In carrying the mining and milling operations contemplated hereunder, locator will by means of substantial dikes, or other adequate structures, confine all tailings, debris and harmful chemicals in such a manner that the same shall not be carried into the Hassayampa River by storm waters, or otherwise.

There is reserved to the United States, its agents and employees, at all times, free ingress to, passage over and egress from all of the above described lands for the purpose of inspection; there is further reserve to the United States, its successors and assigns the prior right to use any of the lands hereinabove described, to construct, operate, and maintain canals, dikes, wasteways, ditches, dams, reservoirs, telephone and telegraph lines, electric transmission lines, roadways and appurtenant works, including the right to take and remove from the lands hereinabove described such construction materials as may be required in the construction of irrigation works, without any payment made by the United States, or its successor for such rights. The locator further agrees that the United States, its officers, agents and employees and its successors and assigns, shall not be held liable for any damage to the improvement of workings of the locator resulting from the construction, operation and maintenance of any works of the United States and/or the removal of construction materials from the lands hereinabove described.
