2014 Maintenance Fees Due on Claims under a Waiver

A Maintenance Fee Waiver Certification (small miner waiver) was filed for the 2014 assessment year for the mining claims listed above. In accordance with 43 CFR 3835.1, to qualify for a small miner waiver you and all related parties must hold no more than a total of 10 mining claims or sites nationwide. Since the commencement of the 2014 assessment year, the owner(s) of these mining claims has acquired and now owns in excess of 10 mining claims nationwide, which means they no longer qualify for the small miner waiver.

Chris and Alyssa Gholson own a total of 15 mining claims. These include the 4 claims listed above for which a waiver was filed.

Therefore, in accordance with 43 CFR 3835.20, and *Randi Rovetto, Et Al.*, 177 IBLA 257, the waiver is immediately cancelled and the 2014 Maintenance Fees of \$140 per claim per 20 acres are due on the claims listed above. The Bureau of Land Management (BLM) must receive the maintenance fee for these mining claims on or before September 1, 2014. If we do not receive the fee, the claims will be forfeited and closed. At that same time (on or before September 1, 2014) the maintenance fees for the 2015 assessment year are also due.

When paying the fees please specify which assessment year is being paid so we can apply the fees accurately to the claims. Please also include an explanation as to why the fees for the assessment year that has already begun are being paid; e.g., the claim owner no longer qualified for a small miner waiver.

If additional information is required, please contact Rod Ebert at 602-417-9397. Please include your AMC serial numbers on all correspondence.

Sincerely,

A handwritten signature in cursive script that reads "Rebecca Heick".

2014 Maintenance Fees Due on Claims under a Waiver

A Maintenance Fee Waiver Certification (small miner waiver) was filed for the 2014 assessment year for the mining claims listed above. In accordance with 43 CFR 3835.1, to qualify for a small miner waiver you and all related parties must hold no more than a total of 10 mining claims or sites nationwide. Since the commencement of the 2014 assessment year, the owner(s) of these mining claims has acquired and now owns in excess of 10 mining claims nationwide, which means they no longer qualify for the small miner waiver.

Chris and Alyssa Gholson own a total of 15 mining claims. These include the 4 claims listed above for which a waiver was filed.

Therefore, in accordance with 43 CFR 3835.20, and *Randi Rovetto, Et Al.*, 177 IBLA 257, the waiver is immediately cancelled and the 2014 Maintenance Fees of \$140 per claim per 20 acres are due on the claims listed above. The Bureau of Land Management (BLM) must receive the maintenance fee for these mining claims on or before September 1, 2014. If we do not receive the fee, the claims will be forfeited and closed. At that same time (on or before September 1, 2014) the maintenance fees for the 2015 assessment year are also due.
