Mining Claim Location Notice(s) – Amendment(s) Required

Pursuant to Title 43 Code of Federal Regulations (CFR) 3832.1, the Bureau of Land Management (BLM), Arizona State Office, received your notices of location for recording mining claims. In accordance with 43 CFR 3832.12, the claims listed above cannot be accepted as filed and must be amended as noted below.

- Only the owner of a mining claim may file an amendment for that claim.
- All lode claims must provide a metes and bounds description along with a metes and bounds tie-in from a known surveyed point (e.g., section corner or section quarter-corner).
- The acceptable dimensions for a lode claim are 1,500 feet x 600 feet. The standard format for a lode claim is a parallelogram. This claim does not fit within a 1,500 feet x 600 ft dimensions nor is it a parallelogram. Therefore, you must amend your claim to fit within a 1,500 feet x 600 feet framework of a lode claim.
- A map has been included in which we have attempted to place your claim in the position we believe it lays. If you disagree with that placement, then provide a map with the metes and bounds description of your claim along with the metes and bound tie-in from a known surveyed point to your location monument on the vein. You would still need to amend your claim to delete any portion of your original location that does not fit within the 1,500 feet x 600 feet framework.

An amendment must be filed for each claim listed above to correct the defects identified. There is a \$10 BLM processing fee for each amendment. The amendments must be received by BLM within 30 days of your receipt of this notice. If the amendments are not received within the 30 day timeframe the mining claims will be declared null and void.

If additional information is required, please contact Rod Ebert at 602-417-9397. Please include your AMC serial number(s) on all correspondence.
