Mining Claim Location Notices – Corrections Required

Pursuant to Title 43 Code of Federal Regulations (CFR) 3832.1, this office received your notice(s) of location for recordation of mining claims. In accordance with 43 CFR 3832.11 and 3832.12, the claim(s) listed above are not properly located. Because they are not properly located we cannot record them as filed. They must be corrected as noted below or they will be declared null and void.

The claim was submitted on the Location Notice for Placer Mining Claim form, but the dimensions given for the claim are lode dimensions (1,500 feet x 600 feet) and the map is checked for lode. If the claim is a lode claim mistakenly submitted on a placer location notice, please correct the form by crossing out placer and writing in lode.

You must provide the requested information for each claim listed above to correct the defects. Please do this by providing a copy of your location notice with the appropriate corrections, and note at the top of the form that it is a "Corrected Copy of Location Notice". If it is only the map that is missing or needs to be corrected, please provide the map. If the information is not received within the 30-day timeframe, the mining claims will be declared null and void ab initio.

If additional information is required, please contact RéAnn Myers at 602-417-9413. Please include your AMC serial number(s) on all correspondence.
