DECISION

UNITED MINES INC; MARTIN GLENN	:	This decision affects those claims shown
11924 N CENTAURAS PL	:	in the block below:
ORO VALLEY, AZ 85737	:	

AMC373393 through 373398
MC-1 - 6

MINING CLAIMS DECLARED FORFEITED

The mining claims listed above have been declared forfeited for failure to file the required maintenance fee payment or small miner's maintenance fee waiver (waiver).

Claimants are required to pay an annual non-refundable maintenance fee of \$125, or submit a waiver, on or before September 1 of each year. These requirements were established by 30 (United States Code) 28-f-k, as amended, and 43 Code of Federal Regulations (CFR) 3834 and 3835.

Our records do not show receipt of a maintenance fee payment, or waiver received on or before September 1, 2006, for the 2007 assessment year, for the claims listed above. Therefore, the claims are forfeited.

This decision does not relieve you of the liability for reclamation of all areas disturbed by your activities on lands covered by the subject mining claim(s) and/or site(s). After you complete the reclamation, you must notify the authorized officer of the appropriate surface managing agency so that the authorized officer may conduct a final site inspection and determine whether you may be released from liability. If you fail to reclaim the land to the satisfaction of the authorized officer, the surface management agency may cite you for noncompliance under its surface management regulations.

GENERAL LAND OFFICE

WASHINGTON, D. C., January 20, 1915

DEPARTMENT OF THE INTERIOR
GENERAL LAND OFFICE

WASHINGTON, D. C., February 22, 1915

It is hereby reported that the tracts described in this list, No. 21, are embraced in the original town lots on file in this office, of lands selected by the State of Arizona pursuant to the laws of said State in the Pinal County land district, as independently for lands in the various townships named, which selections independently of those are authorized by the acts of Congress cited.

It is further certified that the lands reported lost or defective in said list and those selected by the State have been examined and compared with the township plats and tract books in this office; that the independent lands selected have been found to be properly due the townships for which they were selected, and the selected lands are shown to be subject to such selection, being surveyed public lands, not mineral in character, within the limits of said State, and free from adverse claims of record.

It is, therefore, recommended that the said list, embracing 21,566.83 acres, be approved subject to any valid interfering rights existing at date of selection, but reserving and reserving unto the United States rights of way over and across said selected lands for ditches or canals constructed by their authority, all as directed and required by the act of Congress approved August 20, 1906 (34 Stat., 220).
