Hi Sonia,

I just received a call from Mr. Paul Clark; he stated that his client Rodney Maxon does not have a middle name therefore both Rodney Maxon's are two different people.

Thank you, Pauline. That's what happens when there are agents...they don't get the information correct and don't bother to really verify it.

Hi Sonia,

This is what I found; AMC420261 names Brian Cole as the agent, there is a POA included with a hand printed signature for Rodney Vernon Maxon at 23895 W CANNON DRIVE CONGRESS. AZ 85332. I also have in the case file a print up of what I received on 1/31/2013 from MELISSADATA, when I Verified the address, the only thing I received was that the address type was NON-USPS (AS03), what ever that means. Since there was no returned phone call from Mr. Cole, I just entered the address as is.

As for AMC414573, the agent's name is Paul Clark; he only provided a list of additional owners (no POA statements) with their names and addresses; he does name a Rodney Maxon at the post office box in Congress, AZ; he provided a phone number for him as well but when I called the phone number I found that the number has been disconnected or is no longer in service.

So I called the Agent, Mr. Cole and asked him to send me a better address for Mr. Maxon. Mr. Cole said he was in the process of filing an Amendment and will send us the information as soon as he is able too.

Hi Pauline...

Here's an entry that probably needs to be checked. The entry was for MAXON RODNEY VERNON and the address is 23895 W Cannon Dr in Congress, AZ. Congress AZ does not have street addresses as mailing addresses and only PO Boxes, address on Highway 71, or General Delivery will validate against Data Flux. There is already a MAXON RODNEY in the customer data base with an address of PO Box 867 in Congress, AZ.

This might be the same person but I can't tell because I don't have the files. Could you please check the files to see if there are signatures or any indication to show these are the same customer. The case for Rodney Maxon is AMC414573 and the one for Rodney Vernon Maxon is AMC420261. If they are not the same claimant, then the claimant who submitted the documents should be contacted to provide the PO Box for the Rodney Vernon Maxon.

Thank you, Pauline!

MINING CLAIMS DECLARED FORFEITED

The mining claims listed above have been declared forfeited for failure to file the required maintenance fee payment or small miner's maintenance fee waiver (waiver).

Our records do not show receipt of a maintenance fee payment, or waiver received on or before September 1, 2012, for the 2013 assessment year, for the claims listed above. Therefore, the claims are forfeited.

This decision does not relieve you of the liability for reclamation of all areas disturbed by your activities on lands covered by the subject mining claim(s) and/or site(s). After you complete the reclamation, you must notify the authorized officer of the appropriate surface managing agency so that the authorized officer may conduct a final site inspection and determine whether you may be released from liability.

If you fail to reclaim the land to the satisfaction of the authorized officer, the surface management agency may cite you for noncompliance under its surface management regulations.

For land administered by the Bureau of Land Management (BLM), if you fail to reclaim the land to the satisfaction of the authorized officer as required in 43 CFR Subpart 3809, BLM will issue an order of noncompliance under 43 CFR 3809.601(a). If you fail to comply with the noncompliance order, BLM may take further action under 43 CFR 3809.604. Failure to conduct reclamation is a prohibited act that may subject you to criminal penalties. See 43 CFR 3809.605(h) and 43 CFR 3809.700.

Appeal Procedures

This decision may be appealed to the Interior Board of Land Appeals, Office of the Secretary, in accordance with the regulations contained in 43 CFR, Part 4, and the enclosed Form 1842-1. If an appeal is taken, your notice of appeal must be filed in this office (at the above address) within 30 days from receipt of this decision. The appellant has the burden of showing that the decision appealed from is in error.

If you wish to file a petition pursuant to regulation 43 CFR 4.21 (58 FR 4939, January 19, 1993) for a stay of the effectiveness of this decision during the time that your appeal is being reviewed by the Board, the petition for a stay must accompany your notice of appeal. A petition for a stay is required to show sufficient justification based on the standards listed below. Copies of the notice of appeal and petition for a stay **must** also be submitted to each party named in this decision and to the Interior Board of Land Appeals and to the appropriate Office of the Solicitor (see 43 CFR 4.413) at the same time the original documents are filed with this office. If you request a stay, you have the burden of proof to demonstrate that a stay should be granted.

Standards for Obtaining a Stay

Except as otherwise provided by law or other pertinent regulation, a petition for a stay of a decision pending appeal shall show sufficient justification based on the following standards:

- (1) The relative harm to the parties if the stay is granted or denied,
- (2) The likelihood of the appellant's success on the merits,
- (3) The likelihood of immediate and irreparable harm if the stay is not granted, and
- (4) Whether the public interest favors granting the stay.

This decision does not relieve you of the liability for reclamation of all areas disturbed by your activities on lands covered by the subject mining claim(s) and/or site(s). After you complete the reclamation, you must notify the authorized officer of the appropriate surface managing agency so that the authorized officer may conduct a final site inspection and determine whether you may be released from liability.

If you fail to reclaim the land to the satisfaction of the authorized officer, the surface management agency may cite you for noncompliance under its surface management regulations.

For land administered by the Bureau of Land Management (BLM), if you fail to reclaim the land to the satisfaction of the authorized officer as required in 43 CFR Subpart 3809, BLM will issue an order of noncompliance under 43 CFR 3809.601(a). If you fail to comply with the noncompliance order, BLM may take further action under 43 CFR 3809.604. Failure to conduct reclamation is a prohibited act that may subject you to criminal penalties. See 43 CFR 3809.605(h) and 43 CFR 3809.700.

A petition for a stay is required to show sufficient justification based on the standards listed below. Copies of the notice of appeal and petition for a stay **must** also be submitted to each party named in this decision and to the Interior Board of Land Appeals and to the appropriate Office of the Solicitor (see 43 CFR 4.413) at the same time the original documents are filed with this office. This decision does not relieve you of the liability for reclamation of all areas disturbed by your activities on lands covered by the subject mining claim(s) and/or site(s). After you complete the reclamation, you must notify the authorized officer of the appropriate surface managing agency so that the authorized officer may conduct a final site inspection and determine whether you may be released from liability.

If you fail to reclaim the land to the satisfaction of the authorized officer, the surface management agency may cite you for noncompliance under its surface management regulations.

For land administered by the Bureau of Land Management (BLM), if you fail to reclaim the land to the satisfaction of the authorized officer as required in 43 CFR Subpart 3809, BLM will issue an order of noncompliance under 43 CFR 3809.601(a). If you fail to comply with the noncompliance order, BLM may take further action under 43 CFR 3809.604. Failure to conduct reclamation is a prohibited act that may subject you to criminal penalties. See 43 CFR 3809.605(h) and 43 CFR 3809.700.

Appeal Procedures

This decision may be appealed to the Interior Board of Land Appeals, Office of the Secretary, in accordance with the regulations contained in 43 CFR, Part 4, and the enclosed Form 1842-1. If an appeal is taken, your notice of appeal must be filed in this office (at the above address) within 30 days from receipt of this decision. The appellant has the burden of showing that the decision appealed from is in error.

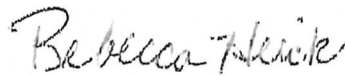

If you wish to file a petition pursuant to regulation 43 CFR 4.21 (58 FR 4939, January 19, 1993) for a stay of the effectiveness of this decision during the time that your appeal is being reviewed by the Board, the petition for a stay must accompany your notice of appeal. A petition for a stay is required to show sufficient justification based on the standards listed below. Copies of the notice of appeal and petition for a stay **must** also be submitted to each party named in this decision and to the Interior Board of Land Appeals and to the appropriate Office of the Solicitor (see 43 CFR 4.413) at the same time the original documents are filed with this office. If you request a stay, you have the burden of proof to demonstrate that a stay should be granted.

Standards for Obtaining a Stay

Except as otherwise provided by law or other pertinent regulation, a petition for a stay of a decision pending appeal shall show sufficient justification based on the following standards:

- (1) The relative harm to the parties if the stay is granted or denied,
- (2) The likelihood of the appellant's success on the merits,
- (3) The likelihood of immediate and irreparable harm if the stay is not granted, and
- (4) Whether the public interest favors granting the stay.

MINING CLAIMS DECLARED FORFEITED

The mining claims listed above have been declared forfeited for failure to file the required maintenance fee payment or small miner's maintenance fee waiver (waiver).

Claimants are required to pay an annual non-refundable maintenance fee of \$140, or submit a waiver, on or before September 1 of each year. These requirements were established by 30 (United States Code) 28-f-k, as amended, and 43 Code of Federal Regulations (CFR) 3834 and 3835.

Our records do not show receipt of a maintenance fee payment, or waiver received on or before September 1, 2012, for the 2013 assessment year, for the claims listed above. Therefore, the claims are forfeited.

This decision does not relieve you of the liability for reclamation of all areas disturbed by your activities on lands covered by the subject mining claim(s) and/or site(s). After you complete the reclamation, you must notify the authorized officer of the appropriate surface managing agency so that the authorized officer may conduct a final site inspection and determine whether you may be released from liability.

If you fail to reclaim the land to the satisfaction of the authorized officer, the surface management agency may cite you for noncompliance under its surface management regulations.

For land administered by the Bureau of Land Management (BLM), if you fail to reclaim the land to the satisfaction of the authorized officer as required in 43 CFR Subpart 3809, BLM will issue an order of noncompliance under 43 CFR 3809.601(a). If you fail to comply with the noncompliance order, BLM may take further action under 43 CFR 3809.604. Failure to conduct reclamation is a prohibited act that may subject you to criminal penalties. See 43 CFR 3809.605(h) and 43 CFR 3809.700.

The appellant has the burden of showing that the decision appealed from is in error.

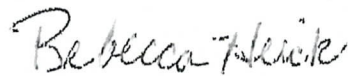

If you wish to file a petition pursuant to regulation 43 CFR 4.21 (58 FR 4939, January 19, 1993) for a stay of the effectiveness of this decision during the time that your appeal is being reviewed by the Board, the petition for a stay must accompany your notice of appeal. INFORMATION REGARDING LOCATING PLACER MINING CLAIMS

We have received your location notice(s) for placer mining claims. We are sending this information regarding the following claim(s): AMC 414571

The claim(s) is/are not located by aliquot parts using the rectangular survey system.

In accordance with 43 CFR 3832.12(c)(1) Unless the claims are on unsurveyed Federal land, are gulch or bench placer claims, or are bounded by other mining claims or nonmineral lands, the claim(s) should be described by aliquot parts using the rectangular survey system

☒ The dimensions are incorrect. 1500' x 600' must be reduced to 1320' x 600'

Using the rectangular survey system the following are examples of correct dimensions for a placer claim: 20 acre claim = 1320 x 660; 40 acre claim = 1320 x 1320; 60 acres claim = 1980 x 1320; 80 acre claim = 2640 x 1320; 160 acre claim = 2640 x 2640

Small aliquot parts are: 10 acres = 660 x 660, or 1320 x 330; 5 acres = 660 x 330; 2.5 acres = 330 x 330

☐ The claim is located diagonally or in an odd or unusual shape.

A placer claim should not be located in this manner unless it is a gulch or bench placer claim or it is bounded by other mining claims or nonmineral lands. If the claim does fall into one of the categories mentioned, then it should be described using a protracted survey or by metes and bounds.

In accordance with 43 CFR 3832.12 (a) (1) For all claims and sites, you must describe the land by state, meridian, township, range, section and by aliquot part to the quarter section. In all cases, your description of the land must be as compact and regular in form as reasonably possible and should conform to the U.S. Public Land Survey System and its rectangular subdivisions as much as possible.

For placer claims, in accordance with 43 CFR 3832.12(c) (1) You must describe placer claims by aliquot part and complete lots using the U.S. Public Land Survey System and its rectangular subdivisions except when placer claims are –

(i) on unsurveyed Federal lands; (ii) Gulch or bench placer claims; or (iii) Bounded by other mining claims or nonmineral lands

(2) For placer mining claims that are on unsurveyed Federal lands or are gulch or bench placer claims: (i) You must describe the lands by protracted survey if the BLM has a protracted survey of record; or (ii) You may describe the lands by metes and bounds, if a protracted survey is not available or if the land is not amenable to protraction.

If after reading this information, you determine that the claim(s) are located incorrectly, in order to protect your interests, you should amend the claim(s). Please be aware that when amending a claim, you cannot take in any new ground. This may result in a claim that contains significantly less acreage than originally located. If you wish to retain the same acreage, you may want to relocate the claim correctly, rather than amend this claim.

2013 Maintenance Fees - Additional Fees Required

Your maintenance fee payment for the 2013 assessment year, in the amount of \$140 per claim, for the placer claims listed above, has been received and is insufficient. **The total due on your claim(s) is: \$\$140.**

In accordance with the Consolidated Appropriations Act of 2012, Public Law 112-74 (125 Stat 1047), and FR44155-44158 (2012) Congress changed the way maintenance fees for placer mining claims are assessed. Instead of charging the maintenance fee on a per-claim basis, Congress stated that the fee, which is currently \$140, will be assessed on each 20 acre parcel of a placer claim or portion thereof.

Insufficient payment of the annual maintenance fee for the 2013 assessment year is a curable defect. **Therefore you are required to do one of the following within 30 days of receipt of this notice or your claim(s) will be declared forfeited:** 1) submit additional fees of \$140 per 20-acres or portion thereof based on the full acreage of the claim, or 2) amend the claim(s) to reduce the acres so a lesser fee is due and submit any additional fees due; or 3) relinquish the claim(s) in their entirety, in which case BLM will refund the maintenance fees you have already paid for the 2013 assessment year.

If you choose to amend the claims to reduce the acres, you must submit an amended location notice for each claim, with an accurate description and dimensions of the reduced claim, along with a map depicting the reduced claim, and a \$10 processing fee per amendment. An amendment must also be recorded at the county. If the amended claim contains more than 20 acres, calculate the additional fees due and submit those fees with the amendment(s).

Amended claim to 20 acres.

Mining Claim Location Notice(s) – Amendment(s) Required

Pursuant to Title 43 Code of Federal Regulations (CFR) 3832.1, this office received your notices of location for recording mining claims. In accordance with 43 CFR 3832.12, the claims listed above cannot be accepted as filed and must be amended as noted below.

The dimensions for a placer claim are incorrect. A 20-acre placer mining claim can be 1320' x 660'. However, an amendment cannot be used to take in new ground. Therefore, you must reduce your claim from 1500 feet by 1200 feet to 1320 feet by 660 feet.

You must file an amendment for each claim listed above to correct the defects identified. There is a \$10 BLM processing fee for each amendment. We must receive the amendments within 30 days of your receipt of this notice. If the amendments are not received within the 30-day timeframe the mining claims will be declared null and void.
