Re: Location Notices for Six (6) Unpatented Lode Mining Claims;
GMV Minerals (Nevada) LLC; AZA-037187

Dear Sir or Madam:

We represent GMV Minerals (Nevada) LLC ("GMV") in certain legal matters. GMV recently located six (6) unpatented lode mining claims in Cochise County, Arizona claiming locatable minerals entirely within the boundaries of Lot 1 and the SE/4NE/4 of Section 5, Township 19 South, Range 25 East, G&SRB&M. Attached at Tab A are six (6) original signature Location Notices for Lode Mining Claims (each a "Location Notice") ordered in increasing claim name number sequence (starting with GMV #1 and ending with GMV #6).

We note that the first three (3) claims (i.e., GMV #1, GMV #2 and GMV #3) concern split estate locatable minerals situated entirely within the boundaries of Lot 1, and that the State of Arizona is the present day surface estate owner. Because Lot 1 was patented pursuant to Section 8 of the Taylor Grazing Act (see Patent No. 1125006), GMV *is not* required to comply with 43 C.F.R. Part 3838, the Notice of Intent to Locate Mining Claims ("NOITL") regulations.

We further note that the last three (3) claims (i.e., GMV #4, GMV #5 and GMV #6) concern split estate locatable minerals situated entirely within the boundaries of the SE/4NE/4, and that Ms. K. B. Graham is the present day surface estate owner. Because the SE/4NE/4 was patented pursuant to the Stock Raising Homestead Act (see Patent No. 871601), GMV *is* required to comply with the NOITL regulations. With respect to the location of these claims, GMV has fully complied with the NOITL regulations. Your offices serialized the NOITL submissions and approval as case file AZA-037187. For purposes of clarity, and for the avoidance of any doubt with respect to GMV's compliance with the NOITL regulations, GMV

has included the case file reference on the face of the Location Notices for each of these three (3) claims. In addition, copies of the submissions and approval documents are attached herein for reference.

We request that you (i) date stamp each Location Notice as received by BLM in the order as attached at Tab A, (ii) stamp each Location Notice with the Arizona Mining Claim serial number as assigned by BLM in the order as attached (i.e., starting with starting with GMV #1 and ending with GMV #6), and (iii) return the original Location Notices to me for subsequent recording in Cochise County, Arizona records. GMV will provide BLM with a copy of the Cochise County recorded version of each Location Notice in due course.

Also attached hereto is a check in the amount of \$1,272.00 for the required processing, location, and initial maintenance fees (i.e., 6 claims @ \$20/claim processing fee + \$37/claim location fee + \$155/claim initial maintenance fee).

Please do not hesitate to contact me by telephone at 602-916-5450 or by email at mmarra@fclaw.com if you have any questions.

Sincerely,

FENNEMORE CRAIG, P.C.

Dear Mr. Klassen:

On February 10, 2017, the Bureau of Land Management (BLM), Arizona State Office, received your Notice of Intent to Locate Mining Claims (NOITL) under the Stock Raising Homestead Act of 1916, 43 U.S.C. 29, as amended by Public Law 103-23, April 16, 1993.

The notice was assigned serial number AZA37187. You **must** refer to this serial number in any correspondence with the BLM and when filing your new mining claim location notice(s).

When filing a NOITL, both statutory and regulatory requirements must be met. In order for the segregation period to begin, all statutory requirements must be met. Your NOITL has been reviewed and all necessary statutory and regulatory requirements have been met. Therefore, the 90-day segregation period for this NOITL began February 11, 2017, and will continue for a period of 90 days, ending May 12, 2017.

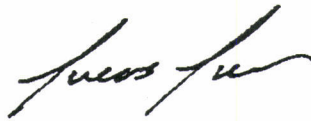

We received the certified card showing proof of notification of the NOITL to the surface owner. Based on the signature date of February 17, 2017, the authorized exploration period for AZA37187 will begin March 19, 2017, and will end May 12, 2017. Any mining claims must be located between these dates.

Claimants are allowed to exercise their Federal right of location of claims, and to enter upon land where the surface is private and the minerals are reserved under the Stock Raising Homestead Act of 1916, as amended by Public Law 103-23, April 16, 1993. Exploration is subject to the requirements of 43 CFR 3838.15. You may explore for minerals using casual use methods only. No mechanized equipment may be used to explore for minerals or to locate the claims.

The Interior Board of Lands Appeals 162 IBLA 245, 261, addresses recreational mining on Stock Raising Homestead Act (SRHA) lands. The decision states that whatever rights are obtained through location of a mining claim on SRHA lands does not provide... "the claimant with a recreational opportunity that is superior to the uses the owner of the surface might make of the land." The reservation of the right to the mineral estate does not reserve to anyone locating a mining claim a right to recreate on the surface. Before any mining can take place you must either have the permission from the surface owner or have an approved Plan of Operations, pursuant to 43 CFR 3809, from the BLM.

If additional information is required regarding this NOITL, please contact Amy Thrower at 602-417-9334.

Sincerely,

Lucas Lucero
Deputy State Director
Lands, Minerals and Energy

NOTICES

The Privacy Act and 43 CFR 2.48(d) require that you be furnished with the following information in connection with the information requested by this form.

AUTHORITY: 43 U.S.C. 299(b) and 43 CFR subpart 3814 and part 3838 permit collection of the information requested by this form.

PRINCIPAL PURPOSE: The BLM will use the information you provide to verify that you have complied with the pre-location requirements at 43 U.S.C. 299(b) and 43 CFR subpart 3814 and part 3838, and are therefore qualified to locate and record mining claims on land patented under the Stock Raising Homestead Act.

ROUTINE USES: The BLM will only disclose this information in accordance with the provisions at 43 CFR 2.56(b) and (c).

EFFECT OF NOT PROVIDING INFORMATION: Disclosure of the requested information is required by 43 U.S.C. 299(b) and 43 CFR subpart 3814 and part 3838 for mining claimants who desire to locate a mining claim or tunnel site on land previously patented under the Stock Raising Homestead Act. Failure to comply and submit all the requested information or to complete this form will delay the BLM's processing of the form or may preclude the BLM's acceptance of your notice of intent to locate (NOITL) a mining claim or site on lands patented under the Stock Raising Homestead Act. Failure to comply with the requirements of 43 U.S.C. 299(b) and 43 CFR subpart 3814 and part 3838 will void your NOITL. Mining claims or sites located under a void NOITL are null and void from the beginning and will be cancelled by the BLM.

The BLM collects this information to determine whether or not you are qualified to locate a lode or placer mining claim and/or tunnel site on lands patented under the Stock Raising Homestead Act.

Re: Recorded Versions of Location Notices for Six (6) Unpatented Lode Mining Claims; GMV Minerals (Nevada) LLC; GMV #1 Through GMV #6; AMC443113 Through AMC443118; Recorded on March 24, 2017 as Document #'s 2017-05878 Through 2017-05883 in the Official Records of Cochise County, Arizona; AZA-037187

Dear Sir or Madam:

We represent GMV Minerals (Nevada) LLC ("GMV") in certain legal matters. On March 24, 2017, GMV filed with BLM the above referenced six (6) original signature unpatented lode mining claims location notices. Subsequent to the filing and assignment of serial numbers by BLM (as AMC443113 Through AMC443118), GMV recorded the original signature lode mining claim location notices in Cochise County, Arizona records (recorded on March 24, 2017 as Document #'s 2017-05878 through 2017-05883 in the Official Records of Cochise County, Arizona). As a follow up and for the case file records, attached at Tab A are recorded versions of same (each a "Location Notice").

We note that the latter three (3) claims (i.e., GMV #4, GMV #5 and GMV #6; AMC443116, AMC443117 and AMC443118) were located on split estate lands patented pursuant to the Stock Raising Homestead Act in compliance with the 43 C.F.R. Part 3838, the Notice of Intent to Locate Mining Claims ("NOITL") regulations. Your office serialized the NOITL submissions and approval as case file AZA-037187.

We request that you date stamp each Location Notice as received by BLM, in the order set forth above, and return the originals to me for our files. Also, please indicate in the LR2000 database the recording information indicated on each Location Notice.
