Locator Requirements for Association Placer Mining Claims

The Bureau of Land Management (BLM), Arizona State Office received your location notice(s) for the association placer mining claim(s) listed above. The claim(s) has/have 8 locators and are 120 acres in size. Your name was included as one of the locators of the claim(s).

The purpose of this letter is to remind you that you must be qualified to locate an association placer mining claim and that your mining claim must conform to the requirements of Federal law, 30 United States Code §§ 35, 36 (U.S.C.), and regulations Title 43 Code of Federal Regulation 3832.22 (43 CFR). These laws allow the location of mining claims greater than 20 acres, so long as each of the locators has a bona fide interest in the claims, and has located the claims independently, for their own self-interest, and in good faith. The law is well established that a person cannot use the names of his friends, relatives, or employees as dummy locators in order to locate for his own benefit a greater area of placer ground than is allowable by law. A claim located using dummy locators is not a valid mining claim.

By recording these documents with the BLM, you are representing to the United States government that you meet the qualifications for locating an association placer claim, and that you are not using the names of other persons as dummy locators (fictitious locators) to locate more than 20 acres per claim for your own benefit. In accordance with 43 CFR 3830.9, if you file a document that you know contains false, erroneous, or fictitious information or statements,

If, after reviewing the information in this letter, you determine that you do not, in fact, qualify to locate an association placer mining claim, please relinquish the association placer mining claims and relocate as an individual placer mining claim under 43 CFR 3832.22(b).

In accordance with 43 CFR 3833.33, you may transfer, sell, or otherwise convey an association placer mining claim at any time to an equal or greater number of mining claimants. If you want to transfer an association placer claim to an individual or an association that is smaller in number than the association that located the claim you – a) must have discovered a valuable mineral deposit before the transfer; or b) upon notice from the BLM, you must reduce the acreage of the claim, if necessary, so that you meet the 20-acre per locator limit. Per 43 CFR 3830.5, a discovery means that you have found a valuable mineral deposit. Any association placer claim transferred that does not meet these requirements is not a valid mining claim.

If you have any questions, please contact Amy Bunda at 602-417-9334.

Since local and State laws may vary, you should contact your local and State agencies where the claims are located to ensure all applicable laws and requirements are satisfied.
2. The claimant(s) must fill in the date in paragraph 1 for the applicable assessment year and the county and state where the claims are located.
3. All claim names, BLM serial numbers, legal descriptions, and original county recording information must be listed for the claims pertaining to this assessment notice.
4. The claimant(s) must complete paragraph 2 listing all labor or improvements which was performed on or did benefit the subject mining claims. The value and date of the labor or improvements must also be listed. The total amount of labor or improvements can be listed, but the total expenditure must equal at least \$100 for each claim.
5. The names and current mailing addresses of the person(s) performing the labor shall be listed in paragraph 3.
6. The name and current mailing address of each owner (claimant) of the claims shall be listed in paragraph 4. The mailing address shall be the owner's address and not the address of an agent or anyone representing the claimant. Be sure to note if there has been a change of address.
7. Paragraph 5 shall be completed to show the date it was verified that all monuments required by law were properly erected, all notices were posted, and that corners were appropriately designated for all claims listed.
8. An exact legible reproduction or duplicate (other than microfilm or other electronic media) of this affidavit or another type of affidavit of assessment work that you file or will file in the county where each claim is located, must be filed with the BLM on or before December 30 of the calendar year in which the assessment year ends. NOTICES

THE PRIVACY ACT and 43 CFR 2.48(d) require that you be furnished with the following information in connection with the information requested by this form.

AUTHORITY: 30 U.S.C. §28-28d and 43 CFR part 3835 permit collection of the information requested by this form.

PRINCIPAL PURPOSE: The BLM will use the information you provide to document compliance with 43 U.S.C. 1744 and that assessment work has been completed in accordance with 30 U.S.C. § 28-28d and 43 CFR part 3835 in lieu of paying the maintenance fee for the mining claims listed on this form.

ROUTINE USES: The BLM will only disclose this information in accordance with the provisions at 43 CFR 2.56(b) and (c).

EFFECT OF NOT PROVIDING INFORMATION: Disclosure of the requested information is required by 30 U.S.C. § 28-28d and 43 CFR part 3835 for claimants qualified to perform assessment work in lieu of paying the maintenance fee. Failure to submit all the requested information or to complete this form will delay the BLM's processing of the form and may preclude the BLM's acceptance of the assessment work information, which may result in forfeiture of the mining claim(s) by the claimant.

THE PAPERWORK REDUCTION ACT requires us to inform you that:

Use of this form is optional. You must perform assessment if a waiver to pay the maintenance fee has been requested. This form is provided to help you attest that annual assessment work has been completed in lieu of paying the maintenance fee for your claim(s). Submission of the requested information is necessary to obtain or retain a benefit.

You do not have to respond to this or any other Federal agency-sponsored information collection unless it displays a valid OMB control number.

BURDEN HOURS STATEMENT: The estimated public reporting burden for this form is 30 minutes per response, including the time for reviewing instructions, gathering and maintaining data, and completing and reviewing the form.
