Mining Claim Location Notice(s) – Amendment(s) Required

Pursuant to Title 43 Code of Federal Regulations (CFR) 3832.1, the Bureau of Land Management (BLM), Arizona State Office, received your notices of location for recording mining claims. In accordance with 43 CFR 3832.12, the claims listed above cannot be accepted as filed and must be amended as noted below.

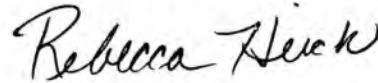

1. Lode claims must be described by metes and bounds with a tie-in between a corner of the claim and a permanent monument (such as a section quarter-corner survey monument).
2. An inadequate map was provided - you must clearly show on a map or sketch the boundaries of the claim. The map should clearly mark the boundaries of both the section and quarter section and should depict where within the quarter section the claim lies. The map should be accurate enough for BLM to identify the mining claims or sites on the ground. Use the enclosed form, titled Mining Claim Map, to draw your claim to show where it is located.
3. Please indicate location of surrounding patented mining claims on your map.

When amending a claim, you cannot take in any new ground. Amending the claim may result in a claim that contains significantly less acreage than was originally located. If you wish to retain the same acreage, you may want to relocate the claim(s) correctly, rather than amend the incorrectly located claim(s).

You must file an amendment for each claim listed above to correct the defects identified. There is a \$10 BLM processing fee for each amendment. We must receive the amendments within 30 days of your receipt of this notice. If the amendments are not received within the 30 day timeframe the mining claims will be declared null and void.

If additional information is required, please contact RéAnn Myers at 602-417-9413. Please include your AMC serial number(s) on all correspondence.

Sincerely,

A handwritten signature in black ink that reads "Rebecca Heick". The signature is written in a cursive, flowing style.

Re: Transfer of 8 unpatented mining claims; filing of Small Miner Waiver by Claimant

Ladies and Gentlemen:

Eight (8) unpatented mining claims have been deeded by Clark Copper Mines, LLC (which is not a small miner) to McIntyre Mines, LLC, which is a small miner. Morgan Bauman is the Manager and sole owner of McIntyre Mines, LLC. She is also the owner of four (4) patented mining claims that adjoin the eight (8) deeded unpatented claims.

A copy of the recorded deed is enclosed, together with a check for \$80 to pay the claim transfer fee for 8 claims @ \$10 per claim.

Also enclosed is a Maintenance Fee Waiver Form signed by Morgan Bauman as Manager of McIntyre Mines, LLC. While Morgan Bauman is my daughter, she is over the age of 21 and resides in Oregon. Therefore, Morgan and I are not deemed to be related parties under BLM regulations.

Please do not hesitate to call if you have any questions (702) 533-8372.

Sincerely yours,

Mining Claim Location Notice(s) – Amendment(s) Required

Pursuant to Title 43 Code of Federal Regulations (CFR) 3832.1, the Bureau of Land Management (BLM), Arizona State Office, received your notices of location for recording mining claims. In accordance with 43 CFR 3832.12, the claims listed above cannot be accepted as filed and must be amended as noted below.

1. Lode claims must be described by metes and bounds with a tie-in between a corner of the claim and a permanent monument (such as a section quarter-corner survey monument).
2. An inadequate map was provided - you must clearly show on a map or sketch the boundaries of the claim. The map should clearly mark the boundaries of both the section and quarter section and should depict where within the quarter section the claim lies. The map should be accurate enough for BLM to identify the mining claims or sites on the ground. Use the enclosed form, titled Mining Claim Map, to draw your claim to show where it is located.
3. Please indicate location of surrounding patented mining claims on your map.

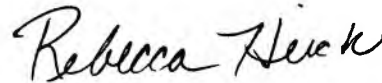

When amending a claim, you cannot take in any new ground. Amending the claim may result in a claim that contains significantly less acreage than was originally located. If you wish to retain the same acreage, you may want to relocate the claim(s) correctly, rather than amend the incorrectly located claim(s).

CLM RECEIVED
 2015 AUG 13 P 3:2
 PHOENIX, ARIZONA

You must file an amendment for each claim listed above to correct the defects identified. There is a \$10 BLM processing fee for each amendment. We must receive the amendments within 30 days of your receipt of this notice. If the amendments are not received within the 30 day timeframe the mining claims will be declared null and void.

If additional information is required, please contact RéAnn Myers at 602-417-9413. Please include your AMC serial number(s) on all correspondence.

Sincerely,

Rebecca Heick
