Mining Claim Location Notices – Corrections Required

Pursuant to Title 43 Code of Federal Regulations (CFR) 3832.1, this office received your notice(s) of location for recordation of mining claims. In accordance with 43 CFR 3832.11 and 3832.12, the claim(s) listed above are not properly located. Because they are not properly located we cannot record them as filed. They must be corrected as noted below or they will be declared null and void ab initio.

The type of claim is not clear. You must indicate whether it is a lode or placer. The form used was Location Notice For Lode Mining Claim. However, the map has placer selected. Please write "Corrected" at the top on the front and denote your claim type by clearly writing the claim type on both the front and back of your claim.

You must provide the requested information for each claim listed above to correct the defects. Please do this by providing a copy of your location notice with the appropriate corrections, and note at the top of the form that it is a "Corrected Copy of Location Notice". If it is only the map that is missing or needs to be corrected, please provide the map. If the information is not received within the 30-day timeframe, the mining claims will be declared null and void ab initio.

RE

This Notice was sent in error. Reason dictated, upon second view & concurrence w/ Amy Thrower, supervisor that AMC 430295 & 430296 are placers b/c 2nd p. is marked & map & legals show placer.
