**Attachments:** EX771539313184.PDF

**Importance:** High

Mr. Mike Lininger,

James Bynum here.

I have received the stamped Location Notices from the Mohave County Recorder's office. This morning I am sending them to your office in Phoenix via FedEx overnight shipping. I realize that it may take some time for the Arizona State Office to process my "new" Location Notices (two of them).

However, in this email, and also in the FedEx envelope containing my Location Notices is a pre-paid FedEx shipping label for overnight delivery. Please use it to return the completed paperwork from the BLM office to reduce the turn-around time.

I have a trip planned to the mining claims in only a few weeks, and if possible, I need to take the completed BLM paperwork with me. I also need to have the AMC numbers associated with these two Location Notices so that I can have location monuments constructed and marked (stamped on the metal signs) before my trip.

For these reasons, I will be very grateful if your office can process my Location Notices as quickly as possible and ship them back to me using the provided FedEx shipping label.

If you have any questions, I may be contacted at (806) 341-5545.

Thank you,

James Bynum

## CR Geographic Report with Land

### Download User Guide (pdf)

**Purpose:** This report produces a geographic listing of case information based on retrieval by Meridian/Township/Range. This report format will display the case type, case disposition, meridian, township, range, section, survey type, survey number, surface management agency, pending actions, serial number, and total case acres.

To refresh the query, do a **Ctrl-R**. It resets the page and clears any criteria fields that may have entries.

### No Results

The specified criteria didn't result in any data. This is often caused by applying filters and/or selection steps that are too restrictive or that contain incorrect values. Please check your analysis filters and selection steps, and try again. The filters or selection steps currently being applied are shown below.
