Mining Claim Location Notice(s) – Amendment(s) Required

Pursuant to Title 43 Code of Federal Regulations (CFR) 3832.1, the Bureau of Land Management (BLM), Arizona State Office, received your notices of location for recording mining claims. In accordance with 43 CFR 3832.12, the claims listed above cannot be accepted as filed and must be amended as noted below.

The claims are not described with a proper metes and bounds description. A tie-in from a section corner to a corner of the claim is provided, but a metes and bounds description is required beginning at that corner of the claim and going around the claim. A proper metes and bounds description is required to accurately determine the location of the claim.

In accordance with 43 CFR 3832.12 a lode claim must be described by metes and bounds and include a tie to a permanent monument such as a section quarter corner monument. All claim descriptions must include state, meridian, township, range, section and by aliquot part to the quarter section.

An amendment must be filed for each claim listed above to correct the defects identified. There is a \$10 BLM processing fee for each amendment. The amendments must be received by BLM within 30 days of your receipt of this notice. If the amendments are not received within the 30-day timeframe the mining claims will be declared null and void.

If additional information is required, please contact RéAnn Myers at 602-417-9413. Please include your AMC serial number(s) on all correspondence.

No Rights Acquired on Portions of Lode Claim(s)

Pursuant to Title 43 Code of Federal Regulations 3832.1, this office received your notice(s) of location for recordation of mining claims. However, portions of the lode mining claim(s) listed above appear to lie within lands that are not open to location for the following reason:

- AMC439881, AMC439882, AMC440378, AMC440379, AMC440386, AMC440387, and AMC440389 - The claims are partially located on land that is patented and therefore not open to location. The Federal Government does not administer the surface or subsurface estate. Patent # 24139 dated April 5, 1894.
- AMC440386 and AMC440387 - The claims are partially located on land that is patented and therefore not open to location. The Federal Government does not administer the surface or subsurface estate. Patent # 27102 dated June 9, 1896.
- AMC439886, AMC439887, AMC440457, AMC440458, AMC440459, AMC440464, and AMC440465 - The claims are partially located on land that is patented and therefore not open to location. The Federal Government does not administer the surface or subsurface estate. Patent # 23661 dated December 4, 1893.
- AMC440486 - The claim is partially located on land that is patented and therefore not open to location. The Federal Government does not administer the surface or subsurface estate. Patent # 23662 dated December 4, 1893.

Therefore, although the claim(s) has/have been recorded, you have acquired no rights on any portion of the subject mining claim(s) that lie within these lands. Enclosed for reference is a copy of the Master Title Plat.

If additional information is required, please contact RéAnn Myers at 602-417-9413. Please include your AMC serial number(s) on all correspondence.

Transfer of Association Placer Mining Claims Amendments or Discovery Documentation Required

The Bureau of Land Management (BLM) Arizona State Office received a conveyance document transferring ownership of the above listed mining claims.

The mining claims being transferred are association placer mining claims. The claims are being transferred to a smaller number of claimants than originally located the claims.

By law, each individual claimant is allowed to hold a maximum of 20 acres per claim. A corporation is considered to be a single entity that is allowed to hold a maximum of 20 acres per claim. In accordance with 43 CFR 3833.33, you may transfer, sell, or otherwise convey an association placer mining claim at any time to an EQUAL or greater number of mining claimants. However, if the claim is transferred to a smaller number of claimants you (a) must have discovered a valuable mineral deposit before the transfer; or (b) upon notice from BLM, you must reduce the acreage of the claim, if necessary, so that you meet the 20-acre per locator limit.

A company or corporation is considered to be one entity, entitled to locate claims of no more than 20 acres in a single claim. You cannot list as an additional locator on the same association placer claim anyone who has control in the corporation, is an officer or partner in the corporation, or is related to the corporation or its officers, in order to gain more acreage than is

allowable by law for one entity. Each individual or entity must be independent of the other and locating for their own self-interest.

- On February 15, 2017, AMC439862, AMC439863, and AMC440396 were transferred from Richard C. Moores II and Dorothea M. Moores to Goldrock Resources, Inc. and Richard C. Moores II.
- On March 14, 2017, AMC438957, AMC440501, AMC440502, AMC440503, and AMC440504 were transferred from Richard C. Moores II and Dorothea M. Moores to Goldrock Resources, Inc. and Richard C. Moores II.
- Arizona Corporation Commission lists Richard C. Moores II as the President/CEO of Goldrock Resources, Inc.

Based on the information stated above, BLM has determined that Richard C. Moores II, as CEO, has control of Goldrock Resources, Inc. and cannot be listed as an additional locator on the claims with Goldrock Resources, Inc. The BLM is therefore requiring that an amendment be filed for each claim listed above, in accordance with 43 CFR 3833.33, reducing the claims acreage to meet the 20-acre per claimant limit, as is authorized by law; or submit appropriate documentation supporting that there was a discovery of a valuable mineral deposit prior to the date of transfer. We are enclosing a guide to clarify what documentation must be provided to BLM to support a discovery of a valuable mineral deposit. The documentation will be reviewed by a mineral examiner to determine if the submitted documents are sufficient.

We must receive either the amendments or documentation of discovery of a valuable mineral deposit within 30 days of your receipt of this notice. If the amendments or the required documentation are not received within the 30-day timeframe the mining claims will be declared forfeited and void. If amendments are filed, there is a \$10 BLM processing fee for each amendment. The amendments must also be filed with the county.

If additional information is required, please contact RéAnn Myers at 602-417-9413. Please include your AMC serial number(s) on all correspondence.

Mining Claim Location Notice(s) - Amendment(s) Required

Pursuant to Title 43 Code of Federal Regulations (CFR) 3832.1, the Bureau of Land Management (BLM), Arizona State Office, received your notices of location for recording mining claims. In accordance with 43 CFR 3832.12, the claims listed above cannot be accepted as filed and must be amended as noted below.

The claims are not described with a proper metes and bounds description. A tie-in from a section corner to a corner of the claim is provided, but a metes and bounds description is required beginning at that corner of the claim and going around the claim. A proper metes and bounds description is required to accurately determine the location of the claim.

In accordance with 43 CFR 3832.12 a lode claim must be described by metes and bounds and include a tie to a permanent monument such as a section quarter corner monument. All claim descriptions must include state, meridian, township, range, section and by aliquot part to the quarter section.

An amendment must be filed for each claim listed above to correct the defects identified. There is a \$10 BLM processing fee for each amendment. The amendments must be received by BLM within 30 days of your receipt of this notice. If the amendments are not received within the 30-day timeframe the mining claims will be declared null and void.

Transfer of Association Placer Mining Claims Amendments or Discovery Documentation Required

The Bureau of Land Management (BLM) Arizona State Office received a conveyance document transferring ownership of the above listed mining claims.

The mining claims being transferred are association placer mining claims. The claims are being transferred to a smaller number of claimants than originally located the claims.

By law, each individual claimant is allowed to hold a maximum of 20 acres per claim. A corporation is considered to be a single entity that is allowed to hold a maximum of 20 acres per claim. In accordance with 43 CFR 3833.33, you may transfer, sell, or otherwise convey an association placer mining claim at any time to an EQUAL or greater number of mining claimants. However, if the claim is transferred to a smaller number of claimants you (a) must have discovered a valuable mineral deposit before the transfer; or (b) upon notice from BLM, you must reduce the acreage of the claim, if necessary, so that you meet the 20-acre per locator limit.

A company or corporation is considered to be one entity, entitled to locate claims of no more than 20 acres in a single claim. You cannot list as an additional locator on the same association placer claim anyone who has control in the corporation, is an officer or partner in the corporation, or is related to the corporation or its officers, in order to gain more acreage than is

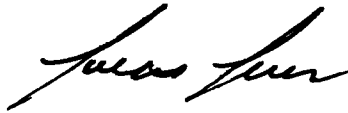

allowable by law for one entity. Each individual or entity must be independent of the other and locating for their own self-interest.

- On February 15, 2017, AMC439862, AMC439863, and AMC440396 were transferred from Richard C. Moores II and Dorothea M. Moores to Goldrock Resources, Inc. and Richard C. Moores II.
- On March 14, 2017, AMC438957, AMC440501, AMC440502, AMC440503, and AMC440504 were transferred from Richard C. Moores II and Dorothea M. Moores to Goldrock Resources, Inc. and Richard C. Moores II.
- Arizona Corporation Commission lists Richard C. Moores II as the President/CEO of Goldrock Resources, Inc.

Based on the information stated above, BLM has determined that Richard C. Moores II, as CEO, has control of Goldrock Resources, Inc. and cannot be listed as an additional locator on the claims with Goldrock Resources, Inc. The BLM is therefore requiring that an amendment be filed for each claim listed above, in accordance with 43 CFR 3833.33, reducing the claims acreage to meet the 20-acre per claimant limit, as is authorized by law; or submit appropriate documentation supporting that there was a discovery of a valuable mineral deposit prior to the date of transfer. We are enclosing a guide to clarify what documentation must be provided to BLM to support a discovery of a valuable mineral deposit. The documentation will be reviewed by a mineral examiner to determine if the submitted documents are sufficient.

We must receive either the amendments or documentation of discovery of a valuable mineral deposit within 30 days of your receipt of this notice. If the amendments or the required documentation are not received within the 30-day timeframe the mining claims will be declared forfeited and void. If amendments are filed, there is a \$10 BLM processing fee for each amendment. The amendments must also be filed with the county.

If additional information is required, please contact RéAnn Myers at 602-417-9413. Please include your AMC serial number(s) on all correspondence.

NOW KNOW YE, That there is therefore hereby granted by the United States unto the said

Henry Bratnober

and to *his heirs* and assigns, the said mining premises hereinbefore described, and not expressly excepted from these presents, and all that portion of the said *Grand View* vein, lode, or ledge, and of all other

veins, lodes, and ledges, throughout their entire depth, the tops or apexes of which lie inside of the surface boundary lines of said granted premises in said Lot No. *1116 and 1183* extended downward vertically, although such veins, lodes, or ledges in their downward course may so far depart from a perpendicular as to extend outside the vertical side lines of said premises. *Provided*, That the right of possession to such outside parts of said veins, lodes, or ledges shall be confined to such portions thereof as lie between vertical planes drawn downward through the end lines of said Lot No. *1116 and 1183* and so continued in their own direction that such planes will intersect such exterior parts of said veins, lodes, or ledges. *And provided further*, That nothing herein contained shall authorize the grantee herein to enter upon the surface of a claim owned or possessed by another.

TO HAVE AND TO HOLD said mining premises, together with all the rights, privileges, immunities and appurtenances of whatever nature thereunto belonging unto the said grantee above named, and to *his heirs* and assigns forever, subject nevertheless to the above mentioned and to the following conditions and stipulations:

First. That the premises hereby granted, *with the exception of the surface*, may be entered by the proprietor of any other vein, lode, or ledge, the top or apex of which lies outside of the boundary of said granted premises, should the same in its dip be found to penetrate, intersect, or extend into said premises, for the purpose of extracting and removing the ore from such other vein, lode, or ledge.

Second. That the premises hereby granted shall be held subject to any vested and accrued water rights for mining, agricultural, manufacturing, or other purposes, and rights to ditches and reservoirs used in connection with such water rights as may be recognized and acknowledged by the local laws, customs, and decisions of courts. And there is reserved from the lands hereby granted, a right of way thereon for ditches or canals constructed by the authority of the United States.

Third. That in the absence of necessary legislation by Congress, the Legislature of *Arizona* may provide rules for working the mining claim or premises hereby granted, involving easements, drainage, and other necessary means to its complete development.

IN TESTIMONY WHEREOF I, *Chester E. Cleveland*, PRESIDENT OF THE UNITED STATES OF AMERICA, have caused these letters to be made patent, and the Seal of the General Land Office to be hereunto affixed.

GIVEN under my hand at the City of Washington the *ninth* day of *January*, in the year of our Lord one thousand eight hundred and ninety *seven*, and of the INDEPENDENCE OF THE UNITED STATES the one hundred and *seventy*th.
