Transfer of Association Placer Mining Claims
Amendments Required

The Bureau of Land Management (BLM) Arizona State Office received a conveyance document transferring ownership of the above listed mining claims.

The mining claims being transferred are association placer mining claims. The claims are being transferred to a smaller number of claimants than originally located the claims.

In accordance with 43 CFR 3833.33, you may transfer, sell, or otherwise convey an association placer mining claim at any time to an EQUAL or greater number of mining claimants. If you want to transfer an association placer claim to an individual or an association that is smaller in number than the association that located the claim you – a) must have discovered a valuable mineral deposit before the transfer; or b) upon notice from BLM, you must reduce the acreage of the claim so that you meet the 20-acre per locator limit.

Amendment filed mar 2, 2012
AT

By law, each individual claimant is allowed to hold a maximum of 20 acres per claim. A corporation is considered to be a single entity that is allowed to hold a maximum of 20 acres per claim. BLM is therefore requiring that an amendment be filed for each claim listed above, in accordance with 43 CFR 3833.33, reducing the claim to 140 acres, the appropriate acreage to meet the 20-acre per claimant limit, as is authorized by law.

There is a \$10 BLM processing fee for each amendment. The amendments must also be filed with the county. We must receive the amendments within 30 days of your receipt of this notice. If the amendments are not received within the 30-day timeframe the mining claims will be declared null and void.

If additional information is required, please contact Amy Thrower, Land Law Examiner, at 602-417-9334. Please include your AMC serial number(s) on all correspondence.

Transfer of Association Placer Mining Claims Amendments Required

The Bureau of Land Management (BLM) Arizona State Office received a conveyance document transferring ownership of the above listed mining claims.

The mining claims being transferred are association placer mining claims. The claims are being transferred to a smaller number of claimants than originally located the claims.

In accordance with 43 CFR 3833.33, you may transfer, sell, or otherwise convey an association placer mining claim at any time to an EQUAL or greater number of mining claimants. If you want to transfer an association placer claim to an individual or an association that is smaller in number than the association that located the claim you – a) must have discovered a valuable mineral deposit before the transfer; or b) upon notice from BLM, you must reduce the acreage of the claim so that you meet the 20-acre per locator limit.

By law, each individual claimant is allowed to hold a maximum of 20 acres per claim. A corporation is considered to be a single entity that is allowed to hold a maximum of 20 acres per claim. BLM is therefore requiring that an amendment be filed for each claim listed above, in accordance with 43 CFR 3833.33, reducing the claim to 20 acres, the appropriate acreage to meet the 20-acre per claimant limit, as is authorized by law.

There is a \$10 BLM processing fee for each amendment. The amendments must also be filed with the county. We must receive the amendments within 30 days of your receipt of this notice. If the amendments are not received within the 30-day timeframe the mining claims will be declared null and void.

If additional information is required, please contact Amy Thrower, Land Law Examiner, at 602-417-9334. Please include your AMC serial number(s) on all correspondence.
