In accordance with 43 CFR 3832.12, the claims listed above cannot be accepted as filed and must be amended as noted below.

1. The lode claim filed gives a length of 600 feet and a width of 1,500 feet. Lode claims are limited in length to 1,500 feet and may not have a width greater than 600 feet (no more than 300 feet in width on each side of the middle of the vein). If you inadvertently switched the dimensions, then you must file an amended location notice with the correct dimensions.
2. The legal land description on the front of the location notice describes the claims in T. 19 N, R. 20 W. section 14. On the back of the location notice under the map it shows T. 18 N, R. 20 W., section 14. The land described in Township 19 North is patented land and is not open to mining. The land described in Township 18 North is open to mining. You must either amend the legal land description or file a corrected map.

An amendment must be filed for each claim listed above to correct the defects identified. There is a \$10 BLM processing fee for each amendment. The amendments must be received by BLM within 30 days of your receipt of this notice. If the amendments are not received within the 30 day timeframe the mining claims will be declared null and void.
