DECISION VACATED

The decision dated November 13, 2014, declaring the above listed claims forfeited due to the maintenance fee waiver not containing a signature of the mining claim owner is hereby vacated.

Upon further investigation, we've obtained proof of a signed valid waiver and receipt of all required documents on or before the due date. Our records have been updated to show the claims in a current status.

Enclosed is a copy of the statement from the Bureau of Land Management (BLM) employee who received a valid waiver (form expired August 31, 2013, but was still accepted for the 2015 assessment year) stating that the claim owner was informed the form was expired and a new form needed to be completed, the presented expired waiver, and the submitted waiver. The BLM Arizona was accepting the expired August 31, 2013 forms due to the website being updated with the new form after the start of the filing season.

If additional information is required, please contact RéAnn Myers at 602-417-9413. Please include your AMC serial number(s) on all correspondence.

Sincerely,

Rebecca Heick

Maintenance Fee Waiver Certifications Denied Mining Claims Declared Forfeit

The Maintenance Fee Waiver Certification (small miner waiver) filed for the 2015 assessment year, for the mining claims listed above, is denied. Because the waiver is denied and because the required maintenance fee payments due on or before September 1, 2014, were not paid, these claims are declared forfeit.

By September 1 of each year, claimants must pay an annual maintenance fee of \$155 per 20 acres or portion thereof, in accordance with Title 43 Code of Federal Regulations (CFR) 3000.12(a), 3830.21, and 3834.11(a)(2), or submit a valid waiver, in accordance with 43 CFR 3835.1, 3835.10, and 3835.11. In accordance with 43 CFR 1822.14, because September 1, 2014, fell on a holiday, the payment was due the next business day, September 2, 2014.

We did receive your small miner waiver in a timely manner, however, the document received was not a certification that was properly executed for the 2015 assessment year, and is therefore not valid. The waiver does not contain a signature.

The regulations require a claimant seeking a waiver to file an annual certification of his qualifications for the waiver that contains a current signature that was executed for the specific assessment year for which the waiver is requested. In accordance with *Thomas L. Carufel*, 155 IBLA 340-345 (2001), while some unintentional omissions on a waiver may be curable, those omissions which affect "the heart of the certification process," such as failure to file a contemporaneously signed certification of claimant's qualifications executed in support of the specific application for waiver for an assessment year goes to the heart of the waiver certification process and is therefore not curable.

Reclamation Requirements

This decision does not relieve you of the liability for reclamation of all areas disturbed by your activities on lands covered by the subject mining claim(s) and/or site(s). After you complete the reclamation, you must notify the authorized officer of the appropriate surface managing agency so that the authorized officer may conduct a final site inspection and determine whether you may be released from liability. If you fail to reclaim the land to the satisfaction of the authorized officer, the surface management agency may cite you for noncompliance under its surface management regulations.

For land administered by the Bureau of Land Management (BLM), if you fail to reclaim the land to the satisfaction of the authorized officer as required in 43 CFR Subpart 3809, the BLM will issue an order of noncompliance under 43 CFR 3809.601(a). If you fail to comply with the noncompliance order, the BLM may take further action under 43 CFR 3809.604. Failure to conduct reclamation is a prohibited act that may subject you to criminal penalties. (See 43 CFR 3809.605(h) and 43 CFR 3809.700)

Appeal Procedures

This decision may be appealed to the Interior Board of Land Appeals, Office of the Secretary, in accordance with the regulations contained in 43 CFR Part 4, and the enclosed Form 1842-1. If an appeal is taken, your notice of appeal must be filed in this office (at the above address) within 30 days from receipt of this decision. The appellant has the burden of showing that the decision appealed from is in error.

If you wish to file a petition pursuant to regulation 43 CFR 4.21 (58 FR 4939, January 19, 1993) for a stay of the effectiveness of this decision during the time that your appeal is being reviewed by the Board, the petition for a stay must accompany your notice of appeal. A petition for a stay is required to show sufficient justification based on the standards listed below. Copies of the notice of appeal and petition for a stay must also be submitted to each party named in this decision and to the Interior Board of Land Appeals and to the appropriate Office of the Solicitor (see 43 CFR 4.413) at the same time the original documents are filed with this office. If you request a stay, you have the burden of proof to demonstrate that a stay should be granted.

Standards for Obtaining a Stay

Except as otherwise provided by law or other pertinent regulation, a petition for a stay of a decision pending appeal shall show sufficient justification based on the following standards:

- (1) The relative harm to the parties if the stay is granted or denied,
- (2) The likelihood of the appellant's success on the merits,
- (3) The likelihood of immediate and irreparable harm if the stay is not granted, and
- (4) Whether the public interest favors granting the stay.

Please include your AMC serial number(s) on all correspondence. If additional information is required, please contact RéAnn Myers at 602-417-9413.

Rebecca Heick

Maintenance Fee Waiver Held for Rejection

In accordance with 43 Code of Federal Regulations (CFR) 3835.10, the name, address, and original signatures of all owners of the mining claim must be included on the waiver form. Please correct the discrepancy as noted below:

Doris Hagan Colby signed the waiver on behalf of Mary Nora Hagan Larman, the execution date on the attached Power of Attorney document reads August 7, 2015. In order to correct the defect in the waiver, per 43 CFR 3835.93, you must provide this office with the requested information within 60 days of your receipt of this notice. If you are unable to provide this information, you have the option of paying the annual maintenance fee of \$165 per claim (\$165 per 20 acres for placer claims larger than 20 acres). If we do not receive the

requested corrections or the maintenance fees within the 60 day time frame, the claim(s) will be declared forfeited and closed.

If additional information is required, please contact Pauline Brown at 602-417-9360. Please include your AMC serial number(s) on all correspondence.

Sincerely,

NOTICE/BURDEN HOURS STATEMENT

The Privacy Act of 1974, *as amended*, and the regulation in 43 CFR 2.48(d) provide that you be furnished the following information in connection with the information required by this certification of waiver from rental fees.

AUTHORITY: 30 U.S.C. 28-28k; 43 U.S.C. 1201, 1457, 1740, and 1744; and 43 CFR 3830.

PRINCIPLE PURPOSE: This information is to be used to verify that the owner(s) (claimants) of a mining claim has complied with 30 U.S.C. 28f and is entitled to perform assessment work in lieu of paying the maintenance fee for the mining claims listed on this form.

ROUTINE USE: (1) Adjudication of the claimant(s) certification of waiver from paying the maintenance fee otherwise required by 30 U.S.C. 28f. (2) Disclosure may be made to appropriate Federal agencies when location is made within the agency's geographic area of responsibility. (3) Information from the record and/or the record will be transferred to the appropriate Federal, State, or local agency, or a member of the public in response to a specific request for pertinent information. (4) Information may also be provided to the Department of Justice or in a proceeding before a court or adjudicative body; or to Federal, State, local or foreign agencies when needed for enforcement of civil or criminal codes or applicable regulations concerning title rights upon the public land.

EFFECT OF NOT PROVIDING INFORMATION: Disclosure of this information is required by 30 U.S.C. 28f and 43 CFR Part 3830 for those qualified claimants wishing to take the small miner waiver allowed. Failure to supply the information required in this form to support the claimants certification of waiver from payment of the otherwise required maintenance fees will result in the waiver being disallowed and the mining claims subject to forfeiture by BLM under 30 U.S.C. 28i.

The Paperwork Reduction Act of 1995 requires us to inform you that:

This information is being collected to allow the BLM to determine if you qualify for a waiver from the payment of \$100 per mining claim or site maintenance fee established in 30 U.S.C. 28f and the implementing regulations at 43 CFR 3830. A response to this request is required in accordance with the statute to obtain your benefit.

BLM would like you to know that you do not have to respond to this, or any other, Federal agency-sponsored information collection unless it displays a currently valid OMB control number.

Public reporting burden for this form is estimated to average 20 minutes (.33 hours) per response, including time to review instructions, gathering and maintaining data, and completing and reviewing the form. Direct comments regarding this burden estimate, or any other aspect of this form, to the U.S. Department of the Interior, Bureau of Land Management, (1004-0114) Bureau Information Collection Clearance Officer (WO-630), Mail Stop 401 LS, 1849 C St., N.W., Washington, D.C. 20240.

The Privacy Act of 1974, *as amended*, and the regulation in 43 CFR 2.48(d) provide that you be furnished the following information in connection with the information required by this certification of waiver from rental fees.

AUTHORITY: 30 U.S.C. 28-28k; 43 U.S.C. 1201, 1457, 1740, and 1744; and 43 CFR 3830.

PRINCIPLE PURPOSE: This information is to be used to verify that the owner(s) (claimants) of a mining claim has complied with 30 U.S.C. 28f and is entitled to perform assessment work in lieu of paying the maintenance fee for the mining claims listed on this form.

ROUTINE USE: (1) Adjudication of the claimant(s) certification of waiver from paying the maintenance fee otherwise required by 30 U.S.C. 28f. (2) Disclosure may be made to appropriate Federal agencies when location is made within the agency's geographic area of responsibility. (3) Information from the record and/or the record will be transferred to the appropriate Federal, State, or local agency, or a member of the public in response to a specific request for pertinent information. (4) Information may also be provided to the Department of Justice or in a proceeding before a court or adjudicative body; or to Federal, State, local or foreign agencies when needed for enforcement of civil or criminal codes or applicable regulations concerning title rights upon the public land.

EFFECT OF NOT PROVIDING INFORMATION: Disclosure of this information is required by 30 U.S.C. 28f and 43 CFR Part 3830 for those qualified claimants wishing to take the small miner waiver allowed. Failure to supply the information required in this form to support the claimants certification of waiver from payment of the otherwise required maintenance fees will result in the waiver being disallowed and the mining claims subject to forfeiture by BLM under 30 U.S.C. 28i.

The Paperwork Reduction Act of 1995 requires us to inform you that this information is being collected to allow the BLM to determine if you qualify for a waiver from the payment of \$100 per mining claim or site maintenance fee established in 30 U.S.C. 28f and the implementing regulations at 43 CFR 3830. A response to this request is required in accordance with the statute to obtain your benefit.

BLM would like you to know that you do not have to respond to this, or any other, Federal agency-sponsored information collection unless it displays a currently valid OMB control number.

Public reporting burden for this form is estimated to average 20 minutes (.33 hours) per response, including time to review instructions, gathering and maintaining data, and completing and reviewing the form. Direct comments regarding this burden estimate, or any other aspect of this form, to the U.S. Department of the Interior, Bureau of Land Management (1004-0114) Bureau Information Collection Clearance Officer (WFO-630), Mail Stop 401 LS, 1849 C St., N.W., Washington, D.C. 20240.
