DECISION

ERIN M GRAY
435 PALM DR
WICKENBURG, AZ 85390-3418

This Decision Affects the Claim
Shown in the Block Below.

AMC445064
CODY #2

Mining Claim Declared Forfeit Required Amendment Not Filed

In accordance with 43 CFR 3830.94, the mining claim listed above is hereby declared forfeit for the reason indicated below.

You received a Notice dated October 26, 2018, requiring that the claim listed above be amended, in accordance with 43 CFR 3832.12. The amendment was required to be filed within 30 days of the date you received the Notice. The 30 day timeframe allowed has expired and no amendment has been received; therefore, the mining claim listed above is declared forfeit.

This decision does not relieve you of the liability for reclamation of all areas disturbed by your activities on land encompassed by your mining claim(s) and/or site(s). After you complete the reclamation, you must notify the authorized officer of the appropriate surface managing agency so that the authorized officer may conduct a final site inspection and determine whether you may be released from liability. If you fail to reclaim the land to the satisfaction of the authorized officer, the surface management agency may cite you for noncompliance under its surface management regulations.

For land administered by the Bureau of Land Management (BLM), if you fail to reclaim the land to the satisfaction of the authorized officer as required in 43 CFR Subpart 3809, the BLM will issue an order of noncompliance under 43 CFR 3809.601(a). If you fail to comply with the noncompliance

order, the BLM may take further action under 43 CFR 3809.604. Failure to conduct reclamation is a prohibited act that may subject you to criminal penalties. See 43 CFR 3809.605(h) and 43 CFR 3809.700. If your occupancy has been terminated and you fail to remove structures, material, and equipment, and any personal property in accordance with the regulations in 43 CFR 3715.5-1, the BLM may dispose of the property. In accordance with 43 CFR 3715.5-2, you will remain liable for the costs the BLM incurs in removing and disposing of the property.

Appeal Procedures

This decision may be appealed to the Interior Board of Land Appeals, Office of the Secretary, in accordance with the regulations contained in 43 CFR, Part 4 and the enclosed Form 1842-1. If an appeal is taken, your notice of appeal must be filed in this office (at the above address) within 30 days from receipt of this decision. The appellant has the burden of showing that the decision appealed from is in error.

If you wish to file a petition pursuant to regulation 43 CFR 4.21 (58 FR 4939, January 19, 1993), for a stay of the effectiveness of this decision during the time that your appeal is being reviewed by the Board, the petition for a stay must accompany your notice of appeal. A petition for a stay is required to show sufficient justification based on the standards listed below. Copies of the notice of appeal and petition for a stay must also be submitted to each party named in this decision and to the Interior Board of Land Appeals and to the appropriate Office of the Solicitor (see 43 CFR 4.413) at the same time the original documents are filed with this office. If you request a stay, you have the burden of proof to demonstrate that a stay should be granted.

Standards for Obtaining a Stay

Except as otherwise provided by law or other pertinent regulation, a petition for a stay of a decision pending appeal shall show sufficient justification based on the following standards:

- (1) The relative harm to the parties if the stay is granted or denied,
- (2) The likelihood of the appellant's success on the merits,
- (3) The likelihood of immediate and irreparable harm if the stay is not granted, and
- (4) Whether the public interest favors granting the stay.

If additional information is required, please contact Pauline Brown at 602-417-9360. Please include your AMC serial number(s) on all correspondence.

CODY #2

Mining Claim Location Notice(s) – Amendment(s) Required

Pursuant to Title 43 Code of Federal Regulations (CFR) 3832.1, the Bureau of Land Management (BLM), Arizona State Office, received your notices of location for recording mining claims. In accordance with 43 CFR 3832.12, the claims listed above cannot be accepted as filed and must be amended as noted below.

- Your placer claim is an irregular shape. You must describe placer claims by aliquot part and complete lots using the U.S. Public Land Survey System and its rectangular subdivisions (i.e., a 20 acre claim would be 1,320 x 660). In all cases, the description must be as compact and regular in form as possible.
- If you mistakenly filed a placer claim rather than a lode claim, you should relinquish this claim and relocate it correctly. You cannot change the type of claim from a placer to a lode with an amendment. If you amend your claim, be aware that you cannot take in new ground with an amendment. Therefore, the width of the claim would have to be reduced to 330 feet and the length would have to be reduced to 1,320 feet, resulting in a 10 acre claim.

In accordance with 43 CFR 3832.12(c) (1) You must describe placer claims by aliquot part and complete lots using the U.S. Public Land Survey System and its rectangular subdivisions except when placer claims are (i) on unsurveyed Federal lands; (ii) Gulch or bench placer claims; or (iii) Bounded by other mining claims or non-mineral lands. If one of these situations exists you must describe the lands by protracted survey or by metes and bounds. In all cases, your description of the land must be as compact and regular in form as reasonably possible and should conform to the U.S. Public Land Survey System and its rectangular subdivisions as much as possible.

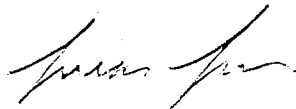

The amendment must provide one of the following:

1. Identify which situation exists that requires this placer mining claim to be located by metes and bounds and provide a metes and bounds description. If you believe the claim is a gulch placer, please provide a) a topographical map and b) the % steepness of the slope. A gulch placer is located on the bed of a river contained within steep, non-mineral canyon walls and the slope should be greater than 60%.
2. Amend the mining claim using the U.S. Public Land Survey System and its rectangular subdivisions and describe the mining claim by aliquot parts and complete lots.

Keep in mind that when amending a mining claim, no new ground can be taken in. A placer mining claim must contain at least 10 acres. Therefore an amended claim would have to contain at least 10 acres and must be described by aliquot parts. If this cannot be achieved, the claim should be relinquished and a new claim located correctly, rather than amending an incorrectly located claim.

If you are able to correctly amend the claims listed above and decide to do so, there is a \$15 BLM processing fee for each amendment. The amendments must be received by BLM within 30 days of your receipt of this notice. If the amendments are not received within the 30 day timeframe the mining claims will be declared null and void.

If additional information is required, please contact Pauline Brown at 602-417-9360. Please include your AMC serial number(s) on all correspondence.

Summary: I spoke with Ms. Gray and her partner about Placer claim AMC445064 (Cody #2); and Lode claim AMC445065 (Cody Lode). The claims are located in T.9N, R.4W, Sec 6; the Gila and Salt River Meridian, AZ.

I need the distance (footage) from the NW corner of Sec 6 to the NW corner of both mining claims; or the footage from the Mid-section line of section 6 to the SW corner of the claims.

I informed them that the placer claim is depicted within two different Lot's; Lot 4 and 16. I explained to them that if a placer claim encompasses lots, complete lots must be included in your description or you must describe your claim with a metes and bounds description.

Upon further discussion, it was said that the placer claim sits right below the Cody lode claim; which means that they may have drawn their map in error, because the area right under the Cody lode claim would place the placer claim within the area of Lot 4 only.

They mentioned that they received a Notice concerning the Cody #1 claim (AMC445062), which sits just right below the Cody #2 placer claim. They assume that the map they submitted for that claim was also drawn in error, because Cody #1 is the claim that encompasses the area of Lot #16, excluding the area covered by patent 1126337 (MS 4304).

Erin and/or her partner said they may make a trip here, to amend their claims, and provide corrected maps and LLD's.
