Locator Requirements for Association Placer Mining Claims
Additional Information Required

The Bureau of Land Management (BLM), Arizona State Office received the location notice(s) for the association placer mining claim(s) listed above. You are included as a locator of the claim(s).

You must be qualified to locate an association placer mining claim and your mining claim must conform to the requirements of Federal law, 30 U.S.C. 35, 36, and regulations at 43 CFR 3832.22. These laws allow the location of placer mining claims greater than 20 acres so long as each of the locators has a bona fide interest in the claims, and has located the claims independently, for their own self-interest, and in good faith. The law is well established that a person cannot use the names of his friends, relatives, or employees as dummy locators in order to locate for his own benefit a greater area of placer ground than is allowable by law. Any claim located using dummy locators is not a valid mining claim.

Documents and corrected map provided.

AT

By recording these location notices with BLM you are representing to the United States government that you meet the qualifications for locating an association placer claim and that you are not using the names of other persons as dummy locators to locate more than 20 acres per claim for your own benefit. In accordance with 43 CFR 3830.9, if you file a document that you know contains false, erroneous, or fictitious information or statements, you may be subject to criminal penalties under 18 U.S.C. 1001 and 43 U.S.C. 1212. The maximum penalty is 5 years in prison and/or a fine of \$250,000.

In accordance with 43CFR 1822.10, all documents required to be filed with the Bureau of Land Management must contain the applicant's (claimant's) legal name and current address. Additionally, 43 CFR 3833.11 (b)(2) requires that a certificate of location of a mining claim or site contain the names and current mailing addresses of the locators of the claim. The above listed location notice(s) list all or some of the locators at one address.

Before we can complete the recordation of your association placer mining claims, we will need the following information:

1) A signed and notarized statement from each claimant that they authorized their name to be on the location notice(s) and that they are an actual party to the location of the subject claim(s). 2) A legal document from each claimant (such as a notarized power of attorney) showing that the person signing the location notice is the agent or authorized representative of the persons named on the location notice. 3) There is no signature on the location notice. A location notice must have at least one signature. Please provide a signed copy of the location notice. 5) The map shows the S 1/2 of the SW 1/4 but the location notice says N /12 of the SW 1/4. Please file a corrected map or an amended location notice.

The claimants of the above named mining claim(s) are hereby afforded 30 days from receipt of this Notice in which to furnish the requested information. Failure to do so will subject the recordation of these claims to further adjudication which may result in a partial rejection of the recordation and a reduction in acreage claimed.

If, after reviewing the information in this letter you determine that you do not, in fact, qualify to locate an association placer mining claim, please relinquish the association placer mining claims and relocate as an individual placer mining claim under 43 CFR 3832.22(b).

In accordance with 43 CFR 3833.33, you may transfer, sell, or otherwise convey an association placer mining claim at any time to an equal or greater number of mining claimants. If you want to transfer an association placer claim to an individual or an association that is smaller in number than the association that located the claim you – a) must have discovered a valuable mineral deposit before the transfer; or b) upon notice from BLM, you must reduce the acreage of the claim, if necessary, so that you meet the 20-acre per locator limit. Per 43 CFR 3830.5, a discovery means that you have found a valuable mineral deposit. Any association placer claim transferred that does not meet these requirements is not a valid mining claim.

If you have any questions please contact Amy Thrower at 602-417-9334.

NOTICE/BURDEN HOURS STATEMENT

The Privacy Act of 1974, as amended, and the regulation in 43 CFR 2.48(d) provide that you be furnished the following information in connection with the information required by this certification of waiver from rental fees.

AUTHORITY: 30 U.S.C. 28-28k; 43 U.S.C. 1201, 1457, 1740, and 1744; and 43 CFR 3830.

PRINCIPLE PURPOSE: This information is to be used to verify that the owner(s) (claimants) of a mining claim has complied with 30 U.S.C. 28f and is entitled to perform assessment work in lieu of paying the maintenance fee for the mining claims listed on this form.

ROUTINE USE: (1) Adjudication of the claimant(s) certification of waiver from paying the maintenance fee otherwise required by 30 U.S.C. 28f. (2) Disclosure may be made to appropriate Federal agencies when location is made within the agency's geographic area of responsibility. (3) Information from the record and/or the record will be transferred to the appropriate Federal, State, or local agency, or a member of the public in response to a specific request for pertinent information. (4) Information may also be provided to the Department of Justice or in a proceeding before a court or adjudicative body; or to Federal, State, local or foreign agencies when needed for enforcement of civil or criminal codes or applicable regulations concerning title rights upon the public land.

EFFECT OF NOT PROVIDING INFORMATION: Disclosure of this information is required by 30 U.S.C. 28f and 43 CFR Part 3830 for those qualified claimants wishing to take the small miner waiver allowed. Failure to supply the information required in this form to support the claimants certification of waiver from payment of the otherwise required maintenance fees will result in the waiver being disallowed and the mining claims subject to forfeiture by BLM under 30 U.S.C. 28i.

The Paperwork Reduction Act of 1995 requires us to inform you that:

This information is being collected to allow the BLM to determine if you qualify for a waiver from the payment of \$100 per mining claim or site maintenance fee established in 30 U.S.C. 28f and the implementing regulations at 43 CFR 3830. A response to this request is required in accordance with the statute to obtain your benefit.

BLM would like you to know that you do not have to respond to this, or any other, Federal agency-sponsored information collection unless it displays a currently valid OMB control number.

Public reporting burden for this form is estimated to average 8 minutes (0.133 hours) per response, including time to review instructions, gathering and maintaining data, and completing and reviewing the form. Direct comments regarding this burden estimate, or any other aspect of this form, to the U.S. Department of the Interior, Bureau of Land Management, (1004-0114) Bureau Information Collection Clearance Officer (WO-630), Mail Stop 401 LS, 1849 C St, N.W., Washington, D.C. 20240.
