Order of Withdrawal  
Public Water Reserve No. 107

Under and pursuant to the provisions of the act of Congress approved June 25, 1910 (36 Stat., 847) entitled "An act to authorize the President of the United States to make withdrawals of public lands in certain cases", as amended by act of Congress approved August 24, 1912 (37 Stat., 497), it is hereby ordered that every smallest legal subdivision of the public land surveys which is vacant unappropriated unreserved public land and contains a spring or water hole, and all land within one quarter of a mile of every spring or water hole located on unsurveyed public land be, and the same is hereby , withdrawn from settlement, location, sale, or entry, and reserved for public use in accordance with the provisions of Sec. 10 of the act of December 29, 1916 (39 Stat., 862), and in aid of pending legislation.

Calvin Coolidge  
April 17, 1926

---

The Secretary of the Interior  
Washington

April 17, 1926

My Dear Mr. President,

I transmit herewith a proposed order of withdrawal of 40-acre tracts containing and surrounding springs or water holes on the vacant unappropriated unreserved public lands.

The control of water in the semiarid regions of the west means control of the surrounding grazing areas, possibly in some regions of millions of acres, and in view of the pending bill to authorize the leasing of grazing lands upon the unreserved public domain, it is believed important to retain the title to and supervision of such springs and water holes on the unreserved public lands as have not already been appropriated.

Private parties have used various lieu selections and scrip note as a vehicle of acquiring small areas surrounding these springs and water holes, thus withdrawing them from the common use of the general public, this prime essential to grazing legislation mentioned, it is believed advisable to make a temporary general order of withdrawal.

Very truly yours,  
Hubert Work  
Secretary

June 25, 1910.  
[H. R. 24012.]

[Public, No. 302.]

*Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the Secretary of the Interior is hereby authorized and directed to convey to the State of Colorado, for the use and benefit of the State Agricultural College, at Fort Collins, Colorado, for experimental, educational, and kindred uses in forestry, agriculture, horticulture, grazing, stock raising, and such other uses included in the work of experiments and instruction at said college, and the experiment station connected therewith, one thousand six hundred acres of vacant, unoccupied, unentered, and nonmineral land, or so much thereof as the state board of agriculture may select and designate, upon the payment therefor of the sum of one dollar and twenty-five cents per acre.*

Public lands. Granted to Colorado for State Agricultural College.

SEC. 2. That said land shall be selected by said state board of agriculture from any vacant, unoccupied, and unentered, nonmineral public land in township seven north, ranges seventy, seventy-one, seventy-two, seventy-three, and seventy-four west, of the sixth principal meridian, in the county of Larimer, State of Colorado, and the tracts so selected shall not contain less than forty nor more than one hundred and sixty acres each.

Selection.

Approved, June 25, 1910.

Okay, the EO for Public Water Reserve No. 107 was issued pursuant to the Pickett Act, June 25, 1910 (36 Stat. 847) which only withdraws from location of non-metalliferous minerals. So if the claim at issue is for metalliferous minerals, the land is open for that type of location. If it is not metalliferous, then the other option is to have the withdrawal partially revoked for that portion the claimant is interested in. A request would have to be made to BLM, then BLM does an evaluation to determine whether the Public Water Reserve in question has substantially changed in character as to no longer serve the purpose for its reservation. If so, then BLM then takes the appropriate actions to have the reserve revoked. From what I read, though, it requires more than BLM action, and may take presidential action, since it was withdrawn through an EO.

Great information! Thank you! It just so happens we have a partial revocation of a PWR No. 107 going on for an exchange that is being done here in Arizona so I will be seeing exactly what the process is very shortly.

Thank you again for the info!

Hi Elaine,

Are you familiar with PWR No. 107? I know that it withdraws 40 acres of land from settlement, location, sale or entry around any spring or watering hole. But we have a claimant who located a claim in one of these and he wants to know if it can be revoked so he can have his claim?

I know that if we are selling or exchanging the land, we do revoke the withdrawal but I don't know if we would do that for a mining claim. I don't think so. I sent an email to our water rights specialist but have not heard back so I thought I would check with you to see if you have any info. These are not listed on any of the paperwork I have about mining claims.

Thanks,

Amy

Hi Amy,

My cheat sheet says these lands are open to mineral location and entry. It looks there was a clause that said the withdrawal did not apply to coal and other minerals. I'm teleworking today so I don't have access to all of my reference material, but I can look into further next week.

Ok that would be great Elaine. I couldn't find anything but the EO says the lands are withdrawn form "settlement, location, sale, or entry, and reserved for public use", so it sounds like it would be closed to mining. I have been trying to get an actual copy of it but have not so far. Hopefully our water rights specialist has a copy.
