Transfer of Association Placer Mining Claims
Amendments or Discovery Documentation Required

The Bureau of Land Management (BLM) Arizona State Office received a conveyance document transferring ownership of the above listed mining claims.

The mining claims being transferred are association placer mining claims. The claims are being transferred to a smaller number of claimants than originally located the claims.

By law, each individual claimant is allowed to hold a maximum of 20 acres per claim. A corporation is considered to be a single entity that is allowed to hold a maximum of 20 acres per claim. In accordance with 43 CFR 3833.33, you may transfer, sell, or otherwise convey an association placer mining claim at any time to an EQUAL or greater number of mining claimants. However, if the claim is transferred to a smaller number of claimants you (a) must have discovered a valuable mineral deposit before the transfer; or (b) upon notice from BLM, you must reduce the acreage of the claim, if necessary, so that you meet the 20-acre per locator limit.

The BLM is therefore requiring that an amendment be filed for each claim listed above, in accordance with 43 CFR 3833.33, reducing the claims acreage to meet the 20-acre per claimant limit, as is authorized by law; or submit appropriate documentation supporting that there was a discovery of a valuable mineral deposit prior to the date of transfer. We are enclosing a guide to clarify what documentation must be provided to BLM to support a discovery of a valuable

mineral deposit. The documentation will be reviewed by a mineral examiner to determine if the submitted documents are sufficient.

We must receive either the amendments or documentation of discovery of a valuable mineral deposit within 30 days of your receipt of this notice. If the amendments or the required documentation are not received within the 30-day timeframe the mining claims will be declared forfeited and void. If amendments are filed, there is a \$10 BLM processing fee for each amendment. The amendments must also be filed with the county.

If additional information is required, please contact RéAnn Myers at 602-417-9413. Please include your AMC serial number(s) on all correspondence.

JOHN KULCZYCKYJ		)	Mining Claim Maintenance Fees
	4	)	Decision Set Aside and Remanded; Petition for Stay Denied as Moot

## **ORDER**

John Kulczyckyj (Appellant) has appealed from and petitioned for a stay of a November 13, 2014, decision of the Arizona State Office, Bureau of Land Management (BLM). In that decision, BLM declared the Rincon Ridge #2 unpatented placer mining claim (AMC389105) forfeited for failure to pay the claim maintenance fee or to file an effective Maintenance Fee Payment Waiver Certification (Waiver Certification) on or before September 1, 2014, for the 2015 assessment year. For the following reasons, we set aside BLM's decision and remand the case for further action. We deny the petition for stay as moot.

The holder of an unpatented mining claim, mill site, or tunnel site is required to pay a maintenance fee for each claim or site on or before September 1 of each year. 30 U.S.C. § 28f(a) (2012); see 43 C.F.R. § 3834.11(a)(2). Payment of the claim maintenance fee is in lieu of the assessment work requirements of the Mining Law of 1872, 30 U.S.C. §§ 28-28e (2012), and the related filing requirements of section 314(a) of the Federal Land Policy and Management Act of 1976, 43 U.S.C. § 1744(a) (2012), for the upcoming assessment year that begins at noon on September 1 of the year payment is due. 30 U.S.C. § 28f(a) and (b) (2012); see 43 C.F.R. § 3834.11(a).

The failure to timely submit the claim maintenance fee "shall conclusively constitute a forfeiture of the unpatented mining claim, mill or tunnel site by the claimant and the claim shall be deemed null and void by operation of law." 30 U.S.C. § 28i (2012); see 43 C.F.R. §§ 3830.91(a)(3), 3835.92(a). Congress, however, has provided the Secretary with discretion to waive the fee for a claimant who has certified in writing that on the date the payment was due, the claimant and all related parties held not more than 10 mining claims, mill sites, or tunnel sites, or any combination thereof, on public lands and has performed assessment work required

under the Mining Law of 1872 with respect to the mining claims, for the preceding assessment year ending at noon on September 1 of the calendar year in which payment of the claim maintenance fee is due. 30 U.S.C. § 28f(d)(1) (2012); see Audrey Bradbury, 160 IBLA 269, 273-74 (2003). BLM implemented this statute with a regulation that requires a claimant to file "BLM's waiver certification form on or before September 1 of each assessment year for which you are seeking a waiver." 43 C.F.R. § 3835.10(a). The Waiver Certification must include, among other things, "original signatures of the claimants of the mining claims or sites who are requesting the waiver." 43 C.F.R. § 3835.10(b)(2). Failure to include such original signatures constitutes a defect in the Waiver Certification.

In this case, the Waiver Certification for the Rincon Ridge #2 claim for the 2015 assessment year was filed on August 18, 2014, by Appellant. However, the owner of record for the claim was not Appellant but instead was Jirak Group, LLC. On October 2, 2014, Appellant filed his quitclaim deed for Rincon Ridge #2 with the Yavapi County Recorder's Office in Arizona. On October 24, 2014, Appellant filed the recorded quitclaim deed with BLM in order to become the owner of record. On November 13, 2014, BLM issued a decision to both Jirak Group, LLC and Appellant. In the decision, BLM declared the claim forfeited as a matter of law because, according to BLM's records, Jirak Group, LLC was the owner of record of the mining claim on September 1, 2014, and the Waiver Certification did not contain its agent's signature. BLM did not give either party an opportunity to cure the purported defect because it deemed the absence of Jirak Group's agent's signature to be "not curable." BLM states that "[n]o one signed the waiver on behalf of Jirak Group LLC, nor do we have any record of a transfer of interest being filed with the BLM prior to September 1, 2014." Decision at 2.

If a mining claimant submits a defective Waiver Certification, the claimant must within 60 days of receipt of written notification by BLM of the defect either cure the defect or pay the claim maintenance fee. 30 U.S.C. § 28f(d)(3) (2012); 43 C.F.R. § 3835.93. If the defect is not cured or the maintenance fee paid within the 60-day period, the claimant forfeits the affected mining claims. 43 C.F.R. §§ 3835.92(c), 3835.93(c). The Board has held that the failure to include in a Waiver Certification the original signatures of all owners of record is a curable defect subject to notice from BLM that they have 60 days in which to cure the defect. *See, e.g., Art Anderson (On Reconsideration)*, 182 IBLA 27, 33 (2012), and cases cited.

<sup>&</sup>lt;sup>1</sup> The Waiver Certification may include the signature of the authorized agent of the owner(s) of the claims or sites, if a power of attorney or other legal documentation naming the agent acting on behalf of the owner has been filed with BLM. 43 C.F.R. § 3835.10(a), (b)(2). No power of attorney or other documentation was filed with BLM on behalf of Jirak Group, LLC with respect to the Rincon Ridge #2 mining claim.

In *Donald Super*, 179 IBLA 34 (2010), the appellant signed and filed a Waiver Certification but the owner of record did not sign it. BLM treated the failure of the owner of record to sign the Waiver Certification as a curable defect and provided appellant and owner of record a 60-day notice to cure. Upon their failure to cure within 60 days, BLM declared the claim forfeited. The Board affirmed BLM's decision. 179 IBLA at 35-36.

With *Donald Super* as our guide, we will set aside BLM's decision in the present case and remand the matter to BLM. BLM should issue a notice to Appellant and the Jirak Group, LLC informing them of the curable defect, and requiring that within 60 days of their receipt of the notice they submit either a Waiver Certification with original signatures of all owners of record, a notice of transfer of interest or a formal relinquishment of interest by nonfiling co-owners, or pay the maintenance fees. *See* 43 C.F.R. § 3835.93. Accordingly, we set aside BLM's decision and remand the case for appropriate action.

Therefore, pursuant to the authority delegated to the Board of Land Appeals by the Secretary of the Interior, 43 C.F.R. § 4.1, the decision appealed from is set aside and the case is remanded for further action. The petition for stay is denied as moot.

### **ORDER**

Sandra Hartlerode (Appellant) has appealed from and petitioned for a stay of a November 4, 2014, decision of the Arizona State Office, Bureau of Land Management (BLM), declaring the Rincon Ridge 1 unpatented mining claim (AMC389104) forfeited for failure to pay the claim maintenance fee or to file an effective Maintenance Fee Payment Waiver Certification (Waiver Certification) on or before September 1, 2014, for the 2015 assessment year. For the following reasons, we set aside BLM's decision and remand the case for further action. We deny the petition for stay as moot.

The holder of an unpatented mining claim, mill site, or tunnel site is required pay a maintenance fee for each claim or site on or before September 1 of each year. 30 U.S.C. § 28f(a) (2012); see 43 C.F.R. § 3834.11(a)(2). Payment of the claim maintenance fee is in lieu of the assessment work requirements of the Mining Law of 1872, 30 U.S.C. §§ 28-28e (2012), and the related filing requirements of section 314(a) of the Federal Land Policy and Management Act of 1976, 43 U.S.C. § 1744(a) (2006), for the upcoming assessment year that begins at noon on September 1 of the year payment is due. 30 U.S.C. § 28f(a) and (b) (2012); see 43 C.F.R. § 3834.11(a).

BLM states that "[n]o one signed the waiver on behalf of JIRAK GROUP LLC, nor do we have any record of a transfer of interest being filed with the BLM prior to September 1, 2014." Decision at 2.

If a mining claimant submits a defective Waiver Certification, the claimant must within 60 days of receipt of written notification by BLM of the defect either cure the defect or pay the claim maintenance fee. 30 U.S.C. § 28f(d)(3) (2012); 43 C.F.R. § 3835.93. If the defect is not cured or the maintenance fee paid within the 60-day period, the claimant forfeits the affected mining claims. 43 C.F.R. §§ 3835.92(c), 3835.93(c). **Appeal of Forfeiture and Request for Stay** Re: Claim AMC389105 Rincon Ridge #2

To Whom it may concern,

PHOFNIX ARIZONA

I would like to appeal the forfeiture decision regarding the mining claim listed above because there was a transfer of ownership of the claim in 2013 and all the requirements listed in the BLM transfer guidelines have been followed.

A valid maintenance fee waiver was filled out, properly executed and signed by the new owner, myself, before September 1, 2014 as per BLM regulations. In your letter you acknowledge "we did receive your small miner waiver in a timely manner."

As per your statement "the owner of this mining claim on September 1, 2014 was Jirak Group, LLC.," and "the small miner's waiver does not contain the signature of the current owner of the claim," that it not legally correct. The owner as of September 1, 2014 was myself, John Kulczyckyj. I did file the claim transfer of ownership quitclaim deed with the county and the BLM albeit not in 2013 when I purchased the claim due to an oversight on my part. It was filed in 2014. There is no mention in the mining law of 1872 nor the BLM regulations regarding a time limit for reporting the transfer of claim ownership and since I was the owner of record as of September 1, 2014 therefore I feel the claim should be reinstated. We are also requesting a stay in this matter until this is resolved since all other requirements have been followed.

To quote from the BLM's own website at www.blm.gov/az

"Transfer of Interest (Notarized). If there is a change of ownership, the transfer document must also include the name and address of the transferor (grantor) and the transferee (grantee). The transfer document must also include the claim names and BLM serial numbers and should be filed with the BLM and the appropriate county recorder. The BLM processing fee is \$10 per claim/site per

grantee (person receiving the interest in the claim/site). A notarized copy of the transfer is a state requirement."

I have fulfilled the transfer requirements listed in the previous paragraph. Note there is no mention of a timeframe in which to file.

Your assertion that "those omissions which affect 'the heart of the certification process' such as failure to file a contemporaneously signed certification of claimant's qualifications executed in support of the specific application for waiver for an assessment year goes to the heart of the waiver certification process and is therefore not curable," does not apply in this case. As the owner of record on September 1, 2014 I fulfilled the BLM requirements as owner of the claim when submitting the small miner's waiver form for this claim. I intend to also file the affidavit of assessment work before the December 30, 2014 deadline, thus fulfilling all the paperwork requirements for the year.

This whole case rests on when you were notified of the change of ownership. That I filed in 2014 instead of 2013 has no bearing on the legality of the owner of record on September 1, 2014 and all forms were filled out and submitted properly. All you need to do is go back and correct the owner of record on September 1, 2014 in your records.

I have been following BLM guidelines and regulations and have sent considerable amounts of money to the BLM since I acquired my first claim in 2005. This case also tangentially affects another individual, who also filed her transfer of ownership late on the adjacent claim, Rincon Ridge #1 (AMC389104). I would hope we can work together to resolve this and continue to support the BLM. In the future I will be more inclined to pay the maintenance fee.

### Regarding Obtaining a Stay on this claim:

1) Relative Harm to the Parties – Financial Loss

There has been valuable consideration paid to the seller of the claim in the amount of several thousand dollars. There would be substantial financial loss to myself if the claim in forfeited.

2) Likelihood of Appellant's Success

Due to the facts the claim was legally transferred to myself as the owner of record on September 1, 2014 and all subsequent paperwork has been filed properly and in the timeframes mandated by the BLM there is a likelihood that the claim should be reinstated as per the BLM guidelines referenced above.

3) The Likelihood of Immediate and Irreparable Harm.

This will not only cause financial loss that I will not be able to recover but will also prevent me from mining the claim in an environmentally responsible manner since there will be no claim to mine.

# 4) In the Public Interest

As a small scale miner seeking to participate in eco-friendly mining practices I should not be penalized with loss of this claim due to not notifying the BLM regarding transfer of ownership of the claim according to BLM's own regulations which I followed to the letter and which do not specify a timeframe. The BLM's regulations as to transfer of ownership are quite specific as to how to transfer ownership. It is ambiguous currently on your website as to how much time a person has to notify the BLM of claim ownership transfers.

Sincerely,

John Kulczyckyj

In response to 3800 (9310) PB AMC389103

I am appealing the decision RE: forfeiture of mining claim due to maintenance fee waiver certifications denied

RE: AMC389104 Rincon Ridge 1

To Whom It May Concern:

I would like to appeal the forfeiture decision regarding the mining claim listed above because there was a transfer of ownership with the claim in 2013 that was not documented with the county and BLM until 2014. The maintenance fee waiver was filled out properly by the new owner, myself, before 09/01/2014 and the affidavit of assessment work will also be filed as per BLM guidelines before 12/30/2014. There is no mention in the mining law of 1872 or the BLM regulations regarding a time limit on reporting the transfer of claim ownership and thereby we feel the claim should be reinstated. We are requesting a stay in this matter until this is resolved.

To quote from the BLM's own website, www.blm.gov/az

"Transfer of Interest (Notarized). If there is a change of ownership, the transfer document must also include the name and address of the transferor (grantor) and transferee (grantee). The transfer document must also include the claim names and BLM serial numbers and should be filed with BLM and the appropriate County recorder. The BLM processing fee is \$10 per claim/site per grantee (person receiving the interest in the claim/site.) A notarized copy of the transfer is a state requirement".

All the requirements listed in the BLM transfer guidelines have been followed.

Regarding Obtaining a stay on these claims:

1) Relative Harm to the Parties - Financial Loss
There has been valuable consideration paid to the seller of the claim in the amount of several thousand dollars. There would be a substantial financial loss to myself if the claim is forfeited.

2) Likelihood of Appellant's Success

Due to the fact the claim was transferred legally to myself and all subsequent
paperwork has been filed properly and up to date there is a likelihood that it should be
reinstated as per the BLM regulations referenced above.

3) Re: The Likelihood of Immediate or Irreparable Harm This will cause financial loss that I will not be able to recover.

Hartlerode)

4) Re: In the Public Interest
As a small scale miner the BLM should do everything it can to encourage my
participation in responsible mining practices and should not penalize me for notifying
them about the transfer according to current mining regulations which do not specify
a time frame.

Sincerely,

Sandra Hartlerode

#### **DECISION**

JIRAK GROUP, LLC 11012 CANYON RD. E. STE. 8 PUYALLUP, WA 98373-3002

AMC389104 RINCON RIDGE 1

#### <u>Maintenance Fee Waiver Certifications Denied</u> <u>Mining Claims Declared Forfeit</u>

The Maintenance Fee Waiver Certification (small miner waiver) filed for the 2015 assessment year, for the mining claims listed above, is denied. Because the waiver is denied and because the required maintenance fee payments due on or before September 1, 2014, were not paid, these claims are declared forfeit.

By September 1 of each year, claimants must pay an annual maintenance fee of \$155 per 20 acres or portion thereof, in accordance with Title 43 Code of Federal Regulations (CFR) 3000.12(a), 3830.21, and 3834.11(a)(2), or submit a <u>valid</u> waiver, in accordance with 43 CFR 3835.1, 3835.10, and 3835.11. In accordance with 43 CFR 1822.14, because September 1, 2014, fell on a holiday, the payment was due the next business day, September 2, 2014.

We did receive your small miner waiver in a timely manner, however, the document received was not a certification that was properly executed for the 2015 assessment year, and is therefore not valid.

According to Bureau of Land Management (BLM) records, on September 1, 2014, the sole owner of AMC389104 (RINCON RIDGE #1), is JIRAK GROUP LLC, not SANDRA HARTLERODE, whose signature is on the waiver. No one signed the waiver on behalf of JIRAK GROUP LLC, nor do we have any record of a transfer of interest being filed with the BLM prior to September 1, 2014.

The regulations require a claimant seeking a waiver to file an annual certification of his qualifications for the waiver that contains a current signature that was executed for the specific assessment year for which the waiver is requested. In accordance with *Thomas L. Carufel*, 155 IBLA 340-345 (2001), while some unintentional omissions on a waiver may be curable, those omissions which affect "the heart of the certification process," such as failure to file a contemporaneously signed certification of claimant's qualifications executed in support of the specific application for waiver for an assessment year goes to the heart of the waiver certification process and is therefore not curable.

#### **Reclamation Requirements**

This decision does not relieve you of the liability for reclamation of all areas disturbed by your activities on lands covered by the subject mining claim(s) and/or site(s). After you complete the reclamation, you must notify the authorized officer of the appropriate surface managing agency so that the authorized officer may conduct a final site inspection and determine whether you may be released from liability. If you fail to reclaim the land to the satisfaction of the authorized officer, the surface management agency may cite you for noncompliance under its surface management regulations.

For land administered by the BLM, if you fail to reclaim the land to the satisfaction of the authorized officer as required in 43 CFR Subpart 3809, the BLM will issue an order of noncompliance under 43 CFR 3809.601(a). If you fail to comply with the noncompliance order, the BLM may take further action under 43 CFR 3809.604. Failure to conduct reclamation is a prohibited act that may subject you to criminal penalties. (See 43 CFR 3809.605(h) and 43 CFR 3809.700)

#### **Appeal Procedures**

This decision may be appealed to the Interior Board of Land Appeals, Office of the Secretary, in accordance with the regulations contained in 43 CFR Part 4, and the enclosed Form 1842-1. If an appeal is taken, your notice of appeal must be filed in this office (at the above address) within 30 days from receipt of this decision. The appellant has the burden of showing that the decision appealed from is in error.

If you wish to file a petition pursuant to regulation 43 CFR 4.21 (58 FR 4939, January 19, 1993) for a stay of the effectiveness of this decision during the time that your appeal is being reviewed by the Board, the petition for a stay must accompany your notice of appeal. A petition for a stay is required to show sufficient justification based on the standards listed below. Copies of the notice of appeal and petition for a stay must also be submitted to each party named in this decision and to the Interior Board of Land Appeals and to the appropriate Office of the Solicitor

(see 43 CFR 4.413) at the same time the original documents are filed with this office. If you request a stay, you have the burden of proof to demonstrate that a stay should be granted.

#### Standards for Obtaining a Stay

Except as otherwise provided by law or other pertinent regulation, a petition for a stay of a decision pending appeal shall show sufficient justification based on the following standards:

- (1) The relative harm to the parties if the stay is granted or denied,
- (2) The likelihood of the appellant's success on the merits,
- (3) The likelihood of immediate and irreparable harm if the stay is not granted, and
- (4) Whether the public interest favors granting the stay.

## Subpart B—General Rules Relating to Procedures and Practice

#### § 4.20 Purpose.

In the interest of establishing and maintaining uniformity to the extent feasible, this subpart sets forth general rules applicable to all types of proceedings before the Hearings Division and the several Appeals Boards of the Office of Hearings and Appeals.

#### § 4.21 General provisions.

- (a) Effect of decision pending appeal. Except as otherwise provided by law or other pertinent regulation:
- (1) A decision will not be effective during the time in which a person adversely affected may file a notice of appeal; when the public interest requires, however, the Director or an Appeals Board may provide that a decision, or any part of a decision, shall be in full force and effective immediately;
- (2) A decision will become effective on the day after the expiration of the time during which a person adversely affected may file a notice of appeal unless a petition for a stay pending appeal is filed together with a timely notice of appeal; a petition for a stay may be filed only by a party who may properly maintain an appeal;
- (3) A decision, or that portion of a decision, for which a stay is not granted will become effective immediately after the Director or an Appeals Board denies or partially denies the petition for a stay, or fails to act on the petition within the time specified in paragraph (b)(4) of this section.
- (b) Standards and procedures for obtaining a stay. Except as otherwise provided by law or other pertinent regulation:
- (1) A petition for a stay of a decision pending appeal shall show sufficient justification based on the following standards:
- (i) The relative harm to the parties if the stay is granted or denied,
- (ii) The likelihood of the appellant's success on the merits,
- (iii) The likelihood of immediate and irreparable harm if the stay is not granted, and
- (iv) Whether the public interest favors granting the stay;
- (2) The appellant requesting the stay bears the burden of proof to demonstrate that a stay should be granted;
- (3) The appellant shall serve a copy of its notice of appeal and petition for a stay on each party named in the decision from which the appeal is taken, and on the Director or the Appeals Board to which the appeal is taken, at the same time such documents are served on the appropriate officer of the Department; any party, including the officer who made the decision being

- appealed, may file a response to the stay petition within 10 days after service; failure to file a response shall not result in a default on the question of whether a stay should be granted; service shall be made by delivering copies personally or by sending them by registered or certified mail, return receipt requested;
- (4) The Director or an Appeals Board shall grant or deny a petition for a stay pending appeal, either in whole or in part, on the basis of the factors listed in paragraph (b)(1) of this section, within 45 calendar days of the expiration of the time for filing a notice of appeal;
- (c) Exhaustion of administrative remedies. No decision which at the time of its rendition is subject to appeal to the Director or an Appeals Board shall be considered final so as to be agency action subject to judicial review under 5 U.S.C. 704, unless a petition for a stay of decision has been timely filed and the decision being appealed has been made effective in the manner provided in paragraphs (a)(3) or (b)(4) of this section or a decision has been made effective pending appeal pursuant to paragraph (a)(1) of this section or pursuant to other pertinent regulation.
- (d) Finality of decision. No further appeal will lie in the Department from a decision of the Director or an Appeals Board of the Office of Hearings and Appeals. Unless otherwise provided by regulation, reconsideration of a decision may be granted only in extraordinary circumstances where, in the judgment of the Director or an Appeals Board, sufficient reason appears there-for. Requests for reconsideration must be filed promptly, or within the time required by the regulations relating to the particular type of proceeding concerned, and must state with particularity the error claimed. The filing and pendency of a request for reconsideration shall not operate to stay the effectiveness of the decision involved unless so ordered by the Director or an Appeals Board. A request for reconsideration need not be filed to exhaust administrative remedies.

If a notice of appeal is filed after the grace period provided in § 4.401(a), the notice of appeal will not be considered and the case will be closed by the officer from whose decision the appeal is taken. If the notice of appeal is filed during the grace period provided in § 4.401(a) and the delay in filing is not waived, as provided in that section, the notice of appeal will not be considered and the appeal will be dismissed by the Board.

Good Morning,

Is it my understanding that the ADDRESS CHANGE is for JIRAK GROUP, LLC?

What address is JIRAK GROUP, LLC currently utilizing? I ask this because I have a couple of address listings in our database under JIRAK.

As discussed yesterday, JB and JB20 are listed as closed claims; also, per our records (database), Eastern Sun is listed as a 40 acre claim.

You should be receiving two separate Decision letters for RINCON RIDGE 1 and 2 [AMC389104-105], since we received an unacceptable waiver for both claims.

Glad to be of help,

PAULINE BROWN

Hello Pauline,

I am sorry that I created some confusion over the address. It should read as follows:

JIRAK GROUP, LLC

JIRAK GROUP, LLC c/o Elinor Loftin 1410 62nd Avenue East; Apt 202 Fife, WA 98424 The old address for Jirak Group, LLC is as follows:

JIRAK GROUP, LLC 11012 Canyon Road East Suite 8; PMB 118 Puyallup, WA 98373

The Eastern Sun is truly a 32 acre parcel, but please notice that I changed it to 40 in keeping with your records.

I hope I straightened this out.

Sincerely, Elly Loftin

## Maintenance Fee Waiver Certifications Denied Mining Claims Declared Forfeit

The Maintenance Fee Waiver Certification (small miner waiver) filed for the 2015 assessment year, for the mining claims listed above, is denied. Because the waiver is denied and because the required maintenance fee payments due on or before September 1, 2014, were not paid, these claims are declared forfeit.

By September 1 of each year, claimants must pay an annual maintenance fee of \$155 per 20 acres or portion thereof, in accordance with Title 43 Code of Federal Regulations (CFR) 3000.12(a), 3830.21, and 3834.11(a)(2), or submit a <u>valid</u> waiver, in accordance with 43 CFR 3835.1, 3835.10, and 3835.11. In accordance with 43 CFR 1822.14, because September 1, 2014, fell on a holiday, the payment was due the next business day, September 2, 2014.

We did receive your small miner waiver in a timely manner, however, the document received was not a certification that was properly executed for the 2015 assessment year, and is therefore not valid.

1

According to Bureau of Land Management records the owner of this mining claim on September 1, 2014, was Jirak Group, LLC. The small miner waiver submitted for this claim does not contain the signature of the current owner of the claim.

The regulations require a claimant seeking a waiver to file an annual certification of his qualifications for the waiver that contains a current signature that was executed for the specific assessment year for which the waiver is requested. In accordance with *Thomas L. Carufel*, 155 IBLA 340-345 (2001), while some unintentional omissions on a waiver may be curable, those omissions which affect "the heart of the certification process," such as failure to file a contemporaneously signed certification of claimant's qualifications executed in support of the specific application for waiver for an assessment year goes to the heart of the waiver certification process and is therefore not curable.

#### **Reclamation Requirements**

This decision does not relieve you of the liability for reclamation of all areas disturbed by your activities on lands covered by the subject mining claim(s) and/or site(s). After you complete the reclamation, you must notify the authorized officer of the appropriate surface managing agency so that the authorized officer may conduct a final site inspection and determine whether you may be released from liability. If you fail to reclaim the land to the satisfaction of the authorized officer, the surface management agency may cite you for noncompliance under its surface management regulations.

For land administered by the Bureau of Land Management (BLM), if you fail to reclaim the land to the satisfaction of the authorized officer as required in 43 CFR Subpart 3809, the BLM will issue an order of noncompliance under 43 CFR 3809.601(a). If you fail to comply with the noncompliance order, the BLM may take further action under 43 CFR 3809.604. Failure to conduct reclamation is a prohibited act that may subject you to criminal penalties. (See 43 CFR 3809.605(h) and 43 CFR 3809.700)

#### **Appeal Procedures**

This decision may be appealed to the Interior Board of Land Appeals, Office of the Secretary, in accordance with the regulations contained in 43 CFR Part 4, and the enclosed Form 1842-1. If an appeal is taken, your notice of appeal must be filed in this office (at the above address) within 30 days from receipt of this decision. The appellant has the burden of showing that the decision appealed from is in error.

If you wish to file a petition pursuant to regulation 43 CFR 4.21 (58 FR 4939, January 19, 1993) for a stay of the effectiveness of this decision during the time that your appeal is being reviewed by the Board, the petition for a stay must accompany your notice of appeal. A petition for a stay is required to show sufficient justification based on the standards listed below. Copies of the notice of appeal and petition for a stay must also be submitted to each party named in this decision and to the Interior Board of Land Appeals and to the appropriate Office of the Solicitor (see 43 CFR 4.413) at the same time the original documents are filed with this office. If you request a stay, you have the burden of proof to demonstrate that a stay should be granted.

#### **Standards for Obtaining a Stay**

Except as otherwise provided by law or other pertinent regulation, a petition for a stay of a decision pending appeal shall show sufficient justification based on the following standards:

- (1) The relative harm to the parties if the stay is granted or denied,
- (2) The likelihood of the appellant's success on the merits,
- (3) The likelihood of immediate and irreparable harm if the stay is not granted, and
- (4) Whether the public interest favors granting the stay.

Please include your AMC serial number(s) on all correspondence. If additional information is required, please contact RéAnn Myers at 602-417-9413.

## Maintenance Fee Waiver Certifications Denied Mining Claims Declared Forfeit

The Maintenance Fee Waiver Certification (small miner waiver) filed for the 2015 assessment year, for the mining claims listed above, is denied. Because the waiver is denied and because the required maintenance fee payments due on or before September 1, 2014, were not paid, these claims are declared forfeit.

By September 1 of each year, claimants must pay an annual maintenance fee of \$155 per 20 acres or portion thereof, in accordance with Title 43 Code of Federal Regulations (CFR) 3000.12(a), 3830.21, and 3834.11(a)(2), or submit a <u>valid</u> waiver, in accordance with 43 CFR 3835.1, 3835.10, and 3835.11. In accordance with 43 CFR 1822.14, because September 1, 2014, fell on a holiday, the payment was due the next business day, September 2, 2014.

We did receive your small miner waiver in a timely manner, however, the document received was not a certification that was properly executed for the 2015 assessment year, and is therefore not valid.

According to Bureau of Land Management records the owner of this mining claim on September 1, 2014, was Jirak Group, LLC. The small miner waiver submitted for this claim does not contain the signature of the current owner of the claim.

The regulations require a claimant seeking a waiver to file an annual certification of his qualifications for the waiver that contains a current signature that was executed for the specific assessment year for which the waiver is requested. In accordance with *Thomas L. Carufel*, 155 IBLA 340-345 (2001), while some unintentional omissions on a waiver may be curable, those omissions which affect "the heart of the certification process," such as failure to file a contemporaneously signed certification of claimant's qualifications executed in support of the specific application for waiver for an assessment year goes to the heart of the waiver certification process and is therefore not curable.

#### **Reclamation Requirements**

This decision does not relieve you of the liability for reclamation of all areas disturbed by your activities on lands covered by the subject mining claim(s) and/or site(s). After you complete the reclamation, you must notify the authorized officer of the appropriate surface managing agency so that the authorized officer may conduct a final site inspection and determine whether you may be released from liability. If you fail to reclaim the land to the satisfaction of the authorized officer, the surface management agency may cite you for noncompliance under its surface management regulations.

For land administered by the Bureau of Land Management (BLM), if you fail to reclaim the land to the satisfaction of the authorized officer as required in 43 CFR Subpart 3809, the BLM will issue an order of noncompliance under 43 CFR 3809.601(a). If you fail to comply with the noncompliance order, the BLM may take further action under 43 CFR 3809.604. Failure to conduct reclamation is a prohibited act that may subject you to criminal penalties. (See 43 CFR 3809.605(h) and 43 CFR 3809.700)

#### **Appeal Procedures**

This decision may be appealed to the Interior Board of Land Appeals, Office of the Secretary, in accordance with the regulations contained in 43 CFR Part 4, and the enclosed Form 1842-1. If an appeal is taken, your notice of appeal must be filed in this office (at the above address) within 30 days from receipt of this decision. The appellant has the burden of showing that the decision appealed from is in error.

If you wish to file a petition pursuant to regulation 43 CFR 4.21 (58 FR 4939, January 19, 1993) for a stay of the effectiveness of this decision during the time that your appeal is being reviewed by the Board, the petition for a stay must accompany your notice of appeal. A petition for a stay is required to show sufficient justification based on the standards listed below. Copies of the notice of appeal and petition for a stay must also be submitted to each party named in this decision and to the Interior Board of Land Appeals and to the appropriate Office of the Solicitor (see 43 CFR 4.413) at the same time the original documents are filed with this office. If you request a stay, you have the burden of proof to demonstrate that a stay should be granted.

#### **Standards for Obtaining a Stay**

Except as otherwise provided by law or other pertinent regulation, a petition for a stay of a decision pending appeal shall show sufficient justification based on the following standards:

- (1) The relative harm to the parties if the stay is granted or denied,
- (2) The likelihood of the appellant's success on the merits,
- (3) The likelihood of immediate and irreparable harm if the stay is not granted, and
- (4) Whether the public interest favors granting the stay.

Please include your AMC serial number(s) on all correspondence. If additional information is required, please contact RéAnn Myers at 602-417-9413.

Sincerely,

Rebecca Heick

According to Bureau of Land Management (BLM) records, on September 1, 2014, the sole owner of AMC389104 (RINCON RIDGE #1), is JIRAK GROUP LLC, not SANDRA HARTLERODE, whose signature is on the waiver. No one signed the waiver on behalf of JIRAK GROUP LLC, nor do we have any record of a transfer of interest being filed with the BLM prior to September 1, 2014.

The regulations require a claimant seeking a waiver to file an annual certification of his qualifications for the waiver that contains a current signature that was executed for the specific assessment year for which the waiver is requested. ## Maintenance Fee Waiver Certifications Denied Mining Claims Declared Forfeit

The Maintenance Fee Waiver Certification (small miner waiver) filed for the 2015 assessment year, for the mining claims listed above, is denied. Because the waiver is denied and because the required maintenance fee payments due on or before September 1, 2014, were not paid, these claims are declared forfeit.

By September 1 of each year, claimants must pay an annual maintenance fee of \$155 per 20 acres or portion thereof, in accordance with Title 43 Code of Federal Regulations (CFR) 3000.12(a), 3830.21, and 3834.11(a)(2), or submit a <u>valid</u> waiver, in accordance with 43 CFR 3835.1, 3835.10, and 3835.11. In accordance with 43 CFR 1822.14, because September 1, 2014, fell on a holiday, the payment was due the next business day, September 2, 2014.

We did receive your small miner waiver in a timely manner, however, the document received was not a certification that was properly executed for the 2015 assessment year, and is therefore not valid.

According to Bureau of Land Management (BLM) records, on September 1, 2014, the sole owner of AMC389104 (RINCON RIDGE #1), is JIRAK GROUP LLC, not SANDRA HARTLERODE, whose signature is on the waiver. No one signed the waiver on behalf of JIRAK GROUP LLC, nor do we have any record of a transfer of interest being filed with the BLM prior to September 1, 2014.

The regulations require a claimant seeking a waiver to file an annual certification of his qualifications for the waiver that contains a current signature that was executed for the specific assessment year for which the waiver is requested. In accordance with *Thomas L. Carufel*, 155 IBLA 340-345 (2001), while some unintentional omissions on a waiver may be curable, those omissions which affect "the heart of the certification process," such as failure to file a contemporaneously signed certification of claimant's qualifications executed in support of the specific application for waiver for an assessment year goes to the heart of the waiver certification process and is therefore not curable.

#### **Reclamation Requirements**

This decision does not relieve you of the liability for reclamation of all areas disturbed by your activities on lands covered by the subject mining claim(s) and/or site(s). After you complete the reclamation, you must notify the authorized officer of the appropriate surface managing agency so that the authorized officer may conduct a final site inspection and determine whether you may be released from liability. If you fail to reclaim the land to the satisfaction of the authorized officer, the surface management agency may cite you for noncompliance under its surface management regulations.

For land administered by the BLM, if you fail to reclaim the land to the satisfaction of the authorized officer as required in 43 CFR Subpart 3809, the BLM will issue an order of noncompliance under 43 CFR 3809.601(a). If you fail to comply with the noncompliance order, the BLM may take further action under 43 CFR 3809.604. Failure to conduct reclamation is a prohibited act that may subject you to criminal penalties. (See 43 CFR 3809.605(h) and 43 CFR 3809.700)

If an appeal is taken, your notice of appeal must be filed in this office (at the above address) within 30 days from receipt of this decision. The appellant has the burden of showing that the decision appealed from is in error.

If you wish to file a petition pursuant to regulation 43 CFR 4.21 (58 FR 4939, January 19, 1993) for a stay of the effectiveness of this decision during the time that your appeal is being reviewed by the Board, the petition for a stay must accompany your notice of appeal. A petition for a stay is required to show sufficient justification based on the standards listed below. Copies of the notice of appeal and petition for a stay must also be submitted to each party named in this decision and to the Interior Board of Land Appeals and to the appropriate Office of the Solicitor

(see 43 CFR 4.413) at the same time the original documents are filed with this office. If you request a stay, you have the burden of proof to demonstrate that a stay should be granted.

#### **Standards for Obtaining a Stay**

Except as otherwise provided by law or other pertinent regulation, a petition for a stay of a decision pending appeal shall show sufficient justification based on the following standards:

- (1) The relative harm to the parties if the stay is granted or denied,
- (2) The likelihood of the appellant's success on the merits,
- (3) The likelihood of immediate and irreparable harm if the stay is not granted, and
- (4) Whether the public interest favors granting the stay.

## Maintenance Fee Waiver Certifications Denied Mining Claims Declared Forfeit

The Maintenance Fee Waiver Certification (small miner waiver) filed for the 2015 assessment year, for the mining claims listed above, is denied. Because the waiver is denied and because the required maintenance fee payments due on or before September 1, 2014, were not paid, these claims are declared forfeit.

By September 1 of each year, claimants must pay an annual maintenance fee of \$155 per 20 acres or portion thereof, in accordance with Title 43 Code of Federal Regulations (CFR) 3000.12(a), 3830.21, and 3834.11(a)(2), or submit a <u>valid</u> waiver, in accordance with 43 CFR 3835.1, 3835.10, and 3835.11. In accordance with 43 CFR 1822.14, because September 1, 2014, fell on a holiday, the payment was due the next business day, September 2, 2014.

We did receive your small miner waiver in a timely manner, however, the document received was not a certification that was properly executed for the 2015 assessment year, and is therefore not valid.

According to Bureau of Land Management (BLM) records, on September 1, 2014, the sole owner of AMC389104 (RINCON RIDGE #1), is JIRAK GROUP LLC, not SANDRA HARTLERODE, whose signature is on the waiver. No one signed the waiver on behalf of JIRAK GROUP LLC, nor do we have any record of a transfer of interest being filed with the BLM prior to September 1, 2014.

The regulations require a claimant seeking a waiver to file an annual certification of his qualifications for the waiver that contains a current signature that was executed for the specific assessment year for which the waiver is requested. In accordance with *Thomas L. Carufel*, 155 IBLA 340-345 (2001), while some unintentional omissions on a waiver may be curable, those omissions which affect "the heart of the certification process," such as failure to file a contemporaneously signed certification of claimant's qualifications executed in support of the specific application for waiver for an assessment year goes to the heart of the waiver certification process and is therefore not curable.

#### **Reclamation Requirements**

This decision does not relieve you of the liability for reclamation of all areas disturbed by your activities on lands covered by the subject mining claim(s) and/or site(s). After you complete the reclamation, you must notify the authorized officer of the appropriate surface managing agency so that the authorized officer may conduct a final site inspection and determine whether you may be released from liability. If you fail to reclaim the land to the satisfaction of the authorized officer, the surface management agency may cite you for noncompliance under its surface management regulations.

For land administered by the BLM, if you fail to reclaim the land to the satisfaction of the authorized officer as required in 43 CFR Subpart 3809, the BLM will issue an order of noncompliance under 43 CFR 3809.601(a). If you fail to comply with the noncompliance order, the BLM may take further action under 43 CFR 3809.604. Failure to conduct reclamation is a prohibited act that may subject you to criminal penalties. (See 43 CFR 3809.605(h) and 43 CFR 3809.700)

#### **Appeal Procedures**

This decision may be appealed to the Interior Board of Land Appeals, Office of the Secretary, in accordance with the regulations contained in 43 CFR Part 4, and the enclosed Form 1842-1. If an appeal is taken, your notice of appeal must be filed in this office (at the above address) within 30 days from receipt of this decision. The appellant has the burden of showing that the decision appealed from is in error.

If you wish to file a petition pursuant to regulation 43 CFR 4.21 (58 FR 4939, January 19, 1993) for a stay of the effectiveness of this decision during the time that your appeal is being reviewed by the Board, the petition for a stay must accompany your notice of appeal. A petition for a stay is required to show sufficient justification based on the standards listed below. Copies of the notice of appeal and petition for a stay must also be submitted to each party named in this decision and to the Interior Board of Land Appeals and to the appropriate Office of the Solicitor

(see 43 CFR 4.413) at the same time the original documents are filed with this office. If you request a stay, you have the burden of proof to demonstrate that a stay should be granted.

#### **Standards for Obtaining a Stay**

Except as otherwise provided by law or other pertinent regulation, a petition for a stay of a decision pending appeal shall show sufficient justification based on the following standards:

- (1) The relative harm to the parties if the stay is granted or denied,
- (2) The likelihood of the appellant's success on the merits,
- (3) The likelihood of immediate and irreparable harm if the stay is not granted, and
- (4) Whether the public interest favors granting the stay.

Please include your AMC serial number(s) on all correspondence. If additional information is required, please contact Pauline Brown, at 602-417-9360.

Sincerely,

Rebecca Heick

#### Maintenance Fee Waiver Certifications Denied Mining Claims Declared Forfeit

The Maintenance Fee Waiver Certification (small miner waiver) filed for the 2015 assessment year, for the mining claims listed above, is denied. Because the waiver is denied and because the required maintenance fee payments due on or before September 1, 2014, were not paid, these claims are declared forfeit.

By September 1 of each year, claimants must pay an annual maintenance fee of \$155 per 20 acres or portion thereof, in accordance with Title 43 Code of Federal Regulations (CFR) 3000.12(a), 3830.21, and 3834.11(a)(2), or submit a valid waiver, in accordance with 43 CFR 3835.1, 3835.10, and 3835.11. In accordance with 43 CFR 1822.14, because September 1, 2014, fell on a holiday, the payment was due the next business day, September 2, 2014.

We did receive your small miner waiver in a timely manner, however, the document received was not a certification that was properly executed for the 2015 assessment year, and is therefore not valid.

According to Bureau of Land Management (BLM) records, on September 1, 2014, the sole owner of AMC389104 (RINCON RIDGE #1), is JIRAK GROUP LLC, not SANDRA HARTLERODE, whose signature is on the waiver. No one signed the waiver on behalf of JIRAK GROUP LLC, nor do we have any record of a transfer of interest being filed with the BLM prior to September 1, 2014.

The regulations require a claimant seeking a waiver to file an annual certification of his qualifications for the waiver that contains a current signature that was executed for the specific assessment year for which the waiver is requested. In accordance with *Thomas L. Carufel*, 155 IBLA 340-345 (2001), while some unintentional omissions on a waiver may be curable, those omissions which affect "the heart of the certification process," such as failure to file a contemporaneously signed certification of claimant's qualifications executed in support of the specific application for waiver for an assessment year goes to the heart of the waiver certification process and is therefore not curable.

#### **Reclamation Requirements**

This decision does not relieve you of the liability for reclamation of all areas disturbed by your activities on lands covered by the subject mining claim(s) and/or site(s). After you complete the reclamation, you must notify the authorized officer of the appropriate surface managing agency so that the authorized officer may conduct a final site inspection and determine whether you may be released from liability. If you fail to reclaim the land to the satisfaction of the authorized officer, the surface management agency may cite you for noncompliance under its surface management regulations.

For land administered by the BLM, if you fail to reclaim the land to the satisfaction of the authorized officer as required in 43 CFR Subpart 3809, the BLM will issue an order of noncompliance under 43 CFR 3809.601(a). If you fail to comply with the noncompliance order, the BLM may take further action under 43 CFR 3809.604. Failure to conduct reclamation is a prohibited act that may subject you to criminal penalties. (See 43 CFR 3809.605(h) and 43 CFR 3809.700)

#### **Appeal Procedures**

This decision may be appealed to the Interior Board of Land Appeals, Office of the Secretary, in accordance with the regulations contained in 43 CFR Part 4, and the enclosed Form 1842-1. If an appeal is taken, your notice of appeal must be filed in this office (at the above address) within 30 days from receipt of this decision. The appellant has the burden of showing that the decision appealed from is in error.

If you wish to file a petition pursuant to regulation 43 CFR 4.21 (58 FR 4939, January 19, 1993) for a stay of the effectiveness of this decision during the time that your appeal is being reviewed by the Board, the petition for a stay must accompany your notice of appeal. A petition for a stay is required to show sufficient justification based on the standards listed below. Copies of the notice of appeal and petition for a stay must also be submitted to each party named in this decision and to the Interior Board of Land Appeals and to the appropriate Office of the Solicitor

(see 43 CFR 4.413) at the same time the original documents are filed with this office. If you request a stay, you have the burden of proof to demonstrate that a stay should be granted.

#### **Standards for Obtaining a Stay**

Except as otherwise provided by law or other pertinent regulation, a petition for a stay of a decision pending appeal shall show sufficient justification based on the following standards:

- (1) The relative harm to the parties if the stay is granted or denied,
- (2) The likelihood of the appellant's success on the merits,
- (3) The likelihood of immediate and irreparable harm if the stay is not granted, and
- (4) Whether the public interest favors granting the stay.

#### **DECISION**

JIRAK GROUP, LLC 11012 CANYON RD. E. STE. 8 PUYALLUP, WA 98373-3002

AMC389104 RINCON RIDGE 1

#### <u>Maintenance Fee Waiver Certifications Denied</u> <u>Mining Claims Declared Forfeit</u>

The Maintenance Fee Waiver Certification (small miner waiver) filed for the 2015 assessment year, for the mining claims listed above, is denied. Because the waiver is denied and because the required maintenance fee payments due on or before September 1, 2014, were not paid, these claims are declared forfeit.

By September 1 of each year, claimants must pay an annual maintenance fee of \$155 per 20 acres or portion thereof, in accordance with Title 43 Code of Federal Regulations (CFR) 3000.12(a), 3830.21, and 3834.11(a)(2), or submit a <u>valid</u> waiver, in accordance with 43 CFR 3835.1, 3835.10, and 3835.11. In accordance with 43 CFR 1822.14, because September 1, 2014, fell on a holiday, the payment was due the next business day, September 2, 2014.

We did receive your small miner waiver in a timely manner, however, the document received was not a certification that was properly executed for the 2015 assessment year, and is therefore not valid.

According to Bureau of Land Management (BLM) records, on September 1, 2014, the sole owner of AMC389104 (RINCON RIDGE #1), is JIRAK GROUP LLC, not SANDRA HARTLERODE, whose signature is on the waiver. No one signed the waiver on behalf of JIRAK GROUP LLC, nor do we have any record of a transfer of interest being filed with the BLM prior to September 1, 2014.

The regulations require a claimant seeking a waiver to file an annual certification of his qualifications for the waiver that contains a current signature that was executed for the specific assessment year for which the waiver is requested. In accordance with *Thomas L. Carufel*, 155 IBLA 340-345 (2001), while some unintentional omissions on a waiver may be curable, those omissions which affect "the heart of the certification process," such as failure to file a contemporaneously signed certification of claimant's qualifications executed in support of the specific application for waiver for an assessment year goes to the heart of the waiver certification process and is therefore not curable.

#### **Reclamation Requirements**

This decision does not relieve you of the liability for reclamation of all areas disturbed by your activities on lands covered by the subject mining claim(s) and/or site(s). After you complete the reclamation, you must notify the authorized officer of the appropriate surface managing agency so that the authorized officer may conduct a final site inspection and determine whether you may be released from liability. If you fail to reclaim the land to the satisfaction of the authorized officer, the surface management agency may cite you for noncompliance under its surface management regulations.

For land administered by the BLM, if you fail to reclaim the land to the satisfaction of the authorized officer as required in 43 CFR Subpart 3809, the BLM will issue an order of noncompliance under 43 CFR 3809.601(a). If you fail to comply with the noncompliance order, the BLM may take further action under 43 CFR 3809.604. Failure to conduct reclamation is a prohibited act that may subject you to criminal penalties. (See 43 CFR 3809.605(h) and 43 CFR 3809.700)

#### **Appeal Procedures**

This decision may be appealed to the Interior Board of Land Appeals, Office of the Secretary, in accordance with the regulations contained in 43 CFR Part 4, and the enclosed Form 1842-1. If an appeal is taken, your notice of appeal must be filed in this office (at the above address) within 30 days from receipt of this decision. The appellant has the burden of showing that the decision appealed from is in error.

If you wish to file a petition pursuant to regulation 43 CFR 4.21 (58 FR 4939, January 19, 1993) for a stay of the effectiveness of this decision during the time that your appeal is being reviewed by the Board, the petition for a stay must accompany your notice of appeal. A petition for a stay is required to show sufficient justification based on the standards listed below. Copies of the notice of appeal and petition for a stay must also be submitted to each party named in this decision and to the Interior Board of Land Appeals and to the appropriate Office of the Solicitor

(see 43 CFR 4.413) at the same time the original documents are filed with this office. If you request a stay, you have the burden of proof to demonstrate that a stay should be granted.

#### Standards for Obtaining a Stay

Except as otherwise provided by law or other pertinent regulation, a petition for a stay of a decision pending appeal shall show sufficient justification based on the following standards:

- (1) The relative harm to the parties if the stay is granted or denied,
- (2) The likelihood of the appellant's success on the merits,
- (3) The likelihood of immediate and irreparable harm if the stay is not granted, and
- (4) Whether the public interest favors granting the stay.

Please include your AMC serial number(s) on all correspondence. If additional information is required, please contact Pauline Brown, at 602-417-9360.

Sincerely,

/s/ Rebecca Heick Rebecca Heick Acting Deputy State Director Lands and Minerals Division

#### **DECISION**

VIRTUE GLENNICE, ROBERT 534 E 9TH ST MT VERNON, IN 47620 This decision affects those claims

shown in the block below:

AMC389107 YAVAPAI GOLD

## MINING CLAIMS DECLARED FORFEITED

The mining claims listed above have been declared forfeited for failure to file the required maintenance fee payment or small miner's maintenance fee waiver (waiver).

Claimants are required to pay an annual non-refundable maintenance fee of \$125, or submit a waiver, on or before September 1 of each year. These requirements were established by Title 30 United States Code (U.S.C.) 28-f-k, as amended, and Title 43 Code of Federal Regulations (CFR) 3834 and 3835.

Our records do not show receipt of a maintenance fee payment, or waiver received on or before September 1, 2008, for the 2009 assessment year, for the claims listed above. Therefore, the claims are forfeited.

This decision does not relieve you of the liability for reclamation of all areas disturbed by your activities on lands covered by the subject mining claim(s) and/or site(s). After you complete the reclamation, you must notify the authorized officer of the appropriate surface managing agency so that the authorized officer may conduct a final site inspection and determine whether you may be released from liability.

If you fail to reclaim the land to the satisfaction of the authorized officer, the surface management agency may cite you for noncompliance under its surface management regulations.

For land administered by the Bureau of Land Management (BLM), if you fail to reclaim the land to the satisfaction of the authorized officer as required in 43 CFR Subpart 3809, the BLM will issue an order of noncompliance under 43 CFR 3809.601(a). If you fail to comply with the noncompliance order, the BLM may take further action under 43 CFR 3809.604. Failure to conduct reclamation is a prohibited act that may subject you to criminal penalties. See 43 CFR 3809.605(h) and 43 CFR 3809.700.

This decision may be appealed to the Interior Board of Land Appeals, Office of the Secretary, in accordance with the regulations contained in 43 CFR, Part 4, and the enclosed Form 1842-1. If an appeal is taken, your notice of appeal must be filed in this office (at the above address) within 30 days from receipt of this decision. The appellant has the burden of showing that the decision appealed from is in error.

If you wish to file a petition pursuant to regulation 43 CFR 4.21 (58 FR 4939, January 19, 1993) for a stay of the effectiveness of this decision during the time that your appeal is being reviewed by the Board, the petition for a stay must accompany your notice of appeal. A petition for a stay is required to show sufficient justification based on the standards listed below. Copies of the notice of appeal and petition for a stay must also be submitted to each party named in this decision and to the Interior Board of Land Appeals and to the appropriate Office of the Solicitor (see 43 CFR 4.413) at the same time the original documents are filed with this office. If you request a stay, you have the burden of proof to demonstrate that a stay should be granted.

#### Standards for Obtaining a Stay

Except as otherwise provided by law or other pertinent regulation, a petition for a stay of a decision pending appeal shall show sufficient justification based on the following standards:

- (1) The relative harm to the parties if the stay is granted or denied,
- (2) The likelihood of the appellant's success on the merits,
- (3) The likelihood of immediate and irreparable harm if the stay is not granted, and
- (4) Whether the public interest favors granting the stay.

Please include your AMC serial number(s) on all correspondence. If additional information is required, please contact Rod Ebert at 602-417-9397.

### 2013 Maintenance Fees - Additional Fees Required

Your maintenance fee payment for the 2013 assessment year, in the amount of \$140 per claim, for the placer claims listed above, has been received and is insufficient. The total due on your claim(s) is: \$\$140.

In accordance with the Consolidated Appropriations Act of 2012, Public Law 112-74 (125 Stat 1047), and FR44155-44158 (2012) Congress changed the way maintenance fees for placer mining claims are assessed. Instead of charging the maintenance fee on a per-claim basis, Congress stated that the fee, which is currently \$140, will be assessed on each 20 acre parcel of a placer claim or portion thereof.

Insufficient payment of the annual maintenance fee for the 2013 assessment year is a curable defect. Therefore you are required to do one of the following within 30 days of receipt of this notice or your claim(s) will be declared forfeited: 1) submit additional fees of \$140 per 20-acres or portion thereof based on the full acreage of the claim, or 2) amend the claim(s) to reduce the acres so a lesser fee is due and submit any additional fees due; or 3) relinquish the claim(s) in their entirety, in which case BLM will refund the maintenance fees you have already paid for the 2013 assessment year.

If you choose to amend the claims to reduce the acres, you must submit an amended location notice for each claim, with an accurate description and dimensions of the reduced claim, along with a map depicting the reduced claim, and a \$10 processing fee per amendment. An amendment must also be recorded at the county. If the amended claim contains more than 20 acres, calculate the additional fees due and submit those fees with the amendment(s).

### CORRECTION TO AMC389104 RINCON RIDGE 1 MAP Form MCF100a

What is in error?

Depiction of claim on Map Form MCF100a shows the claim too low within Section 27, T10N, R5W.

### What is the correction?

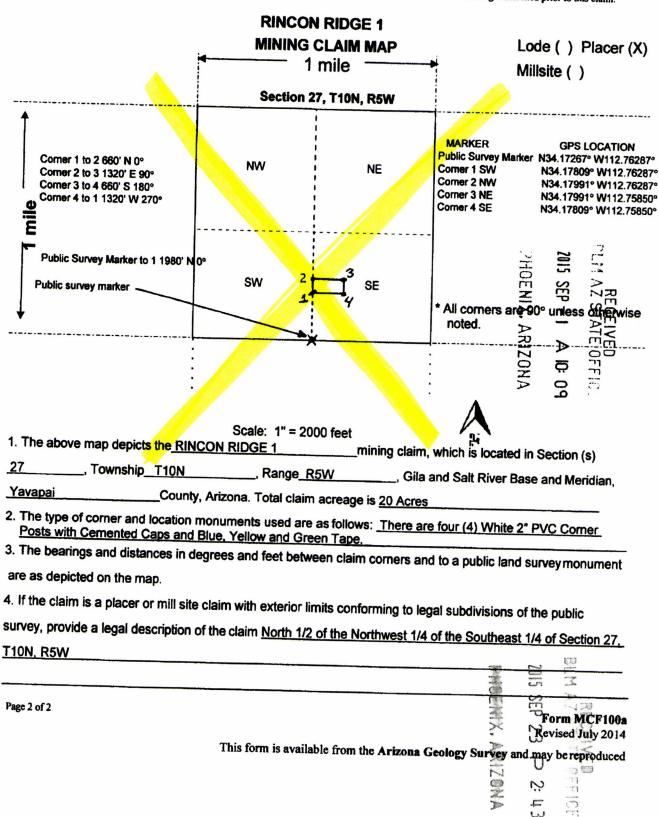

Map Form MCF100a has been redrawn. It now shows proper placement of the claim within Section 27, T10N, R5W. This correction affects the Map depiction only and does not impact the placement of the actual claim markers on the ground.
