Mining Claim Location Notice(s) – Amendment(s) Required

Pursuant to Title 43 Code of Federal Regulations (CFR) 3832.1, the Bureau of Land Management (BLM), Arizona State Office, received your notices of location for recording mining claims. In accordance with 43 CFR 3832.12, the claims listed above cannot be accepted as filed and must be amended as noted below.

The dimensions of a lode claim must be contained within a rectangle of 1,500 x 600 feet (20.66 acres). Your claims are 1320 x 660 feet and exceed the allowable width. Therefore, you must amend your claims. If you mistakenly filed Lode claims rather than Placer claims, you should relinquish the claims and relocate them correctly. You cannot change the type of claim from a Lode to a Placer with an amendment. If you amend your claims, be aware that you cannot take in new ground with an amendment. Therefore, the width of the claims would have to be reduced to 600 feet and the length would remain 1,320 feet.

An amendment must be filed for each claim listed above to correct the defects identified. There is a \$10 BLM processing fee for each amendment. The amendments must be received by BLM within 30-days of your receipt of this notice. If the amendments are not received within the 30-day timeframe the mining claims will be declared null and void.

If additional information is required, please contact RéAnn Myers at 602-417-9413. Please include your AMC serial number(s) on all correspondence.
