### Mining Claims Declared Forfeited Excess Acres

In accordance with 43 CFR 3830.94, the mining claim listed above is hereby declared forfeited because a required amendment was not received.

You received a Notice requiring that the claim listed above be amended due to excess acres or that documentation be submitted supporting discovery of a valuable mineral deposit prior to the date of transfer. In accordance with 43 CFR 3830.94(b), the amendment or documentation was required to be filed within 30 days of the date you received the Notice. An amendment was received April 22, 2016. However, the 30 day response period to amend the mining claim ended April 2, 2016. This date was determined by the date on the certified mail receipt card that showed Mr. Supak signed for the Notice on March 3, 2016. Because the amendment for AMC388725 was received after the 30 day timeframe allowed had expired and the Bureau of Land Management has no authority to extend the timeframe, the amendment cannot be accepted. Therefore, the mining claim is declared forfeit.

This decision does not relieve you of the liability for reclamation of all areas disturbed by your activities on land encompassed by your mining claim(s) and/or site(s). After you complete the reclamation, you must notify the authorized officer of the appropriate surface managing agency so that the authorized officer may conduct a final site inspection and determine whether you may be released from liability. If you fail to reclaim the land to the satisfaction of the authorized officer, the surface management agency may cite you for noncompliance under its surface management regulations.

For land administered by the Bureau of Land Management (BLM), if you fail to reclaim the land to the satisfaction of the authorized officer as required in 43 CFR Subpart 3809, the BLM will issue an order of noncompliance under 43 CFR 3809.601(a). If you fail to comply with the noncompliance order, the BLM may take further action under 43 CFR 3809.604. Failure to conduct reclamation is a prohibited

act that may subject you to criminal penalties. See 43 CFR 3809.605(h) and 43 CFR 3809.700. If your occupancy has been terminated and you fail to remove structures, material, and equipment, and any personal property in accordance with the regulations in 43 CFR 3715.5-1, the BLM may dispose of the property. In accordance with 43 CFR 3715.5-2, you will remain liable for the costs the BLM incurs in removing and disposing of the property.

### Appeal Procedures

This decision may be appealed to the Interior Board of Land Appeals, Office of the Secretary, in accordance with the regulations contained in 43 CFR, Part 4 and the enclosed Form 1842-1. If an appeal is taken, your notice of appeal must be filed in this office (at the above address) within 30 days from receipt of this decision. The appellant has the burden of showing that the decision appealed from is in error.

If you wish to file a petition pursuant to regulation 43 CFR 4.21 (58 FR 4939, January 19, 1993), for a stay of the effectiveness of this decision during the time that your appeal is being reviewed by the Board, the petition for a stay must accompany your notice of appeal. A petition for a stay is required to show sufficient justification based on the standards listed below. Copies of the notice of appeal and petition for a stay must also be submitted to each party named in this decision and to the Interior Board of Land Appeals and to the appropriate Office of the Solicitor (see 43 CFR 4.413) at the same time the original documents are filed with this office. If you request a stay, you have the burden of proof to demonstrate that a stay should be granted.

### Standards for Obtaining a Stay

Except as otherwise provided by law or other pertinent regulation, a petition for a stay of a decision pending appeal shall show sufficient justification based on the following standards:

- (1) The relative harm to the parties if the stay is granted or denied,
- (2) The likelihood of the appellant's success on the merits,
- (3) The likelihood of immediate and irreparable harm if the stay is not granted, and
- (4) Whether the public interest favors granting the stay.

If additional information is required, please contact Rod Ebert at 602-417-9397. Please include your Arizona Mining Claim (AMC) serial number(s) and claim name(s) on all correspondence.

### Association Placer Mining Claims Documentation or Amendments Required

The mining claims listed above are association placer mining claims that are over 20 acres in size. The claims were originally located with the required number of locators to meet the 20-acre per locator requirement. However, the claims are now held by a smaller group of claimants than originally located them and are therefore not in compliance with the legal requirements.

By law, each individual claimant is allowed to hold a maximum of 20 acres per claim. A corporation is considered to be a single entity that is allowed to hold a maximum of 20 acres per claim. In accordance with 43 CFR 3833.33 you may transfer, sell, or otherwise convey an association placer mining claim at any time to an equal or greater number of mining claimants. If you want to transfer an association placer claim to an individual or an association that is smaller in number than the association that located the claim you (a) must have discovered a valuable mineral deposit before the transfer; or (b) upon notice from the Bureau of Land Management (BLM), you must reduce the acreage of the claim, if necessary, so that you meet the 20-acre per locator limit.

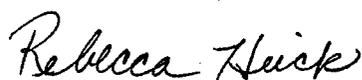

In reviewing the case file for these claims it was noted that at the time of transfer to an individual or smaller number of locators than originally located the claims, BLM did not receive documentation supporting that a discovery of a valuable mineral deposit was made. Without this documentation we cannot determine if the claims are being properly held by the correct number

of claimants. Therefore, we are requiring that the appropriate documentation be submitted to BLM. We are enclosing a list to clarify what documentation must be provided to BLM to support the discovery of a valuable mineral deposit.

If you have the required documentation, dated **prior** to the date of transfer, you may file it with this office for review by a mineral examiner. If you do not have the proper documentation, you must amend the claims listed above, reducing the acreage to 20 acres per claimant, as is allowed by law.

We must receive either documentation supporting a discovery of a valuable mineral deposit, or amendments within 30 days of your receipt of this notice. If the required documentation or the amendments are not received within the 30-day timeframe the mining claims will be declared forfeited and void. If amendments are filed, there is a \$10 BLM processing fee for each amendment. The amendments must also be filed with the county.

If additional information is required, please contact Rod Ebert at 602-417-9397. Please include your AMC serial number(s) on all correspondence.

### 2013 Maintenance Fees - Additional Fees Required

Your maintenance fee payment for the 2013 assessment year, in the amount of \$140 per claim, for the placer claims listed above, has been received and is insufficient. **The total due on your claim(s) is: \$140.**

In accordance with the Consolidated Appropriations Act of 2012, Public Law 112-74 (125 Stat 1047), and FR44155-44158 (2012) Congress changed the way maintenance fees for placer mining claims are assessed. Instead of charging the maintenance fee on a per-claim basis, Congress stated that the fee, which is currently \$140, will be assessed on each 20 acre parcel of a placer claim or portion thereof.

Insufficient payment of the annual maintenance fee for the 2013 assessment year is a curable defect. **Therefore you are required to do one of the following within 30 days of receipt of this notice or your claim(s) will be declared forfeited:** 1) submit additional fees of \$140 per 20-acres or portion thereof based on the full acreage of the claim, or 2) amend the claim(s) to reduce the acres so a lesser fee is due and submit any additional fees due; or 3) relinquish the claim(s) in their entirety, in which case BLM will refund the maintenance fees you have already paid for the 2013 assessment year.

If you choose to amend the claims to reduce the acres, you must submit an amended location notice for each claim, with an accurate description and dimensions of the reduced claim, along with a map depicting the reduced claim, and a \$10 processing fee per amendment. An amendment must also be recorded at the county. If the amended claim contains more than 20 acres, calculate the additional fees due and submit those fees with the amendment(s).

pd \$140 11/13/12 AT

Please include your Arizona Mining Claim (AMC) serial number(s) and claim name(s) when submitting the additional fees, and note that you are paying additional fees due. If additional information is required, please contact Amy Thrower at 602-417-9334.

MINING CLAIMS  
DECLARED FORFEITED

The mining claims listed above have been declared forfeited for failure to file the required maintenance fee payment or small miner's maintenance fee waiver (waiver).

Claimants are required to pay an annual non-refundable maintenance fee of \$140, or submit a waiver, on or before September 1 of each year. These requirements were established by 30 (United States Code) 28-f-k, as amended, and 43 Code of Federal Regulations (CFR) 3834 and 3835.

Our records do not show receipt of a maintenance fee payment, or waiver received on or before September 1, 2010, for the 2011 assessment year, for the claims listed above. Therefore, the claims are forfeited.

This decision does not relieve you of the liability for reclamation of all areas disturbed by your activities on lands covered by the subject mining claim(s) and/or site(s). After you complete the reclamation, you must notify the authorized officer of the appropriate surface managing agency so that the authorized officer may conduct a final site inspection and determine whether you may be released from liability.

If you fail to reclaim the land to the satisfaction of the authorized officer, the surface management agency may cite you for noncompliance under its surface management regulations.

For land administered by the Bureau of Land Management (BLM), if you fail to reclaim the land to the satisfaction of the authorized officer as required in 43 CFR Subpart 3809, BLM will issue an order of noncompliance under 43 CFR 3809.601(a). If you fail to comply with the noncompliance order, BLM may take further action under 43 CFR 3809.604. Failure to conduct reclamation is a prohibited act that may subject you to criminal penalties. See 43 CFR 3809.605(h) and 43 CFR 3809.700.

This decision may be appealed to the Interior Board of Land Appeals, Office of the Secretary, in accordance with the regulations contained in 43 CFR, Part 4, and the enclosed Form 1842-1. If an appeal is taken, your notice of appeal must be filed in this office (at the above address) within 30 days from receipt of this decision. The appellant has the burden of showing that the decision appealed from is in error.

If you wish to file a petition pursuant to regulation 43 CFR 4.21 (58 FR 4939, January 19, 1993) for a stay of the effectiveness of this decision during the time that your appeal is being reviewed by the Board, the petition for a stay must accompany your notice of appeal. A petition for a stay is required to show sufficient justification based on the standards listed below. Copies of the notice of appeal and petition for a stay **must** also be submitted to each party named in this decision and to the Interior Board of Land Appeals and to the appropriate Office of the Solicitor (see 43 CFR 4.413) at the same time the original documents are filed with this office. If you request a stay, you have the burden of proof to demonstrate that a stay should be granted.

#### Standards for Obtaining a Stay

Except as otherwise provided by law or other pertinent regulation, a petition for a stay of a decision pending appeal shall show sufficient justification based on the following standards:

- (1) The relative harm to the parties if the stay is granted or denied,
- (2) The likelihood of the appellant's success on the merits,
- (3) The likelihood of immediate and irreparable harm if the stay is not granted, and
- (4) Whether the public interest favors granting the stay.

Please include your AMC serial number(s) on all correspondence. If additional information is required, please call Rod Ebert at 602-417-9397.

## MINING CLAIMS DECLARED FORFEITED

The mining claims listed above have been declared forfeited for failure to file the required maintenance fee payment or small miner's maintenance fee waiver (waiver).

Claimants are required to pay an annual non-refundable maintenance fee of \$140, or submit a waiver, on or before September 1 of each year. These requirements were established by 30 (United States Code) 28-f-k, as amended, and 43 Code of Federal Regulations (CFR) 3834 and 3835.

Our records do not show receipt of a maintenance fee payment, or waiver received on or before September 1, 2009, for the 2010 assessment year, for the claims listed above. Therefore, the claims are forfeited.

This decision does not relieve you of the liability for reclamation of all areas disturbed by your activities on lands covered by the subject mining claim(s) and/or site(s). After you complete the reclamation, you must notify the authorized officer of the appropriate surface managing agency so that the authorized officer may conduct a final site inspection and determine whether you may be released from liability.

If you fail to reclaim the land to the satisfaction of the authorized officer, the surface management agency may cite you for noncompliance under its surface management regulations.

For land administered by the Bureau of Land Management (BLM), if you fail to reclaim the land to the satisfaction of the authorized officer as required in 43 CFR Subpart 3809, BLM will issue an order of noncompliance under 43 CFR 3809.601(a). If you fail to comply with the noncompliance order, BLM may take further action under 43 CFR 3809.604. Failure to conduct reclamation is a prohibited act that may subject you to criminal penalties. See 43 CFR 3809.605(h) and 43 CFR 3809.700.

This decision may be appealed to the Interior Board of Land Appeals, Office of the Secretary, in accordance with the regulations contained in 43 CFR, Part 4, and the enclosed Form 1842-1. If an appeal is taken, your notice of appeal must be filed in this office (at the above address) within 30 days from receipt of this decision. The appellant has the burden of showing that the decision appealed from is in error.

If you wish to file a petition pursuant to regulation 43 CFR 4.21 (58 FR 4939, January 19, 1993) for a stay of the effectiveness of this decision during the time that your appeal is being reviewed by the Board, the petition for a stay must accompany your notice of appeal. A petition for a stay is required to show sufficient justification based on the standards listed below. Copies of the notice of appeal and petition for a stay **must** also be submitted to each party named in this decision and to the Interior Board of Land Appeals and to the appropriate Office of the Solicitor (see 43 CFR 4.413) at the same time the original documents are filed with this office. If you request a stay, you have the burden of proof to demonstrate that a stay should be granted.

#### Standards for Obtaining a Stay

Except as otherwise provided by law or other pertinent regulation, a petition for a stay of a decision pending appeal shall show sufficient justification based on the following standards:

- (3) The likelihood of immediate and irreparable harm if the stay is not granted, and
- (4) Whether the public interest favors granting the stay.

MINING CLAIMS  
DECLARED FORFEITED

The mining claims listed above have been declared forfeited for failure to file the required maintenance fee payment or small miner's maintenance fee waiver (waiver).

Claimants are required to pay an annual non-refundable maintenance fee of \$140, or submit a waiver, on or before September 1 of each year. These requirements were established by 30 (United States Code) 28-f-k, as amended, and 43 Code of Federal Regulations (CFR) 3834 and 3835.

Our records do not show receipt of a maintenance fee payment, or waiver received on or before September 1, 2009, for the 2010 assessment year, for the claims listed above. Therefore, the claims are forfeited.

This decision does not relieve you of the liability for reclamation of all areas disturbed by your activities on lands covered by the subject mining claim(s) and/or site(s). After you complete the reclamation, you must notify the authorized officer of the appropriate surface managing agency so that the authorized officer may conduct a final site inspection and determine whether you may be released from liability.

If you fail to reclaim the land to the satisfaction of the authorized officer, the surface management agency may cite you for noncompliance under its surface management regulations.

For land administered by the Bureau of Land Management (BLM), if you fail to reclaim the land to the satisfaction of the authorized officer as required in 43 CFR Subpart 3809, BLM will issue an order of noncompliance under 43 CFR 3809.601(a). If you fail to comply with the noncompliance order, BLM may take further action under 43 CFR 3809.604. Failure to conduct reclamation is a prohibited act that may subject you to criminal penalties. See 43 CFR 3809.605(h) and 43 CFR 3809.700.

This decision may be appealed to the Interior Board of Land Appeals, Office of the Secretary, in accordance with the regulations contained in 43 CFR, Part 4, and the enclosed Form 1842-1. If an appeal is taken, your notice of appeal must be filed in this office (at the above address) within 30 days from receipt of this decision. The appellant has the burden of showing that the decision appealed from is in error.

If you wish to file a petition pursuant to regulation 43 CFR 4.21 (58 FR 4939, January 19, 1993) for a stay of the effectiveness of this decision during the time that your appeal is being reviewed by the Board, the petition for a stay must accompany your notice of appeal. A petition for a stay is required to show sufficient justification based on the standards listed below. Copies of the notice of appeal and petition for a stay **must** also be submitted to each party named in this decision and to the Interior Board of Land Appeals and to the appropriate Office of the Solicitor (see 43 CFR 4.413) at the same time the original documents are filed with this office. If you request a stay, you have the burden of proof to demonstrate that a stay should be granted.

#### Standards for Obtaining a Stay

Except as otherwise provided by law or other pertinent regulation, a petition for a stay of a decision pending appeal shall show sufficient justification based on the following standards:

- (1) The relative harm to the parties if the stay is granted or denied,
- (2) The likelihood of the appellant's success on the merits,
- (3) The likelihood of immediate and irreparable harm if the stay is not granted, and
- (4) Whether the public interest favors granting the stay.

Please include your AMC serial number(s) on all correspondence. If additional information is required, please call Tony Smith at 602-417-9355.

### MINING CLAIMS DECLARED FORFEITED

The mining claims listed above have been declared forfeited for failure to file the required maintenance fee payment or small miner's maintenance fee waiver (waiver).

Claimants are required to pay an annual non-refundable maintenance fee of \$140, or submit a waiver, on or before September 1 of each year. These requirements were established by 30 (United States Code) 28-f-k, as amended, and 43 Code of Federal Regulations (CFR) 3834 and 3835.

Our records do not show receipt of a maintenance fee payment, or waiver received on or before September 1, 2009, for the 2010 assessment year, for the claims listed above. Therefore, the claims are forfeited.

This decision does not relieve you of the liability for reclamation of all areas disturbed by your activities on lands covered by the subject mining claim(s) and/or site(s). After you complete the reclamation, you must notify the authorized officer of the appropriate surface managing agency so that the authorized officer may conduct a final site inspection and determine whether you may be released from liability.

If you fail to reclaim the land to the satisfaction of the authorized officer, the surface management agency may cite you for noncompliance under its surface management regulations.

For land administered by the Bureau of Land Management (BLM), if you fail to reclaim the land to the satisfaction of the authorized officer as required in 43 CFR Subpart 3809, BLM will issue an order of noncompliance under 43 CFR 3809.601(a). If you fail to comply with the noncompliance order, BLM may take further action under 43 CFR 3809.604. Failure to conduct reclamation is a prohibited act that may subject you to criminal penalties. See 43 CFR 3809.605(h) and 43 CFR 3809.700.

This decision may be appealed to the Interior Board of Land Appeals, Office of the Secretary, in accordance with the regulations contained in 43 CFR, Part 4, and the enclosed Form 1842-1. If an appeal is taken, your notice of appeal must be filed in this office (at the above address) within 30 days from receipt of this decision. The appellant has the burden of showing that the decision appealed from is in error.

If you wish to file a petition pursuant to regulation 43 CFR 4.21 (58 FR 4939, January 19, 1993) for a stay of the effectiveness of this decision during the time that your appeal is being reviewed by the Board, the petition for a stay must accompany your notice of appeal. A petition for a stay is required to show sufficient justification based on the standards listed below. Copies of the notice of appeal and petition for a stay **must** also be submitted to each party named in this decision and to the Interior Board of Land Appeals and to the appropriate Office of the Solicitor (see 43 CFR 4.413) at the same time the original documents are filed with this office. If you request a stay, you have the burden of proof to demonstrate that a stay should be granted.

#### Standards for Obtaining a Stay

Except as otherwise provided by law or other pertinent regulation, a petition for a stay of a decision pending appeal shall show sufficient justification based on the following standards:

- (1) The relative harm to the parties if the stay is granted or denied,
- (2) The likelihood of the appellant's success on the merits,
- (3) The likelihood of immediate and irreparable harm if the stay is not granted, and
- (4) Whether the public interest favors granting the stay.

Please include your AMC serial number(s) on all correspondence. If additional information is required, please call Tony Smith at 602-417-9355.

**The Privacy Act** and 43 CFR 2.48(d) require that you be furnished the following information in connection with the information requested by this form.

**AUTHORITY:** 30 U.S.C. 28f and 43 CFR part 3835 permit collection of the information requested by this form.

**PRINCIPAL PURPOSE:** The BLM will use the information you provide to verify that the owner(s) (claimants(s)) of a mining claim has/have complied with 30 U.S.C. 28f and 43 CFR part 3835 and is/are entitled to perform assessment work in lieu of paying the maintenance fee for the mining claims listed on this form.

**ROUTINE USES:** The BLM will only disclose this information in accordance with the provisions at 43 CFR 2.56(b) and (c).

**EFFECT OF NOT PROVIDING INFORMATION:** Disclosure of the requested information is required by 30 U.S.C. 28f and 43 CFR part 3835 for those claimants qualified to request the small miner waiver allowed. Failure to submit all the requested information or to complete this form will delay the BLM's processing of the form and may preclude the BLM's acceptance of the maintenance fee waiver request, which may result in forfeiture of the mining claim or site by the claimant.

**The Paperwork Reduction Act** requires us to inform you that:

The BLM collects this information to determine whether or not you are qualified for waiver of maintenance fees. Submission of the requested information is necessary to obtain or retain a benefit.

You do not have to respond to this or any other Federal agency-sponsored information collection unless it displays a currently valid OMB control number.

**BURDEN HOURS STATEMENT:** Public reporting burden for this form is estimated to average 20 minutes per response, including the time for reviewing instructions, gathering and maintaining data, and completing and reviewing the form. You may submit comments regarding the burden estimate or any other aspect of this form to: U.S. Department of the Interior, Bureau of Land Management (1004-0114), Bureau Information Collection Clearance Officer (WO-630), Mail Stop 401 LS, 1849 C St., N.W., Washington, D.C. 20240.

### 2013 Maintenance Fees - Additional Fees Required

Your maintenance fee payment for the 2013 assessment year, in the amount of \$140 per claim, for the placer claims listed above, has been received and is insufficient. **The total due on your claim(s) is: \$140.**

In accordance with the Consolidated Appropriations Act of 2012, Public Law 112-74 (125 Stat 1047), and FR44155-44158 (2012) Congress changed the way maintenance fees for placer mining claims are assessed. Instead of charging the maintenance fee on a per-claim basis, Congress stated that the fee, which is currently \$140, will be assessed on each 20 acre parcel of a placer claim or portion thereof.

Insufficient payment of the annual maintenance fee for the 2013 assessment year is a curable defect. **Therefore you are required to do one of the following within 30 days of receipt of this notice or your claim(s) will be declared forfeited:** 1) submit additional fees of \$140 per 20-acres or portion thereof based on the full acreage of the claim, or 2) amend the claim(s) to reduce the acres so a lesser fee is due and submit any additional fees due; or 3) relinquish the claim(s) in their entirety, in which case BLM will refund the maintenance fees you have already paid for the 2013 assessment year.

If you choose to amend the claims to reduce the acres, you must submit an amended location notice for each claim, with an accurate description and dimensions of the reduced claim, along with a map depicting the reduced claim, and a \$10 processing fee per amendment. An amendment must also be recorded at the county. If the amended claim contains more than 20 acres, calculate the additional fees due and submit those fees with the amendment(s).

Please include your Arizona Mining Claim (AMC) serial number(s) and claim name(s) when submitting the additional fees, and note that you are paying additional fees due. If additional information is required, please contact Amy Thrower at 602-417-9334.
