DECISION

Oracle Mining LLC P.O. Box 64809 Tucson, Arizona 85728-4809 AMC412708, AMC412710, AMC412712, AMC412714,

AMC412716 - AMC412731

Decision Partially Vacated

A decision dated June 8, 2012, declared mining claims Olesya #2,#4,#6,#8 and #10 - #23 (AMC412708, AMC412710, AMC412712, AMC412714, AMC412716 – AMC412729) null and void ab initio because they were located on Stock Raising Homestead land, and did not comply with Public 103-23; 107 Stat. 60, effective October 13, 1993, prior to locating the claims. In addition, Olesya #24 and #25 (AMC412730 and AMC412731) were also declared null and void ab initio because they were located on land where the surface and mineral estate are owned by the State of Arizona.

That decision is hereby declared partially vacated with regard to Olesya #2,#4,#6,#8 and #10 -#23 (AMC412708, AMC412710, AMC412712, AMC412714, AMC412716 – AMC412729), which will not be closed.

Documentation has been received showing that the original locator, Oracle Mining LLC, was the surface owner at the time the claims, (AMC412708, AMC412710, AMC412712, AMC412714, AMC412716 – AMC412729), were located. Therefore, they were not required to comply with Public 103-23; 107 Stat. 60, effective October 13, 1993, prior to locating the claims.

Olesya #24 and #25(AMC412730 and AMC412731) will remain closed because, as noted above, the federal government does not own the surface or the mineral estate.

Mining Claim(s) Declared Null and Void Ab Initio

Pursuant to Title 43 Code of Federal Regulations (CFR) 3832.1, this office received your notice(s) of location for recording mining claims. In accordance with 43 CFR 3833.91, the claim(s) listed above is/are hereby declared null and void ab initio for the reason indicated below. A copy of the Master Title Plat is enclosed for your convenience, if applicable.

The OLESYA claims, #2,#4,#8,#10, & #11 - #25, are located on land that was patented under the Stock Raising Homestead Act of December 29, 1916(43 U.S.C. 299)(SRHE). Prior to locating mining claims on these lands you must comply with Public Law 103-23; 107 Stat. 60, effective October 13, 1993, and the 43 CFR Part 3838. Also, portions of OLESYA #12,#13,& #23 claims are located on State surface, State minerals and part on SRHE with no NOITL filed. In addition, OLESYA #24 & #25 are located on State surface and State minerals only. None of the above mining claims are open to location and therefore Void Ab Initio.

This decision does not relieve you of the liability for reclamation of all areas disturbed by your activities on land encompassed by your mining claim(s) and/or site(s). After you complete the reclamation, you must notify the authorized officer of the appropriate surface managing agency so that the authorized officer may conduct a final site inspection and determine whether you may be released from liability. If you fail to reclaim the land to the satisfaction of the authorized

officer, the surface management agency may cite you for noncompliance under its surface management regulations.

For land administered by the BLM, if you fail to reclaim the land to the satisfaction of the authorized officer as required in 43 CFR Subpart 3809, the BLM will issue an order of noncompliance under 43 CFR 3809.601(a). If you fail to comply with the noncompliance order, the BLM may take further action under 43 CFR 3809.604. Failure to conduct reclamation is a prohibited act that may subject you to criminal penalties. See 43 CFR 3809.605(h) and 43 CFR 3809.700. If your occupancy has been terminated and you fail to remove structures, material, and equipment, and any personal property in accordance with the regulations in 43 CFR 3715.5-1, the BLM may dispose of the property. In accordance with 43 CFR 3715.5-2, you will remain liable for the costs the BLM incurs in removing and disposing of the property.

This decision may be appealed to the Interior Board of Land Appeals, Office of the Secretary, in accordance with the regulations contained in 43 CFR, Part 4 and the enclosed Form 1842-1. If an appeal is taken, your notice of appeal must be filed in this office (at the above address) within 30 days from receipt of this decision. The appellant has the burden of showing that the decision appealed from is in error.

If you wish to file a petition pursuant to regulation 43 CFR 4.21 (58 FR 4939, January 19, 1993), for a stay of the effectiveness of this decision during the time that your appeal is being reviewed by the Board, the petition for a stay must accompany your notice of appeal. A petition for a stay is required to show sufficient justification based on the standards listed below. Copies of the notice of appeal and petition for a stay must also be submitted to each party named in this decision and to the Interior Board of Land Appeals and to the appropriate Office of the Solicitor (see 43 CFR 4.413) at the same time the original documents are filed with this office. If you request a stay, you have the burden of proof to demonstrate that a stay should be granted.

Standards for Obtaining a Stay

Except as otherwise provided by law or other pertinent regulation, a petition for a stay of a decision pending appeal shall show sufficient justification based on the following standards:

- (1) The relative harm to the parties if the stay is granted or denied,
- (2) The likelihood of the appellant's success on the merits,
- (3) The likelihood of immediate and irreparable harm if the stay is not granted, and
- (4) Whether the public interest favors granting the stay.

RE: Decision 3800 (9310) AMC 412680

Dear Mr. Smith:

I am responding to the above noted decision received by Oracle Ridge Mining, LLC on June 11, 2012.

Enclosed you will find a map of the Olesya Claims, a parcel map printed from the Pima County GIS, and Pima County Assessor's Tax information sheets for each parcel owned by Oracle Ridge Mining, LLC.

The Olesya Claims were located to cover SRHA lands owned by Oracle Ridge Mining, LLC. Portions of Olesya 2, 3, 9, 10, 11, 13, 12, 22, 23, 24 & 25 overlap either lands held by other private owners or the State of Arizona, however their location monuments are on SRHA lands owned by Oracle Ridge Mining, LLC. It is understood by Oracle Ridge Mining, LLC that the portions outside of their ownership boundaries are not valid. Lands overlapped to the West of the claim block are USA lands and they are open for location so Olesya 3, 5, 7, & 9 (except that portion of 9 overlapping Goff & Goff) are valid. The same holds true for Olesya 1 which overlaps but is junior to the Greenley Patent.

Thank you for assisting us with this matter.

Cordially,

Darling Environmental & Surveying, Ltd.
