Maintenance Fee Waiver Held for Rejection

This office received the Maintenance Fee Waiver Certification (waiver) for the above listed mining claim(s). The waiver is not properly completed and does not meet the annual filing requirements.

In accordance with 43 Code of Federal Regulations (CFR) 3835.10, the name, address, and original signatures of all owners of the mining claim must be included on the waiver form. Please correct the discrepancy as noted below:

The person signing a waiver on behalf of a company should always include on the signature line, information noting in what capacity they are signing (i.e. President, Secretary, Agent, Personal Representative, etc.). Your 2015 waiver document is missing this vital information. If an agent has Power of Attorney to sign, they should identify themself as signing on behalf of an owner or company and should always include a copy of the power of attorney document.

According to our records, the AMC serial number you listed on the waiver and the affidavit of annual assessment work forms, for the GOLDEN ARROWHEAD 1 mining claim, does not match the claim name. The correct AMC serial number for the GOLDEN ARROWHEAD 1 mining claim is AMC412320, please correct your documentation.

In order to correct the defect in the waiver, per 43 CFR 3835.93, you must provide this office with the requested information within 60 days of your receipt of this notice. If you are unable to provide this information, you have the option of paying the annual maintenance fee of \$155 per claim (\$155 per 20 acres for placer claims larger than 20 acres). If we do not receive the requested corrections within the 60 day time frame, the claim(s) will be declared forfeited and closed.

Please include your AMC serial number on all correspondence. If additional information is required, please contact Pauline Brown, at 602-417-9360.

Sincerely,

Rebecca Heick

2013 Maintenance Fees Due on Claims under a Waiver

A Maintenance Fee Waiver Certification (small miner waiver) was filed for the 2013 assessment year for the mining claims listed above. In accordance with 43 CFR 3835.1, to qualify for a small miner waiver you and all related parties must hold no more than a total of 10 mining claims or sites nationwide. Since the commencement of the 2013 assessment year, the owner(s) of these mining claims has acquired and now owns in excess of 10 mining claims nationwide, which means they no longer qualify for the small miner waiver.

Michael Smith owns a total of 12 mining claims. These include 10 of the claims listed above that were listed on the waiver originally filed August 29, 2012, corrected on November 19, 2012, and the new claims, AMC420271 and AMC421120, filed December 13, 2012, and February 7, 2013, respectively.

Therefore, in accordance with 43 CFR 3835.20, and *Randi Rovetto*, *Et Al.*, 177 IBLA 257, the waiver is immediately cancelled and the 2013 Maintenance Fees of \$140 per claim per 20 acres are due on the claims listed above. The Bureau of Land Management (BLM) must receive the maintenance fee for these mining claims on or before September 1, 2013. If we do not receive the fee, the claims will be forfeited and closed. At that same time (on or before September 1, 2013) the maintenance fees for the 2014 assessment year are also due.

When paying the fees please specify which assessment year is being paid so we can apply the fees accurately to the claims. Please also include an explanation as to why the fees for the assessment year that has already begun are being paid; e.g., the claim owner no longer qualified for a small miner waiver.

If additional information is required, please contact Rod Ebert, at 602-417-9397. Please include your AMC serial numbers on all correspondence.

2013 Maintenance Fees Due on Claims under a Waiver

A Maintenance Fee Waiver Certification (small miner waiver) was filed for the 2013 assessment year for the mining claims listed above. In accordance with 43 CFR 3835.1, to qualify for a small miner waiver you and all related parties must hold no more than a total of 10 mining claims or sites nationwide. Since the commencement of the 2013 assessment year, the owner(s) of these mining claims has acquired and now owns in excess of 10 mining claims nationwide, which means they no longer qualify for the small miner waiver.

Michael Smith owns a total of 12 mining claims. These include 10 of the claims listed above that were listed on the waiver originally filed August 29, 2012, corrected on November 19, 2012, and the new claims, AMC420271 and AMC421120, filed December 13, 2012, and February 7, 2013, respectively.

Therefore, in accordance with 43 CFR 3835.20, and *Randi Rovetto*, *Et Al.*, 177 IBLA 257, the waiver is immediately cancelled and the 2013 Maintenance Fees of \$140 per claim per 20 acres are due on the claims listed above. The Bureau of Land Management (BLM) must receive the maintenance fee for these mining claims on or before September 1, 2013. If we do not receive the fee, the claims will be forfeited and closed. At that same time (on or before September 1, 2013) the maintenance fees for the 2014 assessment year are also due.

When paying the fees please specify which assessment year is being paid so we can apply the fees accurately to the claims. Please also include an explanation as to why the fees for the assessment year that has already begun are being paid; e.g., the claim owner no longer qualified for a small miner waiver.

If additional information is required, please contact Rod Ebert, at 602-417-9397. Please include your AMC serial numbers on all correspondence.

2013 Maintenance Fees Due on Claims under a Waiver

A Maintenance Fee Waiver Certification (small miner waiver) was filed for the 2013 assessment year for the mining claims listed above. In accordance with 43 CFR 3835.1, to qualify for a small miner waiver you and all related parties must hold no more than a total of 10 mining claims or sites nationwide. Since the commencement of the 2013 assessment year, the owner(s) of these mining claims has acquired and now owns in excess of 10 mining claims nationwide, which means they no longer qualify for the small miner waiver.

Michael Smith owns a total of 12 mining claims. These include 10 of the claims listed above that were listed on the waiver originally filed August 29, 2012, corrected on November 19, 2012, and the new claims, AMC420271 and AMC421120, filed December 13, 2012, and February 7, 2013, respectively.

AMDENIX, ARIZONA

2013 VAG 30 DIS: #3

TECETYED FFF

Therefore, in accordance with 43 CFR 3835.20, and Randi Rovetto, Et Al., 177 IBLA 257, the waiver is immediately cancelled and the 2013 Maintenance Fees of \$140 per claim per 20 acres are due on the claims listed above. The Bureau of Land Management (BLM) must receive the maintenance fee for these mining claims on or before September 1, 2013. If we do not receive the fee, the claims will be forfeited and closed. At that same time (on or before September 1, 2013) the maintenance fees for the 2014 assessment year are also due.

When paying the fees please specify which assessment year is being paid so we can apply the fees accurately to the claims. Please also include an explanation as to why the fees for the assessment year that has already begun are being paid; e.g., the claim owner no longer qualified for a small miner waiver.

If additional information is required, please contact Rod Ebert, at 602-417-9397. Please include your AMC serial numbers on all correspondence.
