservation to the United States of the minerals in the selected lands. Satisfactory certificates have been furnished showing non-encumbrance by the State of the offered lands.

The application is hereby approved for patenting to the State of Arizona for the lands described as follows, with the minerals therein reserved to the United States:

G. and S. R. M.

T. 12 N., R. 7 W., all of secs. 13, 14, 21, 22, 23, 24,  
26 and 33, X

containing 5,120 acres in exchange for the base lands described as follows:

G. and S. R. M.

- T. 39 N., R. 2 W., sec. 32, all
- T. 38 N., R. 7 W., sec. 36, all
- T. 34 N., R. 11 W., secs. 2 and 16, all
- T. 40 N., R. 12 W., sec. 2, all
- T. 37 N., R. 16 W., sec. 16, BNET
- T. 38 N., R. 16 W., secs. 16, 32 and 36, all

unsurveyed and estimated by protraction to contain 5,120 acres. As the base lands are unsurveyed, title thereto has never vested in the State and the minerals therein are not reserved to the State.

Appropriate notations of the approval for patenting, with the mineral reservation above indicated, should be made opposite the description of the selected lands and notations of the selection and approval should be made opposite the description of the base lands. After the action herein directed has been taken, acknowledgment should be made of this decision.
