### Mining Claim Location Notice(s) – Amendment(s) Required

Pursuant to Title 43 Code of Federal Regulations (CFR) 3832.1, the Bureau of Land Management (BLM), Arizona State Office, received your notices of location for recording mining claims. In accordance with 43 CFR 3832.12, the claims listed above cannot be accepted as filed and must be amended as noted below.

Lode claims must be described by metes and bounds with a tie-in between a corner of the claim and a permanent monument (such as a section quarter-corner survey monument). Although you have a tie-in to the corner of your claim, a metes and bounds description was not provided.

When amending a claim, you cannot take in any new ground. Amending the claim may result in a claim that contains significantly less acreage than was originally located. If you wish to retain the same acreage, you may want to relinquish the claim(s) and relocate the claim(s) correctly, rather than amend the incorrectly located claim(s).

If you want to keep the claim(s), you must file an amendment for each claim listed above to correct the defects identified. There is a \$10 BLM processing fee for each amendment. We must receive the amendments within 30 days of your receipt of this notice. If the amendments are not received within the 30 day timeframe the mining claims will be declared null and void.

If additional information is required, please contact RéAnn Myers at 602-417-9413. Please include your AMC serial number(s) on all correspondence.

Sincerely,

A handwritten signature in black ink that reads "Rebecca Heick". The signature is written in a cursive style with a large initial 'R' and 'H'.

### Mining Claim Location Notice(s) – Amendment(s) Required

Pursuant to Title 43 Code of Federal Regulations (CFR) 3832.1, the Bureau of Land Management (BLM), Arizona State Office, received your notices of location for recording mining claims. In accordance with 43 CFR 3832.12, the claims listed above cannot be accepted as filed and must be amended as noted below.

Lode claims must be described by metes and bounds with a tie-in between a corner of the claim and a permanent monument (such as a section quarter-corner survey monument). Although you have a tie-in to the corner of your claim, a metes and bounds description was not provided.

When amending a claim, you cannot take in any new ground. Amending the claim may result in a claim that contains significantly less acreage than was originally located. If you wish to retain the same acreage, you may want to relinquish the claim(s) and relocate the claim(s) correctly, rather than amend the incorrectly located claim(s).

If you want to keep the claim(s), you must file an amendment for each claim listed above to correct the defects identified. There is a \$10 BLM processing fee for each amendment. We must receive the amendments within 30 days of your receipt of this notice. If the amendments are not received within the 30 day timeframe the mining claims will be declared null and void.

If additional information is required, please contact RéAnn Myers at 602-417-9413. Please include your AMC serial number(s) on all correspondence.

Sincerely,

Rebecca Heick  
Acting Deputy State Director  
Lands & Minerals Division
