### Mining Claim Location Notice(s) – Amendment(s) Required

Pursuant to Title 43 Code of Federal Regulations (CFR) 3832.1, the Bureau of Land Management (BLM), Arizona State Office, received your notices of location for recording mining claims. In accordance with 43 CFR 3832.12, the claims listed above cannot be accepted as filed and must be amended as noted below.

1. The claim is an irregular shape. You must describe placer claims by aliquot part and complete lots using the U.S. Public Land Survey System and its rectangular subdivisions (i.e., a 20 acre claim would be 1,320 x 660). In all cases, the description must be as compact and regular in form as possible. A 20-acre placer claim must fit within a 1,320 x 660 feet rectangle.
2. The claim is 1,537 x 515 feet in size. The claim is an excess length; you must reduce your claim to 1,320 x 330 giving you an area of 10 acres. You may not take in new ground through an amendment.
3. An inadequate map was provided - you must clearly show on a map or sketch the boundaries of the claim. The map should clearly mark the boundaries of both the section and quarter section and should depict where within the quarter section the claim lies. The map should be accurate enough for BLM to identify the mining claims or sites on the ground.

DD 8/30/15

When amending a claim, you cannot take in any new ground. Amending the claim may result in a claim that contains significantly less acreage than was originally located. If you wish to retain the same acreage, you may want to relocate the claim(s) correctly, rather than amend the incorrectly located claim(s).

You must file an amendment for each claim listed above to correct the defects identified. There is a \$10 BLM processing fee for each amendment. We must receive the amendments within 30 days of your receipt of this notice. If the amendments are not received within the 30 day timeframe the mining claims will be declared null and void.

If additional information is required, please contact Pauline Brown at 602-417-9360. Please include your AMC serial number(s) on all correspondence.

Sincerely,

Rebecca Heick  
Acting Deputy State Director  
Lands & Minerals Division

June 7, 2017

Mr. Lambson called the public room this morning to alert us his check had bounced. He wanted to pay with a credit card so I contacted Re'ann who pulled his POL and authorized me to process his new payment, via credit card.

Attached is the new receipt and the serial register pages. I have also sent Mr. Lambson a new receipt for the charges.

## Corrected Location Notice for Placer Mining Claim Antelope Gulch 2.

I am Rerecording the Location Notice for Antelope Gulch 2 for two reasons.

1. The length of the claim is 1357 ft. in length, not 1537 ft. The Location Notice should read 1357' in all three measurements listed on the description. The measurement on the map also needs to read 1357'.
2. The mining claim map on the back page of the Location Notice has the wrong orientation of North. West on the map is actually North.

Thank you,  
Scott Lambson 360-961-8497
