## 2013 Maintenance Fees - Additional Fees Required

Your maintenance fee payment for the 2013 assessment year, in the amount of \$140 per claim, for the placer claims listed above, has been received and is insufficient. The total due on your claim(s) is: \$4340.

In accordance with the Consolidated Appropriations Act of 2012, Public Law 112-74 (125 Stat 1047), and FR44155-44158 (2012) Congress changed the way maintenance fees for placer mining claims are assessed. Instead of charging the maintenance fee on a per-claim basis, Congress stated that the fee, which is currently \$140, will be assessed on each 20 acre parcel of a placer claim or portion thereof.

Insufficient payment of the annual maintenance fee for the 2013 assessment year is a curable defect. Therefore you are required to do one of the following within 30 days of receipt of this notice or your claim(s) will be declared forfeited: 1) submit additional fees of \$140 per 20-acres or portion thereof based on the full acreage of the claim, or 2) amend the claim(s) to reduce the acres so a lesser fee is due and submit any additional fees due; or 3) relinquish the claim(s) in their entirety, in which case BLM will refund the maintenance fees you have already paid for the 2013 assessment year.

If you choose to amend the claims to reduce the acres, you must submit an amended location notice for each claim, with an accurate description and dimensions of the reduced claim, along with a map depicting the reduced claim, and a \$10 processing fee per amendment. An amendment must also be recorded at the county. If the amended claim contains more than 20 acres, calculate the additional fees due and submit those fees with the amendment(s).

# Association Placer Mining Claims Documentation or Amendments Required

The mining claims listed above are association placer mining claims that are over 20 acres in size. The claims were originally located with the required number of locators to meet the 20-acre per locator requirement. However, the claims are now held by a smaller group of claimants than originally located them and are therefore not in compliance with the legal requirements.

By law, each individual claimant is allowed to hold a maximum of 20 acres per claim. A corporation is considered to be a single entity that is allowed to hold a maximum of 20 acres per claim. In accordance with 43 CFR 3833.33 you may transfer, sell, or otherwise convey an association placer mining claim at any time to an equal or greater number of mining claimants. If you want to transfer an association placer claim to an individual or an association that is smaller in number than the association that located the claim you (a) must have discovered a valuable mineral deposit before the transfer; or (b) upon notice from BLM, you must reduce the acreage of the claim, if necessary, so that you meet the 20-acre per locator limit.

In reviewing the case file for these claims it was noted that at the time of transfer to an individual or smaller number of locators than originally located the claims, BLM did not receive documentation supporting that a discovery of a valuable mineral deposit was made. Without this

AMENDED TO 20 ACRES 8/4/2014 PM

documentation we cannot determine if the claims are being properly held by the correct number of claimants. Therefore, we are requiring that the appropriate documentation be submitted to BLM. We are enclosing a guide to clarify what documentation must be provided to BLM to support the discovery of a valuable mineral deposit.

If you have the required documentation, dated **prior** to the date of transfer, you may file it with this office for review. If you do not have the proper documentation, you must amend the claims listed above, reducing the acreage to 20 acres per claimant, as is allowed by law.

We must receive either documentation supporting a discovery of a valuable mineral deposit, or amendments within 30 days of your receipt of this notice. If the required documentation or the amendments are not received within the 30-day timeframe the mining claims will be declared forfeited and void. If amendments are filed, there is a \$10 BLM processing fee for each amendment. The amendments must also be filed with the county.

If additional information is required, please contact RéAnn Myers at 602-417-9413. Please include your AMC serial number(s) on all correspondence.

Sincerely,

Rebecca Heick Group Administrator

#### **DECISION**

ARROWZONA STONE WORKS:

TERRY HORNE

500 E. 38TH AVE.

This decision affects those claims shown

APACHE JUNCTION, AZ 85119-7305

in the block below.

AMC355793, AMC355794 SPRING #3, #4

# MINING CLAIMS DECLARED FORFEIT

The mining claims listed above have been declared forfeit as of September 1, 2013, for failure to timely file the required maintenance fee payment or small miner's maintenance fee waiver (waiver).

Claimants are required to pay an annual non-refundable maintenance fee of \$140 per 20 acres, or submit a waiver, on or before September 1 of each year. (In accordance with 43 CFR 1822.14, because September 1, 2013, fell on a Sunday and Monday was a holiday, the payment was due the next business day, September 3, 2013.) These requirements were established by 30 U.S.C. 28f-l, as amended, and 43 Code of Federal Regulations (CFR) 3834 and 3835.

Our records do not show receipt of a maintenance fee payment or small miner waiver filed on or before the due date. Therefore, the claims listed above are forfeit.

This decision does not relieve you of the liability for reclamation of all areas disturbed by your activities on lands covered by the subject mining claim(s) and/or site(s). After you complete the reclamation, you must notify the authorized officer of the appropriate surface managing agency so that the authorized officer may conduct a final site inspection and determine whether you may be released from liability. If you fail to reclaim the land to the satisfaction of the authorized officer, the surface management agency may cite you for noncompliance under its surface management regulations.

NATIONAL SYSTEM OF PUBLIC LEADS:

(LS. DEPARTMENT OF THE INTERIOR BIFFRED OF LANS BRANCHISM)

For land administered by the Bureau of Land Management (BLM), if you fail to reclaim the land to the satisfaction of the authorized officer as required in 43 CFR Subpart 3809, BLM will issue an order of noncompliance under 43 CFR 3809.601(a). If you fail to comply with the non-compliance order, BLM may take further action under 43 CFR 3809.604. Failure to conduct reclamation is a prohibited act that may subject you to criminal penalties. See 43 CFR 3809.605(h) and 43 CFR 3809.700.

### **Appeal Procedures**

This decision may be appealed to the Interior Board of Land Appeals, Office of the Secretary, in accordance with the regulations contained in 43 CFR, Part 4, and the enclosed Form 1842-1. If an appeal is taken, your notice of appeal must be filed in this office (at the above address) within 30 days from receipt of this decision. The appellant has the burden of showing that the decision appealed from is in error.

If you wish to file a petition pursuant to regulation 43 CFR 4.21 (58 FR 4939, January 19, 1993) for a stay of the effectiveness of this decision during the time that your appeal is being reviewed by the Board, the petition for a stay must accompany your notice of appeal. A petition for a stay is required to show sufficient justification based on the standards listed below. Copies of the notice of appeal and petition for a stay **must** also be submitted to each party named in this decision and to the Interior Board of Land Appeals and to the appropriate Office of the Solicitor (see 43 CFR 4.413) at the same time the original documents are filed with this office. If you request a stay, you have the burden of proof to demonstrate that a stay should be granted.

### **Standards for Obtaining a Stay**

Except as otherwise provided by law or other pertinent regulation, a petition for a stay of a decision pending appeal shall show sufficient justification based on the following standards:

- (1) The relative harm to the parties if the stay is granted or denied,
- (2) The likelihood of the appellant's success on the merits,
- (3) The likelihood of immediate and irreparable harm if the stay is not granted, and
- (4) Whether the public interest favors granting the stay.

Please include your AMC serial number(s) on all correspondence. If additional information is required, please call Rod Ebert at 602-417-9397.
