Subject Downstream Claims Nos 1&6 AMC380043 and 44

Hi Mr Ebert: Thank you for returning my call today and for your assistance in clearing up some issues regarding these claims. I understand that the Downstream No 1 Claim has incorrectly included this approx 5 acres of State Land in the northeast quadrant of that claim for some time , but that it was just now " adjudicated" or in other words verified and discovered by BLM when the most recent transfer was made to Auza Ranches. Apparently , the claim had just not been "adjudicated" before that for some reason. Since we can't make a claim on State Land, I understand that there is really nothing we can do , or should do in regard to that Claim. It just is what it is and it's about 15 acres effectively instead of the 20 acres shown on the notice of location.

As for the Downstream No 6 claim, I understand we will be getting a notice ( letter) on that claim too, stating that the federal highway may bisect the north east corner of the claim and that federal law prohibits location of a mining claim on two sides of a " federal aid highway ". Accordingly, I understand we have a couple of options on this claim. We can go to the District BLM office and check the " right of way case" to make sure the highway transects the claim or we can go to the claim and simply see if the NE corner is on the other side of the Highway. If its not, then we can write a letter in response stating that no part of the claim is bisected by the highway. Or, if the highway does bisect the claim, then we need to file an Amended Notice of Location , which we can do on a copy of the existing location notice by marking it "Amended" and adding a narrative statement that the Claimant is electing to delete that portion of the claim which is situated on the East side of the highway ( because obviously that is the smaller part). We need to file that amended notice with the county recorder and mail you a copy conformed by the Records office before the 30 days expires as stated in the forthcoming letter. That will take care of any issue on the Downstream No 6. Right? Thanks for your excellent job in walking me through these issues. I appreciate you help. Please let me know if I have misunderstood any portion of the above. Regards,

**Re: AMC #380043 Mining Claim**

Dear Mr. Ebert:

It was a pleasure discussing with you your department's letter of July 29<sup>th</sup>, 2010 which explained the Department's determination that a portion of the land within AMC #380043 is not open to location because it is described as being on land owned by the State of Arizona.

Based upon the maps which you included, it appears that approximately the northeast 5 acres of the 20 acre claim is located on State land. I understand that there have been no changes to the claim and that there have been no amendments to the Notice of Location of Claim and that while the notice of claim includes a portion on State land, this was simply not noticed by the Bureau of Land Management prior to it apparently having obtained a better mapping system. You have advised and I have agreed this determination based upon the portion of the land being located on the State of Arizona land "is what it is". We are obviously not going to change the fact that a portion of the land is owned by the State of Arizona. This will confirm that only the portion of the claim located on the property owned by the State of Arizona is null and void but that the remaining claim remains valid and unaffected.

Please let me know if this letter does not accurately express our conversation or if I have misunderstood anything that we have discussed. Thank you again for all of your help in the matter during our telephone conversations and your prompt attention.

Very truly yours,

**H. RUDY C. STADELMAN, P.C.**

Mining Claim Location Notices – Corrections Required

Pursuant to Title 43 Code of Federal Regulations (CFR) 3832.1, this office received your notice(s) of location for recordation of mining claims. In accordance with 43 CFR 3832.11 and 3832.12, the claim(s) listed above are not properly located. Because they are not properly located we cannot record them as filed. They must be corrected as noted below or they will be declared null and void ab initio.

You must amend your claim to exclude crossing ther right-of-way and show us on a map that portion which you wish to retain. You may then locate the deleted lands in a new mining claim location notice.

You must provide the requested information for each claim listed above to correct the defects. Please do this by providing a copy of your location notice with the appropriate corrections, and note at the top of the form that it is a "Corrected Copy of Location Notice". If the information is not received within the 30-day timeframe, the mining claims will be declared null and void ab initio.

8. For all mining claims which require assessment work, you must record an affidavit of labor on or before the December 30th immediately following the filing of this waiver. #### NOTICE/BURDEN HOURS STATEMENT

The Privacy Act of 1974, as amended, and the regulation in 43 CFR 2.48(d) provide that you be furnished the following information in connection with the information required by this certification of waiver from rental fees.

**AUTHORITY:** 30 U.S.C. 28-28k; 43 U.S.C. 1201, 1457, 1740, and 1744; and 43 CFR 3830.

**PRINCIPLE PURPOSE:** This information is to be used to verify that the owner(s) (claimants) of a mining claim has complied with 30 U.S.C. 28f and is entitled to perform assessment work in lieu of paying the maintenance fee for the mining claims listed on this form.

**ROUTINE USE:** (1) Adjudication of the claimant(s) certification of waiver from paying the maintenance fee otherwise required by 30 U.S.C. 28f. (2) Disclosure may be made to appropriate Federal agencies when location is made within the agency's geographic area of responsibility. (3) Information from the record and/or the record will be transferred to the appropriate Federal, State, or local agency, or a member of the public in response to a specific request for pertinent information. (4) Information may also be provided to the Department of Justice or in a proceeding before a court or adjudicative body; or to Federal, State, local or foreign agencies when needed for enforcement of civil or criminal codes or applicable regulations concerning title rights upon the public land.

**EFFECT OF NOT PROVIDING INFORMATION:** Disclosure of this information is required by 30 U.S.C. 28f and 43 CFR Part 3830 for those qualified claimants wishing to take the small miner waiver allowed. Failure to supply the information required in this form to support the claimants certification of waiver from payment of the otherwise required maintenance fees will result in the waiver being disallowed and the mining claims subject to forfeiture by BLM under 30 U.S.C. 28i.

The Paperwork Reduction Act of 1995 requires us to inform you that:

This information is being collected to allow the BLM to determine if you qualify for a waiver from the payment of \$100 per mining claim or site maintenance fee established in 30 U.S.C. 28f and the implementing regulations at 43 CFR 3830. A response to this request is required in accordance with the statute to obtain your benefit.

BLM would like you to know that you do not have to respond to this, or any other, Federal agency-sponsored information collection unless it displays a currently valid OMB control number.

Public reporting burden for this form is estimated to average 20 minutes (.33 hours) per response, including time to review instructions, gathering and maintaining data, and completing and reviewing the form. Direct comments regarding this burden estimate, or any other aspect of this form, to the U.S. Department of the Interior, Bureau of Land Management, (1004-0114) Bureau Information Collection Clearance Officer (WO-630), Mail Stop 401 LS, 1849 C St, N.W., Washington, D.C. 20240.

(4) Information may also be provided to the Department of Justice or in a proceeding before a court or adjudicative body; or to Federal, State, local or foreign agencies when needed for enforcement of civil or criminal codes or applicable regulations concerning title rights upon the public land.

**EFFECT OF NOT PROVIDING INFORMATION:** Disclosure of this information is required by 30 U.S.C. 28f and 43 CFR Part 3830 for those qualified claimants wishing to take the small miner waiver allowed. Failure to supply the information required in this form to support the claimants certification of waiver from payment of the otherwise required maintenance fees will result in the waiver being disallowed and the mining claims subject to forfeiture by BLM under 30 U.S.C. 28i.

The Paperwork Reduction Act of 1995 requires us to inform you that:

This information is being collected to allow the BLM to determine if you qualify for a waiver from the payment of \$100 per mining claim or site maintenance fee established in 30 U.S.C. 28f and the implementing regulations at 43 CFR 3830. A response to this request is required in accordance with the statute to obtain your benefit.

BLM would like you to know that you do not have to respond to this, or any other, Federal agency-sponsored information collection unless it displays a currently valid OMB control number.

Public reporting burden for this form is estimated to average 20 minutes (.33 hours) per response, including time to review instructions, gathering and maintaining data, and completing and reviewing the form. Direct comments regarding this burden estimate, or any other aspect of this form, to the U.S. Department of the Interior, Bureau of Land Management, (1004-0114) Bureau Information Collection Clearance Officer (WO-630), Mail Stop 401 LS, 1849 C St, N.W., Washington, D.C. 20240.

(2) Disclosure may be made to appropriate Federal agencies when location is made within the agency's geographic area of responsibility. (3) Information from the record and/or the record will be transferred to the appropriate Federal, State, or local agency, or a member of the public in response to a specific request for pertinent information. #### NOTICE/BURDEN HOURS STATEMENT

The Privacy Act of 1974, *as amended*, and the regulation in 43 CFR 2.48(d) provide that you be furnished the following information in connection with the information required by this certification of waiver from rental fees.

**AUTHORITY:** 30 U.S.C. 28-28k; 43 U.S.C. 1201, 1457, 1740, and 1744; and 43 CFR 3830.

**PRINCIPLE PURPOSE:** This information is to be used to verify that the owner(s) (claimants) of a mining claim has complied with 30 U.S.C. 28f and is entitled to perform assessment work in lieu of paying the maintenance fee for the mining claims listed on this form.

**ROUTINE USE:** (1) Adjudication of the claimant(s) certification of waiver from paying the maintenance fee otherwise required by 30 U.S.C. 28f. (2) Disclosure may be made to appropriate Federal agencies when location is made within the agency's geographic area of responsibility. (3) Information from the record and/or the record will be transferred to the appropriate Federal, State, or local agency, or a member of the public in response to a specific request for pertinent information. (4) Information may also be provided to the Department of Justice or in a proceeding before a court or adjudicative body; or to Federal, State, local or foreign agencies when needed for enforcement of civil or criminal codes or applicable regulations concerning title rights upon the public land.

**EFFECT OF NOT PROVIDING INFORMATION:** Disclosure of this information is required by 30 U.S.C. 28f and 43 CFR Part 3830 for those qualified claimants wishing to take the small miner waiver allowed. Failure to supply the information required in this form to support the claimants certification of waiver from payment of the otherwise required maintenance fees will result in the waiver being disallowed and the mining claims subject to forfeiture by BLM under 30 U.S.C. 28i.

The Paperwork Reduction Act of 1995 requires us to inform you that:

This information is being collected to allow the BLM to determine if you qualify for a waiver from the payment of \$100 per mining claim or site maintenance fee established in 30 U.S.C. 28f and the implementing regulations at 43 CFR 3830. A response to this request is required in accordance with the statute to obtain your benefit.

BLM would like you to know that you do not have to respond to this, or any other, Federal agency-sponsored information collection unless it displays a currently valid OMB control number.

Public reporting burden for this form is estimated to average 20 minutes (.33 hours) per response, including time to review instructions, gathering and maintaining data, and completing and reviewing the form. Direct comments regarding this burden estimate, or any other aspect of this form, to the U.S. Department of the Interior, Bureau of Land Management, (1004-0114) Bureau Information Collection Clearance Officer (WO-630), Mail Stop 401 LS, 1849 C St. N.W., Washington, D.C. 20240.

**Re: AMC #380043 & #380044 Mining Claims**

Dear Suzy:

It was a pleasure discussing with you over the telephone the proper forms that are needed for the above mentioned claims.

Enclosed herewith for processing are the following:

1. Affidavit of Performance of Annual Work for the 2010 year.
2. A check (#18278) in the amount of \$20.00 for the Proof of Labor.
3. Maintenance Fee Payment Form for the 2011 year.
4. A check (#18279) in the amount of \$280.00 for Annual Maintenance Fee.
5. A self-addressed stamped envelope for return mailing to this office.

As per our discussion, I understand that you will be mailing the originals back in the enclosed envelope so that they can be recorded in Yavapai County for my client, Auza Ranches L.L.C. Thank you again for all of your help in the matter during our telephone conversations and your prompt attention.

Very truly yours,

**Re: Your reference No. 3800 (9330) RE  
But regarding AMC #380044 Downstream No. 6**

Dear Mr. Ebert:

Pursuant to our recent telephone conversations, I am responding on behalf of my client Auza Ranches L.L.C. to Mr. Hansen's letter of August 20, 2010.

Mr. Hansen's letter indicates that the above referenced claim (AMC 380044) overlaps a Federal Aid Highway right-of-way. My research indicates that the claim appears to protrude into the highway right-of-way for Highway 69 by approximately 100 feet in what would be the northeast corner of the claim.

The purpose of this letter is to advise you that the claimant Auza Ranches L.L.C. hereby abandons any portion of the above referenced claim which overlaps the Federal Aid Highway right-of-way or extends on what would be the northerly side of the right-of-way. Based upon my research it appears that the claim does not extend to the north side of the highway right-of-way which is a 200 foot wide right-of-way, however, the purpose of this letter is to make it clear that the claimant abandons any portion which is either overlapped by the Federal Aid Highway right-of-way or which extends to the north side of the right-of-way and **the claimant intends to retain the entirety of the claim lying generally south of the highway right-of-way as depicted on the enclosed map in yellow highlighter**, which is the majority of the claim.

Also, enclosed is a "corrected copy of location notice" which correctly sets forth the location of the claim and which has been filed with the Yavapai County Recorder in Book 4763 Page 709 official records.

I trust this matter is thus concluded. If you require any additional information, please do not hesitate to contact us.

Very truly yours,
