### Mining Claim Location Notice(s) – Amendment(s) Required

Pursuant to Title 43 Code of Federal Regulations (CFR) 3832.1, the Bureau of Land Management (BLM), Arizona State Office, received your notices of location for recording mining claims. In accordance with 43 CFR 3832.12, the claims listed above cannot be accepted as filed and must be amended as noted below.

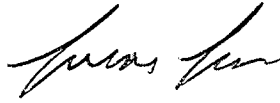

- Your description identifies Section 19, Township 13N, Range 3W as the location of your claims, while your map indicates Section 12. Please resolve the discrepancy in your amended location notice.
- Your claims are not described by a metes and bounds description. A metes and bounds description is needed to accurately plot your claims. Please note that GPS coordinates/latitude and longitude coordinates are not accepted by the BLM in place of metes and bounds descriptions and tie-ins for a mining claim.

In accordance with 43 CFR 3832.12 a lode claim must be described by metes and bounds and include a tie to a permanent monument such as a section quarter corner monument. All claim descriptions must include state, meridian, township, range, section and by aliquot part to the quarter section.

An amendment must be filed for each claim listed above to correct the defects identified. There

is a \$10 BLM processing fee for each amendment. The amendments must be received by BLM within 30 days of your receipt of this notice. If the amendments are not received within the 30-day timeframe the mining claims will be declared null and void.

If additional information is required, please contact Brent Squires at 602-417-9398. Please include your AMC serial number(s) on all correspondence.

Note: Please call your local FedEx office for information/assistance regarding shipment of high intrinsic value items.

### Total Declared Value for Carriage

FILING OF AMENDMENT

Re: 3800 (9200) BS  
AMC446595

CLAIM # AMC446611 NAME: MAC-5

To Whom It May Concern:

Attached is a copy of our Amended Claim form with corrections to the description of the location Monument, changing the Section from S19 to S12, so that it will match the correct description on the page 2 map.

We have also included a map for your reference to note the offset of the Section boundaries, which previously caused confusion over the location description for our MAC-6 claim.

Thank you for catching and notifying us of the above error.

Kind regards,

Ray Strafeh
