MINING CLAIMS DECLARED FORFEIT

The mining claims listed above have been declared forfeit for failure to file the required maintenance fee payment or submit an acceptable small miner's maintenance fee waiver (waiver).

Claimants are required to pay an annual non-refundable maintenance fee of \$155 per 20 acres or portion thereof, or submit a waiver, on or before September 1 of each year. These requirements were established by 30 (United States Code) 28f-1, as amended, and 43 Code of Federal Regulations (CFR) 3834 and 3835.

Our records show receipt of a small miner's waiver received on or before September 1, 2014, for the 2015 assessment year, for the claims listed above, however, there were defects on the waiver and it was not acceptable as submitted. You received a certified letter requesting that the defects be cured within 60 days from the date you received the letter or the claims would be declared forfeit. The 60-day time period has expired and the defects on the waiver have not been corrected. Therefore, the claims are forfeit.

Reclamation Requirements

This decision does not relieve you of the liability for reclamation of all areas disturbed by your activities on lands covered by the subject mining claim(s) and/or site(s). After you complete the reclamation, you must notify the authorized officer of the appropriate surface managing agency so that the authorized officer may conduct a final site inspection and determine whether you may be released from liability.

If you fail to reclaim the land to the satisfaction of the authorized officer, the surface management agency may cite you for noncompliance under its surface management regulations.

CTD
4/13/15

For land administered by the Bureau of Land Management (BLM), if you fail to reclaim the land to the satisfaction of the authorized officer as required in 43 CFR Subpart 3809, BLM will issue an order of noncompliance under 43 CFR 3809.601(a). If you fail to comply with the noncompliance order, BLM may take further action under 43 CFR 3809.604. Failure to conduct reclamation is a prohibited act that may subject you to criminal penalties. See 43 CFR 3809.605(h) and 43 CFR 3809.700.

Appeal Procedures

This decision may be appealed to the Interior Board of Land Appeals, Office of the Secretary, in accordance with the regulations contained in 43 CFR, Part 4, and the enclosed Form 1842-1. If an appeal is taken, your notice of appeal must be filed in this office (at the above address) within 30 days from receipt of this decision. The appellant has the burden of showing that the decision appealed from is in error.

If you wish to file a petition pursuant to regulation 43 CFR 4.21 (58 FR 4939, January 19, 1993) for a stay of the effectiveness of this decision during the time that your appeal is being reviewed by the Board, the petition for a stay must accompany your notice of appeal. A petition for a stay is required to show sufficient justification based on the standards listed below. Copies of the notice of appeal and petition for a stay **must** also be submitted to each party named in this decision and to the Interior Board of Land Appeals and to the appropriate Office of the Solicitor (see 43 CFR 4.413) at the same time the original documents are filed with this office. If you request a stay, you have the burden of proof to demonstrate that a stay should be granted.

Standards for Obtaining a Stay

Except as otherwise provided by law or other pertinent regulation, a petition for a stay of a decision pending appeal shall show sufficient justification based on the following standards:

- 1) The relative harm to the parties if the stay is granted or denied,
- 2) The likelihood of the appellant's success on the merits,
- 3) The likelihood of immediate and irreparable harm if the stay is not granted, and
- 4) Whether the public interest favors granting the stay.

Please include your AMC serial number(s) on all correspondence. If additional information is required, please call Pauline Brown, at 602-417-9360.

Maintenance Fee Waiver Held for Rejection

This office received the Maintenance Fee Waiver Certification (waiver) for the above listed mining claim(s). The waiver is not properly completed and does not meet the annual filing requirements.

In accordance with 43 Code of Federal Regulations (CFR) 3835.10, the name, address, and original signatures of all owners of the mining claim must be included on the waiver form. Please correct the discrepancy as noted below:

The person signing a waiver on behalf of a company should always include on the signature line, information noting in what capacity they are signing (i.e. President, Secretary, Agent, Personal Representative, etc.). Your 2015 waiver document is missing this vital information. If an agent has Power of Attorney to sign, they should identify themselves as signing on behalf of an owner or company and should always include a copy of the power of attorney document.

According to our records, the AMC serial number you listed on the waiver and the affidavit of annual assessment work forms, for the GOLDEN ARROWHEAD 1 mining claim, does not match the claim name. The correct AMC serial number for the GOLDEN ARROWHEAD 1 mining claim is AMC412320, please correct your documentation.

In order to correct the defect in the waiver, per 43 CFR 3835.93, you must provide this office with the requested information within 60 days of your receipt of this notice. If you are unable to provide this information, you have the option of paying the annual maintenance fee of \$155 per claim (\$155 per 20 acres for placer claims larger than 20 acres). If we do not receive the requested corrections within the 60 day time frame, the claim(s) will be declared forfeited and closed.

Please include your AMC serial number on all correspondence. If additional information is required, please contact Pauline Brown, at 602-417-9360.

Sincerely,

Rebecca Heick

Maintenance Fee Waiver Held for Rejection

This office received the Maintenance Fee Waiver Certification (waiver) for the above listed mining claim(s). The waiver is not properly completed and does not meet the annual filing requirements.

In accordance with 43 Code of Federal Regulations (CFR) 3835.10, the name, address, and original signatures of all owners of the mining claim must be included on the waiver form. Please correct the discrepancy as noted below:

The person signing a waiver on behalf of a company should always include on the signature line, information noting in what capacity they are signing (i.e. President, Secretary, Agent, Personal Representative, etc.). Your 2015 waiver document is missing this vital information. If an agent has Power of Attorney to sign, they should identify themselves as signing on behalf of an owner or company and should always include a copy of the power of attorney document.

According to our records, the AMC serial number you listed on the waiver and the affidavit of annual assessment work forms, for the GOLDEN ARROWHEAD 1 mining claim, does not match the claim name. The correct AMC serial number for the GOLDEN ARROWHEAD 1 mining claim is AMC412320, please correct your documentation.

In order to correct the defect in the waiver, per 43 CFR 3835.93, you must provide this office with the requested information within 60 days of your receipt of this notice. If you are unable to provide this information, you have the option of paying the annual maintenance fee of \$155 per claim (\$155 per 20 acres for placer claims larger than 20 acres). If we do not receive the requested corrections within the 60 day time frame, the claim(s) will be declared forfeited and closed.

Please include your AMC serial number on all correspondence. If additional information is required, please contact Pauline Brown, at 602-417-9360.

Sincerely,

Maintenance Fee Waiver Held for Rejection

This office received the Maintenance Fee Waiver Certification (waiver) for the above listed mining claim(s). The waiver is not properly completed and does not meet the annual filing requirements.

In accordance with 43 Code of Federal Regulations (CFR) 3835.10, the name, address, and original signatures of all owners of the mining claim must be included on the waiver form. Please correct the discrepancy as noted below:

The person signing a waiver on behalf of a company should always include on the signature line, information noting in what capacity they are signing (i.e. President, Secretary, Agent, Personal Representative, etc.). Your 2015 waiver document is missing this vital information. If an agent has Power of Attorney to sign, they should identify themselves as signing on behalf of an owner or company and should always include a copy of the power of attorney document.

According to our records, the AMC serial number you listed on the waiver and the affidavit of annual assessment work forms, for the GOLDEN ARROWHEAD 1 mining claim, does not match the claim name. The correct AMC serial number for the GOLDEN ARROWHEAD 1 mining claim is AMC412320, please correct your documentation.

In order to correct the defect in the waiver, per 43 CFR 3835.93, you must provide this office with the requested information within 60 days of your receipt of this notice. If you are unable to provide this information, you have the option of paying the annual maintenance fee of \$155 per claim (\$155 per 20 acres for placer claims larger than 20 acres). If we do not receive the requested corrections within the 60 day time frame, the claim(s) will be declared forfeited and closed.

Please include your AMC serial number on all correspondence. If additional information is required, please contact Pauline Brown, at 602-417-9360.

2013 Maintenance Fees Due on Claims under a Waiver

A Maintenance Fee Waiver Certification (small miner waiver) was filed for the 2013 assessment year for the mining claims listed above. In accordance with 43 CFR 3835.1, to qualify for a small miner waiver you and all related parties must hold no more than a total of 10 mining claims or sites nationwide. Since the commencement of the 2013 assessment year, the owner(s) of these mining claims has acquired and now owns in excess of 10 mining claims nationwide, which means they no longer qualify for the small miner waiver.

Michael Smith owns a total of 12 mining claims. These include 10 of the claims listed above that were listed on the waiver originally filed August 29, 2012, corrected on November 19, 2012, and the new claims, AMC420271 and AMC421120, filed December 13, 2012, and February 7, 2013, respectively.

Therefore, in accordance with 43 CFR 3835.20, and *Randi Rovetto, Et Al.*, 177 IBLA 257, the waiver is immediately cancelled and the 2013 Maintenance Fees of \$140 per claim per 20 acres are due on the claims listed above. The Bureau of Land Management (BLM) must receive the maintenance fee for these mining claims on or before September 1, 2013. If we do not receive the fee, the claims will be forfeited and closed. At that same time (on or before September 1, 2013) the maintenance fees for the 2014 assessment year are also due.

When paying the fees please specify which assessment year is being paid so we can apply the fees accurately to the claims. Please also include an explanation as to why the fees for the assessment year that has already begun are being paid; e.g., the claim owner no longer qualified for a small miner waiver.

If additional information is required, please contact Rod Ebert, at 602-417-9397. Please include your AMC serial numbers on all correspondence.

2013 Maintenance Fees Due on Claims under a Waiver

A Maintenance Fee Waiver Certification (small miner waiver) was filed for the 2013 assessment year for the mining claims listed above. In accordance with 43 CFR 3835.1, to qualify for a small miner waiver you and all related parties must hold no more than a total of 10 mining claims or sites nationwide. Since the commencement of the 2013 assessment year, the owner(s) of these mining claims has acquired and now owns in excess of 10 mining claims nationwide, which means they no longer qualify for the small miner waiver.

Michael Smith owns a total of 12 mining claims. These include 10 of the claims listed above that were listed on the waiver originally filed August 29, 2012, corrected on November 19, 2012, and the new claims, AMC420271 and AMC421120, filed December 13, 2012, and February 7, 2013, respectively.

Therefore, in accordance with 43 CFR 3835.20, and *Randi Rovetto, Et Al.*, 177 IBLA 257, the waiver is immediately cancelled and the 2013 Maintenance Fees of \$140 per claim per 20 acres are due on the claims listed above. The Bureau of Land Management (BLM) must receive the maintenance fee for these mining claims on or before September 1, 2013. If we do not receive the fee, the claims will be forfeited and closed. At that same time (on or before September 1, 2013) the maintenance fees for the 2014 assessment year are also due.

When paying the fees please specify which assessment year is being paid so we can apply the fees accurately to the claims. Please also include an explanation as to why the fees for the assessment year that has already begun are being paid; e.g., the claim owner no longer qualified for a small miner waiver.

If additional information is required, please contact Rod Ebert, at 602-417-9397. Please include your AMC serial numbers on all correspondence.
