Mining Claim Location Notice(s) – Amendment(s) Required

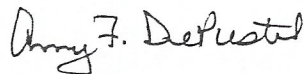

Pursuant to Title 43 Code of Federal Regulations (CFR) 3832.1, the Bureau of Land Management (BLM), Arizona State Office, received your notices of location for recording mining claims. In accordance with 43 CFR 3832.12, the claim(s) listed above cannot be accepted as filed and must be amended as noted below.

Your claims are not described by a proper metes and bounds description. A metes and bounds description is needed to accurately plot your claims. Tie-ins were provided, but bearings for the sides and ends of your claims were not provided. Since these claims are located diagonally the bearings are needed to know where the claim lies on the ground. Please note that GPS coordinates/latitude and longitude coordinates are not accepted by the BLM in place of metes and bounds descriptions.

In accordance with 43 CFR 3832.12 a lode claim must be described by metes and bounds and include a tie to a permanent monument such as a section quarter corner monument. All claim descriptions must include state, meridian, township, range, section and by aliquot part to the quarter section.

An amendment must be filed for each claim listed above to correct the defects identified. There is a \$15 BLM processing fee for each amendment. The amendment(s) must be received by BLM within 30 days of your receipt of this notice. If the amendment(s) is/are not received within the 30-day timeframe the mining claim(s) will be declared null and void.

If additional information is required, please contact RéAnn Myers at 602-417-9413. Please include your AMC serial number(s) on all correspondence.

Amy F. DePestel
Supervisory Land Law Examiner
Lands, Minerals and Energy Division

Surveyed section corner
19.30, 30, 29 T19S R25E

- Scale: 1" = 2000 feet
- The above map depicts the Samara mining claim, which is located in Section (s) 29, Township 19 S, Range 25 E, Gila and Salt River Base and Meridian, Cochise County, Arizona. Total claim acreage is 20.66
 - The type of corner and location monuments used are as follows: 2" x 2" x 5" wooden posts
 - The bearings and distances in degrees and feet between claim corners and to a public land survey monument are as depicted on the map. OR ON PAGE ONE OF THIS NOTICE
 - If the claim is a placer or millsite claim with exterior limits conforming to legal subdivisions of a public survey, provide a legal description of the claim _____
