Mining Claim Location Notice(s) – Amendment(s) Required

Pursuant to Title 43 Code of Federal Regulations (CFR) 3832.1, this office received your notices of location for recording mining claims. In accordance with 43 CFR 3832.12, the claims listed above cannot be accepted as filed and must be amended as noted below.

Your maps don't match the legal description on your location notices. The legal description shows the Range is 18 West, but the map shows the Range is 17 West. We adjudicate what the map shows as the legal land description. Please amend your location notices or maps to the correct matching legal. Write "Amendment" at the top of the location notice, include your AMC serial number for each amendment and use the original location date on the amendment.

You must file an amendment for each claim listed above to correct the defects identified. There is a \$10 BLM processing fee for each amendment. We must receive the amendments within 30 days of your receipt of this notice. If the amendments are not received within the 30-day timeframe the mining claims will be declared null and void.
