Lode Mining Claims  
AMC385778 - AMC385783  
KELVIN PROSPECT #21 - #26

Decision Vacated  
Mining Claims Declared Null and Void Ab Initio

The decision of February 20, 2008, declaring the above listed mining claims forfeited for failure to file the required maintenance fee payment or small miner's maintenance fee waiver on or before September 1, 2007, is hereby vacated.

These six claims were filed with insufficient funds. For the reasons explained below, three claims, AMC385778 through AMC385780 (KELVIN PROSPECT #21 through KELVIN PROSPECT #23), will be recorded, and the other three, AMC385781 through AMC385783 (KELVIN PROSPECT #24 through KELVIN PROSPECT #26), will be declared null and void ab initio.

*↓ Earn 2008 maintenance fees for 385778-385780  
TES. 3/20/08*

The notices of location for the above listed mining claims were filed for recording in the Arizona State Office of the Bureau of Land Management (BLM), on September 4, 2007. An insufficient amount of money was received with the claims. Therefore, the first three claims will be recorded, and the last three are declared null and void ab initio.

Six notices of location were filed with a location date of June 15, 2007. This date falls within the 2007 assessment year. Therefore, in accordance with 43 CFR 3830.21, a fee of \$170 per claim was due at the time of recording (\$15 service fee, \$30 location fee, and \$125 maintenance fee for the 2007 assessment year). However, because you did not record the claims until September 4, 2007, the 2008 assessment year fee of \$125 was also due at the time of recording (a total of \$295 per claim). The total due at the time of recording for the six claims was \$1,770; however, BLM received only \$1,020 with your mining claims. In accordance with 43 CFR 3830.25 and 3830.91, the fees must be paid in full at the time you record a new mining claim, or your claim will be forfeited.

Therefore, we applied \$295 to the first three claims (total of \$885), AMC385778 through AMC385780 (KELVIN PROSPECT #21 through KELVIN PROSPECT #23). These claims are in good standing. However, there was not enough to pay the fees for the remaining three claims, AMC385781 through AMC385783 (KELVIN PROSPECT #24 through KELVIN PROSPECT #26). Therefore, these claims are declared null and void and will be closed. You will receive a refund of \$90 (remaining balance of \$135 minus \$15 per claim non-refundable processing fee for the three claims being closed).

This decision may be appealed to the Interior Board of Land Appeals, Office of the Secretary, in accordance with the regulations contained in 43 CFR, Part 4, and the enclosed Form 1842-1. If an appeal is taken, your notice of appeal must be filed in this office (at the above address) within 30 days from receipt of this decision. The appellant has the burden of showing that the decision appealed from is in error.

If you wish to file a petition pursuant to regulation 43 CFR 4.21 (58 FR 4939, January 19, 1993), for a stay of the effectiveness of this decision during the time that your appeal is being reviewed by the Board, the petition for a stay must accompany your notice of appeal. A petition for a stay is required to show sufficient justification based on the standards listed below. Copies of the notice of appeal and petition for a stay must also be submitted to each party named in this decision and to the Interior Board of Land Appeals and to the appropriate Office of the Solicitor (see 43 CFR 4.413) at the same time the original documents are filed with this office. If you request a stay, you have the burden of proof to demonstrate that a stay should be granted.

#### Standards for Obtaining a Stay

Except as otherwise provided by law or other pertinent regulation, a petition for a stay of a decision pending appeal shall show sufficient justification based on the following standards:

- (1) The relative harm to the parties if the stay is granted or denied,
- (2) The likelihood of the appellant's success on the merits,
- (3) The likelihood of immediate and irreparable harm if the stay is not granted, and
- (4) Whether the public interest favors granting the stay.

This decision affects those claims shown

KELVIN PROSPECT #21 - #26

## MINING CLAIMS DECLARED FORFEITED

The mining claims listed above have been declared forfeited for failure to file the required maintenance fee payment or small miner's maintenance fee waiver (waiver).

Claimants are required to pay an annual non-refundable maintenance fee of \$125, or submit a waiver, on or before September 1 of each year. These requirements were established by 30 (United States Code) 28-f-k, as amended, and 43 Code of Federal Regulations (CFR) 3834 and 3835.

Our records do not show receipt of a maintenance fee payment, or waiver received on or before September 1, 2007, for the 2008 assessment year, for the claims listed above. Therefore, the claims are forfeited.

This decision does not relieve you of the liability for reclamation of all areas disturbed by your activities on lands covered by the subject mining claim(s) and/or site(s). After you complete the reclamation, you must notify the authorized officer of the appropriate surface managing agency so that the authorized officer may conduct a final site inspection and determine whether you may be released from liability.

If you fail to reclaim the land to the satisfaction of the authorized officer, the surface management agency may cite you for noncompliance under its surface management regulations.

For land administered by the Bureau of Land Management (BLM), if you fail to reclaim the land to the satisfaction of the authorized officer as required in 43 CFR Subpart 3809, BLM will issue an order of noncompliance under 43 CFR 3809.601(a). If you fail to comply with the noncompliance order, BLM may take further action under 43 CFR 3809.604. Failure to conduct reclamation is a prohibited act that may subject you to criminal penalties. See 43 CFR 3809.605(h) and 43 CFR 3809.700.

This decision may be appealed to the Interior Board of Land Appeals, Office of the Secretary, in accordance with the regulations contained in 43 CFR, Part 4, and the enclosed Form 1842-1. If an appeal is taken, your notice of appeal must be filed in this office (at the above address) within 30 days from receipt of this decision. The appellant has the burden of showing that the decision appealed from is in error.

If you wish to file a petition pursuant to regulation 43 CFR 4.21 (58 FR 4939, January 19, 1993) for a stay of the effectiveness of this decision during the time that your appeal is being reviewed by the Board, the petition for a stay must accompany your notice of appeal. A petition for a stay is required to show sufficient justification based on the standards listed below. Copies of the notice of appeal and petition for a stay must also be submitted to each party named in this decision and to the Interior Board of Land Appeals and to the appropriate Office of the Solicitor (see 43 CFR 4.413) at the same time the original documents are filed with this office. If you request a stay, you have the burden of proof to demonstrate that a stay should be granted.

#### Standards for Obtaining a Stay

Except as otherwise provided by law or other pertinent regulation, a petition for a stay of a decision pending appeal shall show sufficient justification based on the following standards:

- (1) The relative harm to the parties if the stay is granted or denied,
- (2) The likelihood of the appellant's success on the merits,
- (3) The likelihood of immediate and irreparable harm if the stay is not granted, and
- (4) Whether the public interest favors granting the stay.

Withdrawal for Proposed Buttes Dam and Reservoir, Middle Gila River Project

By virtue of the authority contained in section 3 of the Act of June 17, 1902 (32 Stat. 339; 43 U.S.C. 416), as amended and supplemented, it is ordered as follows:

1. Subject to valid existing rights, the following described public lands which are under the jurisdiction of the Secretary of the Interior, are hereby withdrawn from all forms of appropriation under the public land laws, including the mining laws, but not from leasing under the mineral leasing laws, and reserved for the proposed Buttes Dam and Reservoir, Middle Gila River Project:

2. The use and administration of the lands will become subject to the provisions of the reclamation laws (Act of June 17, 1902, supra, as amended and supplemented), including the use of the lands under lease, license or permit, at such time as the Buttes Dam and Reservoir, Middle Gila River Project, is authorized by the Congress.

3. Pending authorization of the project, the withdrawal made by this order does not alter the applicability of the public land laws governing the use of the lands under lease, license, or permit, or the disposal of their mineral or vegetative resources, other than under the mining laws, subject to the condition that such use or disposition will not be inconsistent with the reclamation laws and the purposes for which the lands are withdrawn.

HARRY R. ANDERSON,  
Assistant Secretary of the Interior.

By virtue of the authority contained in section 3 of the Act of June 17, 1902 (32 Stat. 338; 43 U.S.C. 416), as amended and supplemented, it is ordered as follows:

1. Subject to valid existing rights, the following described public lands which are under the jurisdiction of the Secretary of the Interior, are hereby withdrawn from all forms of appropriation under the public land laws, including the mining laws, but not from leasing under the mineral leasing laws, and reserved for the proposed Buttes Dam and Reservoir, Middle Gila River Project:

2. The use and administration of the lands will become subject to the provisions of the reclamation laws (Act of June 17, 1902, supra, as amended and supplemented), including the use of the lands under lease, license or permit, at such time as the Buttes Dam and Reservoir, Middle Gila River Project, is authorized by the Congress.

3. Pending authorization of the project, the withdrawal made by this order does not alter the applicability of the public land laws governing the use of the lands under lease, license, or permit, or the disposal of their mineral or vegetative resources, other than under the mining laws, subject to the condition that such use or disposition will not be inconsistent with the reclamation laws and the purposes for which the lands are withdrawn.
