Amendment(s) Not Processed

An amendment for the claim(s) listed above was received by the Bureau of Land Management (BLM) Arizona State Office. The amendment(s) cannot be processed for the following reason:

1. The dimensions of the placer mining claims listed above are not in conformance with the U.S. Public Land Survey System and its rectangular subdivisions. You must describe placer claims by aliquot part and complete lots. For example, using the rectangular survey system the correct dimensions for a 20 acre placer claim would be 1320 x 660, and a 40 acre claim would be 1320 x 1320.
2. AMC429001 is an excessive length. A placer claim with 1 or 2 claims cannot exceed 1320 feet.
3. Aliquot parts would be 330, 660, 990, or 1320 ft.
4. Remember an amendment cannot take in new ground.

If appropriate, please submit a corrected amendment or additional fees, within 30 days of your receipt of this notice. If the required information is not received with the 30-day timeframe, the amendment(s) will not be processed and the BLM will retain the non-refundable processing fees submitted.

If additional information is required, please contact RéAnn Myers at 602-417-9413. Please include your AMC serial number(s) on all correspondence.

Sincerely,

A handwritten signature in cursive script that reads "Rebecca Heick".

Amendment(s) Not Processed

An amendment for the claim(s) listed above was received by the Bureau of Land Management (BLM) Arizona State Office. The amendment(s) cannot be processed for the following reason:

1. The dimensions of the placer mining claims listed above are not in conformance with the U.S. Public Land Survey System and its rectangular subdivisions. You must describe placer claims by aliquot part and complete lots. For example, using the rectangular survey system the correct dimensions for a 20 acre placer claim would be 1320 x 660, and a 40 acre claim would be 1320 x 1320.
2. AMC429001 is an excessive length. A placer claim with 1 or 2 claims cannot exceed 1320 feet.
3. Aliquot parts would be 330, 660, 990, or 1320 ft.
4. Remember an amendment cannot take in new ground.

If appropriate, please submit a corrected amendment or additional fees, within 30 days of your receipt of this notice. If the required information is not received with the 30-day timeframe, the amendment(s) will not be processed and the BLM will retain the non-refundable processing fees submitted.

If additional information is required, please contact RéAnn Myers at 602-417-9413. Please include your AMC serial number(s) on all correspondence.

Sincerely,

Rebecca Heick
Acting Deputy State Director
Lands & Minerals Division

INFORMATION SHEET

LOCATING PLACER MINING CLAIMS

In accordance with 43 CFR 3832.12 (a) (1) For all claims and sites, you must describe the land by state, meridian, township, range, section and by aliquot part to the quarter section. In all cases, **your description of the land must be as compact and regular in form as reasonably possible and should conform to the U.S. Public Land Survey System and its rectangular subdivisions as much as possible.**

For placer claims, in accordance with 43 CFR 3832.12(c) (1) You must describe placer claims by aliquot part and complete lots using the U.S. Public Land Survey System and its rectangular subdivisions except when placer claims are (i) on unsurveyed Federal lands; (ii) Gulch or bench placer claims; or (iii) Bounded by other mining claims or nonmineral lands

A placer claim should not be located diagonally or in an odd or unusual shape unless it is a gulch or bench placer claim or it is bounded by other mining claims or nonmineral lands. If the claim does fall into one of these categories, then it should be described using a protracted survey or by metes and bounds.

Using the rectangular survey system the following are examples of correct dimensions for a placer claim:

- 20 acre claim = 1320 x 660; 40 acre claim = 1320 x 1320;
- 60 acres claim = 1980 x 1320; 80 acre claim = 2640 x 1320;
- 160 acre claim = 2640 x 2640

In an effort to keep the claim in compact form and not split Federal lands into narrow, long or irregular shapes, as described in Snow Flake Fraction Placer, 37 Pub. Lands Dec. 250 (1908), the following applies:

<u># of Persons Locating</u>	<u>Claim Must Fit Within Exterior Boundaries of:</u>	<u>Length Cannot Exceed</u>
1 or 2 persons	one square 40 acre parcel	1320 feet
3 or 4 persons	two square contiguous 40 acre parcels	2640 feet
5 or 6 persons	three square contiguous 40 acre parcels	3960 feet
7 or 8 persons	four square contiguous 40 acre parcels	5280 feet

2015 MAY 18 P 2:35

In accordance with 43 CFR 3832.12 (c)(3) If you are locating a placer claim by metes and bounds you must still comply with these requirements to keep your claim in compact form.

If you have located your claim(s) incorrectly, you must amend the claim(s). Please be aware that when amending a claim, you cannot take in any new ground. This may result in a claim that contains significantly less acreage than originally located. If you wish to retain the same acreage, you may want to relocate the claim(s) correctly, rather than amend the incorrectly located claim(s).
